Christopherson-Madson Wed At Valle Church Saturday

The Valle Lutheran church of Trail was the scene of the candlelight ceremony which united in marriage Janet Marie Christopherson and O. Jerome Madson both of Fargo, N. D. on June 13.

The Rev. R. A. Saethre performed the double ring ceremony. The church was decorated with baskets of emerald leaves and pink and white gladioli and vases of pink, rose and white carnations. Candles and pink and white bows were placed on the pews.

Mrs. Kenneth Halgrimson of Devils Lake, N. D. was organist and also accompanied the soloist, Curtis Grindahl of Minneapolis who sang "Song of Ruth" and "Wedding Prayer." Both are cousins of the bride.

The bride is a daughter of Mr. and Mrs. Selvin A. Christopherson of Trail and the bridegroom is the son of Mrs. Irene Madson of Portland, N. D.

Given in marriage by her father, the bride wore a floor length gown of embroidered Schiffli lace over layers of net and taffeta fashioned with a full bouffant skirt with a bordered panel down the front. A molded bodice with modified scoop neckline and short shirred sleeves were worn with short gauntlets. Her fingertip veil was held in place by a lace hat trimmed in pearls.

The bride carried a cascade of pink roses and white carnations trimmed with ivy leaves on a white prayer book with streamers of ribbon decorated with rose buds. She wore a pear necklace.

Miss Pauline Ryan of Flandreau, S. D., friend of the bride was maid of honor. Mrs. Vernie Thompson sister of the bridegroom of Clifford, N. D., and Carol Breivold, cousin of the bride of Trail were bridesmaids, Susan Davids, cousin of the bride of Minneapolis was flower girl.

The attendants all wore princess style ballerina length dresses of pink satin cotton with modified chokers, gifts of the bride, pink flower head bands and white gloves. They carried white testaments decorated with lace and streamers of white ribbons. The flower girl carried a white crocheted basket with flowers.

Hartvig Madson of Portland, N. D. brother of the bridegroom was best man. Wendell Kringen of Bemidji, friend of the bridegroom and Ronald Breivold of Trail cousin of the bride were ushers.

The bride's mother wore a light mint green lace dress with white accessories. The bridegroom's mother wore a royal blue lace dress with accessories. The bride's grandmother, Mrs. Elta Christopherson of Oklee was attired in a navy blue crepe dress with white accessories.

A reception was held in the church parlors following the ceremony. Grace McManus served as hostess, Selma Strand, aunt of the bride, and Mrs. John Hughes, aunt of the bridegroom poured coffee. Mrs. Ole Breivold and Mrs. C. A. Grindahl, aunts of the bride cut and served the wedding cake. The cake was baked by Mrs. Breivold. Mrs. Sheldon Jorgenson, cousin of the bride served ice cream. Waitresses were Mrs. Ole Krossen, Mrs. Halvor Groven and Kjersti Gunstenson.

Berit Scott, cousin of the bride was at the guest book and at the gift table were Ruth Stennes, Ramona Anderson, Judith Norberg, and Arlene Ellickson. Following a wedding trip to the North Shore, the couple will be living at 705, 3rd St. N., Fargo, N. D. For going away the bride wore a white linen dress with embroidered blue flowers. White accessories, blue flowers, and a corsage of pink roses.

ADDITION Footings and foundations for the $100,000 addition to the Grygla school have been poured and workmen are now filling the excavation with gravel in preparation for pouring the slab for the one-story building of brick construction. The addition will provide six new classrooms, a music room and a combination gymnasium-auditorium with dressing rooms and showers.

Extra Session of Legislature May End Today

Stalemate over Withholding Tax Ended Last Week

The Legislature was in recess Friday, with lawmakers scheduled to return today to begin a windup of the longest special session in history.

Meanwhile, the state tax department was preparing a tax package bill based on anticipated new revenue of $45,584,000 to balance the budget for the next two years.

A compromise tax program, on which House and Senate conferees agreed, after a nine-week stalemate calls for a one half of one per cent step increase across the board in individual income taxes. This amounts to a boost about approximately 15 per cent.

The program increases credits for dependents from $10 to $14. Other tax increases are provided on cigarets, tobacco products, corporations, beer, liquor, iron ore, inheritances and a new document tax.

In addition to the new money to be raised it is expected there will be about three million dollars in cancellations resulting from unexpected funds by state departments and agencies to help balance the budget.

The tax agreement was based on the abandonment of the liberals' demand for an income tax withholding plan. Liberals yielded after the Senate conferees conceded to higher education aids and the right of the state's 87 counties to repeal the personal property tax on household goods.

Meanwhile, House-Senate conferees agreed on the big education bill. The Senate conferees agreed, on the basis of the compromise by the tax conferees, to increase by $2 the present $85 maximum per pupil aid.

National Guard Home from Camp Ripley Saturday

Company "D," the local National Guard unit, returned Saturday afternoon, June 27, from two weeks of active duty training at Camp Ripley.

The 85 men and six officers spent the first week in weapons qualification and with crew-serve weapons and the second week studying tactics and bivouacking.

Three enlistments in the Guard were received in the recruitment drive of men with no previous military service, according to W/O Ivan Bundy, and others have made inquiries about enlisting.

SONS OF NORWAY TO MEET WEDNESDAY NIGHT, JULY 1

Snorre lodge of the Sons of Norway will hold its only July meeting Wednesday evening, July 1, at 8 o'clock. Dancing will follow the business session.

Mrs. Clarence Bottem spent Saturday in Little Falls on business.

Construction under Way on New Addition to the Grygla School

For many years, the people of the Grygla community have dreamed about educational facilities for their eight grades of children which would be good enough to meet today's demands.

That dream is coming true this year. On March 9, voters of independent district 35 approved a $100'000 bond issue by a vote of 362 to 70 which would make possible an addition to their two-story, WPA-built brick schoolhouse.

Until this year, school in the Grygla area has been a pretty confused affair. Four frame rural school buildings, moved to the school area when the district was consolidated 10 years ago, have provided some class room. Seventy additional pupils were accomodated at the "east site," a school building three miles west of Fourtowns. A quonset-type building north of the main school served the dual purpose of a bus shed and basketball court complete with an earthen floor which did not prevent the school's basketball team from winning second place in the finals this year and first place a year ago.

According to the school's charming and efficient principal, Mrs. Clara Boyum, the main difficulty with this scattering of pupils into several buildings was the distribution of the teaching load among the 10 teachers. "A teacher with too few pupils found it necessary to include a few children from another grade in her room, splitting up classes and increasing the confusion as well as lesson preparation and supervision," she said.

Today, the original school building is a scene of organized confusion. Plaster dust covers everything as workmen tear out the stage in the tiny auditorium to convert it into a lunchroom. Floors on the ground floor have been torn up to install water and sewer mains and electric wire lies in coils and snakes across the floors.

Outside, to the north, west and east, piles of gravel and the details of new construction are the focal point of the community's interest. Foundations and footings for the basementless single-story addition are now being filled with gravel and the general shape of the combination gymnasium-auditorium, music room and six new classrooms can be seen. Of brick construction with light tile on the inside, the addition is expected to be completed and ready for use Dec. 1.

When that day comes, the pupils of the Grygla school can be moved under one roof and three of the four old rural schools will be sold.

Then, school to all the children will mean one building, to the teachers will mean adequate facilities for the community and to the people of independent district 35 will mean the realization of a dream of many years.

Mrs. P. W. Kemp and Mrs. Orrin Skunes and daughter of Argyle visited Sunday at the N. A. Holen home.

23 Practical Nurse Graduates to Get Diplomas July 2nd

Largest Class to Date to Graduate Thursday in Lincoln Auditorium

Diplomas will be presented Thursday evening, July 2, at 8 o'clock to 23 students who will be graduated from the area vocational school's class in practical nursing, Stan Nelson, director of the school, announced today. This is the largest class in the history of the school.

Guest speaker at the exercises in the Lincoln high school auditorium will be Miss Margery Low, assistant professor of rural community nursing. Musical numbers will be rendered by Misses Carmen Peterson, Carol Nelson and Rosemary Stokke, accompanied by Miss Shirley Peterson.

The graduates will be presented to Mr. Nelson by Miss Mary M. McLaughlin. Pins and diplomas will be presented by Mrs. Evelyn Rambeck and Nelson. The program will close with the benediction by Rev. Henry Friedman, who will also offer the invocation.

A reception for the graduates, relatives and friends will be held in the vocational school cafeteria with refreshments served by a local Girl Scout troop.

Customs Building at Pinecreek Is Dedicated June 27

Sig Quam, president of the Chamber of Commerce, and J. M. Roche, secretary, represented this community Saturday at the dedication of the new U.S. customs and immigration office on Highway 89 at Pinecreek, Minnesota.

The history of the customs building was given by E. G. Simmons of Pinecreek, while the story of Highway 89 in the U.S. and Canada was told respectively by Selvin Erickson of Ross and Albert Thorvaldson of Piney, Manitoba.

The Roseau and Warroad bands provided music, and the exercises closed with a banquet at the Piney community hall.

Motorists Urged to Enter Tindolph Park on Crocker

Roy Barzen, president of the Thief River Falls park board, today reminded local motorists that Tindolph av. north of Taft st. should be used only for leaving Tindolph park, the proper entrance for which is located a block east on Crocker av. Signs calling attention to these regulations, he added, are in place on the two streets, but are not being heeded in many cases.

James Taylor Plea for New Trial Rejected

Lindbergh Slayer Charged Attorney Guilty of Collusion

Federal Judge Gunnar H. Nordbye Wednesday in Minneapolis a motion by James P. Taylor convicted slayer of Kenneth Lindberg, Thief River Falls banker, to set asire his conviction and grant a new trial.

Taylor pleaded guilty to the slaying after Lindberg's body was found near Clear Lake, Minn., nearly a month after he disappeared four years ago.

Lindberg was slain after Taylor burglarized the bank of nearly $14,000 in cash and securities. Taylor pleaded he was insane at the time of his trial.

In rejecting the motion, Nordbye held that three psychiatrists had found Taylor sane.

Nordbye also denied Taylor's claim that there was collusion between Irving Nemerov, Taylor's court-appointed attorney, and George MacKinnon, former United States district attorney, who prosecuted Taylor.

"In all my years as a judge," Nordbye wrote, "I have never had a court-appointed attorney who gave more of his time and personal funds in behalf of a defendant."

Taylor is serving a life sentence at the Springfield Mo., government prison and hospital.

Rev. Robert Abbott to Give up Gospel Tabernacle Post

Local Pastor Eight Years Has Accepted Call from Alexandria Tabernacle

Rev. Robert Abbott, at services Sunday, announced his decision to resign from his position as pastor of the local Assemblies of God Tabernacle after nearly eight years of residence here. Mr. Abbott has accepted a call to serve the Assembly of God church in Alexandria, and plans to move his family there to assume his new position around August 1.

Rev. Abbott came to Thief River Falls in October of 1951 from Two Harbors. The present church building, which was then partially constructed, has since been completed under his direction. During his ministry here, the "Gospel Echoes" radio broadcast over KTRF has been continued weekly.

Rev. Abbott has served during his time as the presbyter of the Northwest Area of the Minnesota District of the Assemblies of God as well as on the board of directors of North Central Bible college in Minneapolis. He is past president of the Washington PTA and presently is Parent Family Life Education chairman for District 16, Minnesota PTA.

The local congregation will select a successor in the near future.

Coya Knutson Gets New York Position

Named Director of Firm Making Children's Movies

Former Rep. Coya Knutson of the Ninth Minnesota district said Saturday in Washington she has been named to the board of directors of a new firm in New York city which will make a series of children's films for television and movies.

She was defeated in the 1958 general election by Rep. Odin Langen.

She said she is still interested in politics but gave no indication she intended to seek office again. She has been living in Washington since she lost out in the election.

HOW MINNESOTA GOT ITS NAME

Next time the meaning of our state's name comes up for discussion, add this story to the collection: Dakota Indian women explained the meaning of "Minnesota" by dropping a little milk into water and calling the whitishly clouded water "minne-sota."

BUTTON SALE Mayor Orlon D. Belch, center, buys the first Jaycee Aquacade booster button from Dick Stokke, left, chairman of the sale, and Bruce Hall, right, president of the Jaycees. The sale will be opened officially Tuesday morning, June 30. Proceeds from the sale will be used to promote a bigger and better Aquacade which this year will be held July 19.

Booster Button Sale to Open for Jaycee Aquacade

Tuesday morning will be the official take-off for the sale of Jaycee Aquacade booster buttons, according to button chairman Dick Stokke. He states that members will canvass the area during the next week to help promote a bigger and better Aquacade for Thief River Falls July 19.

Bruce Hall, Junior Chamber president urged all members to attend the meeting Thursday, July 2, at the Elks Club starting at 6:30, when plans for the Aquacade will be developed further.

Three Out-of-town Youths Fined for Theft at Drive-in

Trio from Roosevelt and Warroad Also Penalized for Possession of Beer

One youth from Warroad and two others from Roosevelt paid fines in municipal court Friday after they were caught with two loud speakers from the 59-III outdoor theater and a quantity of beer in their car early Friday morning.

Attendants at the outdoor theatre noted the youths seemed to be having quite a party during the Thursday evening show and afterwards the speakers were missed. Their license number was reported to police, who apprehended them about 1:30 a.m. Friday and found not only the two speakers but also the beer.

Deputy Sheriff Eugene Prestegaard charged two of the boys, Archie Bernard, 18, Roosevelt, and Reuben Lund, 18, Warroad, with petty larceny for theft of the speakers. Both pleaded guilty and each was fined $25 plus $5.50 costs.

The city police also charged them with possession of beer by minors and on that count they pleaded guilty and were fined $10 each.

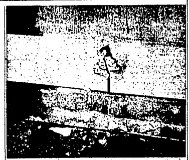
Dale Bernard, 21, a brother of Archie, pleaded guilty to furnishing beer to minors and was fined $50 plus $5.50 costs.

The speakers were returned to the outdoor theater.

Also reported by the city police this morning was a break-in at Trinity Lutheran church last night. Chief Elton Cummings said apparently the burglars took nothing but that a door had been forced and damaged in the break-in.

40 et 8 Voiture to Meet Thursday

The local 40 et 8 voiture, affiliated with the American Legion, will hold its regular monthly meeting Tuesday evening, June 30, at 8:30 in the Legion club rooms, it was announced today by John Holzinger, chef de gare.



VANDALS Typical of the thoughtless destruction of property at the new Riverside park comfort station which took place the night of June 25 is this broken tile at the base of the inside wall. The persons involved used a pickaxe left on the premises by workmen to cause this damage and damage to the outside wall which has been estimated at nearly $200.

Five TRF Youths Are Fined $32 Each after Oklee Disturbance

Five Thief River Falls youths, all in their late teens, who went on a rampage in Oklee Saturday, June 20, had their spirits dampened considerably after they were on the losing end of a melee with Oklee police Chief Ed Nelson and several Oklee citizens.

According to the reports, the five, clad in toeless sandals and two of whom carried a ukelele or bongo drum, started the fracas by breaking off a mirror on a parked car. The owner objected and the fight was on.

The uke player smashed his instrument on the sidewalk and the air was full of profanity, along with flying fists. One hoodlum cornered an Oklee citizen, threatening to "rip him open" with a puncture-type can opener. Another put on a display of foolish automobile driving that resulted in a careless driving charge against him.

In the end, however, Chief Nelson had four of the local youths in the Oklee "cooler" while the fifth, who avoided becoming embroiled in the fracas apparently acted as advisor to the others.

They were released two hours later on condition that they appear in justice court in Red Lake Falls Monday evening, which they did. At this time the fifth youth made the mistake of arousing Sheriff Carl Kankel's ire and wound up on the docket with the other four.

The charges against the youths were as follows: Phil Hanson, careless driving; Kenneth Sauve, Robert Anderson and Richard Langevin, disorderly conduct; and Darrell Wick, interfering with an officer. All pleaded guilty and each was fined $32 by Judge Vern Healy. All were warned that jail sentences await them if they ever return to Red Lake county as anything but gentlemen.

Vandals Damage Park Rest Room

Cause Estimated $100 Damage in Riverside Park

Young vandals last Thursday night exerted a good deal of effort to damage the rest rooms under construction in Riverside park to the extent of approximately $100.

The culprits, who according to the strength required could hardly be small boys, gouged holes in several places thru the concrete blocks of which the walls are built, and also chipped off some of the tiles in the baseboard.

Roy Barzen, president of the park board, reminded local citizens of a standing offer by the board of $10 for information leading to the identification of the parties concerned.

Stores to Close All Day Saturday for July 4 Holiday

Thief River Falls merchants today reminded area shoppers to fill their week-end needs earlier in the week than usual, owing to the fact that local stores, in addition to banks and public offices, will remain closed all day next Saturday in observance of the Fourth of July holiday. Numerous advertisements of food and other special offerings by the stores that normally would appear in Thursday's Times are published in this issue.

Federal Agent to Inspect Soil Bank Land here

P. W. Culkins Tells Farmers to Check Weeds on Property

Patrick W. Culkins, office manager of the Pennington county Agricultural Stabilization and Conservation agency, announced today that he had been informed that a federal inspector representing the United States department of agriculture would be in the county the week of July 6 through July 10 for the purpose of inspecting Soil Bank and ACP farms within the county.

Soil bank participants are warned that in case there are noxious weeds developing on their soil bank land they are required to mow them down or control them by the use of chemicals. Participants are also warned that it will be considered a violation of their contract if any of the area covered by a conservation reserve contract is grazed or any crop whatsoever is removed therefrom.

Participants are requested to examine their fields and determine whether or not any of the above conditions exist on their farms, and in the event they do immediate steps should be taken to correct the matter without delay.

Eisenhower and Queen Elizabeth Dedicate Seaway

Celebrate Completion of Deepened Channel by Canada and United States

President Eisenhower and Queen Elizabeth II sailed up the St. Lawrence Seaway Friday on the royal yacht Britannia, symbolically opening the deepened channel that links the Atlantic Ocean with the heart of North America.

Silvery trumpets, 21-gun salutes, flags, fireworks and music saluted the joint work of the United States and Canada to complete the project.

"A magnificent symbol" showing the potentialities of peaceful cooperation among nations, Eisenhower called the Seaway.

"A magnificent monument to the enduring friendship of our two nations," the Queen said. Then the Britannia passed beneath a symbolic gate close by the St. Lambert Lock at the eastern end of the Seaway. When the yacht entered the lock, water flowed in and lifted the blue hull 15 feet—the first step of a water ladder to the Great Lakes.

Eisenhower and the Queen, with Mrs. Eisenhower and Prince Philip, stood on the flying bridge, an upper deck, as the Britannia began the cruise. On the banks of the St. Lawrence, thousands of spectators cheered and applauded. The chiefs of state waved back, smiling and exchanging remarks among themselves.

Constance Walters Weds David Ahrens In Mpls.

The altar of the University Lutheran church at Minneapolis was graced with baskets of white peonies, white gladioli, baby breath and candelabra for the wedding of Constance Helen Walters of Thief River Falls and David O. Ahrens of Heron Lake Minn., Friday, June 19.

The bride is the daughter of Mr. and Mrs. William A. Walters of Thief River Falls and the bridegroom's parents are Mr. and Mrs. Arthur R. Ahrens of Heron Lake, Minn.

Officiating at the double ring ceremony was the Ahren's family pastor, Rev. R. H. Ude of Okabena, Minn. "Trumpet Voluntary" and Trumpet Tune", the processional and recessional were played by Alvin Lunde of Northfield, Minn. friend of the bridegroom. Mrs. Richard Thorpe of Minneapolis, friend of the couple, sang "O Perfect Love" and "Entreat Me Not To Leave Thee".

Entering in on the arm of her father, the bride wore a waltz length gown of Chantilly lace over taffeta. It featured a fitted bodice with a scalloped edged sabrina neckline, accented with seed pearls, and three quarter length, lace sleeves. Her waist length veil fell from a crown of pearls and sequins and she carried a crescent bouquet of white stephanotis, white philanopsis orchids, pink demure roses and lily of the valley. Her pearl necklace was a gift of the bridegroom.

Miss Barbara Halvorson of Granite Falls, Minn. college friend of the bride, was maid of honor. She was attired in a pastel pink waltz length taffeta dress with a matching nylon veil. Miss Grace Ann Canfield of St. Peter, friend of the bride, wore a pastel green waltz length taffeta dress with a matching veil, and served as bridesmaid. They carried crescent shaped bouquets of pink carnations and sweetheart roses.

Attending the bridegroom as bestman was Tom Ogg of Heron Lake, Minn. a friend while Dennis Ahrens, of Heron Lake, his brother, was groomsman. Robert Walters of Chicago, Ill. brother of the bride and David Winzer of Heron Lake, friend of the bridegroom, were ushers. All gentlemen were attired in white dinner jackets with black trousers and boutonnieres of white carnations.

Mrs. Walters chose a medium honey beige lace dress with beige accessories for her daughter's wedding while the bridegroom's mother wire a light beige lace dress with contrasting beige accessories. Their corsages were of pink rose buds.

Following the ceremony a reception was given by the bride's parents in the Solarium Room at the Curtis Hotel, for approximately 85 relatives and friends. A three tiered wedding cake, topped with two white satin wedding bells and satin bows, decorated with red roses and a garland of green ferns, centered the buffet table. During the reception a tape recording was played of the "Lord's Prayer," sung by the bridegroom's sister, Elizabeth Ahrens, who is studying voice in Vienna, Austria.

Assisting at the reception was Miss Caryl Bugge of Thief River Falls, pouring, and Miss Karen Wells of Minneapolis, registering the guests.

For going away the bride chose a pink embroidered dacron dress with white accessories and an orchid corsage from her bridal bouquet. Mr. and Mrs. Ahrens left Saturday morning by air for San Antonio and Waco Texas, where Mr. Ahrens will attend an Officers training school in the United States Air Force.

The bride is a graduate of Lincoln high school, class of 1955, attended St. Olaf college in Northfield for two years and graduated from the University of Minnesota this year. Mr. Ahrens graduated from Heron Lake high school, spent two years at St. Olaf college and is a junior at the University of Minnesota.

Relatives and friends from Northfield, Rosholt, S. Dakota, Albert Lea, Marshfield, Wisc., Fairmont, Minn, Decorah, Iowa, Heron Lake, Okabena, Robbinsdale, Buffalo, Thief River Falls, Crystal, Monticello, Osseo, Granite Falls, St Peter, Storden, Lake Wilson and Duluth, Minn., and Gladstone, Mich. attended the wedding.

OVER THE BACK FENCE

By STAN PETERSON

The "silly season" is here and I, like many others, am worried.

The first indication that this seasonal rash had again broken out was a few weeks ago. I observed police officers trying to break through the juvenile shell of indifference and super-wisdom exhibited by a few members of a five-girl team which had been halted in the late evening hours in their blatant violation of the peace while touring the city in an automobile.

It was rather obvious that the ringleader of this group heard nothing that was told her. She will probably find herself in more serious trouble because she "knows it all."

On another occasion, a carload of boys was tsopped after a citizen complained to police that they were "hotrodding" around the residential area endangering everyone. Following a lecture, the driver was released.

Last week, two more carloads of boys drew up side by side and, after a discussion, one car took off with its wheels throwing gravel, fishtailed around the corner and took off at a high rate of speed. He was caught by a police officer, not a member of the city force, and charged with reckless driving resulting in the suspension of his driver's license for a period of time.

The nigth of June 20, five "representative" teen-agers from this community gave the city a black eye by driving to a neighboring community where they showed their lack of good sense in creating a disturbance, driving recklessly and destroying property. It cost them $160 and the kind of treatment they should have had some time before.

The night of June 20, five "reerside tourist park building was senselessly damaged by pick-wielding vandals who broke tile. They will brobably be arrested in the near future for people with no fewer brains than that will undoubtedly talk too much or will convict themselves some other way.

I began this plea for common sense and more action with fewer lectures by law enforcement officers by calling this unfortunate period the "silly season". The word, "silly," is being used not to mean amusing but to mean lack of sense. There is no indication that there is any connection in these cases between the offenders' brains and action.

Before going any further, I believe that we must do away with an old saying which will surely crop up in the minds of those who are responsible for these "witless wonders." For too many years, we have heard the lame excuse being offered that "kids will be kids." That may have been true when youngsters had nothing but their bare hands and unoccupied minds to bank on but when you give them the blessing of civilization known as the automobile, they can range far afield armed with a mighty powerful and destructive weapon. Far from what little parental supervision they may have and accompanied by other thrill-seeking companions, they have become problems which are recognized nationally as extremely serious.

The first step in the return to rational and responsible behavior is for parents to know where the family cars are going and what they are used for. Cars have assumed too prominent a role in the minds of youngsters and they feel that they have "lost face" when they must do any walking. That is unfortunate but 1¼ tons of steel without some reasoning force guiding it can kill with a youngster at the wheel just as easily as if the driver is 30 or 50.

Secondly, "lectures" don't seem to have any effect on some offenders and, despite the advocates of "take it easy on the kids," one chance is enough. After that measures should be taken to make these youthful members of the "beat" generation realize that if they want to use adult things, they must expect to pay adult penalties for their misuse.

Third, any and every automobile found equipped with a "muffler" which snorts, moans, cracks, mutters or bangs (and there are plenty of them in this community) should result in a fine for the driver and the seizure of his driver's license until he can produce evidence that this mayhem of the eardrums is corrected. There is no doubt that many young drivers drive "by ear." They worship the noise their exhausts make and do their utmost to make everyone aware of their presence. This is only done by rapid increase and decrease in speed during which drivers are transported out of this world in their self-adoration to the detriment of public safety.

Fourth, traffic violations, especially those concerned with reckless driving or speeding, should result in the suspension of juvenile licenses for periods long enough to let these future citizens know that they must consider others. With a long history of wishy-washy treatment, youngsters expect and get lectures as effective as shooting an elephant with a slingshot, then go out to repeat their offenses knowing that the penalty will be repeated.

If there are some adults who feel that the youngsters who habitually violate the laws just have to "kick up their heels a bit," let us compromise. Give them the cars equipped with hot-rod mufflers and put them under no restrictions other than the place they can drive. Send them out on unused country roads where they can smash up cars and kill themselves. Furnish an ambulance to bring their broken and bloody bodies back to the hospitals and funeral homes.

I only plead that you keep these young maniacs away from the rest of us who would like to protect ourselves and our children from the fate that will surely come as long as there is no connection between the brains of some young drivers and the feet they use on the accelerators.

Urge Treatment of Tooth Cavity Early

Dentists Cite Danger of Delaying Attention

A simple tooth cavity, if left untreated, can lead to serious tissue and bone disease, such as osteomyelitis of the jawbone, according to the Minnesota State Dental association.

"Just as any other disease, a tooth cavity must be detected and treated early if dangerous consequences are to be preventer," declared Dr. Carl V. E. Cassel, association secretary.

Ironically, unlike many other diseases, little pain or discomfort usually accompanies tooth decay. For this reason the victim often fails to seek early treatment, he explained.

Decay can spread rapidly once it has established even the tiniest foothold in a tooth. In short a time as three or four months, the disease may penetrate and destroy the vital pulp at the heart of the tooth.

"Decay-causing bacteria then can move through the canal inside the root of the tooth to attack the underlying tissues deep within the jaw. The infection can enter the jawbone, and, in some cases, cause osteomyelitis, a serious disease of the bone," he said.

Sometimes, Dr. Cassel said, the invading bacteria, or the poison they produce, may enter the blood stream and infect other parts of the body.

Other festivals will be held July 8, Slayton, high school; July 9, Waseca, School of Agriculture; July 10, Bualo, high school; July 14, Alexandria, Central Junior high school; auditorium; and July 16, Moose Lake, high school.

Dr. Galen Adkins Accepts New Post

Named Head of Cambridge State School & Hospital

Resignation of Dr. George Wadsworth as superintendent of the Cambridge State school and hospital was announced Wednesday.

Galen Adkins, 60, superintendent of the Sandstone State hospital was named to replace him. Dr. Adkins is the son of the Late Dr. C. M. Adkins and Mrs. Adkins of Thief River Falls.

The Sandstone hospital will revert to federal government control in July for use as a prison.

Wadsworth, 49, has accepted the post of superintendent of the Clover Bottom State home in Nashville, Tenn.

Hibbing's Open Pit Mine Larger Than Panama Canal

It's no secret that the world's largest open pit mine—the Hull-Rust-Mahoning mine—is located at Hibbing. But tourists are always amazed to learn that almost one billion tons of material have been removed from this giant chasm—more earth than was moved in building the Panama Canal.

Incidently, it is said that the idea of using steam shovels for scooping out the great waterway came as a result of watching their operations in the open pits of the Mesabi Range . . . The Hibbing area figures in another "believe it or not" oddity. From a point three miles northwest of the city, water flows in three directions: north to the Arctic Ocean, east to the Alantic and south to the Gulf of Mexico.

Local Instructors At G.M. School

Olaf A. Dahlen and Raymond E. Olson of the Thief River Falls Area Vocational School are included in a group of 23 college and high school teachers of automotive subjects attending summer sessions at General Motors Institute, central educational and training agency for General Motors, Flint, Michigan.

Throughout the program current models of General Motors cars are available for use as instructional aids and trips to General Motors plants and laboratories are so coordinated as to make them an integral part of the program.

Particular attention also is paid to automatic transmissions and late developments in such things as instruction methods and procedure; car and truck specifications and adjustments; gasoline engines; bodies; maintenance tools and procedure; service operation and equipment; the automobile business, and vocational guidance.

The "Anne M," built in Brooklyn in 1867 as a sailing sloop, is still used to ferry passengers, mail and freight from Bristol to Prudence Island, R. I. It is powered by a gasoline engine having been converted from sail use several years ago.

An estimated 16 million recreational hours a year are currently spent hunting in Minnesota, while hunters spend 40 million dollars yearly in pursuit of their sport.

Last Rites For Albert O. Gudim Held Saturday

Funeral services for Albert O. Gudin, Newfolden community leader were held Saturday, June 27, in the Bethlehem Lutheran church at Newfolden. Rev. Elder Oscarson officiated with interment made in the Oak Grove cemetery. Green Funeral Home was in charge of the arrangements.

Mr. Gudim died at his home Tuesday, June 23, at the age of 70. He was born April 10, 1889 at McVille, N. Dakota, where he was baptized and confirmed in the Lutheran faith. He attended Augsburg academy and college of Minneapolis, as well as business college in Fargo.

On Jan. 6, 1917 he was united in marriage to Margit Lee. After spending a short time in Fargo and Wahpeton, N. Dakota, they moved to the Newfolden community where they lived for the past 38 years.

He was secretary of the Marshall County Mutual Fire Insurance Company, served on the Newfolden school board for the past 37 years, and was a member of the board of deacons of Bethlehem Lutheran church. He also served as church organist for many years.

Surviving are his wife, four daughters: Ruth, Mrs. Palmer Wold of Minneapolis; Dorothy, Mrs. Otto Jacobson of Seattle, Wash.; Eleonore, Mrs. Reuben Nelson of Belmond, Iowa; and Clara, Mrs. Kenneth Jacobson of Newman Grove, Neb.; also 17 grandchildren, two sisters and one brother. He was preceded in death by his son Alton Lee, one sister and one brother.

Mrs. A. Fellman of Plummer Dies; Rites Held June 27

Mrs. Valborg Peterson Fellman, pioneer resident of the Plummer community, died Wednesday, June 24, in Crookston at the age of 81.

Funeral services were held Saturday, June 27, at 2 p.m. at the Emmanuel Lutheran church at Plummer with Rev. O. M. Simundson officiating. Interment was made in the Clearwater cemetery.

Mrs. Fellman was born in Oslo, Norway March 10, 1878 and in 1905 she married Albert Fellman. They lived in St. Hilaire until 1913 when they moved to Plummer, where they have since resided. For the past four months Mrs. Fellman has been a resident of Bethesda Nursing home in Crookston.

Surviving are her husband, two daughters; Mrs. Alpha Robillard of Seattle, Mrs Albert, Vernice Toulouse of Plummer, one son Charles of Crookston, five sisters, Mrs. Anette Shaw of St. Paul, Mrs. Emma Aarness of Crookston, Mrs. Alfred Amundson of Minneapolis, Mrs. Christie Anderson of Kimball and Mrs. P. D. Johanson of Dubuue, Iowa; also two brothers, Gust Peterson of Milwaukee, Wis., and Walter Peterson of Plummer, ten grand children and four great grandchildren.

John M. Stucy To Be Interred at Oklee Tuesday

Funeral services for John M. Stucy will be held Tuesday, June 30, at 2 p.m. at the Oak Park Lutheran church at Oklee. Rev. Wilhelm Peterson will officiate with interment to be made in the Oak Park cemetery.

The body will lie in state this evening, Monday at the Sinding-Gulbranson Funeral Home and at the church one hour before time of services.

John M. Stucy was killed in an accident at Devils Lake, N. Dakota Wednesday, June 24. At the time of his death he was 45 years of age. He was born Jan. 27, 1914 in Pennington county. He was baptized and confirmed in the Ecklund Lutheran church and attended rural schools. Following his marriage to Harret Elleson he farmed in Mayfield township, until he entered the service August 13, 1942. He served overseas from June 18, 1943 until Sept. 19, 1945 at which time he was discharged. Since that time he has been employed at Devils Lake, N. Dakota.

Surviving are one daughter, Lana of Mineapolis and one son Carnet of Camp Pendleton, Calif. three sisters and four brothers; Margarte, Mrs. Carl Ekwall of Goodridge, Mrs. Marie Vettleson of Thief River Falls, Ruth, Mrs. Roy Klove of Hibbing, Arthur of Great Falls, Mont., Harry of Grand Forks, N. Dakota, Malcolm and Kenneth of Oklee and an uncle Ed Stucy of Goodridge. He was preceded in death by his parents.

Kittel Midtgard Dies This Morning

Kittel Midtgard, a resident of Thief River Falls for the past nine years, died today, Monday, June 29, at the age of 60.

Mr. Midtgard is a former resident of Everett, Wash., and since the death of his wife in 1950, he has made his home in Thief River Falls.

Arrangements are incomplete as of this morning, with the Sinding-Gulbranson funeral home in charge. A complete obituary will be published in the next issue of the Times.

Sheepmen To Vote On Self-Help Plan

Sheepmen throughout the country will have an opportunity to decide in September whether or not to continue their program of promotion and advertising of lamb and wool. This self-help program is presently being conducted by the American Sheep Producers, Council, headquartered in Denver.

Bllots probably will be mailed out from each county ASC office to every sheepman who received a wool incentive payment in the 1958 marketing year.

"In the three years the council has been promoting lamb and wool, the program has been successful," Don Clyde, president, said. "It would be a tragic blow to the industry to halt this worthwhile program which is reaching its full stature as a recognized promotion force for the sheep industry."

OTTERS RAISED FOR ENTERTAINMENT

Minnesota claims several features and formations as being the "only one of its kind in the nation," but none so unique and entertaining as Emil E. Lier's otter farm at Homer (located about five miles south of Winona on U.S. highway 61). Instead of raising these animals for their valuable fur, the Lier farm trains otters to perform tricks exhibition. A successful experiment this, too, as Lier's trained otters are in constant demand for appearances.

Rev. & Mrs. Larson Attend Institute

Nursing Home Managers at Minneapolis Session

Rev. and Mrs. Alfred Larson, administrator and matron of the Valley Christian Home in Thief River Falls, have returned after attending a two-day institute on nursing home administration at *the University of Minnesota's* center for continuation study in Minneapolis.

More than 100 nursing home administrators, staff members of homes, state and county welfare workers and others in the field received a concentrated 16-hour course of instruction in new methods and procedures being used to care for Minnesota's aging population.

Titled "Insights Into Nursing Home Administration", the course explored such problems as the securing and training of proper personnel for nursing home work; the keeping of proper and adequate patient records; the care of the problem patient; and the rating of Minnesota homes according to facilities and services.

The Minnesota Nursing Home association, which represents 135 private and voluntary nursing homes, co-sponsored the course along with the Minnesota departments of health and welfare, as part of a long-range program to make available the highest standards of care in the nursing homes of Minnesota.

Optometrists at Meeting of Assn. Held Last Monday

Dr. O. D. Belch and Dr. J. O. Disse and their wives attended a meeting of the RRV Association of Optometrists Monday evening at the Union Lake cottage of Dr. F. A. Janecky of Crookston. Dr. W. L. Lamb of Warren, president, was in charge of the session, at which plans were made for a back-to-school checkup to be held August 29 under sponsorship of the association.

One More Phone Station Installed

A new public telephone pay station has been installed at the corner of LaBree and Fourth in front of the Northwestern Bell Telephone Co., office. G. A. Gale, manager, says this is one of the latest models in station equipment and will be more convenient than the station housed within the building.

Present plans call for two more installations in the city, bringing the total to six.

Farmers Prove Value of Using Oats Silage

Two northern Minnesota dairymen have proved to themselves that harvesting oats as silage is a good idea. Both men now have better forage stands where they took the oats cover crop for the silo.

Carl Johnson, who farms near Mahtowa in Carlton county, recalls that last summer, when some of his oats *were beginning* to lodge, he had a neighbor cut half the field as silage. Johnson had the entire field underseeded to alfalfa and red clover. And now, according to Johnson, it's to tell which half of the field had the oats removed earlier; the legume stand is heavy and thrifty.

But where the oats were harvested as grain, the alfalfa and red clover is sparse, short and spindly.

Francis Brink, whose Itasca county dairy farm in near Deer River, had a similar experience. He harvested about half his field of oats as silage. The rest went for grain. The straw was so rank that much of the legume underseeding was smothered. But where the oats were cut early, there's an excellent, high-producing stand of legume and grasses.

What's more, Brink says his cows relished the oat silage. It was good for them, too. For University of Minnesota agronomists say that oats make a higher-energy silage than grass.

As for the best time to cut oats for silage, William Hueg, extension agronomist at the University, says check the upper three *inches* of the oat head. If these kernels are in the early dough to late milk stage, the crop is ready for the silo.

Make the cut short. This will give you good packing in the silo.

In general, according to Hueg, oats silage gives you twice as much feed value per acre as when the oats are taken as grain.

A legend in Trinidad says that whoever eats the cascadura, a large fresh-water fish, will return to the Caribbean island to end his days.

North Central Lines Boardings Increase Here by 61 Since Jan. 1

A total of 569 passengers boarded North Central Airlines planes in the first five months of 1959, compared to 508 for the same period in 1958, Dale Mac Iver, Minnesota commissioner of aeronautics, reported last week. *In May passengers increased* from 89 to 116.

Other cities served by this branch also registered increases during the five-month period this year. Bemidji boardings rose from 754 in 1958 to 867 in 1959, while Brainerd mounted from 484 to 551.

Examiner Thomas Wrenn of the civil Aeronautics Board, has issued his initial decision in the Trans-Texas reneal case, MacIvor stated. Wrenn declared that the "Use It Or Lose It" requirement of five enplaned passengers per day is unrealistic and does not take into consideration the differences insize or economic complexity of cities concerned.

He stated further that cities being considered for renewal at this time should not be held to the same standard of enplaned passengers as those cities receiving awards in the Seven States Area Case.

The final decision will be made by the Civil Aeronautics Board and Wrenn's initial decision is not binding on the board, said MacIvor.

Mercury Slumps to 40 Early Today

June Precipitation Now Amounts to 2.09 Inches

Rainfall totaling .25 inch over the weekend raised the total precipitation for the month to 2.09 inches, slightly more than a half-inch less than the 2.65 inches which fell during the same month a year ago.

For weekenders, the weather was miserable. The temperature, which reached a humid high of 81 Saturday, dropped to only 55 Sunday coupled with strong winds which made conditions bad for fishermen on the lakes. Sunday night, the mercury fell to 40 to match the lowest recordings made previously on the 13th and 22nd of the month.

Partly cloudy today and tonight with a little warmer in the northwestern Minnesota counties has been predicted by the KTRF weather station. Little temperature change is expected tonight.

Tomorrow, cloudy weather with scattered showers and thunderstorms can be expected with temperatures not quite so cold.

The high predicted for today will be from 65 to 69 and the low tonight from 38 to 45.

4-H Members of Pennington May Earn Key Awards

Program Is Designed to Develop Leadership Qualities among 4-H'ers

The 4-H key award program is being offered again for the sixth year, announces Home Agent Roberta LeBourveau.

The key award program is *planned to encourage 4-H'ers to* broaden their experiences and develop leadership abilities and citizenship responsibilities. The award, a gold key on a necklace for girls and a key mounted on a gold tie clasp for boys, is a means of giving recognition to older outstanding 4-H club members who have provided leadership in their local clubs and in their county.

A total of 37 Pennington county 4-H members have earned key awards, and more than 2,500 Minnesota 4-H'ers have been recipients.

Statewide recognition is given to all key award recipients at a special luncheon during the Minnesota state fair.

To be eligible for consideration for a key award, a 4-H member must be 16 years of age by January 1, 1959 and must have completed three years of active junior leadership and five years of 4-H club work. A point system is used to assign values for project work, demonstrating, holding olce, exhibiting and other 4-H activities.

Interested junior leaders may secure application blanks from their county extension office, says Miss LeBourveau. Completed applicationts are to be returned by August 15.

The University of Minnesota Agricultural Extension Service and the Cities Service Oil Company sponsor the program.

Medical Group Warns about Insecticides

The farmer, the housewife, the gardener, children at play, and father relaxing in the lawn chair at the end of the end of the day's work—all come to rely on the benefits of modern insecticides, pesticides, and fungicides.

Few persons, however, are aware of the potential hazards from these chemicals. Non-poisonous insecticides do not exist *and all should be treated accord*ingly, warns the Minnesota State Medical Association. Although some chemicals are not fatal, they may have toxic effects upon the eyes, skin, nose and throat. Acquaint yourself with the product you intend to use. Read and follow the printed directions.

Do not compound solutions using amounts of the chemicals in excess of those given in the printed directions. Consult the dealer or your county agricultural extension agent if you have any questions regarding the type and amount of insecticide to be used for a particular purpose. Make certain that all chemicals of this type are stored in sealed metal or glass containers out of the reach of children or animals.

Never use kitchen utensils or other household containers to mix or store these chemicals. Label all containers and keep them off the pantry shelf where they could be mistaken for food. A number of insecticides are inflammable and should not be mixed or stored near an open flame.

Because of the toxic nature, these chemicals should be mixed in a well ventilated area or preferably out of doors. Use protective clothing—goggles, gloves, respiratory masks to minimize the harmful effects. Use insect sprays with caution in the home. Never spray directly at foods. Never use insecticides on the body and avoid getting spray vapors in the eyes.

Wash fruits and vegetables which have been sprayed before using.

Farmers are advised not to use chemicals with harmful qualities on crops intended for use as animal fodder or pasturage. Poisonous effects have been known to result from the residue of these sprays as long as thirty days following the application of the chemical.

Wash thoroughly with soap and water after completing the use of insecticides. Call a physician at once when poisoning is suspected and administer first aid.

GOODRIDGE . . .

Mavie 4-H Club

The Mavie 4-H club held its monthly club meeting at the Raymond Aandol home.

Those people having ideas for our 4-H booth at the fair are to see Bill Svendsgaard. Our 4-H picnic was also brought up as business before the club. The members decided that we would have the picnic before the fair. The clean grain records were also handed out by the leaders. The leaders also reminded members that records are due next month.

A demonstration was given by Kathy Svendsgaard on preparing cattle for county fair.

For recreation and program the members enjoyed dancing. Lunch was served by Mrs. Billy Wayne and Mrs. Raymond Aandol.

Eisenhower Vetoes Wheat Bill Thursday

President Eisenhower vetoed a wheat bill and a tobacco bill Thursday, and a top farm congressman said he sees no chance of overriding the President on either one.

The wheat bill would have raised price supports that the government assures producers but would have required them to reduce their plantings. The administration wants to get away from both supports and controls.

The tobacco bill's stated aim was to help sell U.S. tobacco in world markets. Eisenhower said it wouldn't do the job and could mislead farmers.

Rep. W. O. Poage (D-Tex), vice chairman of the House Agriculture Committee, said the vetoes mean there won't be any new wheat or tobacco programs this year.

Poage told a reporter it would be pointless to try to override the vetoes—that there just aren't enough votes.

The President's message on the wheat bill said it probably would increase the cost of "the excessively expensive wheat program now running at approximately 700 million dollars a year."

The bill would have raised government price supports from the present 75 per cent of parity to 90 per cent. Parity is a standard deemed fair to the farmer on the basis of his costs. In this case the increase in supports would have been from $1.81 a bushel to $2.13.

The controls part of the bill provided for a 25 per cent cut in the acreage that could be planted to wheat from the present 55 million acres to 41 million.

SCHOOL BOARD PROCEEDINGS

The regular meeting of the Board of Education of Independent School District No. 564, Thief River Falls, Minnesota, was held at the office in the Lincoln High School at 8:00 p.m. on May 11, 1959.

The meeting was called to order by President Starkow. The following members were present: Starkow, Burtness, Thompson, Parkins, Olson and Superintendent Mickelson. Absent: Pearson and Howick.

Jim Parkins was appointed temporary clerk in the absence of Pearson.

Motion by Parkins, seconded by Burtness, and unanimously carried to dispense with the reading of the minutes.

Motion by Olson, seconded by Burtness to adopt the following resolution: "BE IT RESOLVED that the School Board of Independent School District No. 564 approve that law of the Legislature entitled "A Bill for an Act Authorizing the Issuance of Revenue Certificates by the City of Thief River Falls for Construction of an Airport Building and the Lease of Such Building by Independent School District No. 564," said law being Chapter 180 of the 1959 Session Laws of the State of Minnesota." Motion was carried unanimously.

Motion by Parkins, seconded by Thompson to authorize the clerk and the chairman of School District No. 564 to sign the Lease for the Airport Shop Building, with the following provisions: School District No. 564 will pay the City of Thief River Falls $225.00 per month rent for a fifteen year term beginning September 1, 1959. School District No. 564 pays for the utilities. School District No. 564 may sublet the premises or any part thereof for commercial airplane mechanics work when the same is not needed for purposes of instruction. School District No. 564 also agrees to keep the premises insured for $30,000.00. Motion was carried unanimously.

Motion by Burtness, seconded by Olson to authorize the clerk and chairman of District No. 564 to sign contracts with the Minnesota State High School League for the Athletic Accident Benefit Plan. Motion was carried unanimously.

Motion by Parkins, seconded by Burtness to approve teacher contracts as follows:

gyms per week for basketball. Grades 5 and 6—two nights; Grade 4—one night; One game night; Junior High — Four night (3 gyms); Grades or Junior High — Saturdays. Recommended to provide some time for girl's intramural or play periods.

Hockey Recommendations

1. More rinks of regulation size are needed. Three outdoor rinks are suggested of size 185'x85'; also warming shacks to accompany the rinks. The arena rink should be extended and also a correction of the defect on the north end (the north end is not properly insulated, causing ice damage during the season). It was recommended that this be worked out in conjunction with the city.

2. Start our high school practice at 3 p.m. so that we can take advantage of our ponds and casual water which freezes over earlier. In order to do this we must leave school by 3 p.m. before darkness sets in. Recommendation is o.k. if possible.

3. The addition of more coaching personnel especially at the grade school level so that more individual instruction can be given. I don't think we can go far enough in promoting this. A hockey coach at each of the grade schools should solve many of our problems for better teaching of individual skills. Our high school team will conduct periodic clinics, however, we must have good coordinated coaching throughout our whole system. This would mean added personnel qualified to instruct proper hockey fundamentals; instructors that not only know hockey, but also like hockey well enough to sacrifice a little time for the betterment of the program.

The above program of recommendations could be organized jointly by the city and the school or handled entirely by the school. Which ever way the program is organized, it would be a success if the proper cooperation and central supervision were established.

Wrestling Recommendations

1. That we have a twelve match schedule.

2. There is a need for a junior high and grade program. This could be done on Saturdays and nights when the "A" squad is not practicing.

3. An assistant coach be added to wrestling.

4. Hire a more experienced head as Mr. Fylger thinks he has taken the team as far as he can. He would like to be kept on as an assistant coach.

5. Suggest that we attempt some kind of a four team Holiday Tournament.

Track Recommendations

1. Continue to participate in six to eight track meets per year other than tournament meets.

2. Have two or three local track meets per year, probably under the lights if the weather is agreeable.

Baseball Recommendations

1. Keep a sixteen game schedule in the sport.

2. Start a grade school program in grade school baseball, playing four to five games per season.

Tennis Recommendations

1. Allow a schedule of six matches per year. This does not include tournament play.

Golf Recommendations

1. Allow an eight-team match schedule per year other than tournament play.

The Board extended its appreciation to Mr. Skay for his comprehensive analysis of the program. The report was approved and placed on file. It was recommended that the policies and recommendations set forth therein be carried out to the fullest extent possible. No action was taken on the recommended salary increase for the coaching staff.

Pearson called attention to the fact that net receipts from the various activities were as follows:

	1955-56	1956-57	1957-58	1958-59
Basketball	$ 545.53	$375.74	$449.00	$275.45
Hockey	1105.40	425.20	398.51	969.42
Wrestling			-49.25	-123.29

Further consideration of this report and recommendations was then terminated for the purpose of further study and analysis thereof.

Superintendent Mickelson informed the Board that the duties of the school nurse were becoming excessively burdensome for one person. He was instructed to explore the possibility of obtaining the part time services of a nurse to assist Mrs. Rare, and to report back thereon at the next meeting of the Board.

Motion was made by Pearson, seconded by Burtness to approve teachers' contracts as follows: Mrs. Verna Johnson, sixth grade, balance of year; Marilyn Peterson, Spanish, 1959-60; Roger Schmaus, sixth grade, 1959-60.

Superintendent Mickelson presented tentative budget figures for 1959-60 together with the figures for 1958-59, the matter to be taken under consideration by the Board, as follows, to-wit:

EXPENDITURES

		1958-59	1959-60
Administration		$ 37,840.00	$ 41,708.00
Instruction		697,106.00	766,503.74

Building		10,000.00	
TOTAL		$ 1,146,107.00	$ 1,258,840.75

The Judges of the School Election then presented their report of canvassing the results of the school election, as follows:

James O. Hase	780 votes
Ralph M. Helm	750 votes
William Thompson	411 votes
Dr. M. D. Starkow	387 votes

Motion was made by Thompson, seconded by Parkins, to approve the report of the Election Judges and declaring James O. Hase and Ralph M. Helm duly elected as Directors of the School Board for three-year terms commencing July 1, 1959. Motion carried unanimously.

Motion was then duly made, seconded and carried that the meeting be adjourned.

SPECIAL MEETING

A special meeting of the Board of Education of Independent School District No. 564 of Pennington County was held at the office in Lincoln High School at 8:00 p.m., on May 1, 1959.

The meeting was called to order by President Starkow. The following members were present: Starkow, Parkins, Thompson, Pearson and Olson.

Motion was made by Parkins, seconded by Thompson, to authorize execution of an application for the continuance of the Teachers Training Department for the year 1959-1960 contingent upon the appropriation of funds therefor by the Legislature. Motion carried unanimously.

Superintendent Mickelson then presented the credentials of approximately fifty persons to be considered for employment as basketball director for the school system. Considerable time was spent in studying and analyzing the credentials of these applicants. It was finally moved, seconded and unanimously carried to direct Superintendent Mickelson to arrange for personal interviews with the following: Frank Kahoutek, Hartley Story, Andrew Papke, Harold Gab, George Potter, Darrel Hesby and Wendel Franke. Thompson, Parkins and Pearson were appointed as a committee to assist Superintendent Mickelson in interviewing these applicants.

Motion was made by Pearson, seconded by Parkins and unanimously carried to designate Home Economics room number 111 at Lincoln High School as the polling place for the school election to be held May 19, 1959, polls to be open from 5:00 p.m. to 9:30 p.m.; and to designate and appoint Wm. Froiland, Harold Rasmussen and Mrs. Wilbur Mayes as the Judges of Election.

Motion was then duly made, seconded and carried to adjourn.

Arnold Pearson, Clerk
Independent School Dist. No. 564

ADJOURNED MEETING

An adjourned meeting of the Board of Education of Independent School District No. 564 of Pennington County was held at the office in Lincoln High School at 8:30 p.m. on May 19, 1959.

In the absence of President Starkow, Vice President Howick presided. The following members were present: Howick, Burtness, Thompson, Olson, Parkins and Pearson. Superintendent Mickelson was also in attendance.

Athletic Director, Ralph Skay, presented his report of a survey made, at the request of the Board, covering the Roseau hockey program and the Bemidji basketball program. This survey was requested by the Board in an effort to improve the athletic programs in the school system. Mr. Skay's report is on file in the superintendent's office. General recommendations embodied in the report are as follows:

1. To see that all coaching personnel are well qualified and have a genuine interest in their coaching responsibilities. This is of utmost importance because leadership and "know how" of handling and the instruction of boys in athletics are paramount. Coaches must have a sincere love for the sport they are directing, must be willing to sacrifice time for the betterment of the program, and have a thorough knowledge of the skills and practices essential to coaching the sport. Above all he must not be interested only in the extra compensation he receives for his coaching duties.

2. All head coaches must assume the responsibility of planning the type of system or practice he wants to be used. He, together with the athletic director, should see to it that the skills and mechanics of the sport he heads are being taught as they should be taught. He could accomplish this by having conference with all assistant coaches in the sport, by having clinics, and by direct periodic supervision of the activity.

3. Attempt to create more community interest in athletics. There is no better way than to have winning athletic teams. This unfortunately is not always possible because of a number of reasons. Maybe if we would have some special promotions like ladies nights and special attractions like physical education demonstrations, elementary school games, etc., it might stimulate greater attendance.

4. Attempt to abolish the undermining influence of our athletic programs by some of our out of school people. It is said that there are too many out of school people telling our players what they and the coaches are doing wrong. We need more cooperation from all concerned.

5. Increase the allowance paid for coaching responsibilities. There have been no pay increases for coaches for the past four years and yet teachers salaries have raised each year. Also, I believe there should be a greater margin of remuneration for a head coach as compared to the assistant coach.

This recommendation was not approved. Therefore, there will be no change in salaries for coaches.

6. Develop a strong intramural program in basketball and hockey. This would require the services of two men, one for basketball and one for hockey. This would give the boys not participating in athletics an opportunity for recreation as well as the possibility of developing talent for our athletic teams.

7. For trips which a team has to travel more than seventy-five miles, a chartered bus would be much preferred rather than a school bus. It is recommended that an attempt be made to get a bus from surplus.

8. To pay officials working "B" squad football, Jr. high football and basketball, and grade school football and basketball games $3.00 per game.

9. Award athletic letters when they are earned and not just when they are seniors as they are presently awarded. This was left to the administrators.

Football Recommendations

1. That somehow additional dressing and drying facilities be made available for football. During the season our dressing rooms are taxed very much over their limit. How? Build? There's nothing that can be done.

2. That boys in ninth and tenth grades report for practice in the fall at the same time the "A" squad reports. This would necessitate an additional coach for those two weeks before school starts.

3. Recommended that an additional coach be hired for the Junior High program.

4. Recommended that the Junior High schedule be increased from four to six games per year.

5. That additional protective equipment be purchased for Junior High program. About $800.00 is needed.

6. That tackle football be played in fifth and sixth grades rather than touch. In touch football it is impossible for the coaches to teach any type of T-formation, the single wing must be used. Tackle football in the grades would require the purchase of approximately $1100.00 in equipment (helmet, shoulder pads, pants (pads built in), and a jersey) . . . eighteen uniforms per school.

7. Increase number of grade school games, from four to six games. Games could be played at Lincoln High athletic field. Transportation should be provided from grade school to the field and back again after the game.

Basketball Recommendations

1. Change the make of squads: A squad, 10th, 11th, 12 grades; B squad, 10th, 11th grades; C squad, 9th graders; 8th grade squad; 7th grade squad.

The adding of a "C" squad would necessitate another coach in basketball, it would make a more difficult schedule for the gyms. But it would correct weakness of our ninth and eleventh graders sitting on the bench too much.

2. Schedules: (a) Increase "A" and "B" squads from sixteen to eighteen games. Include one overnight trip per year. (b) play eight to ten games in the ninth grade. (c) play eight to ten games in the seventh and eighth grades. (d) increase fifth and sixth grade schedule from eight to ten games. Three to four games should be played between half-exhibition games at "A" squad games.

3. Practice time at grade school gym. This past year our fifth and sixth grades practiced but three nights and played one game every two weeks. Suggested use of grade

WOOL GROWERS
WE WANT YOUR WOOL

Wool prices this year are better than last year. We feel confident that wool sold now will bring the grower top market price and a good government support payment, as earlier wools, sold in other sections, have been sold cheaper.

Take advantage of our direct sales to the Boston Wool Market. We ship directly to the major wool processors in the country. Contact us when you are ready to sell.

A Bumper Pheasant Crop is Predicted

Is Minnesota's pheasant population on the verge of "busting out all over"? If not, it is literally bursting at the seams, according to some reports coming in from the field. Game wardens and managers in the pheasant range are reporting that "pheasants are just about everywhere".

Minnesota is not alone in having a good supply of birds. South Dakota reports a 47 percent increase statewide in breeding birds. Some South Dakota counties show increases in excess of 100 percent. Authorities in that state indicate that "with a good hatch, the number of birds may run as high as 3,000 per square mile this fall in areas of the best pheasant range".

Every indication seems to point to a bumper crop of pheasants unless Mother Nature deals them a low blow later in the summer, and she has been known to do that, reminds Minnesota game officials.

Patience is the art of solving problems by letting them alone.

ADDITION to coach Ralph Skay's local American Legion junior baseball squad is husky Mike McEnelly of Goodridge. McEnelly, a six-foot, 180-pound sophomore member of coach Julian Gasperlin's Goodridge high school Huskies this past season, should prove a valuable addition to the local Juniors. Mike is a capable catcher or outfielder, and a potential long-ball threat at the plate.

Thieves-Fosston Game Wednesday

Postponed from Sunday Because of Wet Grounds

Rain and wet grounds forced postponement of the Thieves vs. Fosston Northern Minny league game that had been scheduled for the Fair Grounds on Sunday night. The game has been rescheduled for Wednesday night, July 1, with game time at 8:00 P.M.

In a game played at Fosston on Thursday night, June 11, Stan Otness' club scored a 10 to 9 win over the locals, and manager John Drury and the Thieves are hoping to reverse that decision on Wednesday night.

Righthander Gene Leslie will hurl for the Thieves, while Otness or Gary Carlin, both righthanders, will get the assignment for Fosston.

County 4-H Girl to Tour Manitoba

Margaret Peterson of Silverton to Be Guest

Margaret Peterson of the Silverton 4-H club left Sunday, June 28 for a 12-day trip to Manitoba, Canada. Margaret along with 30 other Minnesota 4-H'ers were selected to participate in the 4-H Manitoba Exchange.

Margaret is the daughter of Mr. and Mrs. Clarence Peterson and has been a 4-H member for 11 years.

They will travel to the Dauphin-Swan River area, about 200 miles northwest of Winnipeg, where they will stay with farm families. This is the heart of the program, designed to give Minnesota 4-H'ers an opportunity to observe typical Canadian farming conditions by living and working with Canadian 4-H'ers.

The Minnesota 4-H'ers will also visit the International Peace Gardens, spend two days at a club rally at Brandon, and tour Winnipeg.

In the return phase of the program, a group of 4-H club members from Manitoba will visit the Minnesota State fair.

During the three years that the Manitoba Exchange has been in effect, 93 4-H'ers, one representative from each county plus three state 4-H federation officers, will have traveled to Manitoba.

The Minnesota and Manitoba Agriculture extension services sponsor the exchange program with financial support from the Minneapolis Tribune.

Firemen Complete Training Course

Members of the Thief River Falls and Goodridge fire departments have a Basic Principle course in Firemanship Training as provided by the Trade and Industrial Unit of the vocational section of the state department of Education. Schedule, Thursday, July 2

Wilson Bros., vs. Oen's Appliance.
Northern Chevrolet vs. Times.
The Pharmacy vs. Disse's Optimists.
Coast-to-Coast vs. Starekow Clinic.

The week's matches in the trap shoot league on Thursday evening were featured by the Northern Chevrolet's 125 to 122 win over the Wilson Bros. squad. It marked the first time this season that a team has posted a perfect "125" team total, and in marking up their win over Wilson's, the Chevy's had Roy Jorgenson with a 22-4, Howie Brandt with a 20-6, Erling Torgerson with a 19-6, George Mackenroth with a 19-6, and Henry Granum with a 21-6. The Wilson's had three "25's" in their losing effort, with Al Tonder having a 23-2, Merv Skadsen a 21-5, and Orv Feragen a 20-7.

The defending league champion Times handed Don Olson's *Coast-to-Coast squad their first* defeat of the season, winning by a 123 to 119 margin. For the Times, Clarence Mattson had a 24-1, Bill Dahlquist a 21-4, and Jim Rude a 21-5. Darrell Wood's 22-5 was the only "25" for the league leaders.

For the second successive week the luckless Starekow Clinic squad dropped a one-bird decision, losing to Dr. Jim Disse's team, 114 to 113. Don Lawrence had a 21-5 and Bill Ranta an 18-8 for Disse's team, while lefty Phil LeGault, with a 19-7, had a "25" for the losers.

The Pharmacy team scored a 110 to 93 win over the Oen's Appliance team, with Oen's being handicapped by the fact that only four members of the squad appeared for the match.

Keeping Score with "Huck" Olson

The Northern's Best

The Winnipeg Goldeyes, a farm club of the St. Louis Cardinals, has turned in a remarkable performance in winning 33 of its last 39 games to take a commanding lead in the Class C Northern league standings. The Goldeyes lead the second place Aberdeen Pheasants by a comfortable eight-game margin.

It is the concensus of longtime observers of Northern league play that the current Winnipeg club must be rated with the best teams that have played in the circuit. And there are a considerable number of experts who will present arguments to the effect that manager Chase Riddle's Goldeyes club is the best to ever play in the Northern league.

We were fortunate enough on Thursday night, along with Pete Klungness and his son Paul, to be in the grandstand at the Chiefs park in Grand Forks as Winnipeg whitewashed Grand Forks, 7 to 0. After witnessing the polished play of the Winnipeg club, and noting its all-round strength, it wasn't difficult to understand why the Goldeyes are rated so highly and have been receiving so much praise.

Winnipeg has ample batting punch, in fact the club is leading the Northern league with a splendid .297 team average. What is most impressive about the club, though, is the foot-speed of the players. The players will take the extra base on the slightest fielding miscue, and they will steal a base in order to get into scoring position. Here's an indication: a Goldeye batter singled to center field, and when the fielder momentarily juggled the ball, the runner sped on to second, which he gained on a slide. The runner stole third, and then scored on a sacrifice fly.

If you get an opportunity to watch the Winnipeg club, by all means take advantage of it. The boys are all professionals.

The State Champions

The Minneapolis Washburn team won the Minnesota state high school baseball championship when, on Friday night, they defeated the Austin Packers, 7 to 2, in the once-postponed tournament finals in Minneapolis' Metropolitan stadium.

The finals, which had been set back a day because of rain and wet grounds, found the Washburn team of Region Five jumping off to a 4 to 0 lead in the first inning, with the Millers taking advantage of several Austin errors. Buz Anderson, making his second start of the tournament, held the heavy-hitting Austin batsmen in check as he hurled his club to a well-earned state title.

Coach Ralph Skay's Prowlers, who turned in a pair of creditable games in losing, 7 to 2, to New Ulm, and 3 to 1, to Little Falls in consolation play, returned to town on Friday afternoon. The Prowlers received numerous compliments on being the most neatly-uniformed club in the tourney.

The Drayton Juniors

One of our reasons for making the short trip to Grand Forks on Thursday was to watch the Drayton American Legion junior baseball team in action against coach Marv Skaar's Grand Forks juniors.

It was a joy to watch Drayton, last year's North Dakota state junior champions, score a solid 8 to 2 win over a highly-regarded Grand Forks squad.

From last season's champions, such players as Mike and Dixon Halcrow, Frank and Bill Brosseau, Ray Long, Myron Albrecht, and Cy Gerou are available for this year's club. And that's quite a nucleus. There is no denying the fact that Drayton is lacking in pitching strength, with Doug Halcrow and Tom Knoff, last season's hurlers, having passed the age limit. Bill Brosseau, a righthander, pitched against Grand Forks, and turned in an adequate performance, but he isn't a Doug Halcrow or a Tom Knoff.

And speaking of lefty Tom Knoff, we learned that the Drayton youngster, who just graduated from high school, had signed a contract with the New York Yankee organization. The report is that he signed for a modest $8,000 bonus, and that he will be on a $700 a month salary as he starts his pro career. Knoff was assigned to the Kearney, Neb., club.

Knoff's family, we learned, are in such favorable financial circumstances that Tom, if he wished, could attend college. But Tom, who has been star for the Drayton high school and Legion teams for the past several years, is anxious to make a bid for a professional career.

The Swedish Sputnik

With a surprise that rivalled the Russian launching of Sputnik I a year or so ago, Sweden's Ingemar Johansson exploded a right hand on Floyd Patterson's chin on Friday night that toppled the heavyweight champion and gave the popular Swede a third TKO and the world's championship. After being knocked down seven times in that hectic round, Patterson was saved from perhaps serious injury when referee Ruby Goldstein stopped the fight at the 2:03 mark.

As a suggestion, we believe that it would be fitting and proper if the local lodge would present to Ingemar Johansson an honorary membership in the Sons of Norway.

Personally, we are engaged in practicing the Swedish national anthem, "Du Gamla Du Fria."

Legion Juniors Resume Play Today

To Play Warren Juniors at Warren This Evening

Weather and playing conditions permitting, coach Ralph Skay's American Legion junior baseball team will resume play this week. This evening, Monday, in a game that is slated to start at 8 p.m., the local juniors *will play the Warren juniors at* Warren.

On Tuesday evening, in a 6:30 p.m. game, the locals will meet coach Jack Junker's Newfolden juniors on the Fair Grounds diamond. And at 6:30 p.m. Thursday, the Warren juniors will play the local juniors in a return game on the Fair Grounds diamond.

Next Monday, July 6, in a 6:30 p.m. game, the local juniors will travel to Twin Valley for a game against the Twin Valley juniors. The game should be an interesting one as most of the players on the two teams participated in the 2 to 1 Region Eight high school tournament game a couple of weeks ago, with Thief River Falls winning.

And on Thursday, July 9, the Crookston juniors, with lefty Bill Taylor, will invade the Fair Grounds diamond for a game. In an earlier game between the two teams, Crookston, by a 3 to 2 margin, marked up a win.

SGT. ARTHUR LAFLEUR FINISHES NCO SCHOOL

Army Sgt. 1/c Arthur L. LaFleur, Thief River Falls, graduated from the Fort Riley, Kan., Non-Commissioned Officer Academy June 19.

Sergeant LaFleur received refresher training in teaching methods, combat tactics and leadership.

He is regularly assigned to the U.S. Army garrison at Fort Riley. LaFleur entered the Army in 1941.

Banded Ducks Bring Useful Information

Over 6,000 ducks were trapped and banded last year by state technicians reports Forrest Lee, state waterfowl biologist. Ducks were taken by bait trapping, drive trapping and by newly developed technique of spotlighting.

"As these marked birds are often shot by hunters and the bands returned, information of value in management accumulates," explained Lee. "For example, we find out where Minnesota produced ducks are shot, when they are killed, how fast they migrate, where they migrate, how long they live, where they return to nest, how agricultural practices such as mowing affects nesting success, and what diseases affect them."

An interesting new disease discovery was made last fall according to Lee when, for the first time in Minnesota, wood ducks were trapped in considerable numbers. In cooperation with the University School of Veterinary Medicine blood samples were taken from 103 birds. Thirteen of the ducks gave a positive reaction to the test for ornithosis, commonly called "parrot fever". The ducks appeared to be in good condition.

Where had the wood ducks been exposed to parrot fever, a disease to which both birds and men are susceptible? Perhaps from domestic ducks or fowl sharing waters with woodies somewhere in the Flyway.

Near the south portico of the White House in Washington, D.C., grows a magnificent southern magnolia planted by President Andrew Jackson to honor his beloved wife Rachel.

Sportsmen Groups Meet Here July 1

To Seek to Revive Old Northwest Association

A special meeting of sportsmen's and conservation clubs of northwestern Minnesota will be held Wednesday, July 1, at 8 p.m. in the downstairs assembly room of the city Auditorium, Gay Warnecke, secretary of the Pennington county Sportsmen's club, announced today.

Purpose of the meeting Wednesday is to elect directors to represent this district in the Minnesota Conservation federation, Warnecke said.

There will also be a discussion of the old Northwestern Minnesota Association of Conservation Clubs, and all former members of that organization are urged to attend the meeting and join the discussion. Warnecke said it is hoped new life can be put into the association so it will again play a part in conservation matters in the area.

New Dairy Industries Department at St. Paul

A new department of dairy industries will be established July 1 on the St. Paul campus of the University of Minnesota. Up to now, dairy industries research and teaching has been conducted within the department of dairy husbandry. According to Harold Macy, dean of the Institute of Agriculture, the new department will be made up of several staff members, research assistants and graduate students who were formerly in the department of dairy husbandry.

The new department will be located in the dairy industries building recently completed and will be responsible for teaching, research and public service in dairy manufacturing and dairy bacteriology.

After the move is made, the department of dairy husbandry, headed by C. L. Cole, will occupy the first floor, basement and former creamery annex of Haecker hall, where both dairy industries and dairy husbandry research have been conducted in the past. With separate facilities, Dean Macy says both departments will be able to more adequately develop their teaching and research programs.

Workshop Series on School Lunches

One of Three Meetings to Open at Crookston July 21

School lunch workshops will be held in St. Paul, Waseca and Crookston for cook managers and others connected with lunch programs, J. O. Christianson, director of agricultural short courses at the University of Minnesota, said today.

The workshops will be held on the St. Paul campus of the University, June 30-July 2; at the Southern School of Agriculture, Waseca, July 14-16; and at the Northwest School of Agriculture, Crookston, July 21-23.

Rosa Faryna, nutritionist for the U.S. Department of Agriculture, Chicago, will be one of the speakers at the workshops. Miss Faryna will discuss "Nutrients in the Type A Lunch." Myhren C. Peterson, Minnesota Department of Health, will discuss "Food Sanitation."

Discussion topics during the workshop will cover such subjects as menu planning, food buying, records and reports, care and use of equipment, work simplification and nutrition.

The workshops are give by the University in cooperation with the Community School Lunch section, State Department of Education.

Good Forest Products Market Predicted

Minnesota's timber producers can look forward to good markets this spring and summer according to Marvin Smith, extension forester at the University of Minnesota. Demand for most products will be better than a year ago he says. There was not much over-production during the past year and most mills have low inventories.

He points to a recent report from the Timber Producers association showing these trends for different markets:

LUMBER—definitely improved, both in construction and industrial demand. Barring unforeseen changes in the national economy, this market will be fair to good for the rest of the year.

ROUGH PULPWOOD—normal demand for rough jack pine. The market for rough poplar should be improved, and there will be a limited market for fresh cut balsam in some areas. Spruce and balsam in general, however, fare poor markets. Timber men are advised to cut within terms of a written contract. Mills want fresh cuts; old seasoned wood is hard to sell.

PEELED PULPWOOD—normal demand for peeled popular, with some increase possible. Market will be normal for peeled spruce and balsam and there will be limited demand for peeled jack pine.

Fairmont Civic Leader Heads Taxpayer Group

Election of Elmer B. Nelson, Fairmont business and civic leader, as president of the Minnesota Taxpayers Association, was announced this week. The succeeds James P. McDonnell, whose term expired this month.

Mr. Nelson, president of the Nelson Ice Cream Company, heads the Fairmont Community Chest, is president of Clearview TV, Inc., the Fairmont community television antenna system, is a member of the Kiwanis club, and has long been active in Martin County civic affairs.

Elected vice president of the Taxpayers group at its annual meeting in St. Paul was Otto F. Oswald, president of the New Ulm Laundry Company.

The new officers announced plans for intensification of the Association's educational drive for tax moderation and relief, citing "alarming figures on property tax increases" in the just-issued annual abstract prepared by Stafford King, state auditor.

"In 1951 Minnesota property owners paid $210 million in property taxes to all units of government," Nelson said. "This year the levy against them is $403 million, an increase of nearly 100% in only eight years.

Still A Democracy

Chancellor Adenauer's recent actions have caused the free world to wonder if the government of West Germany is really a government of the people, by the people. The elderly leader of the West German government has conducted himself somewhat like a dictator, and that of course is disturbing to those who are concerned about the possibility of another Hitler and a military dictatorship.

Observers are generally agreed however that West Germany is still democratic and as proof of this the complete freedom of the West German press is cited. There apparently has been no attempt by the Adenauer government to suppress criticism. West German newspapers, independents as well as those of the opposition, have been critical.

The aged Chancellor may not survive the political storm that is brewing but the people of West Germany still respect him for his great contribution to their welfare as their leader in a period of difficult adjustment. As long as the German people take these matters in stride and exercise their right to disagree among themselves, settling their differences at the ballot box, we may assume that they have made real progress in self-government.

A Battle Lost

President Eisenhower lost a battle recently when the Senate voted against the confirmation of Lewis Strauss, appointed to fill a cabinet vacancy as Secretary of Commerce. The President seemed to be a little upset about the unfavorable vote.

Under the circumstances it probably is fortunate that the Strauss appointment was rejected. If his appointment had been confirmed by just a small majority he would have been working under a difficult handicap in the administration of so important an office.

Some of the opposition to Mr. Strauss probably was motivated by partisan considerations. Leader of the opponents, however, was Senator Clinton Anderson of New Mexico, who is both a statesman and a Democrat, and his leadership gave respectability to the opposition.

And maybe the rejection was a wholesome thing from the standpoint of President Eisenhower's relations with the members of Congress. Under the circumstances, considering the fact that Congress is controlled by the opposition party, the President probably should confer with the leaders of that party before making appointments that require confirmation.

Possibly this battle was lost because of a tactical blunder.

Freeman In Reverse

Governor Orville Freeman has served notice that he will campaign against the proposed amendment to the constitution that would provide for the area factor in the election of state senators. House members would continue to be elected on a population basis, the redistricting to be compulsory by the first legislature to convene following the federal census every ten years.

It is obvious that in making this announcement, Governor Freeman yielded to the pressure of the labor bosses of the Twin Cities who have looked forward to the time when they could control both houses of the legislature. In view of the fact that in the last campaign he assured the rural areas that he favored the area factor in the election of one body of the legislature, his present position is difficult to understand in terms of a generally-shrewd politician's thinking.

Governor Freeman favored a city-conceived plan under which the senate would be elected on a population basis and the house on a combination of area and population factors. A majority of the liberal-controlled house recognized this as a slick scheme that actually would give control of both houses to the metropolitan area. It was with the support of a considerable number of liberals that the present reapportionment program, including the proposed constitutional amendment, was finally approved.

Liberal house member Carl Iverson of Ashby, a leader in the fight to secure for the outstate area the control of one of the houses of the legislature, disagreed sharply with Governor Freeman with the statement that, "We of the rural areas have been double-crossed, deceived, betrayed and sold down the river."

In his St. Paul Pioneer Press "Political Notes," Fred Neumeier commented: "Never saw such biterness at a legislative session as shown when Gov. Freeman announced he was opposed to the proposed reapportionment amendment. Came from his own party members too."

When The Dam Breaks

During the next few weeks we are going to hear much about wheat and surpluses and government production controls and subsidies. Our wheat price support program has extended the wheat growing area of the country and now wheat is being grown all over America to be sold to Uncle Sam.

Quality is an unimportant factor in the cash value of a crop. A low grade of chicken feed brings almost as much as the best milling wheat and there is no indication that the present Congress is going to approach this wheat surplus problem any more honestly and realistically than any of its predecessors.

Further complicating the problem is the growing pressure group of individuals, and organizations privately and cooperatively owned, that has a big cash register interest in grain storage. The storage racket is rapidly developing into a national scandal that only Congress has power to cope with.

The deplorable thing about this situation is the probability that the problem will be disposed of by an opposition that will not be friendly to agriculture and that will be just as stupid in its approach as have been the champions of the present procedures. A taxpayers' revolt is long past due and when the dam breaks there will be a great deal of devastation that could have been avoided if the waters had been managed by realists rather than dreamers.

Anti-Trust Plan

(Birmingham Post-Herald)

It is the long-set policy of the Government, laid down in laws passed by Congress, that monopoly is against the public interest. In the corporate world, the government has been aggressive in opposing monopolies, regardless of any evidence of evil.

Increasingly, the Justice Department has been acting on even the suspicion of monopoly. The department blocked the Bethlehem-Youngstown steel merger, for instance, even though the industry still would have been competitive.

A union monopoly, with even greater power, scarcely could be any less perilous to the public interest. Especially, as obvious in the New York Delivery Union, when racketeers and hoodlums are in control.

Senator McClellan didn't understate it when he used the word "appalling" in describing the racketeer threat to our free economic system. Because of this he is having drafted legislation to apply the same curbs to this type of monopoly as now are applied to big business.

Unless it is unable to distinguish between right and wrong, Congress will be bound to look favorably on the senator's proposals. He knows what he's talking about.

Enough Is Enough

(Watonwan Plaindealer)

A fling is a wonderful thing. Throwing money around as if you could afford to do it can be one of life's pure pleasures. But it is a rare experience for most of us — so rare that it's known as a "spree," which Mr. Webster defines as "excessive indulgence."

About the only people who go on spending sprees very often are rich people, drunk people and people using other people's money. This last category includes crooks, people on expense accounts, and legislators. Crooks, if caught, go to jail. The expense account people soon lose their spending privileges unless they can justify their expenses. Legislators just send the bill to us and keep on spending.

Our federal legislators have been on a spending spree for quite a while — long enough to run up a bill 283 billion dollars higher than we have been able to pay so far. They'll keep spending, too, until we demand that they start treating our money as carefully as we must treat it ourselves.

Spending sprees are fun, but if we can't afford to throw our money around ourselves, why should we let Congress do it for us?

Borrowed Nonsense . . .

A doctor was roused out one night by a phone call. A man's voice said urgently: "Doctor, it's my wife. Her appendix. You'd better come quick."

"Nonsense," snapped the doctor, "I took your wife's appendix out five years ago. I never heard of anyone having a second appendix."

"Doctor," replied the caller, "did you ever hear of anyone having a second wife?"

REPORT from the GOVERNOR

by Orville L. Freeman

I remember one summer when I was a boy on the farm an old neighbor commented that the trouble with farmers was that they always raised this year the crops they should have raised the year before. He pointed out that the year after prices on chickens and hogs were especially good so many farmers would raise chickens and hogs that the prices went way down. "If my foresight were as good as my hindsight," the old farmer used to say, "I would be a rich man."

Forecasting

Forecasting conditions has become an important part of economic life, not only for farmers but for all of us. Economic conditions profoundly affect government programs and revenues, and therefore all governments must consider forecasts and make estimates with regard to the future. Budgets of states, as well as those of individuals and families, are based on estimates of probable income and outgo.

Estimates Can Be Wrong

Our experience during the past twelve months provides an excellent illustration of how difficult it is to make accurate estimates in a changing economy.

One year ago I reviewed the way our Minnesota economy had grown during the previous four years and how, as a result of that growth, the same tax rates were bringing in increasing amounts of revenue. I said then that if our economic growth continued at that rate we could support state services without difficulty by our existing tax structure.

Too Optimistic

I did not then foresee how seriously the nationwide recession would slow down our economic growth in Minnesota. Fortunately there is no deficit in Minnesota. But by last October it became clear that the nationwide recession was affecting our growth and our revenue prospects so adversely that we would need to consider new revenue for the two year period that will begin next July 1. At the same time department heads were requesting increased appropriations because of increased needs and the increasing cost of living.

The People Were Informed

When I realized that this combination, the rising cost of living plus the depressing effect of the recession on our revenue, would create a financial problem for our state in the coming biennium, I tried to explain this problem to the people. In October, in the last weeks before election, I made a state-wide radio broadcast, copies of which I sent to every paper in the state in which I frankly stated the principles I would follow in seeking to raise any additional revenue that might be required.

When I presented my budget message in January the best predictions and estimates indicated that we would need approximately $80,000,000 in new revenue, whereas six months earlier we hoped that no new revenue sources would be needed. It was on the January estimates that I based my budget requests.

Now, six months later, conditions have improved so that the current predictions accepted by the legislature are that we will need about $17 million in new revenue. Thus the estimates have changed.

Indeed, as the old farmer said, hindsight is better than foresight. I sincerely hope that the current predictions are not too optimistic today.

PEEKIN' into the PAST

THE BUCKET BRIGADE

Back a few years ago, the volunteer fire department was the only fire protection a community had and the hand-drawn "fire engine" being examined by the young lady in the picture above was the type of equipment that was used.

This equipment was used by the "bucket brigades" who formed lines and passed buckets of water from hand to hand, from the nearest well or pool to the scene of the fire. Those old buckets are made of leather.

A little later in the history of firefighting came the "hose carts," usually pulled by men who used to hold competitive races to cultivate their speed. Races between these "hose teams" was an annual event at county fairs. But the hose carts were of no use unless there were hydrants or supplies of water handy.

From where I sit ... by Joe Marsh
Don't "Check" With Red!
Red Johnson, owner of the local hardware store, likes to keep business simple—"pay as you go," says Red.
Recently, to emphasize the point, Red had a sign painted for the store window. In big red letters, it read: "Please—absolutely no checks accepted—pay in cash only."
When the sign painter had finished the sign, he delivered it to Red and named his price—ten dollars. "Very reasonable," said Red. And the next thing you know he was handing the fellow a check for ten dollars!
From where I sit, some rules we make boil down to "don't do as I do, do as I say." It reminds me of a friend who drank nothing but iced tea and criticized the fact that I preferred a glass of beer. That's not only annoying, it's intolerant. Good neighbors should make tolerance the rule with more "do" and less "say."

Time To Prepare for Strawberry Harvest

If your family likes garden fresh strawberries in the winter, get ready now to stock your freezer. According to S. H. Sevier, federal-state market news reporter, strawberries are approaching the height of their season.

Firm, ripe, bright red berries are the best for freezing, say J. D. Winter and Shirley Trantanella of the University's frozen foods laboratory. It's easy to freeze strawberries. Just wash and hull the berries, slice them into about three pieces each and pack in sugar. Sliced berries keep their flavor best because there is more sugar penetration.

Use 1 pound of sugar to 4 to 5 pounds of fruit, depending on the sweetness of the berries. That's about 1 cup of sugar to 8 or 9 cups hulled berries.

If you want to *freeze* the berries whole, choose medium-sized ones and use a syrup pack of 3 to 4 cups of sugar to 1 quart of water.

Pack the berries in a freezing container leaving some head space. *Be sure to label the package* with the name of its contents and the date that you froze them.

Poor advertising will often sell a poor product; it will invariably sell a good one.

Local Initiative Urged by Nat. Assn. of Manufacturers

Association Opposes Intervention on Part of Federal Government

The growing movement to create a "favorable business climate" in local areas should be extended throughout the country, the National Association of Manufacturers said today.

In a study issued by its economic problems department, the NAM commended states and communities which have taken steps toward a more favorable business climate by inaugurating equitable tax policies, trimming government costs, and instituting other sound policies.

"These are growing movements which recognize the large role that self-help, local initiative and local resourcefulness must play in insuring that our country maintains the highest possible level of economic activity," the *NAM study said.*

Spokesmen for the manufacturers association, testifying in Washington before Senate and House committee hearings on aid to depressed areas, have urged that states and localities be encouraged to solve their own problems rather than have their ""initiative and resourcefulness destroyed by intervention of the federal government."

A bill calling for expenditure of $390 million in federal funds in so-called depressed areas was passed by the Senate, and a $150 million measure is pending in the House. If either measure goes to the White House, a veto is anticipated since the Eisen*hower administration asked for* a much smaller expenditure, $50 million, and controversy over the issue is expected to continue.

Bids Accepted on Remodelin Liquor Store

Contracts Totaling $21,206 Awarded by Council on Monday

After the elimination of several items under consideration, bids totaling $21,206.92 for remodeling the municipal liquor store were accepted by the city council at an adourned meeting Monday evening, June 29.

Low bidder for the general construction was the Ranum Construction company with a figure of $11,641. Prichard Brothers, the other bidder, offered to do the work for $14,282. Rejected in the consideration was the construction of a new store front and the inclusion of extruded aluminum doors.

O. P. Electric submitted the low figure for the electrical work with a bid of $1,229.92. L. W. Best submitted a bid of $1,236.

In he bids for equipment, only two items were accepted. Bridgeman Creameries bid $3,648 to furnish a walk-in cooler for the off-sale section of the store and the Fargo Food & Equipment company's bid of $1,688 for an off-sale counter and shelves was also accepted.

Not considered by the council were several items for the on-sale department including a new back bar and bar, new stools and back-bar mirrors.

No bids were submitted for the plumbing, heating and ventilating work and the council voted to re-advertise for bids for this work which will probably cost about $5,000. Bids will be opened July 21 at 8 p.m.

In other action, the council decided to increase the salary of Harvey Droppo, liquor store stock man, by $20 a month effective July 1. Tom Fuller, store manager, pointed out that Droppo had taken on additional duties brought about by the new accounting system and the removal of coding duties from the city clerk's office.

The bid of $482.50 by the Russell Bacon Equipment company of Minneapolis to furnish a speed recorder was accepted on a 30-day trial basis and the public contractor's bond of James B. Clow & Sons for water purification plant equipment was accepted.

The recommendations of the airport commission in regard to hiring a custodian for the municipal airport were tabled until further investigation of the qualifications of the 11 applicants is made.

In final action, the council directed Norman McDonald of Duluth, a representative of the Duncan Parking Meter corporation of Chicago to submit a written proposal on the installation of parking meters in the city on a trial basis.

The next meeting of the council will be Monday, July 6, at 8 p.m.

PCA Occupies New Building July 7th

Boyd Holcomb, Accountant, to Share R. Lund Office

Two Thief River Falls firms will move to new locations next week. Paul Roy, secretary-manager of the TRF Production Credit association, which for the past quarter-century has shared quarters with the Robert J. Lund Insurance agency in the Stewart Hotel building, announced that the office will be moved next Tuesday, July 7, to a new one-story structure built for the association at 117 West Second st., across from the arena.

Moving next Wednesday into the quarters vacated by the PCA will be Boyd D. Holcomb, certified public accountant, whose office has been on the second floor of the Farmers Union Oil Co. building on East Third st.

Holcomb will share the quarters with the Lund agency.

ST. JOHN'S MEN'S CLUB MEETS MONDAY, JULY 6

St. John's Lutheran Men's club will meet in the church fellowship hall Monday, July 6, at 8:30 p.m. Pastor A. C. Seltz will give a special synodical convention report. Plans will be made to attend the Lutheran Laymen's League Retreat at the Lutheran Island camp, Henning, July 11 and 12.

Northwest Breeders Merges July 1 with Anoka Organization

Effective July 1st, the organization known as Northwest Breeders passed from the picture and with this dissolution all breeding work in its area will be conducted by Consolidated Breeders with headquarters at Anoka, Minn. This follows the resolution of the board of directors on May 29th recommending such action, which was approved at a members' meeting June 27. All transfer of business was made as of July 1st with the manager, I. W. Meade, retiring from participation in the organization of which he has been a part since its inauguration and prior to that time manager of the originating organization, Roseau County Creameries, Associated, under which name artificial breeding was first conducted in this Northwestern area of the state.

Beginning in Oct. 1945 the program of artificial breeding was sponsored by the creameries of Roseau county who at that time felt the need for there being a considerable improvement in the quality of cattle in the area.

They have seen the program grow to include not only Roseau county but 11 other counties in Northwestern Minnesota and 6 in Northeastern North Dakota. They have seen a material change in the quality of dairy cattle prevailing in the area thru the use of 85 sires that have been used during the time that the program has been in effect. These sires include 42 Holsteins, 21 Guernsies, 14 Milking Shorthorn and 5 Swiss.

From 18 to 24 sires have been in service at the same time and with the changing of the program to a frozen semen basis on Dec. 1, 1957, the number of sires was reduced to 18, the number on hand at the time of consolidation with the other organization.

During the last two years much frozen semen has been available from many sources outside the organization and customers have been able to thus use a bull from anywhere they desired. During the last several months as many as 40 sires have been available to customers every day.

Consolidated Breeders will maintain as nearly as possible the same calling stations and the same technicians to serve the many customers in this area. Their Stud will absorb whatever of the Northwest Breeders sires that they feel can be used to advantage there. They will have available a large number of sires of various breeds and will operate on a liquid semen basis with shipments several times a week to each technician. All records and accounts will be transferred to Anoka and contacts regarding any matters can be made directly there or through the local technician.

NEXT MEETING OF COUNTY BOARD SET FOR JULY 13

The Pennington county board will hold its semi-annual business meeting at the court house Monday, July 13, County Auditor C. W. Rodekuhr stated today.

County Welfare Work Is Topic at Rotary Meeting

Ralph T. Hunt, Executive Secretary, Gives Talk at Club Session Monday

"The emphasis of the Pennington county welfare board activity will be more on services in the future and less on the financial aspect," Ralph T. Hunt, executive secretary of the board told members of the Rotary club at their noon meeting Monday, June 29.

Hunt listed the supervising organization ofthe board as the five county commissioners and two lay members and the staff as three case workers, two clerical workers, an accounting officer and himself.

He described the different welfare activities of the office for adults and children of the county and the financing of these activities by the federal, state and county government. "In 1952, we had a surplus of funds but that has been declining ever since," he said. "Last year, we had a deficit despite a raise in county levies from 20.6 mills to 32½ mills."

A total of $165,000 was raised in Pennington county by taxes last year and the budget for next year anticipates no increase. About $532,000 was spent last year and it is expected that there will be little change from his sum this year.

"We hope that in the future, there will be no old-age assistance program," Hunt said. "In the future, other programs will assume this care."

An interesting question and answer period followed Hunt's talk with a majority of the questions asked about the amount of aid received by various types of welfare recipients and possible changes in future years.

Burglars Make Big Haul at Fosston

Burglars early Monday made off with a small arsenal of weapons in a raid on a Fosston sporting goods store. Total value of the loot was about $1,000, according to Polk County Sheriff Carl Knutson who investigated.

Entry to Satran's Gunsmith and Sporting Goods store was gained by breaking in a rear door.

Taken in the robbery were 40 shotguns and rifles, 11 pistols of various calibers, between $50 and $60 in change, five field glasses in leather cases, and some ammunition.

Knutson said the burglars apparently loaded a .22 caliber pistol before leaving the store.

PREXY Norman Peterson, administrator of Northwestern Hospital, was installed Wednesday as president of the Thief River Falls Lions club, succeeding John Peterson of the Home Lumber Co.

Norman Peterson Assumes Duties as Lions President

Succeeds John Peterson; Other Officers Inducted at Luncheon Wednesday

At the Lions club luncheon meeting Wednesday in the Elks club rooms, Norman Peterson, administrator of Northwestern Hospital, was installed as president for the coming year, succeeding John Peterson. Stan Mortenson, past president, conducted the induction ceremony, assisted by Stan Pladson.

Others taking over new duties included Clarence Mattson, Dennis Rolle and Gordon Relerson, respectively first, second and third vice president; Harry E. Simons, secretary; Ralph Luhman, treasurer; Reid Stromberg, tail twister; and Arthur Christianson, assistant; Orin Green, lion tamer; and R. S. Eldevik, Jack Forkenbrock, John Anderson and Wendell Olson, directors.

Retiring president John Peterson thanked the board of directors and the members of the club for their cooperation during the year, following which he was presented with a past president's pin by his successor, Norman Peterson. Retiring secretary Dennis Rolle and treasurer Dr. George Martin were similarly recognized.

Polk Treasury Shortage Hits about $39,000

County Treasurer R. E. Risch Admits Embezzling Funds

Robert E. Risch, 37, Polk county treasurer, is free on $5000 bond after admitting earlier this week embezzlement of county funds. A shortage of over $39,000 was discovered by state examiners, which led to Risch's admission he had taken the money.

County Attorney F. H. Stadsvold said the shortage was discovered Tuesday afternoon and that Risch cooperated with Stadsvold and the examiners in pointing out the discrepancies.

Stadsvold said Risch was bonded for $50,000 which will cover the loss, although the total amount has not, as yet, been verified.

State Public Examiner Ray Vecellio, St. Paul, stated his office will conduct a complete audit of Risch's books immediately. Risch handed in his resignation to Stadsvold Tuesday evening and it was accepted by the county board of commissioners.

Mrs. Val Watts, deputy treasurer, assumed responsibility for the office Wednesday and will act as treasurer until an appointment is made at the regular meeting of the board July 13.

Risch waived preliminary examination before Municipal Judge J. R. Kelly Wednesday afternoon and was freed on $5000 bond. A warrant charging him with embezzlement was issued Wednesday, Stadsvold said.

The shortage was discovered when a spot audit was conducted and verifications of taxes paid were sent out to taxpayers. Only one person reported a discrepancy from that mailing.

Monday afternoon County Auditor Martin Vanseth noted an irreconcilable factor in his books and notified the examiner team, which was then in Detroit Lakes. Upon being confronted with the information, Risch admitted to the shortage and gave the examiners specific information.

The total amount discovered so far is $39,148.10.

Risch had been elected treasurer in the fall of 1950, taking office in 1951, succeeding Pauline Lindberg. He was re-elected in 1954 and 1958, running without opposition each time.

He told the county attorney he had used the money taken to supplement his regular income, and that sums taken ranged from $25 to $300. He knew the account from which the shortages were made and pointed them out to the examiner.

Risch is a disabled veteran of World War II, is married and has three children. He was active in northwestern Minnesota veterans affairs and was well-known in the area.

Barley Combining Clinic at Warren Is Set for July 13

Area Farmers Invited to Get Information on How to Reduce Broken Kernels

A malting barley combine meeting and demonstration will be held at the Warren high school auditorium at Warren on Monday, July 13. The meeting is being held to emphasize the importance of reducing the percent of skinned and broken kernels in malting barley. Instructions on the proper adjustments and operation of combines will be presented. The meeting will start at 1:30 p.m.

Sponsoring this meeting are are the agricultural extension service, farm machinery manufacturers and dealers, and the Malting Barley Improvement association. Local arrangements are being made by Wm. T. Henderson, county extension agent, who will be chairman.

The meeting will open with brief talks by extension specialists, representatives of the Minneapolis grain trade and the malting and brewing industries. Combine service experts will demonstrate how to make proper adjustments on the various makes of combines on display.

Everyone interested in marketing sound, high quality malting barley is invited to attend.

HARVEST With Oscar Bakke at the tiller, left, the park board's aquatic weed cutter has been busy widening the river channel, a job that will take about three days. Max Jensen, center, and Jim Kelly, armed with pitchforks, clean away the weeds as they are cut by the sickle bar seen just above the water at right. The job will probably have to be repeated again in three weeks.

Hectic Extra Session of Legislature Ends

Solons Approved Spending Total of 476 Million Dollars

The Minnesota Legislature finished the longest special session in the state's history Wednesday.

The lawmakers had been in session since Jan. 6, when the regular session convened. When legislators found themselves unable to resolve the tax problem, a special session was convened by Gov. Freeman on April 25, the day after the regular session ended.

The special session cost an estimated $394,000, including payments to legislators at the rate of $25 per day.

The extra session was prolonged by one day after passage of the compromise tax bill because of a stalemate over the 82 million dollar state building bill.

The disagreement was resolved when the Senate yielded to House demands that $3,900,000 be allotted for construction of new buildings at the Brainerd State hospital. The Senate had held out for spending $13,900,000 to complete the hospital as rapidly as possible.

Besides enactment of the building bill, these were major accomplishments of the special session:

Approval of four major appropriation bills totaling 476 million dollars, an increase of 71 million over two years ago.

Final agreement on a tax bill to raise 46 million dollars in new revenue through higher taxes on individuals and corporation incomes, liquor and beer, cigarets and tobacco, iron mining, inheritances and a new tax on legal documents.

Ended the big tax fight when the House liberal group dropped its demand for income-tax withholding.

The first legislative reapportionment since 1913 and a bill for a constitutional amendment to change the base for future redistricting.

A permanent law for daylight saving time each year, from the fourth Sunday in May to the day after Labor Day.

The new taxes and the amounts they are expected to yield over the next two years under the tax bill passed Tuesday by both houses of the Legislature and sent to the governor:

Individual income taxes, ½ per cent increase per bracket, amounting to a boost of about 15 per cent — $19,500,000.

Corporation tax, up 1.8 per cent from 7.5 to 9.3 — $11,800,000.

Cigarets, increased from 1½ cents per pack, from 4 to 5½ cents, $8,250,000

Strong beer, up $1 to $3.20 per

Youngsters Invited to Share in Aquacade Game Events July 19

Youngsters of the community have been invited by the Junior Chamber of Commerce to take part in the Aquacade sports events Sunday afternoon, July 19, immediately following the water sports show.

According to Lambert Rinowski, chairman of the event, a chart has been posted at the bath house in Tindolph park where children of all ages may sign up for contests.

Competitions to be held include a horse and rider contest, penny dive for children under four, kick board races, tug-of-war, relay race and swimming races.

Further information may be had by contacting Quentin Jones at the Tindolph swimming pool or Lambert Rinowski at Lambert's barber shop on Main av. N.

B. Dan Bjorkman Bought Laundry Fifty Years Ago

B. Dan Bjorkman, pioneer local resident, recalled this week that it was just 50 years ago today, July 9, that he took over partnership of a small laundry which had been operated for several years by Hokenson & Johnson. Bjorkman continued in charge of the growing business for 47 years until three years ago when he turned the management over to his son Lawrence and joined the ranks of the retired.

Indian Powwow at Red Lake Set for Tonight to July 5

This year's annual Fourth of July powwow by the Red Lake band of Chippewa Indians will start at Red Lake tonight, Thursday, and continue through Sunday, July 5. The traditional dances and baseball games will highlight the activities.

July 4 Holiday to Be Noted Saturday

Stores and public offices in Thief River Falls and throughout the nation will remain closed all day Saturday in observance of the Fourth of July.

The only celebration of the holiday announced in this area is a powwow at Red Lake sponsored by the Red Lake Indians. Some local residents will take advantage of the weekend to journey to the lake district and to visit with out-of-town friends, while others will spend the holiday quietly at home.

The TRF Times also will suspend operations Saturday, and advertisers and correspondents are requested to get in to the office on Friday as much of their material for Monday's edition as possible.

Lucky Hell Drivers at TRF Speedway July 4

International competition and an international cast pretty well sums up one phase of the 28-event thrill producing program the Lucky Hell Drivers have cooked up for presentation at Thief River Speedway starting at 8:30 p.m. Saturday, July 4.

The international competition occurs in the crash roll-over contests, which has created some bitter rivalries in the Hell Drivers ranks. This will-to-win, show officials have found, can be further stimulated by cash rewards, so prize money is offered to encourage the rival teams.

The Roll-over event will see the drivers, all specialists in the crash field, flip their cars end over end, side over side from elevated rampways, attempting to bring the cars back on the four wheels. Points are awarded for each complete roll-over, with the high-point man of each performance being the winner.

Practical Nurse Class to Graduate

Lincoln high school auditorium will be the scene this evening at 8 o'clock of graduation rites for a record class of 23 students in the area vocational school course in practical nursing. Following the exercises a reception will be held in the school cafeteria, and refreshments will be served.

JAYCEES PLAN FOR AQUACADE TONIGHT

Plans for the Thief River Falls Jaycee Aquacade will be further developed at a meeting of the Junior Chamber of Commerce in the Elks club rooms this evening at 6:30, Bruce Hall, president, stated today, at the same time urging a full attendance of the membership.

Capt. Anderson of Highway Patrol Asks Safe Fourth

Requests Care on Part of Drivers During the Long Holiday Week-end

Captain Walter J. Anderson, head of the highway patrol 8th district, which headquarters here, said the patrol will be out in force over the district for the long week-end holiday and warned the driving public to be extra cautious in view of the heavy traffic expected over the holidays.

Both planes and electronic recording devices will be used to check movement of traffic, but the National Guard will not be helping the patrol as it has in some previous years, Anderson stated.

Through June 1, Anderson stated, this district has had only one fatality, compared with eight in the corresponding period last year, representing a drop of 87 per cent. The total of all accidents is down by 27 per cent, he said.

"Just one multiple-fatality accident could change the whole picture, however," Anderson added. He asked cooperation from the public in keeping blood and wreckage off the highways over the holidays.

Alden Spray Takes Mary Kamrud For Bride June 20

Before an altar graced with baskets of pink and white gladioli, jade leaves and lighted candelabra, Miss Mary Lou Kamrud, daughter of Mr. and Mrs. Richard Kamrud of Gonvick, became the bride of Alden Clyde Spray, son of Mr. and Mrs. A. V. Spray of Thief River Falls, Saturday, June 20 in Gonvick.

The double ring ceremony took place in the Samhold Lutheran church and was officiated by Rev. E. M. Berg. Mrs. E. M. Berg was at the organ; playing the nuptial music and accompanying the soloist, Gordon Hanson, friend of the bridegroom, as he sang "Wedding Prayer" and "The Lord's Prayer", as the couple knelt at the altar.

Entering on the arm of her father, the bride was attired in a full length gown of Alencon lace and nylon tulle. It featured a fitted bodice of lace with a jeweled sabrina neckline and long lace sleeves, which came to a point at the hand. Her bouffant skirt was accented with rows of nylon tulle and lace ruffles with a panel of lace down the front. Her fingertip veil fell from a jeweled crown and she carried a white orchid and stephanotis on a white Bible. Her pearl earrings were a gift of the bridegroom.

Mrs. James Faldet of Angus, classmate of the bride, was matron of honor while Edna Olson of Bemidji, a college friend and Carol Spray of St. Paul, sister of the bridegroom, were bridesmaids.

They wore ballerina length gowns of rayon embroidered nylon sheer over taffeta in mist green color. They were fashioned with a scooped neckline, fitted bodice and bouffant skirt with a white satin bow. Their attire was accented by matching headbands, white gloves and pearl earrings, a gift of the bride. The matron of honor carried a cascade bouquet of pink roses and light pink carnations while the bridesmaids bouquets were of pink roses and white carnations.

Edwin Gutman of Hibbing, a college friend, attended the bridegroom as bestman with James Kamrud of Minneapolis, brother of the bride and Richard Hegre, friend, as groomsmen. All the gentleman attendants wore white dinner jackets, navy trousers and white and red carnation boutonnieres.

Ushers were Busford Qualle of Bemidji, cousin of the bride, Harold Welby of Erskine, cousin of the bridegroom, Dennis Nord and Dave Sanwick of Bemidji, friends of the bridegroom. All wore dark suits with white carnations.

For her daughter's wedding Mrs. Kamrud chose a dusty rose lace dress and white accessories with Mrs. Spray wearing a lavender print sheer dress with white accessories. Their corsages were of white gardinias and pink sweetheart roses. Mrs. Alice Spray of Thief River Falls and Mrs. H. O. Hanson of Erskine, grandmothers of the bridegroom chose powder blue dresses with white accessories. Their corsages were of pink carnations and white mums.

Following the ceremony a reception was held in the church parlors for all relatives and friends. A four-tiered wedding cake, decorated in soft pink flowers and green leaves and topped with three white wedding bells, centered the serving table. Mrs. Oscar Welby of Erskine, aunt of the bridegroom, assisted Mrs. C. W. Ekman of Minneapolis as she cut and served the cake. Mrs. Agnes O'Connell and Mrs. Alice Bejgg of Minneapolis, aunts of the bride, poured.

Others assisting were Denna Malm at the guest book, Grace Gunderson Kathryn Gordon of Bagley, Mrs. James Kamrud and Georgia Carlson of Minneapolis, at the gift table. Waitresses were Mrs. Eddy Anderson of Park Rapids, Mrs. Herman Jannsen and Maxine Dyrdal, while Mrs. Albin Nelson, Mrs. Clarence Dyrdal, Mrs. S. G. Birkeland, Mrs. Melvin Hamnes, Mrs. O. A. Swanson and Mrs. A. N. Dille, served as hostesses. Mesdames Ernest Nelson, Albert Torgerson, Willys Torgerson and Carl Skime were in the kitchen.

For going away the bride chose a black sheath dress with white accessories and a corsage from her bridal bouquet. Upon returning they will make their home in Bemidji for the summer months, where they are attending the summer school session at Bemidji State Teachers. They will leave for Sioux Falls, S. Dakota this fall where they have both accepted teaching positions.

Mrs. Ina Payne of Minneapolis is spending sometime visiting with relatives and friends in this city and Viking.

Cheryl Johnson Engaged to Wed

Mr. and Mrs. Lloyd Johnson of St. Hilaire announce the engagement of their daughter, Cheryl Kathryn to William Thomas Jacobson, son of Mr. and Mrs. Ray Jacobson of Little Falls, Minn.

Miss Johnson is a member of Pi Mu Phi sorority and graduated from Moorhead State college this spring. She will be teaching at Little Falls this fall. Mr. Jacobson is attending Moorhead State and is a member of the Owl fraternity.

No definite date has been set for the wedding.

Correction

In the account of the silver wedding anniversary of Mr. and Mrs. Ted Lendobeja that ran in Monday's issue of the Times, the name of Mrs. Ron Wisniewski was inadvertently left out. Mrs. Wisniewski is a niece of the Lendobeja's and she was in charge of the guest book. The Times regrets the error.

Axel Petersons Note 64 Years of Wedded Life

Mr. and Mrs. Axel E. Peterson of this city were honored Thursday evening, June 25, on their 64th wedding anniversary.

A small gathering of immediate relatives was held at their home with the guests including two of their three children; June and Loren Peterson. Raymond, who is living in Bakersfield, Calif., was unable to attend.

Mrs. Peterson was presented with a corsage of pink peonies while Mr. Peterson wore a peony boutonniere. Lunch was served by the hostess, June Peterson, which featured an anniversary cake. The honored guests received many cards and gifts.

Other guests were Mr. and Mrs. Nels Flom, Mrs. Helen Wedul, Mrs. Albert Priebe and Hilda and Anna Ahlberg.

Mr. and Mrs. Peterson have lived in the Thief River Falls community since 1937, coming from Detroit Lakes. Mr. Peterson was a farmer before his retirement. Mrs. Peterson is 82 years of age and Mr. Peterson is 85.

Sigurd Myroms Observe Golden Wedding Sunday

Approximately 150 relatives and friends attended the open house Sunday, June 28, held in honor of Mr. and Mrs. Sigurd Myrom at their home on their golden wedding anniversary.

The hours were from 2 to 5 p.m. with an informal program held in the late afternoon. Their son, Chester Myrom, served as master of ceremonies, with Peter Anderson, Mrs. Myrom's brother, and Ole Ihle, a former business partner, giving short talks. Rev. L. W. Holte of Salem, Ore., son-in-law, read a brief scripture message.

Assisting at the reception were Mrs. Palmer Pederson and Mrs. Ole Ihle pouring; Mrs. Peter Anderson of Crookston and Mrs. Chester Myron cutting and serving the wedding cake, which was baked and decorated by Mrs. Wilfred Sennes. Mrs. Sjolsvold served the ice cream. Others who helped with the serving were Mrs. Arthur Myrom, Mrs. Kenneth Zenner of Arthur, N. Dakota, Mrs. Anton Carlson Joan, Barbara and Ruth Myrom, Mrs. Lowell Holte and Cecelia and Mrs. Theodore Anderson.

Mr. and Mrs. Myrom were married November 10, 1909 at the home of Mrs. Myrom's parents, Mr. and Mrs. N. K. Anderson. Rev. S. M. Gjerde of St. Hilaire performed the ceremony with Mrs. Palmer Pederson and Theodore Anderson as attendants. Both were present for the celebration, which was held at this time because all the children could be present.

Their three children attending were Chester Myrom and his wife of New York, City, Mr. and Mrs. Arthur Myrom and family of Sauk Centre and Rev. and Mrs. L. W. Holte, (Stella Myrom) and their children of Salem, Ore.

Other out of town guests were from Winnepeg, Culross, Manitoba, Arthur, N. Dakota, Crookston, Euclid and St. Hilaire.

Martin Stroms Feted on Golden Wedding June 27

Mr. and Mrs. Martin M. Strom of this city observed their golden wedding anniversary Saturday, June 27. Preceding a high mass of Thanksgiving at St. Bernard's church the Stroms renewed their marriage vows before Rev. Father Keough Patnode.

Mr. and Mrs. Oscar Baker acted as proxies for the actual attendants who were Mrs. Strom's brother and sister, Max Ruminski and Mrs. Stanley Ross of Portland, Ore. who were unable to attend. For the occasion Mrs. Strom was presented with a gold necklace and earrings, a gift from her grandchildren and a gold-embossed prayer book by her sons. Mrs. Strom and Mrs. Baker wore corsages of yellow roses and the gentlemen had yellow carnation boutonnieres.

Following the mass 25 relatives and friends attended a breakfast at the Strom home. An open house was held from 2 to 5 p.m. at St. Bernard's hall with approximately 125 guests attending.

Amid decorations of yellow, green and gold with peonies centering the serving table, members of Mrs. Strom's church circle served the lunch. Mrs. Marie Holden, Grand niece poured while Mrs. Rauline Houski, grand neice was in charge of the guest book. Mrs. Martin Olson, a niece cut and served the four tiered anniversary cake.

Martin M. Strom and Mary Ruminski were married at St. Bernard's rectory in Thief River Falls, June 27, 1909. Officiating at this ceremony was the late Rev. Father Adolph. Mr. and Mrs. Strom have resided in Thief River Falls since their marriage. They have two sons, David, of Morro, Calif., and Chester, who is stationed at England Air Force Base in Alexandria, Louisiana. They also have seven grandchildren and two great grandchildren.

Out of town guests attending were Mrs. L. N. Altendorf and Mr. and Mrs. Nick Altendorf of Grafton, N. Dakota; Mr. and Mrs. Alex Strom of Sparta, Wis., Dr. Edward L. Altendorf of Denver, Colo., Herbert Altendorf of Warren, Mr. and Mrs. Raulins Houski of St. Hilaire, Mrs. C. M. Strom of Grand Forks, Mrs. Alfred Monson of Edmore, N. Dakota; Mr. and Mrs. J. M. Devera Borchert Alan B. Warcup Wed June 20

Rev. Henry Friedman performed the ceremony Sunday, June 21, at Community Methodist church, which united Devera Lou Borchert and Alan Bruce Warcup of Grand Forks, in holy matrimony. The bride is the daughter of Mrs. Louis W. Borchert of this city while the bridegroom's mother is Mrs. R. O. Warcup of Grand Forks.

Mrs. Arthur Hamilton served as organist at the 11 a.m. ceremony, playing "Jesu Joy of Mans Desiring" as the processional and "Sheep May Safely Graze," as the recessional. Mrs. Donald L. Olson, cousin of the bride, was soloist. She sang "Jesus Be Thou Ever Near Us" and chanted "The Lord's Prayer" as the couple knelt at the altar.

Given in marriage by her brother, Clinton Borchert of Grand Forks, the bride wore a beige lace sheath dress with matching beige accessories and she carried a bouquet of tangerine roses.

Mrs. Lowell D. Larson of Grand Forks, sister of the bride, was matron of honor, wearing an empire styled dress of pale blue with a lace bodice and matching accessories. Her bouquet was of tangerine roses and white mums.

Attending the bridegroom as best man was Dennis Warcup, his brother of Grand Forks, while Lowell D. Larson, brother-in-law of the bride, was usher.

For her daughter's wedding Mrs. Borchert chose a sheath dress of ecru lace over Nile green with beige accessories while Mrs. Warcup wore a pale blue boucle dress with blue and white accessories. Their corsages were white orchids.

Following the ceremony a noon luncheon was served at the home of the bride's mother. Mrs. R. H. Ludtke cut and served the cake while Mrs. William Borchert poured and Mrs. Clinton Borchert served the punch.

For their honeymoon trip to the North Shore Drive, the bride chose a white print sheath dress with an overskirt of cotton chiffon with white accessories. Mr. and Mrs. Warcup are making their home at 713 19th Ave. So. in Grand Forks.

The bride is a graduate of Lincoln high school and the University of Minnesota. She has been employed by the Clay county welfare board at Moorhead. The bridegroom is a 1958 graduate of the University of North Dakota and is presently attending law school there.

Penalties Paid by Nine Offenders in Court Here Monday

Fined for Speeding and Careless Driving and Supplying Beer to Minor

Business was somewhat slack in municipal court Monday, compared with the previous three weeks' record, but nine persons attended hearings and were fined on various charges by Judge H. O. Chommie.

Douglas F. Peterson, rt. 1, Plummer, pleaded guilty to a speeding charge brought against him by the highway patrol and was fined $12.50 plus $4 costs. Harold Aanes, Minneapolis, also arrested for speeding by the patrol, forfeited $17 bond.

There were two cases brought to court by the sheriff's office. Thomas G. Belland, city, and Lawrence M. Larson, Bemidji, each pleaded guilty to petit larceny and each was fined $25 plus $5.50 costs.

All other persons appearing Monday were brought by city police. Ronald H. Ebbighausen, rt. 4, pleaded guilty to a speeding charge and was fined $10 plus $4 costs. On another charge of careless driving on another occasion, Ebbighause also pleaded guilty and was fined $35 plus $4 costs.

LeRoy G. Whitson, city, was also fined $35 plus $4 costs after he pleaded guilty to careless driving.

Running a stop light cost Adam J. Schaer, Mentor, $10 plus $4 costs after his guilty plea, while Duane Kulseth, city, pleaded guilty to furnishing beer to a minor and was fined $100 plus $4 costs.

Lawrence E. Millard, city, was found guilty after trial of driving over the center line. He had been charged with careless driving. He was fined $10 plus $6.30 costs by Judge Chommie.

Kittle Midtgard Succumbs; Rites Set For Friday

Funeral services for Kittel H. Midtgard will be held Friday, July 3, at 2 p.m. at the Sinding-Gulbranson funeral chapel. Rev. Marvin O. Carlson will officiate and interment will be in Greenwood cemetery.

The body will lie in state this evening, Thursday, at the mortuary and until one hour before time of services.

Mr. Midtgard died Monday, June 29, at the age of 59. He was born Sept. 7, 1899, at Tinn, Norway, where he grew to manhood. After serving two years in the Norwegian army, he came to the United States, settling in Montana in 1925. He was employed as a farmhand for some time and later he opened a shoe repair shop at Columbus, N. D. He also had a shop at Gonvick before opening his business in Thief River Falls.

He was united in marriage to Tracy Holmstead at Duluth on June 29, 1946, and they established their home in Everett, Wash., where he was employed in defense work. Following the death of his wife in 1950, he returned to Thief River Falls and has since made his home here.

Surviving are five brothers and four sisters, all in Norway: Olaf, Ellef, Gunnar, Asbjorn and Halje and Tarbjarg, Marget, Helga and Hilda; one brother-in-law and two sisters-in-law, Mrs. Oscar Arndtson of Thief River Falls, Mrs. Alfred Bakke of Grygla and Obert Holmstead of International Falls.

He was preceded in death by his wife.

Last Rites For John Kielty Held This Morning

Funeral services for John Kielty, retired Soo Line conductor, were held today, Thursday at 10 a.m. at St. Bernard's Catholic church with Rev. Father Keough Patnode officiating. Interment was made in the church cemetery. Green Funeral Home was in charge of arrangements.

Mr. Kielty, a resident of this community for 40 years, died Monday, June 29 at St. Francis hospital at Crookston at the age of 81. He was born Nov. 15, 1877 at De Graff, Minn. At the age of 14 he moved with his parents to Morris, Minn., where he grew to manhood. In 1907 he came to Thief River Falls and was employed by the Soo Line.

He was united in marriage to Belva Oderkirk of Egeland, N. Dakota in June 1919. They continued to make their home in Thief River Falls until the death of his wife in 1945. After retiring from the Soo Line he made his home in Minneapolis. He was a member of the Order of Railroad Conductors.

Surviving are three sons, Wayne and Wendell of Grand Forks and Robert of the Veterans hospital at Tuscon, Arizona; one daughter, Sister M. Rochelle of Mt. St. Benedict in Stacyville, Iowa; one brother P. Kielty of Grove City, Minn., and seven grandchildren.

He was preceded in death by his wife and five brothers.

Sister of Local Resident Dies

Mrs. Orlan H. Christianson, nee Ila Lovina Svedberg, died Monday, June 29 at the age of 33.

She was born Oct. 31, 1926 at Thief River Falls and spent her childhood in the Arvilla and Larimore, N. Dakota vicinities. She was united in marriage to Orlan H. Christianson at Crookston Jan. 12, 1944.

Surviving are her husband Orlan, one son Terry Lynn and two daughters Marcia Kay and Ivy Lee Ann; her parents, Mr. and Mrs. A. J. Svedberg of Larimore, N. Dakota and three sisters; Mrs. Doris Miramontes of Thief River Falls, Mrs. Elvice Kimeberg of Petersburg, N. Dakota and Bonita Svedberg of Larimore, three brothers, Marvin and Alfred Jr. of Larimore and Arlo of San Diego, Calif.; also her grandmother, Mrs. Edward Ellingson of Crookston.

She was preceded in death by two sisters and one brother.

Mr. and Mrs. C. W. Vorachek spent Sunday visiting with John Grane in Grafton, N. Dakota and at the Jack Hosna home in Adams N. Dakota.

Mercury Reveals Warming Trend

Temperatures Expected to Hit 80 Mark Today

June bowed out Tuesday with unseasonally low temperatures but with a hint of returning summer.

Readings of 40 degrees were recorded both Sunday and Monday night but the warming trend was reflected in the 43 Tuesday night and the 54 Wednesday.

Daytime temperatures, which set a monthly low of 55 Sunday, warmed each day and a high of 76 with .02 inch of rain was recorded Wednesday.

Today, the KTRF weather forecast calls for occasional cloudiness in the northern section of Minnesota and mostly fair in the south today and tonight. Tomorrow, partly cloudy with the chance of scattered showers is predicted for the western section of the state in the afternoon.

Locally, a high of 78 to 82 has been forecast for today and a low tonight of from 58 to 65.

THE EAVESDROPPER

By Hamilton's Clothing

"Last night, the folks were talking about some new clothes for Dad. Now "grown-up" talk usually doesn't interest me . . ."

". . . but where my Dad is concerned, both Mom and I agree that he should get the best. That's at Hamilton's, of course."

"They said we're a little short right now but Dad really needs those things. Can we afford to open a credit account?"

"Getting things on credit raises the cost," my Dad said. "The interest and carrying charges, even for two or three months, are murder!"

"Not at Hamilton's," Mother said. "There is no interest or carrying charge for 30-day charge accounts or 30-60-90 day accounts!"

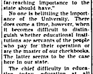
"Hey, that sounds interesting!" Dad said, "but what if I need more time?"

"Hamilton's only add 1% on the unpaid balance," said Mom. "If we had $50 left to pay after 90 days, only a 50c charge would be added!"

"Now we're all happy. Dad has those good clothes from Hamilton's he needed. The budget hasn't been hurt a bit and Mom is so proud. Me? I've stayed up too late. Good night."

OVER THE BACK FENCE

By STAN PETERSON



Educational 'Fat'

If nothing else, military service in the upper echelons has taught many of today's educational administrators how to accomplish their aims in a different way.

As any newspaper reader knows, any time a budget cut is suggested for the military, the first cut made (with all possible publicity) is "in" some phase which is necessary and which will cause the greatest inconvenience and hardship. We read, therefore, not of reductions in the "fat" of military budgets but in necessary items such as gasoline, ammunition, clothing or food.

Within the past week, this system of "cut first where it hurts" came closer to home when University of Minnesota officials announced (with banners flying and bugles blowing) that inadequate funds will make it necessary to reduce the teaching and maintenance staffs of that institution.

University officials are engaging in blackmail by these actions. To date, the general public has been benign in its attitude toward such practices but the day has come when individuals recognize that every inroad in their rapidly-diminishing *available funds hurts more and* more. The time is at hand when educational administrators must come to realize that their wants and needs must become more realistic in view of financial conditions.

Perhaps educators are following a set of statistics compiled by the federal government which never seem to coincide with the facts of daily living. Issued periodically, this "accurate gauge" of our well being continues to show an increase in earnings for the nation which must be determined by the reading of tea leaves or by the close inspection of a crystal ball. Certainly the figures do not have any relationship to most of us.

If these are the figures used by administrators of our educational institutions to determine how much they can spend before people start asking embarassing questions, it would be well if they found a new yardstick.

Chief among the propagandists in favor of more money for the University was, of course, the morning daily newspaper in Minneapolis which recently editorialized in favor of 'financial support that an institution of its far-reaching importance to the state should have."

No one is belittling the importance of the University. There does come a time, however, when it becomes difficult to distinguish whether educational institutions are servants of the people who pay for their operation or are the master of our checkbooks. The latter seems to be the case here in our state.

The chief difficulty in education today, education at all levels, is the determination of just what role universities, colleges and junior colleges should play in the total picture today and in the future. No one is deriding figures which prove that enrollments are larger today than at any previous time nor the fact that this growth will continue.

Universities, jealous of the part they have played in the past are reluctant to transfer any phase of education for which they have been responsible to smaller colleges. Like an obese person their fat only results in a hunger for more sustenance to make it even fatter. This results in a corpulence which is already unmanageable.

Liberal arts colleges, on the other hand, continue their proliferation of courses and, with too-small classes for the myriad of offerings, become ridiculous to everyone except their presidents who look with glee at the extra pages in their annual catalogs.

With no demarcation between the responsibilities of the various levels of education, the battle for available dollars will continue with both taxpayers and the education of our young people suffering.

The only persons who will gain by the raid on our pocketbooks are the educational administrators and their closely associated friends who will never be satisfied—not even if they are given everything they can dream up. This applies to the smaller colleges and universities as well as the big ones. "Bigness" is no sign of "badness" any more than "smallness" is a sign of virtue, quality and "goodness."

War Orphans Told to Apply Now for Education Grants

Available to Children Whose Parent's Death Is Due to Military Service

Children of deceased war veterans who plan to enter school next fall under the war orphans education program were urged *today by the Veterans Administration* to apply right away to make certain their eligibility is established before the school year begins.

W. R. Byrd, manager of the VA Center at Fargo, said young men and women living in North Dakota and the Ninth congressional district of Minnesota, should send their applications to VA Center, N. D.

Federal grants for war orphans' education are available to young men and women, generally between the ages of 18 and 23, whose deceased parent served in World War I, World War II or the Korean war. The parent must have died of injuries or disease resulting from military service.

Byrd said the steps to be followed for applying for schooling are:

The student's living parent or guardian files an application with the Fargo VA office, and a provisional approval will be issued if basic eligibility requirements are met.

Next, VA will arrange for counseling, to help the young person arrive at a suitable objective. In conjunction with the counseling, the parent or guardian must submit an educational plan listing the objective, the course, school to be attended and estimated cost.

Only after counseling has been completed and the educational plan submitted may VA grant final approval.

Students may be eligible for up to 36 months of tuition-free schooling in colleges and universities, as well as in certain below-level schools. While in school, they will receive monthly VA allowances up to $110.

No. Central Sets Traffic Records

93,569 Passengers Board Company Planes in June

New performance and traffic records for the local service airlines were set by North Central, which boarded 93,569 revenue passengers in June, its second full month of Convair operations. This was a 32 per cent increase over June of last year.

The Twin Cities-based airline reports its five Convair 340's and 32 DC-3's flew 99.6 per cent of their scheduled miles, one of the best performance factors in the airline industry.

"We feel these figures are outstanding considering the recent addition of new equipment," commented Hal N. Carr, North Central president. "They indicate a wide public acceptance of the Convairs, and a good job of integrating them into our operations."

"The Convairs should be a big factor in helping attain our goal of one million enplaned passengers in 1959," Carr said.

Since starting scheduled operation in February, 1948, North Central has flown more than 580 million passenger miles without a passenger or crew fatality.

State Park Entry Permit Sales up to Level of 1958

With sales of state park entry permits presently equal with last year's centennial year pace and reservation requests and inquiries pouring in daily, state park officials are predicting a banner year for 1959. Sales of stickers to June 14, this year, amounted to $31,360. A state park entry permit, when attached to the auto's windshield, will admit the vehicle and all occupants to all Minnesota state parks for the entire year. Permits are on sale at all major state parks and county auditor's office. They sell for one dollar and receipts are dedicated to park maintenance and improvement.

Rev. Dalzell Takes Leave of Absence

To Engage in Youth Work for Coming Two Months

Pastor W. R. Dalzell of the First Baptist church of this city will be takng a leave of absence for a period of eight weeks while he will be engaged in youth work at Bible camps in southern Minnesota, Nebraska and the state of Washington.

These meetings were part of the itinerary that Mr. Dalzell had scheduled for this year and when he acepted the pastoral duties here they could not be cancelled at such late date. His family will accompany him and will assist in the meetings. The Dalzells will be returning home to take up the pastoral work again the first of September.

During the time that Mr. Dalzell will be away the pulpit will be filled by Warren Nelson of Duluth, a ministerial student at Bethel college and seminary in St. Paul.

Sixth Graders Get Swim Test at Pool

Director Quentin Jones Urges Children to Learn

Elementary school boys and girls who will enter the sixth grade next fall were urged today by Quentin Jones, director of the swim program at Tindolph park, to take the 25-yard swimming test now being given at the pool. If unable to swim, he said they should enroll in the beginners' classes.

"Swimming," said Jones, "is a sport that should be taught to all elementary pupils. The acquisition of this skill is vital, not only because the ability to swim often saves lives, but also because it is one of the best all-round physical development activities."

Jones added that children visiting the pool are expected to have one or more buddies with them as a safeguard.

Rev. Abbott Family Attend Bible Camp

Spend Week at Lake Geneva Camp at Alexandria, Minn.

Rev. Robert Abbott an dfamily left Monday to attend the 33rd annual Lake Geneva Bible camp meeting at Alexandria. Dates of the camp, which is sponsored by the Minnesota District of the Assemblies of God, are June 21 thru July 5.

Pastors and delegates from 150 Assemblies of God churches in the state meet annually in Alexandria, where the district owns 18 acres on the shores of Lake Geneva located in the city limits of Alexandria.

Facilities include a tabernacle seating 1,500 and cottages and dormitories for 600 resident campers. A cafeteria and refreshment stand are operated, and provision is made for house trailers.

In addition to winning the top award in both the open and advanced amateur classes, Thomforde received the James Boyd Memorial Medal for his collection of 25 flowers.

More than 1,500 blooms in 300 entries were judged.

Mail Carrier for 50 Years, Uncle of TRF Men, Retires

Walter Wilson of Spicer, Minn., uncle of Sidney, Archie and Warren Wilson, who farm in Kratka township, recently received recognition in his home community for 50 years of outstanding service as a rural mail carrier. The Spicer newspaper carried an interesting story covering half-a-century of not only getting the mail through sometimes under adverse conditions, and also some of the neighborly services he performed that made friends for him among three generations of the families he served.

292 Arrests Made by Game Wardens in State in May

Game wardens made 292 arrests during the month of May for violations of the game and fish laws, reports Arthur Emme, assistant chief warden.

Fishing infractions topped the list of violations, with 176 cases prosecuted. License violations netted 54 arrests, while transporting loaded or uncased firearms in a motor vehicle resulted in 30 aprehensions. Miscellaneous other violations accounted for the balance of arrests.

Fines levied in the 292 cases totalled $5,766.00.

4-H Project Meetings

The Smiley 4-H club members held several project meetings the past week. On Thursday evening June 25 the boys met at the Smiley Hall to apply reflector tape on their bicycles as part of their work in the safety project. Those present were Orrin and Jimmy Helgeland, Ronnie Philipp, Alan Newton, Bobby McCrum, Barry Lee and a visitor, Merle Mostrom who also reflectorized his bicycle. In charge of the meeting was one of the adult leaders, Mrs. Norton Nelson. On the same evening the girls enrolled in clothing met at the Adam Lendobeja home with Mrs. Lendobeja presenting a lesson on selection of patterns, selection of material suitable to pattern and other techniques in sewing. Girls attending were Gloria Philipp, Carol Stenseth, Charlene, Sharon and LaDawn Rude, Faye, Ivette and Pamela Torkelson and Gloria, Dianne and Donna Helgeland. Mrs. Melvin Torkelson was a visitor at the meeting.

On Friday all girls enrolled in the bread project spent the afternoon at the meeting room of the court house baking bread. Mrs. Adam Lendobeja and project leader Sharon Rude assisted the girls in giving bread demonstrations. This was a practice lesson preparatory to demonstrations for the county fair. Those attending were Nancy Newton, Gloria Philipp, Carol Stenseth, Carolyn Torkelson, Sharon Knutson, Gloria Helgeland and Sharon Rude, Dianne Kalinoski was a visitor there.

Another clothing lesson was presented to the girls enrolled in Junior clothing by Mrs. Adam Lendobeja at the Lendobeja home Monday night. Included in the lesson was better pressing, pressing equipment, finishing stitching, and accessories. Each girl tried on different accessories and jewelry to go with the dresses they were wearing. Those attending were Sharon Rude, Sharon and Nelda Lea Nelson, Faye and Carolyn Torkelson, Nancy Newton and Carol Stenseth. Visitors were Mrs. Maurice Newton and Mrs. Norton Nelson.

Arriving from California on Monday were Mrs. Albert Mostrom's sister and family the Bill Gallys, who will spend a few days at the Mostrom home.

The Don Bruggeman family recently moved to their new home west of Thief River Falls.

Mrs. Norton Nelson and Lewis Nelson attended open house for Mr. and Mrs. Sig Myrom of Thief River Falls in celebration of their Golden Wedding anniversary on Sunday.

To Celebrate Finish of Seaway at Duluth with Fete July 9-15

After more than 50 years of promise and disappointment in efforts to make the St. Lawrence Seaway a reality, citizens of Duluth and the state of Minnesota are now ready to celebrate completion of the seaway and call world-wide attention to the "world's farthest inland port," where the prairie meets the sea.

From July 9 through 15, a full week of events in Duluth's Seaway celebration are planned to demonstrate the potential that can make Duluth one of the nation's leading seaports.

From the time the celebration begins, with a pop concert on Wednesday evening, July 8, until the U.S. Navy vessels leave a week later, on July 15, events are scheduled to point out that Duluth is, in reality, the "beginning of the Seaway."

Most major events in the celebration are centered around the new 10-million dollar public marine terminal, completed this spring in time for the arrival of the first foreign ships.

Highlights of the celebration include a dedication of the terminal by national director of civil defense mobilization Leo A. Hoegh at ceremonies scheduled for 2 p.m. Saturday, July 11, and an address at the Governor's parade of states dinner at 7 p.m. Saturday, by U.S. Secretary of Interior Fred A. Seaton. The dinner honors the 10 surrounding states that make up the port's trade area.

Dedication day, July 11, will climax the week's event, with the arrival of a Navy destroyer and submarne at 8 a.m., a 70-unit parade at 10:30, band concert by the Great Lakes Navy band at 1:15, dedication program at 2 p.m., a half-hour precision flying demonstration by the Navy's Blue Angels at 3:30, a USO dance for visiting Navy crews and foreign sailors, and the Governor's dinner.

The Navy ships, a destroyer and submarine, will be open for public visits from Saturday afternoon, through Wednesday, July 15, at the new terminal. A foreign ship and an ore boat will be open for inspection, also.

Waterfront industries and art galleries will stage open houses throughout the weekend.

On Thursday, July 9, the northwest premiere of the new movie, "John Paul Jones," will be held and the Duluth Celebration Seaway Queen will be selected at public events.

Special features for Sunday, July 12, include sailing, canoe and outboard boat races as part of a water cavalcade, a band concert and a fireworks display over the Duluth harbor.

Len's, Bjorkman's Tied for Top Spot in Softball Loop

This week's schedule:

Thursday, July 2—
V.F.W. vs. Bums.

Monday, July 6—
Bjorkman's vs. V.F.W.

Tuesday, July 7—
Sjoreman's Store vs. Hamm's Beer

Wednesday, July 8—
Bridgeman's vs. Dow-Key

Thursday, July 9—
Len's Tire Service vs. Bums

The week's feature game in the city softball league competition proved to be the tilt between the Bridgeman's and the Len's Tire Service on Tuesday evening. The Len's, by a 4 to 3 score, defeated the Bridgeman's, and dropped the orange-and-black clad softballers into third place in the league standings. The defeat was the first of the season for the Bridgeman's.

By their win over Bridgeman's, the Len's Tire Service moved into a two-way tie for first place, having a four wins and one loss record, the same mark as the Bjorkman's squad. Frank Harger pitched the Len's to their one-run win over the Bridgeman's.

On Monday evening, The Bjorkman's racking up an early lead, defeated the Hamm's Beer squad, 8 to 1. The Bjorkman's after gaining an 8 to 0 lead off the pitching of big George Janssen, were shut out in the final three innings by Glen Geneje.

Midget Ball Club Defeats EGF 4-3

Also Win Hectic Game from Fosston 15 to 13

Coach Larry Gilbertson's Eagles midgets baseball team won a thriller on the Fair Grounds diamond on Tuesday afternoon when they scored a pair of runs in the last half of the 7th inning to edge out the East Grand Forks midgets, 4 to 3.

In earlier games on the midget baseball schedule, the locals travelled to Fosston on Monday morning and scored a hectic 15 to 13 win over the Fosston midgets. Playing here last Friday morning the powerful Crookston midgets, the defending district midget baseball champions, scored a decisive 16 to 0 win over the locals. Crookston's Jim Turner poled a home run over the fence in left-center.

In a game played at Newfolden last Thursday, coach Gilbertson's squad marked up a 13 to 6 triumph over the Newfolden midgets.

This week's schedule will find the midgets meeting Red Lake Falls at Red Lake Falls on Friday morning, with game time at 10 a.m. On Tuesday, July 7, the locals will play a 3:30 p.m. game at East Grand Forks; and on Wednesday, July 8, the Goodridge midgets will play here, with starting time at 3:30 p.m.

Plastic Film May Be Tragic

Did you know that thin plastic *film has been involved in the* deaths of 20 children in the United States this year—four of them in Minnesota?

Misuse of this material, so widely used and so useful for packaging food and other household items, can have tragic results for children.

If a child gets hold of this plastic film, it can cling so tightly to his face that it cuts off air intake by covering the mouth and nostrils. Unable to get the plastic off his face, the child may suffocate. There's also the possibility of infants chewing off bits of plastic which can lodge in the windpipe and cause death.

Glenn Prickett, extension safety specialist at the University of Minnesota, urges parents to:

- Keep thin plastic film away from infants and children. A play pen is no place for a discarded plastic film bag. And never permit children to play with plastic film wrappings.
- Don't use thin plastic film for makeshift coverings for mattresses or pillows.
- When film covering from dry cleaning or film grocery bags have served their purpose, discard them.

Outdoor Cookery

The one-pot meal is the camper's standby, but aluminum foil cookery is fun occasionally, and takes almost no equipment. Cooking in aluminum foil has the advantage of eliminating pots and pans. The secret of foil cooking lies in wrapping the food so there is no loss of moisture during cooking.

The aluminum foil package is really a small-pressure cooker. A ground beef patty with vegetables, for example, will cook in as little as 12 minutes over coals or on a grill.

Does It Pay to Can?

Does it pay to can at home? An answer may be found in research by the U.S. Department of Agriculture. According to U.S.D.A. studies, cost of canning a quart jar, including cost of glass jar, dome lid, band and fuel, amounts to approximately 3 cents. The costs were estimated on an eight-year basis, since life of a glass fruit jar averages eight years.

To figure cost of the fruit or vegetable canned, divide cost of produce by the yield. Adding the *3 cents for each quart canned* will then give you cost per jar.

For example, the yield for tomatoes is about 15 quarts per bushel. At $1.50 a bushel, a jar of tomatoes would be 10 cents. Add to this the 3-cent cost of jar, closure and fuel, and a quart of home-canned tomatoes would cost 13 cents.

Comparing the cost of a jar of home-canned food with the cost of the same amount of commercially canned product will give you a fairly accurate estimate of what you can save at home. Of course, you must consider the value of your own time, too!

ADVERTISEMENT FOR PROPOSALS

The City Council of the City of Thief River Falls, Minnesota, will receive sealed proposals for Sewage Disposal, and Entrance Road at the Thief River Falls Municipal Airport, City of Thief River Falls, Project [illegible] until 8:00 P.M., July 21, 1959, at the office of the City Clerk, Thief River Falls, Minnesota, at which time all bids will be publicly opened and read aloud.

Form of the contract documents, including plans and specifications pursuant to which the work shall be done, are on file at the office of the City Clerk, Thief River Falls, Minnesota, and at the office of D. H. Stewart & Associates, Consulting Engineers, 324 East Second Street, Thief River Falls, Minnesota. Copies of said documents may be obtained by depositing Ten Dollars ($10.00) with the Engineer for each set received. The full amount of the deposit will be returned to those submitting a bonafide bid and who return the documents in good condition within 7 days of the date set for opening bids. Bidders who obtain and return documents but do not submit a bonafide bid will be refunded Five Dollars ($5.00) of the [illegible] deposit.

The work consists of the following approximate quantities:

Bid A—2,400 cubic yards common excavation, 52 linear feet Corrugated Metal Pipe Culvert with aprons.

Bid B — 175 linear feet [illegible] Water Service, [illegible] linear feet 2" and 6" Cast Iron Pipe Sewer, one drain field and one Imhoff Tank.

Each bid must be accompanied by a certified check, or bidder's bond acceptable to the City in an amount equal to at least five percent (5%) of the total amount of the bid, payable without condition to the City Clerk of the City of Thief River Falls, Minnesota. In case the successful bidder fails to enter into a contract or to provide a performance bond as required by law within the specified number of days after the award of the contract, such check or bond shall be forfeited to the City as liquidated damages.

The City Council reserves the right to hold all bids for a period of 30 calendar days after the date set for opening bids, and to waive any irregularities, and to reject any or all bids, as they deem to be in the best interest of the City.

Dated this 22 day of June, 1959.

RESOLUTION

July 2

At a Special meeting of the City Council held June 22, 1959, Alderman Hondrink seconded by Alderman Lee introduced the following resolution and moved its adoption:

WHEREAS pursuant to instructions of the City Council Douglas H. Stewart, registered professional engineer, has prepared plans and specifications for the improvement of the Municipal Airport by construction of a new entrance road and by improvement of the sewage disposal facilities at the Municipal Airport [illegible] of Thief River Falls project [illegible] and has presented such plans and specifications to the Council for approval;

NOW, THEREFORE, BE IT RESOLVED by the City Council of Thief River Falls, Minnesota:

1. Such plans and specifications, a copy of which are on file in the office of the City Clerk and made a part hereof by reference, are hereby approved.

2. The City Clerk shall prepare and cause to be inserted in the official paper an advertisement for bids for the making of such improvements under such approved plans and specifications. 4 Home Runs Feature Thieves Club Defeat of Fosston 14 to 7

In a free-swinging Northern Minny league game played here Wednesday night, with four home runs being poled out of the park, the Thieves defeated Fosston, 14 to 7. The game was a re-scheduling of the rained out game that was to have been played last Sunday.

The Thieves, who are holding down the top rung in the league standings, will have an open date next Sunday.

In last night's tilt, the locals rapped out four hits to score four runs in the last half of the 1st inning to take an early lead, and they never looked back. A walk, a stolen base, and a single plated another run in the 2nd inning; an after Fosston had tallied three runs in the top of the 3rd inning, the Thieves notched another four-run cluster.

The game was featured by the extra-base cannonading of Fosston's burly first baseman, Daryl Foster, who clubbed out a pair of home runs, and the Thieves' Glenn Carlson and Frank Gunderman, who lashed out home runs for the locals. Foster, in the 6th inning, drove a towering drive over the fence in center field, and in the 8th inning he lofted a home run over the right field fence.

The Thieves racked up their pair of home runs in the 8th inning when Carlson led off with a line drive over the fence in right center, and, after Rod Max had been retired, Frank Gunderman found the range to lift the ball over the center field fence.

In addition to the four home runs, four doubles and two triples were racked up as the two teams garnered twelve hits apiece.

Results of the week's games:
Fosston, 7, at Thief River Falls, 14.

Schedule, Sunday, July 5
Bagley at Eldred (afternoon)
Erskine at Fosston (night)
Winger at Cass Lake (afternoon)

Rain and wet grounds forced postponement of the three games on the Northern Minny league's slate last Sunday.

In the one game played on the schedule, a night game at Thief River Falls on Wednesday, the Thieves scored a 14 to 7 win over Fosston to hold first place in the league standings.

Sunday's slate will find two afternoon games, at Eldred and Cass Lake, and one night tilt, at Fosston, on the schedule. Bagley will travel to Eldred, Winger will play at Cass Lake, and the Erskine Merchants will make the short jaunt to Fosston.

ALL STATE Gene Weckwerth, a senior member of coach Ralph Skay's high school Prowlers, was honored by being named to the all-tournament squad announced at the conclusion of the state high school baseball tournament played in Minneapolis. Weckwerth, a right fielder, turned in a sparkling game in the Prowlers losing effort, 3 to 1, against Little Falls in the consolation, banging out two hits in two trips to the plate, and making four putouts.

The Nelson's Grocery squad—Wes Johnson, Dr. Orlon Belch, Doug Tegtmeier, Milt Relerson, and Ivan Bundy—continue to pace the city golf league standings at the conclusion of the third week of play, holding a six-stroke lead over the runners-up, the Hamm's and the Tunberg Motors.

In last week's play, the Nelson Grocery carded a net of 153, with Johnson having a 39, Dr. Belch a 37, Relerson a 42, and Bundy a 35.

The week's low team total, though, was posted by the ninth place Ace Hardware squad. Bob Gaarder had a 49-37, Cal Bradley a 52-31, Jon Larson a 39-33, and Dave Rasmussen a 40-35.

The play this season is arranged on a medal play basis.

Slow Down and Live!

VERSATILE This photo, taken by Bill Adams of Roseau, is of the Roseau Rams infield, from left to right, third baseman Larry Stordahl, first baseman Don Ross, second baseman Jim Stordahl, and shortstop Dale Olson. What makes the picture newsworthy is that these four boys were all-state hockey tournament selections this past season as coach Oscar Almquist's Roseau sextet made a successful defense of their state hockey title.

Keeping Score with "Huck" Olson

Almquist to Remain at Roseau

After much backing and filling, and the release of conflicting press reports, it was announced from Roseau that Oscar Almquist, the coach of the 1959 state high school hockey champion Rams, would remain at Roseau during the 1959-60 school year.

It had been announced earlier, and given state-wide publicity, that Almquist, who has compiled an amazing record at Roseau, was to be athletic director and hockey coach at Babbitt, Minnesota. Babbitt is a new school on the Iron Range, and Almquist had personal reasons for wishing to return to that area.

There is not much doubt but that there had been a partial meeting of the minds between Almquist and the Babbitt school officials with regard to Oscar's acceptance of the new position. And the Babbitt authorities, in good faith, released to the press the information that Almquist had accepted the terms.

Unfortunately, Almquist had signed a contract with the Roseau school, and the Roseau officials were reluctant about releasing their popular and efficient high school principal and hockey coach. So instead of creating an issue and generating ill will, Almquist will honor his 1959-60 Roseau contract.

Prowlers Hockey Problems

With head coach John Matchefts resigning last week to accept the Eveleth coaching position, and with assistant coach Dave Rogers having resigned some weeks ago to accept a position at Mound, the Prowler hockey coaching situation is in a state of flux.

It is unfortunate that the Prowler squad, and it will be pretty much of a senior club, should lose both of their coaches as they enter the 1959-60 season. The new coaches will, of course, be unacquainted with the squad and the potential of the team and the younger players. It could be that Dennis Rolle, the former Prowler hockey coach could be prevailed upon to give his advice to the new coaches. Not in a coaching capacity, but merely to provide the new coaches with a "briefing" on the individual Prowlers.

A double-header

The Fair Grounds diamond will be the scene of a double-header on Sunday, July 5. In an afternoon game, starting at 2:30 P.M., the Thief River Falls Bums of the Pen-Ro-Shall league, will play the Greenbush team; and at 6:30 P.M., coach Ralph Skay's American Legion Junior baseball team will meet the Baudette juniors. This means of course, that Baudette's stellar all-round athlete, Jack Nielson, will be showing off his baseball talents.

Fight Pictures at the Falls

It was announced that the Floyd Patterson vs. Ingemar Johansson world's heavyweight fight films will be shown at the Falls theatre here on Wednesday, Thursday, Friday, and Saturday, July 8-9-10-11. From all reports, these pictures are exceptional.

From the conversations that we have heard the past few days it wasn't only Floyd Patterson who was knocked silly by that righthanded punch of Johansson. For instance, one of the LaBree avenue Irishmen contends that the new heavyweight champion isn't a Swede, and that he really is of Irish descent and that his name is Joe O'Hanson. And another conversation piece is that Johansson isn't the first Swede to win the world's heavyweight title. The contention is that Jack Johnson was the first. Johnson knocked out Jim Jeffries at Reno, Nev. on July 4, 1910, in 15 rounds. Johnson, it will be recalled, was a Negro who was born in Galveston, Texas, and lost his title to Jess Willard in 1915.

Well, it is certain that Johansson's victory last Friday night has created more world-wide athletic conversation than any event in recent memory.

Miscellany

Daryl Richardson, who gained all-state tournament selection as a pitcher for the Austin Packers last week, was signed to a New York Yankees organization baseball contract. Richardson, who is rated highly as a potential "big league" third baseman or outfielder, has been assigned to the Kearney, Nebraska, Yankee farm . . . The Kearney club, a member of the Nebraska State league, is managed by Jim Gleeson, and it's the club to which Drayton's Tom Knoff was assigned. One of the most promising members of this Kearney squad is Charlie Owen, a catcher. Young Owen, a bonus player, is the son of Mickey Owen, the former catcher of the Brooklyn Dodgers . . . Arlan Hjelle, the local American Legion's righthanded pitcher, played in the outfield in the game against the Warren juniors. That was not surprising, but what did raise the eyebrows was that Arlan played the outfield lefthanded! He has nearly as much throwing strength, and accuracy, with his left hand.

Legion Juniors Split Even on Week's Games

Coach Ralph Skay's American Legion junior baseball team resumed play in the ninth district's sub-district conference this week taking one loss and marking up one win. Playing at Warren on Monday evening, the locals dropped a 4 to 2 decision to the Warren juniors. On Tuesday evening, on the Fair Grounds diamond here, the local juniors scored a 7 to 1 decision over coach Jack Junker's Newfolden juniors.

This week's schedule will find the locals meeting the Warren junior in a return game on the Fair Grounds diamond on Thursday evening, with play ball time slated for 6:30 P.M. And on Monday evening, in a 6:30 P.M., the locals will travel to Twin Valley for a game.

In Monday evening's loss to Warren, the locals committed seven miscues in the field to present the Warren juniors with scoring opportunities. The two pitchers, Jack Goulet for the locals and John Carlson for Warren, hurled steady ball, giving up four hits apiece.

Tuesday evening's game at the Fair Grounds was, for four innings, a duel between the locals' righthander Arlan Hjelle and Newfolden's southpaw, John Hagglund, with coach Skay's club holding a 1 to 0 lead. The locals banged out a pair of hits in the 5th inning, which, with a walk and a wild pitch, accounted for three runs; and in the 6th inning, four safeties produced another three-run cluster.

The line scores:

Badger, 7, at Plummer, 19.

Schedule, Sunday, July 5
Greenbush at Thief River Falls
Plummer at Badger
Grygla at Goodridge

Two games were played during the week in the Pen-Ro-Shall league, with the results that the league standings were given slight shuffling. On Friday evening, in a game played at Grygla, the Grygla Red Sox defeated Goodridge, 17 to 7, to move into second place in the league ratings. In a game that was halted by rain after six innings of play on Sunday afternoon, the Plummer team scored a 19 to 7 win over Badger. The win boosted the Plummer Red Sox into a two-way tie with Grygla for runner-up honors.

The league-leading Bums were slated to play at Badger, but rain and wet grounds forced postponement of the game.

This Sunday's schedule will find Greenbush at Thief River Falls, Plummer at Badger, and Grygla at Goodridge.

Highway Department Analyzes Speeding & Drinking in Mishaps

Harry A. Sieben, Minnesota's highway safety director, today announced the publication of the latest and most intensive of a *new series of special studies* being prepared by the safety division of the Minnesota highway department.

"This study is by far the most searching, the most intensive study of accident factors we have yet undertaken,' he said.

Sieben went on to explain that the study, The Relationship of Drinking and Speeding to Accident Severity (number 885.A13), goes into great detail and divides accidents under the basic headings of drinking and speeding, into rural and urban location. The study also is divided to show age and sex information.

"Of more than 58,000 reported accidents in 1958, 38,000 were officer-reported and it is these reports which were used as the basis for the study," Sieben said.

One of the more startling facts is the revelation that 14 per cent of the drinking drivers involved in fatal accidents, which is 22½ per cent of all involved drivers, were under 21 years of age, and almost eight per cent were 18 years or younger. This is in spite of the fact that it is illegal for anyone under 21 to purchase, drink or have in his possession any intoxicating beverages.

Other information must be based on a complete understanding of the definition of the severity ratings. Siegen pointed out that the definitions used as standard by the Minnesota highway department provide three grades of severity. A fatal accident, most severe, is one in which *at least* one person is killed, irrespective of other injuries or property damage. A non-fatal accident indicates some personal injury, however serious, which may or may not be attended by property damage. The third and lowest classification of severity is the property damage accident in which there is no human death or personal injury.

Almost one-quarter of the drivers involved in fatal accidents had been drinking, and about the same number had been speeding. The figures leave little doubt that accident severity increases in proportion to the number of drinking and speeding drivers.

Speed was a causative factor in almost one-quarter of all fatal accidents in Minnesota in 1958, and as was expected, rural areas saw more fatal accidents than did urban areas.

Younger drivers were revealed as the major offenders in the study. The 14 to 25 year age group, which comprises about 10 per cent of Minnesota's driving population, includes almost 20 per cent of the drinking drivers and nearly 50 per cent of the speeding drivers in this study. Drivers in this age group were involved in one-third of all officer-reported accidents.

Sieben concluded with the statement that the study would provide a great deal of information for safety officials in formulating new ideas and plans to combat rising accident and traffic fatality tolls.

Minnesota Parks Have Litterbugs

State Parks Chief Asks Cooperation of Public

Litterbugs have come out of hibernation with the start of picnic weather and an inoculation of fishing fever to stir them.

Their reappearance on the outdoor scene is unmistakable — beer cans on highways, paper wrapers and trash in parks and broken bottles along fishing spots and swimming holes.

U. W. Hella, director of state parks today asked that all persons aid in a campaign this summer to keep the Minnesota outdoors spruced up.

"The conservation department tries to provide summer recreation in the parks for everybody. When a few people begin to consider the parks system as an outdoor janitorial service, everybody suffers as a consequence," he said.

Hella asked that all campers, fishermen and picnickers police the areas that they use. "Either dispose of your outdoor garbage properly or bring it home with you," Hella said. "Leave your campsite or picnic area in the same condition as you would like to find it the next time you have an opportunity to enjoy the out-of-doors."

Jet Planes Speed Travel to Hawaii

200,000 U. S. Citizens to Visit Islands in '59

About 200,000 people will visit the Hawaiian Islands this year—and 65 per cent of the island's visitors will see more than just Oahu Island where Honolulu is located, according to a Minnesota AAA foreign travel expert.

Commenting on jet travel as a stimulus for tourism to the 50th state, Tom Callahan, international travel manager for the motoring organization, said, "From California, it's a four-and-a-half day cruise to Hawaii. When jet service is introduced, it will take four-and-a-half hours by air."

Initial jet operations to Hawaii will be handled by Qantas Airways on its Australia to London run beginning July 29. Northwest, Pan American and United Airlines will offer jet service to Hawaii by the end of 1959.

Careless Smoker Is Held Responsible for Costly Badoura Fire

A final report of the investigations on the Badoura fire have been made to E. L. Lawson, director of the division of forestry, showing that the costs and losses amounted to $215,202 for the 13,833 acre fire which burned for 7½ hours and threatened destruction of the million dollar state Badoura tree nursery.

Irvin Williams, Cass county resident, has signed a statement saying he threw out burning material from his ash tray which may have caused the fire and is scheduled to stand trial in the district court next September.

The state has paid labor and other costs amounting to $6,400. The state paid for 373 fire fighters and 368 hours of heavy tractor and bulldozer work. Food, plane hire, equipment hire and labor by town fire departments were costs paid by the state. Three hundred and fifty hours were worked by 35 volunteer fire fighters without pay.

According to the report the fire was discovered by a lookout tower one minute after it was started and fire fighters and equipment were on the job of fighting in 8 minutes. After 7 hours and 2 minutes the fire was checked and declared dead-out 51 hours after it was started.

Damages and losses are computed according to a scale of values used by forestry agencies in this section of the country. Merchantable timber, reproduction, site deterioration, game cover and recreational destruction, and other losses are listed.

Destruction of values on state lands are set at $21,000; to county lands at $33,100; and to private lands at $161,100. A large block of the private lands are owned by the Northwest Paper company and computations by the company foresters will undoubtedly set a much higher value for the damage to mature timber and reproduction on company lands. Added costs of salvage and replanting will possibly double the state estimate of damage. No money value estimate can be made for the loss of wood material which the mills would require during the years needed to grow another crop equal to that which was burned.

Forestry officials say it was the most destructive single fire in many years and it was only by fast work and timely wind changes that the state nursery escaped partial or complete destruction.

Danger Ahead

Danger ahead on the highways—a double holiday means a big increase in highway traffic and therefore a big increase in the highway hazard.

If you must do extra driving during this holiday weekend, drive extra carefully.

Happier New Year

July brought with it a new financial year for our state and federal governments and there is some justification for the hope that for both the state and federal governments the new year, 1960, will be better than was 1959. We couldn't take many more 1959's and still have our freedom.

Now, having exercised our constitutional right to be foolish, it appears that we are ready to approach our financial problems with much-needed moderation. For both our state and federal governments 1959 was a year of unusually heavy deficit spending. Our federal government finished the year with a 13 billion dollar deficit. Our state debt is now at an all-time high and the inevitable record-high taxes are on their way.

The one encouraging thing about this otherwise drab outlook is the fact that at long last there seems to be a public awareness and concern about what has been going on. Now that we are feeling the pain it should be easier to hold the line against further excesses.

Happier New Year.

The Session Ends

Now that the special session of the legislature has ended we can settle down to steady arguing about what was or was not accomplished, and why. There will be honest differences of opinion, mainly because there will be much disagreement as to what are the facts. The storm has ended, however, and we gradually will learn more about what actually happened. As time goes on there will be more light and the records will become increasingly clear.

To say that the fight was a battle between conservatives and liberals would be only partially true. It would be more accurate to classify the adversaries as pro-Freeman and his followers versus the opposition. Governor Freeman had some strong support from forces that normally would be in the conservative camp, and there were liberals who gave aid and comfort to the enemy.

All will agree that is was largely a personal political fight that started in the election campaign a year ago. The ending of the legislative session probably will not end the bitterness that was brewed in that campaign.

Hawaii Approves

Statehood will soon become a reality in Hawaii. The voters have expressed their acceptance of the invitation extended by Congress in March and President Eisenhower is expected to issue the statehood proclamation next month.

The new state will be a colorful addition to the Union. A part of the Orient will become a part of us, and so another interesting ingredient will be added to this melting pot of ours in which a predominantly European white race, that has nearly completed assimilation of the native Americans, is in the process of absorbing large numbers of Africans and Asians.

In a warm welcome to the new state the New York Times says:

> "Hawaii is over 2,000 miles from the mainland; her people are a marvelous blend of the Orient and the Occident, marrying and inter-marrying across racial lines, and often uncommonly handsome; her industries are mainly the Armed Forces, sugar, pineapple and tourists, in that order; she has a favorable balance of trade; more than 40 per cent of her population of about 600,000 is under the age of 20, and there are other factors that make a person wish he could pack up tomorrow and go and live there.
>
> "The Territory's last appointed governor, William F. Quinn, is the Republican candidate for state governor. A Chinese-American and a Japanese-American were unopposed for the Republican nominations for the Senate, and a Chinese-American was a leader in the race for the Democratic Senate nomination. All this looks like democracy at work and should interest this nation's friends all around the world."

Efficiency Real Need

Beardsley Ruml, of federal income tax withholding fame, has added strength to the position of practical critics of our schools of higher education by suggesting that the most urgent need is a cutting out of a lot of foolish frills and a concentration on that which is basic in the education process.

He maintains it would be possible to improve the quality of education and increase the salaries of qualified faculty members without additional cost if the schools would manage their affairs more efficiently.

Among the things recommended by him are these suggestions:

> *"Sharply reduce the number of courses* offered, cut away academic deadwood, and establish better balance between large and small classes.
>
> "Eliminate the traditional 33-hour week program of two 16½-week semesters, and substitute three 11-week terms. A fourth 11-week quarter could be offered during the summer.
>
> "Raise the student-teacher ratio from 9-1 to about 20-1.
>
> "Cut the students' weekly classroom schedule from 15 hours to 12, leaving more time for better preparation and independent study."

Greater utilization of existing facilities would greatly reduce the need for costly expansion and, he points out, spreading the school year over four quarters instead of three would increase the capacity by one-third. Dormitories would come closer to being self-supporting if they were occupied the year-around.

Mr. Ruml may not be 100 per cent right in what he says but there is enough merit in what he suggests to deserve the careful consideration of those who are trying to figure out reasonable answers for the problem. Those who have the responsibility for getting the best possible results with the dollars that are being extracted from the taxpayers for the operation of our schools at all levels should study the complete Ruml report.

We agree with the eminent New Yorker that efficiency is the immediate and most urgent need.

Justice Is Served

(Winnipeg Tribune)

The sentences given four white youths Monday for raping a Negro girl show there can be equality of justice in the southern United States.

Judge W. May Walker in handing down the maximum penalty, a life term which at the least should run to 10 years before parole, has helped to break down the old concept of one law for the white, another for the black.

This double set of values has come to be regarded as part of U.S. literature, part of its culture. Those unfriendly to the U.S. used justice for the Negro as a weapon to attack the entire nation.

It will take more than a decision by the U.S. Supreme Court to assure that the Negro has equal rights, that he can attend the same school as the white student, to give the Negro full equality. But what has happened in the Florida court is a big step along the way.

A Story Corrected

(Hoard's Dairyman)

It is quite well agreed that the self-help dairy stabilization bill will not get far in the present session of Congress unless some unforeseen development occurs.

One of the reasons for the failure of farmers to get control of their own surplus and manage their own marketing under self-help has been the opposition of certain people and organizations in the East.

Stories have been widely circulated that the self-help bill levied a tax on the eastern milk producer to benefit the Midwest. This story has been carried by many people who knew better and by others who were simply ignorant of dairy marketing.

There is, of course, a stabilization fee collected on milk to finance the disposal of the surplus. What the critics intentionally, or otherwise, failed to report is that there would be a materially higher price on manufacturing milk and, further, this higher price on manufacturing milk would bring about an increase in the Class One price, which is based on the manufacturing milk price.

A gain of 50 cents a hundredweight on manufacturing milk price in the Midwest would also mean a gain of approximately the same 50 cents per hundredweight on all milk produced in federal markets. It is, likewise, true that these resultant federal order market prices determine the price paid in adjacent markets not under federal orders. Rare, indeed, would be the area not benefited by an increase in the basic manufacturing milk price.

Borrowed Nonsense . . .

The bridegroom, while waiting for the ceremony to start, bent over to tie a shoelace and tore his trousers. Then the wedding march started and he had no time to repair the damage.

As the bride joined him at the altar he hissed in panic "I rent my trousers."

"Think nothing of it," she whispered reassuringly. "I'm borrowing this wedding gown."

—Harold Coffin.

Are we going to get any labor-management reform legislation this year?

So far, it seems the best answer that can be given is "I certainly hope so."

Present Status

The question of whether or not we are going to get labor-management reform legislaiton during this session of the Congress presently rests with the House committee on education and labor. They have been in executive session, attempting to draft a bill, for exactly two weeks as this is being written. Reports are that the committee will eventually draw up a "clean bill"—in other words, one which will be different to a greater or lesser degree from the Kennedy-Ervin bill which passed the Senate some time ago. The Kennedy-Ervin measure has been attacked on the one hand as being too weak, and on the other as being too strong. Originally, the AFL-CIO was in favor of the bill, but now opposes it. It has been called restrictive and punitive by some union leaders. So, and unfortunately so, the question now might well be not how weak or strong the legislation we get will be, but rather whether we will be getting any labor-management law at all.

The Need

The need for labor-management reform legislation has been dramatized during the past few years by the hearings of the McClellan "Rackets" committee of the Senate. We've all seen portions of these hearings on television, and have been shocked by the flagrant abuses of union power and the American way of life by union leaders.

Bombings, riots and near-riots, payoffs, bribes, conflicts of interest, "protection" rackets, misuse of union funds, stifling of the free speech of union members, and abuse of the Fifth amendment are but some of the ways in which these union leaders have flaunted the American people and American law. Until we deal with the cause of union corruption, which is this leadership, we will be doing no more than treating symptoms. Legislation dealing with these arrogant and crooked leaders will, by its very nature, protect and improve the rights of union members and responsible union leaders, who at the present time are being abused and blamed for the action of the "Fifth amendment" characters exposed by the McClellan committee.

There should be no question about whether we are going to get any labor-management reform legislation this year. It's long overdue.

YOUR SENATOR REPORTS

from the Desk of
SENATOR
HUBERT H. HUMPHREY

Curious Inflation—The "classic" inflation occurs when goods are scarce, and buyers begin to "bid up" the prices. What has been happening in recent years, here in the United States, however, is a curiously different kind of inflation. There are plenty of goods, plenty of industrial capacity. Yet, we have had a 15-point rise in the wholesale price level since 1952, and (despite a catastrophic drop in farm prices) general rise in the cost-of-living. The principal price increases have taken place in certain concentrated industries — such as steel and autos. At the same time, the cost of living has been increased by higher interest payments on the national debt, and by increased finance charges on the "time-payment" items 90% of American habitually buy.

Administered Pricing — When the steel industry was operating at about half its potential capacity, last year, and automobile production had fallen off heavily—the price of steel and the price of automobiles strangely went up sharply. The classic theory is that under such circumstances, the price of steel and autos would have gone down—seeking a lower price level which would induce more buyers to purchase. What clearly happened, and is happening more and more in big business, is that the dominant producers are able to set the price level regardless of market conditions. The buyer, then, has no recourse but to pay price or go without. This helps the established "administered" to explain why, when we had more than 5 million unemployed last year, and farmers were getting prices for the most part barely allowing them to subsist, most large corporations were able to make a substantial profit, and the cost of living did not drop.

Inflationary Interest—The Administration consistently defends its "tight money" position of raising the interest rates as "anti-inflationary." Yet these policies over the past six years have notoriously failed to check the price rises. Indeed, we taxpayers are paying out more each month in our withholding tax payments to take care of the several billion dollars additional interest costs on the national debt since 1952. Interest payments on the debt now account for almost 11% of the national budget—and two-thirds of these interest payments wind up in the pockets of the big bankers who hold the Treasury bonds. And as the Federal government raises the Treasury bond rate, the effect is to inflate the costs of borrowing money all the way down to the home-buyer and the man who wants to buy a new washing-machine. In other words, we are all charged a higher "rent" on the money we borrow to buy consumer goods. It hits us, too, as local tax-payers, when we have to pay higher taxes to cover the higher interest rates on municipal bonds.

Budget-balancing — In the midst of all its outcries about "holding the budget line," the Administration seems to feel that "holding the line" should apply only to such enterprises that benefit a large number of people—such as public housing, slum clearance and school construction. I can't remember hearing any White House outcries against the scandalous spending on higher interest rates, nor has there been any serious consideration of the inflationary effects of "administered pricing." Apparently, the great bankers and the great industrialists are not to be included in the budget-balancing effort.

River Valley

Mrs. Roman Radniecki, Oklee

Those who came to surprise Mr. Knut Evenson on his birthday Friday afternoon were Mr. and Mrs. Bob Wiseth and children of Goodridge, Mrs. Sena Chervestad and Mrs. Orlando Chervestad, Koydon and Lana.

A Nation's Prayer

ALMIGHTY GOD, in Whose love and eternal care this world has found its sole meaning and ultimate destiny, bless this House.

In the exercise of a holy freedom our people have chosen that man who with his helpmate here abides. Whether we support or oppose his policies, lead us to uphold him in his sacred duty, to the preservation of our Constitution and the safeguard of our liberties.

Strengthen him and his counsellors in the fulfillment of their trust. Enlighten both his supporters and his loyal opposition in every search for the best solution to the problems that beset our nation and our world. Preserve the peace, never letting the flame of freedom flicker for one moment in our hearts.

And guide the families of our land to the Sources of Light and Life and Love, multiplying the influence of the Bible, extending the witness of the Church . . . that the blessing we invoke upon this House may permeate every home in a dedicated America.

Amen.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

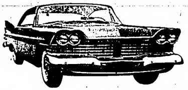
There's a Big Difference between talk and proof—
PLYMOUTH PROVES ITS BIG DIFFERENCE



Plymouth

Talk, as they say, is cheap. When you're looking for value in a car, you want proof.

That's just what Plymouth gives you. Plymouth has proved its Big Difference in Economy, for instance, by winning its V-8 class in the Mobilgas Economy Run for the third straight year.

Plymouth can prove its Big Difference in Ride, Performance, Comfort and Features, too. Take a "Two-Mile Try-Out" today!

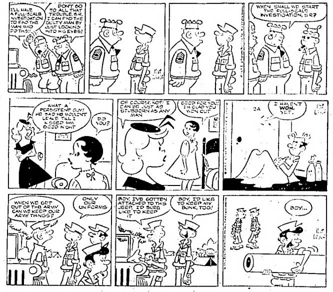
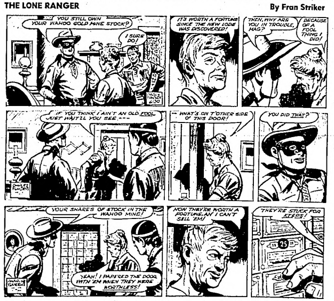
BEETLE BAILEY By Mort Walker



I'LL HAVE A FULL-SCALE INVESTIGATION TO FIND THE MAN WHO DID THIS!!
DON'T GO TO ALL THAT TROUBLE, SIR. I CAN FIND THE GUILTY MAN BY JUST LOOKING INTO HIS EYES!
WHEN SHALL WE START THE FULL-SCALE INVESTIGATION, SIR?
WHAT A PERSISTENT GUY! HE SAID HE WOULDN'T LEAVE TILL I KISSED HIM GOOD NIGHT
DID YOU?
OF COURSE NOT! I CAN BE JUST AS STUBBORN AS ANY MAN
GOOD FOR YOU! I'M GLAD YOU WON OUT
I HAVEN'T WON, YET!
WHEN WE GET OUT OF THE ARMY CAN WE KEEP OUR ARMY THINGS?
ONLY OUR UNIFORMS
BOY, I'VE GOTTEN ATTACHED TO THIS JEEP. I'D SURE LIKE TO KEEP IT
BOY, I'D LIKE TO KEEP MY BUNK, TOO!
BOY...

THE LONE RANGER By Fran Striker



YOU STILL OWN YOUR WAHOO GOLD MINE STOCK?
I SURE DO!
IT'S WORTH A FORTUNE SINCE THE NEW LODE WAS DISCOVERED!
THEN, WHY ARE YOU IN TROUBLE, MAG?
BECAUSE OF A FOOL THING I DID!
IF YOU THINK I AIN'T AN OLD FOOL JUST WAIT'LL YOU SEE---
WHAT'S ON T'OTHER SIDE O' THIS DOOR!
YOU DID THAT?
YOUR SHARES OF STOCK IN THE WAHOO MINE!
YEAH! I PAPERED THE DOOR WITH 'EM WHEN THEY WERE WORTHLESS!
NOW THEY'RE WORTH A FORTUNE, AN' I CAN'T SELL 'EM!
THEY'RE STUCK FOR KEEPS!

Directors of Conservation Group Chosen

Committeemen Also Appointed at Meeting Wednesday

In a special joint meeting of the East Grand Forks Rod and Gun club and the Pennington County Sportsman's club July 1 in the basement clubrooms of the city Auditorium, three directors and three committeemen from district 19 of the Minnesota Conservation Federation were selected and the reactivation of the Northwest Conservation association was discussed.

Federation directors elected were: E. H. Nelson of Roseau, 1 year; Al Nixon of East Grand Forks, two years and Charles Munn of Crookston, three years. Committeemen elected were: J. A. Harren of Red Lake Falls, resolutions; Jerry Super of Mentor, nominations; and Roy Jesme of Baudette, legislative. Directors and committeemen will represent district 19 at the Minnesota Conservation Federation annual meeting in Little Falls Aug. 21-23.

In the absence of the former officers and directors of the Northwest Association of Conservation clubs, Howard Kramer of East Grand Forks served as chairman and Gay Warnecke of Thief River Falls as secretary.

Former officers of the association were: George Raymond, East Grand Forks, president; Abe Ness, Crookston, treasurer; Earl Kalther, Warren, First vice-president; Dr. Ken Albertson, Crookston, second vice-president and Alvin M. Johnson, Ada, third vice-president.

Former directors were John Anderson, Thief River Falls, north and Joe A. Harren, Red Lake Falls, directors at large.

Notices will be sent to all active and inactive conservation and sportsman's clubs and to former officers and directors of the Northwest association inviting them to attend a meeting to be held in the basement clubrooms of the city Auditorium at 8 p.m. July 20.

Representatives who attended the July 1 meeting and the organizations of which they are members were: Al Nixon, Gerald O. Raymond and Tim Schmalemberg of the East Grand Forks Rod and Gun club; Earl Gilthvedt, E. F. Johnson and E. H. Nelson of the Roseau Conservation club; Charles A Munn, Vic Beauchene, Lloyd Radl, Claire Jerome, Lowell Bakken and Lloyd Oftesdahl of the Crookston Conservation club; D. M. La Combe of Mentor; J. A. Harren of Red Lake Falls; Ralph J. Petterson of the Red Lake County Sportsman's club and Loren Borsheim, Jim Lee and Gay Warnecke of the Pennington County Sportsman's club.

Milton Olson Is Named Probation Officer for Area

YCC Officer for Eleven Counties Has Accepted New Assignment Here

Milton Olson of Thief River Falls, Youth Conservation Commission officer for an 11-county area of northern Minnesota for several years, has been appointed to the post of probation officer for the seven-county area including Pennington county.

The appointment, which becomes effective Aug. 1, was made after meetings of individual county boards following a July 23 meeting in Thief River Falls. Olson's appointment was made by the boards in conjunction with the juvenile judges of the area.

The change was made necessary following enactment of a law by the state legislature making probation work the responsibility of an officer hired by the counties rather than by the Youth Conservation Commission. Reduction of the area for which the officer is responsible will make the system more efficient.

Counties included in the area served by Olson will include Roseau, Pennington, Red Lake, Marshall, Kittson, Lake of the Woods and Clearwater.

[illegible]onesian Youth, [illegible] Foreign Student, [illegible]roduces Himself

Two week ago Mary Demetrellou of Patras, Greece, started the return journey to her native land after a year in Thief River Falls as a student at Lincoln high school. While here she was a guest in the home of Dr. and Mrs. J. W. Ewing. She was fourth foreign student to visit our city under a program sponsored by the local Rotary Club.

Now in the city of Serang in Indonesia, another student is getting ready to come to Thief River Falls under this program. Mochammad Sjachrani will be a guest at the home of Mr. and Mrs. George Mostue and will attend Lincoln high school during the coming school year.

The Mostues have received an interesting letter from Mochammad in which he introduces himself to the members of the family with whom he will make his home. Following are extracts from that letter; reproduced as it was written, in his own English:

"I was born at Serang 17 years ago when the Dutch colonial government was still in Indonesia. I vaguely remember the first years of the Japanese occupation, when they taught me the Japanese songs, and I still remember when a Japanese doctor treated my legs kindly.

Mochammad

"My father is a farmer at present. He used to be a jeweler when we were at Malingping, a little town in the southern of Banten. My father built a small shop near the market, and he sold and bought the gold adornments. In the

Miss Minnesota May Appear at '59 Jaycee Aquacade July 18-19

Miss Minnesota may be in Thief River Falls to take part in the Junior Chamber of Commerce Aquacade July 18-19, it was revealed at the regular monthly meeting of the Jaycees Thursday evening.

Roger Tunberg, chairman of the Aquacade queen contest told members of the organization that plans are under way to have Miss Minnesota attend the event and the membership endorsed the invitation.

Tunberg also reported on other phases of the queen contest and said that Susan Forkenbrock, 1958 queen will take part in the Detroit Lakes water carnival July 11-12.

Lambert Rinowski, chairman of the children's events, reported on the progress of his committee and announced that $25 in prizes had already been donated as well as passes to the 59 Hi drive in theater. Jim Winjum, Jr. reported on the bands and other arrangements for the parade.

In other business, the Jaycees approved a motion by Ormond Johnson that the constitution and bylaws be amended to require that the treasurer be bonded for not less than $1,000 and that the past president be made a voting member of the board of directors for two years following his term of office.

A motion by N. H. Kortuem that the organization sponsor a stag picnic for past Jaycees and that it become an annual affair if successful was also passed. John Elsbrener suggested a party for those who attend 85% or more of the regular meetings and further stated that there will be no special membership drive.

Standing committees named by Bruce Hall, president, were: Dick Stokke, profit making; Orin Green, legal affairs; Fred Franklin, program; John Elsbrener, membership; Mark Bjorkman, social activities; Jim Carlson, calling committee; Dick Stokke, awards; Ken Bickel, public relations; Ken Onken, religious activities; Orin Meltz, public affairs; Glenn Peterson, extension; Bob Flynn, sports and recreation; Chuck Meister, trade promotion; Dell Christianson, agriculture; Frank Gunderman public health; Lambert Rinowski, youth welfare and Loren Borsheim, public safety.

Singer to Appear

George Matthews, who studied at the Eastman School of Music in Rochester, New York, in preparation for a concert and operatic career, will present "A Sermon in Song" at services in the Community Methodist church next Sunday morning, July 12, at 9 a.m. The Rev. Henry Friedman, minister of the church, invited the public to hear Mr. Matthews.

City Council to Sit as Tax Review Board Thursday

Members of the Thief River Falls city council will convene as a local board of equalization Thursday morning, July 9, in the office of R. G. Mabey, city assessor, in the basement of the municipal Auditorium. The board of review will examine 1959 personal property tax assessments, as well as real estate added to the rolls since the last assessment in May, 1958.

GRADUATES Impressive graduation exercises were conducted Thursday evening in the Lincoln high school auditorium for a class of 23 students who recently completed the course in practical nursing in the area vocational school in this city.

Guest speaker was Miss Margery Low, assistant professor of rural community nursing. Miss Mary McLaughlin presented the class to Stan Nelson, director of the area vocational school, who conferred the diplomas. A reception in the school cafeteria followed the exercises.

Members of the class, pictured above, include, left to right, back row: Evelyn Rambeck, instructor; Kathryn Lundstrom, Lois Elseth, Frances Donarski, Lorraine Pick, Karen Glad, Elvida Sollom, Luella Morgan, Joyce Lolland, Joyce Sandland, Donna Tomlinson, Marlene Lange, Elaine Anderson, Margaret Heppner, and Miss McLaughlin, instructor.

Postal Receipts for Fiscal Year Total $122,182.86

Actual gross postal receipts in the Thief River Falls postoffice during the fiscal year ended June 30 aggregated $122,182.86, Postmaster R. J. Dryden announced today, adding that receipts adjusted to allow for last year's increase in postage rates would figure at $106,997.20. These totals compare with receipts of $100,395.70 for the preceding fiscal year.

Mahnomen Couple Appeal $304,950 Income Tax Claim

Mr. and Mrs. Bert Ness Claim Internal Revenue Service Is in Error

Mr. and Mrs. Bert C. Ness, Mahnomen, Minn., have filed a petition at federal tax court denying they owe $304,950 in back taxes.

The internal revenue service disallowed $14,121 in deductions for business expenses claimed by Mr. and Mrs. Ness for 1955. It also said they had business receipts of $266,251 over what they had reported and an additional $95,500 in taxable income.

Mr. and Mrs. Ness reported a business loss of $4,628 in 1955. Tax investigators contend they made a net profit of $275,774. The Nesses reported a taxable income of $19,635 for that year. Tax agents claim they should have paid taxes on an income of $295,931.

Mr. and Mrs. Ness contend the internal revenue service is in error and ask for a redetermination of the deficiencies charged by the tax agents.

1.83 Inches Rain Falls Here July 1-4

If the July weather continues as it was the first four days, this may well be the wettest month of the year.

Wednesday, .02 inch fell; Thursday, .01 inch was recorded; 1.18 inches fell Friday and .59 inch Saturday — a total of 1.83 inches.

The rain Friday was coupled with high winds which broke some tree branches and scattered lawns with debris but no other damage was reported. Accompanying the wind was a small amount of hail.

According to the KTRF weather forecast, the temperatures are expected to warm up from the low of 66 recorded Sunday. Sunny and warmer are in store for the area today and fair and warmer tonight. The skies are expected to become occasionally cloudy late tonight and tomorrow with widely scattered showers.

The high today is expected to be in the 80's and the low tonight in the 60's.

The high temperature so far this month was 87 Friday and the low of 43 recorded last Tuesday night.

Freeman Signs State Building Bill Thursday

Provides for Work at Bemidji College, Northwest School

Gov. Freeman signed the 52 million dollar state building bill Thursday night but vetoed a $200,000 appropriation in it for construction of a forest products laboratory on the University of Minnesota campus.

The governor also signed the semi-taconite bill, which extends tax benefits to processors of so-called semi-taconite deposits. Purpose of this is to attract investment of capital in Minnesota to develop production of these deposits up to now considered worthless.

The governor has authority to veto any specific item in a buildings bill. He said he vetoed the allowance for the forestry building because it would have diverted $100,000 for its cost from the fund of the Iron Range Resources and Rehabilitation Commission.

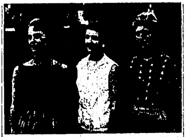
Among the projects in the $52,022,280 building bill are:

Bemidji State College — Plans for maintenance and service building, $965; build and equip science building $1,080,000; repair and improve buildings, $212,200; equipment for physical education and industrial arts building, $50,000; rewiring, $64,000.

Moorhead State College — Science & industrial arts building $1,731,000; repairs and improvements, $104,000; disconnect storm sewer from sanitary sewer $16,000.

Northwest School and Experiment Station, Crookston—Rehabilitate Stephens Hall, $35,000; rehabilitate Owen Hall, $30,000; replace greenhouse, $35,000; rehabilitate physical education building $15,000; new dairy pole barn $10,000; rehabilitate and stabilize existing structures, $50,000.

Sgt. L. J. Clemenson, army recruiter in Thief River Falls, announced today that all men enlisting in the Army during July will be going to Fort Ort, Calif., for basic training. Fort Ord is located 150 miles from San Francisco. Men of ages 17 to 34 interested should contact Sgt. Clemenson for complete details.



AQUABELLES Three of the 26 candidates for the title of 1959 Aquacade queen are shown as they looked over the scene of the water sports show which will be held Sunday, July 19, on the Thief River Falls waterfront. From left, the young ladies are Rosalie Fonnest, Rochelle Dahlen and JoAnn Glass. The queen will be selected the evening of Saturday, July 18, during the street dance.

Farmers Union Panel to Talk Farm Program Here Thursday Night

A farm panel, including two spokesmen who testified on farm policy on June 30th before a Congressional committee in Washington, will discuss leading issues at a farm meeting on Thursday, July 9th.

The panel discussion will be held at Thief River Falls at 8:00 p.m. in the basement room of the city auditorium. All interested farmers of Pennington and neighboring counties are welcome to attend, according to Carl R. Anderson of Red Lake Falls, chairman of the Pennington County Farmers Union.

Included in the panel will be John A. Baker, economist and head of the legislative staff of the National Farmers Union Washington office; Edwin Christianson, president of Minnesota Farmers Union; Thomas F. Ellerbe, Jr. public relations director for Farmers Union Central Exchange; and A. M. Larson, member of the board of directors of Farmers Union Grain Terminal Association.

Among the topics which will be discussed will be "What's Ahead for Wheat and the Feed Grains", "What Can Be done on Milk, Poultry and Hogs?", and "Should the Soil-Bank be continued?"

Baker and Christianson appeared last week before the House Agriculture Committee in Washington to give Farmers Union viewpoints on needed legislative action.

At the panel discussion, Mr. Baker is expected to touch upon figures which he submitted to the Agriculture Committe, showing that from 1949 to 1957, the income of wheat and small grain producers dropped by 75%.

Mr. Christianson will review the proposal which he made to the committee that the Humphrey-Johnson Dairy Bill would provide a pattern for price supports on many farm commodities. He will also explain his proposal to end the soil-bank and develop a new diverted acres program within the framework of the ACP program.

Three Local Men to Share in Duluth Port Dedication

Mayor Belch, L. B. Hartz and Roche Also to Attend Annual Dinner Thursday

Mayor O. D. Belch, J. M. Roche, secretary of the Chamber of Commerce; and L. B. Hartz, local business leader, have accepted invitations to take part this week in ceremonies dedicating the port of Duluth as part of the recently completed St. Lawrence Seaway development.

The local men will attend the annual Duluth Day dinner Thursday evening in Hotel Duluth, at which Alex Dryer, widely known news commentator, will be guest speaker.

The dedication of the port will be held Saturday, July 11, with an address by Fred Seaton, U.S. secretary of the interior, as the principal speaker, in addition to which there will be a parade and inspection of foreign ships in the Duluth harbor.

Hearing at Karlstad Tuesday on 59 Work

The state highway department has announced that a public hearing concerning highway improvements in both Halma and Karlstad will be held at the Karlstad Legion Rooms in the City Hall at 8 p.m. on Tuesday, July 7th. The meeting will be conducted by C. M. Larson, district engineer of the state highway department at Bemidji, and his assistants, E. W. Johnson and H. C. Hale. Anyone interested is urged to be in attendance says the Karlstad Advocate.

Mr. Larson stated that the proposed work in and near Karlstad is part of the over-all improvement of T. H. 59 from Thief River Falls to the Canadian border. The end result will be a good all-weather road capable of carrying loads that will be restricted to not less than 7 tons per axle during the spring restriction period.

At present grading construction is in progress from Newfolden to Thief River Falls and also from Strandquist to Newfolden. It is expected that grading will be completed between Newfolden and Strandquist in the near future and that the base and bituminous work can be started as soon as possible after July 24th, the letting date of this work.

Bids will be taken for grading, base and bituminous base from Halma to Karlstad on July 24th and it is expected that part of this work will be completed during this season.

Included in the 1961 highway program is the shoulder grading, base and bituminous work between Strandquist and Karlstad. This is the project which will include the storm sewer and curb and gutter and extra widening in the village of Karlstad. It was expected originally that this work would be started in 1960, but according to the latest information available from the highway department it will not begin until 1961.

The continuance with the work on Highway 59 should do much to improve the traffic through this area, for Canada is also working on its end of Highway 59 and has about 20 miles of surfacing to complete its end of a good road all the way to Winnipeg.

Area Hospitals May Get U. S. Aid

Tentative priorities for Hill-Burton participation in Minnesota general hospital projects during the 1960 fiscal year (July 1, 1959 to June 30, 1960) were announced this week by the Minnesota state board of health. Letters of solicitation outlining procedures to be followed by prospective applicants for new general hospitals or additions to existing facilities have been sent to high priority areas.

Communities contacted in order of priority include: Spring Valley (Area R-60); Bagley and Fosston (Area R-4a); Winona (Area R-58); Graceville (Area R-27); Tracy and Marshall (Area R-47); Mora (Area R-31); Wabasha and Lake City (Area R-56); Roseau and Warroad (Area R-2); Princeton and Milaca (Area R-33); Moose Lake (Area R-21); Jackson (Area R-50); and International Falls (Area R-12).

Area R-61 in the southeastern corner of the state has a priority rating of number two but location of a single hospital to serve the area is to be resolved locally by the communities involved.

Cars in Rear-end Collisions Are Damaged Sunday

Sheriff Chas. Richards Reports Accidents on T.H. 59 and Airport Road

Pennington county drivers took the warnings of July 4 holiday accidents to heart and only two accidents were reported in the area.

Both accidents, reported by Sheriff Charles Richards, were caused by rear-end collisions.

Sunday evening at 10 o'clock, cars driven by Joseph Larson of Middle River and Richard Swanson of rt. 5, city, were involved in an accident on the airport road about three miles south of the city. According to the sheriff's report, the Swanson car struck in the rear by the Larson car causing about $200 damage to Swanson's vehicle but none to Larson's. Following the collision, the Swanson car turned into the airport but Larson drove into the ditch at the intersection. Larson will appear in municipal court this afternoon charged with driving while intoxicated.

Sunday morning at 1:45 o'clock, cars driven by Harry Loggen of rural St. Hilaire and Emil Horejsh, city were involved in an accident on highway 59 at the entrance to Kife's cafe. According to the sheriff's report, Loggen was driving north followed by Horejsh when a car pulled out in front of Loggen who applied his brakes to avoid hitting the car entering the highway. Damage to the Loggen car was estimated as $75 and to Horejsh's car at $150.

Robert Horien Takes Barbara Potucek as Bride

Nuptial vows were exchanged Saturday, June 20, by Barbara Potucek, daughter of Mr. and Mrs. William Potucek of Radium, and Robert Horien, son of Mr. and Mrs. Leo Horien of Holt.

The double ring ceremony took place at 3 p. m. at St. John's Lutheran church in Thief River Falls and was officiated by Rev. Roger Fischer, pastor of the Zion Lutheran church of Warren. Mrs. Kermit Potucek, cousin of the bride, of Warren, was at the organ, playing the nuptial music and accompanying Franklin Knoll of Warren as he sang "O Perfect Love" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a floor length gown of white satin and hand clipped Chantilly lace over tulle. It featured a Sabrina neckline, trimmed in sequins and pearls, long sleeves, which came to a point at the hand and a bouffant skirt, trimmed in sequins and pearls. Her fingertip veil fell from a jeweled crown and she carried a crescent cascade bouquet of yellow roses and white carnations. Her pearl earrings were a gift of the groom.

Attending the bride as matron of honor was Mrs. Robert Dawes of Bremerton, Wash., her aunt, with Mrs. Gary Potucek of Warren, her cousin and Mrs. Clifford Dahle of Holt sister of the bridegroom, serving as bridesmaids. The maid of honor wore a yellow gown and the bridesmaids followed in an orchid gown which featured a tight bodice and full skirt. Accenting their attire were maching shoes and headbands and white gloves. The pearl earrings were a gift of the bride and they carried lace fans of yellow roses, feathered orchid asters and white carnations.

Little Christie Dahle of Holt, niece of the bridegroom, was flower girl, wearing a gown of white nylon over white taffeta and carrying a crocheted basket of mixed flowers. Her pearl pendant and white gloves were a gift of the bride. Roger Knutson, cousin of the bride, carried the rings on a white satin pillow. Candle lighters were Jimmy Potucek and Bruce Lillevold.

Jerome Horien of Minneapolis, brother of the bridegroom, was bestman with Clifford Larson of Holt and Gary Potucek of Warren, cousin of the bride, as groomsmen. Ushers were Gary Anderson of Thief River Falls, cousin of the bride and Larry Hamms of International Falls, nephew of the bridegroom. All the gentlemen were dressed in white dinner jackets, black trousers with yellow carnation boutonniers.

For her daughter's wedding Mrs. Potucek chose a pink sheath lace dress with pink and white accessories, while the bridegroom's mother wore a navy sheath dress with white accessories. Their corsages were of yellow carnations. Special guests were the bride's maternal grandparents, Mr. and Mrs. Ed Sorenson of Viking.

Approximately 250 relatives and friends attended the reception held in the church parlors following the ceremony. Mrs. Arthur Monroe, Mrs. George Monroe, Mrs. Hugo Gehrls of Warren and Mrs. Lloyd Spray of Thief River Falls assisted in the kitchen. Mona Berg and Janell Ness of Holt served the groom's cake while Mrs. Tommy Jackson of Grand Forks and Mrs. Bob Skoglund of Holt, cousin of the bridegroom cut and served the four tiered wedding cake, baked and decorated by Mrs. G. Sannes. Mrs. P. Nelson and Mrs. L. Fossell of Minneapolis, poured with Sandra Potucek and Kay Lynn Larson serving the punch. Anita Robertson of Argyle, cousin of the bride and Mrs. Harold Anderson of Thief River Falls, aunt of the bride, were hostesses.

Others assisting were Mrs. Olger Olson, Miss Paulette Larson of Viking and Miss Mary Ann Horien of Holt, at the gift table with Mrs. Erwin Kutz of Alexandia at the guest book. Waitresses were Carol Potucek, Mrs. Gordon Sommers of Warren, Arlene Malberg of Minneapolis and Carol Reed of Thief River Falls.

Music was provided by Mrs. James Monroe and Earl McGregor as they sang "I Love You Truly."

For going away the bride chose a navy blue sheath and white accessories. Following a honeymoon to the North Shore, Mr. school in Holt and at Tabor.

Following their honeymoon trip to the North Shore drive Mr. and Mrs. Horien will make their home in Holt. The bridegroom is employed at Charlie's Tire Shop in Thief River Falls.

Mrs. Horien is a graduate of Warren high school and the Thief River Falls teachers training department. She has taught school in Holt and at Tabor.

Mr. and Mrs. Harry L. Hanson of Minneapolis spent the Fourth of July weekend at the Leonard Hanson and L. L. Lamp homes.

Shirley Moltumyr Donn K. Hjelle Wed June 20

Miss Shirley Moltumyr of Wolverton, S. D., and Donn K. Hjelle of Newfolden, were united in marriage Saturday, June 20, in the Wolverton Evangelical Free church. The bride is the daughter of Mr. and Mrs. Osborne Moltumyr, while the bridegroom's parents are Mr. and Mrs. K. H. Hjelle of Newfolden.

The double ring ceremony took place at 7:30 p.m. and was officiated by Rev. Ivan Carlson, with Ruth Nyquist at the organ. Mrs. Roy Huagee of St. Paul sang "Wedding Prayer," while Mrs. Harold Adolphson of Thief River Falls, sister of the bridegroom, sang "Crown With Thy Benediction," as the couple knelt at the altar.

The bride, given in marriage by her father, wore a floor length gown of chantilly lace over nylon tulle, fashioned with a tight bodice and a bouffant skirt. Her veil of silk illusion was held in place by a Swedish crown and she carried a white Bible topped with white roses and stephanotis.

Elsie Olson of Newfolden, cousin of the bridegroom, was maid of honor, with Mrs. Richard Varwerk of Doran, aunt of the bride, and Joyce Hjelle of Newfolden, sister of the bridegroom, were bridesmaids. They were attired in identical gowns of dark dacron sheer with variegated blue chiffon cummerbunds and sashes. They carried bouquets of white daisies. Little Rosie Carlson of Watertown, S. D., was flower girl, wearing a gown similar to that of the other attendants and carrying a basket of daisies.

The bridegroom was attended by Larry Bjorness of Newfolden, as best man with Alfred Hanson of Newfolden and Bruce Moltumyr of Wolverton as groomsmen. Ushers were Lloyd Hjelle, brother of the bridegroom, and Larry Moltumyr, brother of the bride. Randy Varwerk of Doran, cousin of the bride, was ringbearer.

Following the ceremony a reception was held in the church parlors for immediate relatives and friends. A tiered wedding cake, topped with a bridal ornament centered the bridal table.

Upon returning from their honeymoon, Mr. and Mrs. Hjelle will make their home in Moorhead, and in the fall in New York Mills where Mr. Hjelle will teach.

They both attended Moorhead State college in Moorhead; Mr. Hjelle having graduated this spring with a major in biology.

Edwin Koglins Note 25 Years of Wedded Life

A number of relatives and friends attended the open house Sunday, June 28, honoring Mr. and Mrs. Edwin Koglin on their silver anniversary, at their home east of Thief River Falls.

Mrs. Koglin was presented with a corsage of pink roses and white carnations and Mr. Koglin with a white carnation boutonniere. They received many cards and gifts in observance of this occasion.

Rev. and Mrs. W. R. Dalzell of Thief River Falls presented an anniversary program including several musical numbers.

A tiered wedding cake topped with a silver anniversary ornament, which was baked and decorated by Mrs. Sam Haugen and Mrs. Henry Waale, centered the serving table. A bouquet of orange-blossoms added a festive touch. Mrs. John Vielguth, sister-in-law, cut and served the cake, assisted by Mrs. Sam Haugen and Mrs. Adolph Lanska, sister of Mr. Koglin, pouring. Mrs. Julian Lendobeja was in charge of the serving with the Kratka Homemakers assisting. Glen Koglin served as host for the afternon with Kay Koglin at the guest book.

Robert Yon Is Wed June 27 To Lucille Billings

Rev. David Schmit performed the double ring ceremony Saturday, June 27 in St. Mary's Catholic church of Grand Forks, that united Lucille Ann Billings, daughter of Mr. and Mrs. Fred Billings of Lake Bronson, and Robert James Yon, son of Mr. and Mrs. Harry Yon of Thief River Falls, in holy matrimony.

Mrs. Roy Jones was at the organ playing nuptial music and accompanying the soloist Mrs. Roy Jones.

Given in marriage by her father, the bride chose a floor length gown of chantilly lace and net styled with a chapel train square neckline and long sleeves. Her fingertip veil was held in place by a tiara crown and she carried a bouquet of white carnations and red roses.

Mrs. James Sjostrand, sister of the bride was matron of honor with Mavis Johnson, a friend of the couple, serving as bridesmaid. They wore street length dresses of pink sheaths with a white net overskirt and matching picture hats. They carried small white Bibles, topped with red and pink roses.

The bridegroom was attended by James Schmidt, a friend and his cousin, Chester Yon. Ushers were Fredric Billings, brother of the bride and Gerald Lalliane, brother-in-law of the bridegroom.

For the wedding Mrs. Billings chose a blue and white street length dress with white accessories and Mrs. Yon wore a tan sheath street length dress with tan acessories. Their corsages were of pink and white carnations.

Following the ceremony a reception was held in the DAV-VFW clubrooms at Grand Forks for approximately 150 relatives and friends. A four tiered wedding cake, topped with a miniature bride and bridegroom centered the serving table. Mrs. Derrold Turner, friend of the bride, presided at the guest book while Mrs. El Ray Fertig and Miss Sharon Johnson were at the gift table.

Others assisting were Mrs. Walter Yon, aunt of the bridegroom, and Mrs. Lewis Broy, sister of the bridegroom cutting and serving the cake, while Miss Lucille Billings, aunt of the bride poured. Waitresses were Kathy Yon, Lucille Yon, cousins of the bridegroom, and Madreanne Bockitz and Vonne Lefrooth, friends of the couple. Kitchen caterers were Mesdames Chester Collins, Henry Johnson, Hjalmer Larson and Raymond Anderberg.

For their honeymoon trip to Yellowstone National Park, the bride chose a white sheath dress with blue and white accessories. Upon returning they will make their home at 521 South 6th Street in Grand Forks.

Mrs. Yon graduated from Lake Bronson high school and is employed at the Red River National Bank in Grand Forks. The bridegroom graduated from Red Lake Falls high school and is a student at the University of North Dakota in Grand Forks. He is employed during the summer with the Great Northern Railroad.

Newfolden Class of 1943 Holds Reunion

The Newfolden high school of 1943 held its first reunion after 16 years Saturday evening, June 27th, at the Newfolden high school cafeteria with class members coming from as far away as Sherwood, Oregon.

Over the main entry of the cafeteria hung the class motto, "Not Evening But Dawn." Each class member wore lapel tags with their graduation picture on the sail of a Viking ship, symbolizing the school emblem, "Nordics."

After a tour of the building conducted by Ben Nelson, the class entered the dining hall to the strains of their graduation march played by Prudence Hokanson and Carol Kleven.

LeRoy Knutson, master of ceremonies, led in devotions. It was interesting to hear the class prophecy read by Het Peltzer, but the prophets had a bad day back in 1943 with 36 misses and 1 hit.

An honored guest was Jr.-Sr. class advisor, Grace Halcrow, presently teaching at Fergus Falls. Her remarks centered around school functions of which she had a part, mainly the school paper which recorded for posterity activities of the class of 1943. Mr. and Mrs. Ben Nelson, school engineers, were also guests.

Those in attendance were Mr. and Mrs. Lowell Anderson of Park Rapids, Mr. and Mrs. Ray Gusa (Marion Backlund), Mr. and Mrs. Arne Tuura (Ione Langlie) of Middle River, Mr. and Mrs. Leo Peltzer (Het Shern) of St. Paul, Mrs. Herbert Hokanson (Prudence Lee) of Waseca, Mr. and Mrs. Raymond Anderson (Shirley Larson) of Strandquist, Mr. and Mrs. LeRoy Lokken, Mr. and Mrs. Dale Stark (Marion Anderson) of Thief River Falls, Mrs. Joe Jackson (Marie Smeby) of Sherwood, Oregon, Mr. and Mrs. Sidney Knutson (Joyce Swan) of Iron, Mrs. Ernest Olson (Ellen Ronholm), Miss Olive Ronholm, Mr. and Mrs. Luther Kleven (Carol Bjornrud) of Minneapolis, Mr. and Mrs. Earl Erickson of Viking, Mr. and Mrs. Virgil Melo of Fargo, N. Kratka 4-H Club

The Kratka 4-H club met at the Town Hall, June 10, but because of storm warning the attendance was small.

The business discussed was the coming fair, records, and the fair booth.

The records are due June 17 and the dress revue will be held July 22.

David Parnow gave a talk on his trip to Crookston Club Week. Mrs. Ray Parnow reported on Dairy Day and thanked those who helped with the dinner.

The club tour will be held July 9, starting at 1:15 p. m. at the Kratka bridge. Regular club meeting will be held July 8, with a pot luck lunch. Everyone is asked to bring their records as the evening will be devoted to record help and discussion.

From where I sit ... by Joe Marsh

Slim Pickins-Up!

Slim Thomas' wife thought up a pretty slick way to get Slim to clean up their front porch.

Slim had a habit of leaving his tools there before coming into the house. And he'd always tell his Missus he'd get around to tidying up later.

So Mrs. T. nailed a large sign to the porch for all passers-by to see: "THOMAS' JUNK PILE. DUMP YOUR OLD EQUIPMENT HERE!" When Slim saw the sign he cleaned that porch so fast he was through before any junk depositors turned up. Threw the sign out, too.

From where I sit, sometimes it takes the "dramatic" to show folks they're wrong. But usually you can solve things by talking them out. For instance, my neighbor once objected to my preference for an occasional glass of beer. But after discussing it with him, he realized he was just plain intolerant. Now he accepts my choice as I accept his. What do you say we "clean up" all intolerant thinking?

Diamond Jubilee Fete Set for Iron Mining

The public will be invited to visit Oliver Iron Mining Division's Soudan mine, July 18, during a three-day diamond jubilee celebration, July 17, 18 and 19, at Tower-Soudan to commemorate the 75th anniversary of the first shipment of iron ore in Minnesota.

The open house, which will be confined to surface installations, will be held during the hours of 9:00 to 11:00 a.m. and 3:00 to 5:00 p.m. Points of interest for visitors will include the original open pit mine which dates back to 1884, the present underground mine shaft headframe, the dry or miners' locker room, exhibits of mining equipment and other surface facilities essential to underground mining.

Discovery of iron at Soudan, on the Vermilion range, marked the beginning of an industry which has been a major factor in the growth and development of Minnesota. The Soudan mine, which still produces high grade ore, was originally developed by the Minnesota Iron Company, a predecessor of U. S. Steel's Oliver Iron Mining Division.

The Soudan shipped its first ore to Two Harbors on July 31, 1884, and has made shipments every year since 1901. It has been and still is the principal source of employment of the Tower-Soudan area.

An old settlers' reunion and the serving of the traditional "Booyyah", will be one of the highlights of the festivities on July 18.

Among other events to take place during the jubilee will be a parade, crowning of a queen, street dancing, aquatic events, fireworks display and a memorial program honoring pioneers.

Hot and Cold Weather in Area During June

June of 1959 was a month of extremes. On contrast to a high of 93 June 7 at the KTRF weather station and 95 at the First Federal Savings and Loan association the 6th, 40 degree readings were recorded the nights of the 13th, 22nd, 29th and 30th as the monthly lows.

Compared to last year, June of this year was a warmer month. High temperatures seldom reached above 75 during this period last year.

Total precipitation for the month was below that for last year when 2.65 inches fell compared to the 1959 total of 2.09. The heaviest rainfall during June of this year was .93 inch on the 23rd. Rainfall was recorded 10 of the 30 days.

The average high for the month was 75.2 degrees and the average low was 53.2.

Fifth Exchange Student Tells of Native Indonesia

(Continued from Page 1)

time of revolution we left our house to go to the forest for our lives. Gradually our prosperities were sold out to buy rice because we didn't have "sawah."

"Because of some reasons we came back to Serang in the year of 1953. My father bought a patch of ground and "sawah" to grow rice and maize and other crops. My father works hard every day from sunshine till sunset. I and my younger brother help him two hours a day after my school.

"I live with my parents and two younger brothers and one younger sister. I have an eldest brother and an elder sister. My eldest brother has had two sons. He works at the Fire Brigade. During my vacation I used to spend my holidays there. He loves me very much. He always buy me the book which I need for my study and he sends me money order every month.

"My eldest sister has married and she has a daughter and a son. Her husband is a tailor. He is also very kind to me. Twice a year I get new clothes from him.

"My younger sister is a pupil of the first class of the High School at Serang. She is very diligent and always helps my mother in the kitchen.

"One of my younger brothers is small and has a black complexion. He is a pupil of the second class of the Religious school. His only hobby is to angle fish. He brings a big fish home almost every Sunday. I sometimes go with him to angle fish but I usually get nothing.

"My youngest brother is a pupil of the fourth class of the public school. He is very naughty, he never listen to Mothers order. But is very afraid of my Father.

"I have finished my Public and Secondary school in time and nowadays I sit in the High School at the third class. I have received a nice certificate of the Public Scoool in the year of 1953, and the nice certificate of the Secondary school in the year of 1956.

"Reading good books, studying religion in details, helping my father in the fields are some of my activities and interests. Very soon after I can spell easy words I began to read fables, fairy tales and pretty stories. When I knew foreign languages well enough I became acquainted with the works of eminent foreign writers and nothing has given me more pleasure.

"My hobbies are: correspondence with all people of the world, collecting stamps, photos, seeing good films, listening to the music, go around town by cycle, picnic to nice spots.

"Sports that I like very much is badminton and volley ball. I like to listen to the music but I could never play any musical instruments. It is difficult for me to sing a song but I like to listen to someone who is singing a nice song.

"I like to have correspondence with all people in the world because I want to make friends with them. After I get many postcards from my pen pals in the United States, Germany and Czecoslovakia I am able to see the other countries and other people who are busy to build their countries.

"Well, I tell you some reasons here why I wish to go to the United States. First, I want to know and to see by myself how the United States is; how their everyday life is; how they built their country, and especially I want to know the educational system there.

"Secondly, I am willing to study any subjects that is very important for me and for my country, especially their industry and agriculture. And I want to introduce something about my country to them and to American people.

"I thank the A.F.S. very much for its kindness in attention to my request. And I've the plan to continue my study to medical faculty or technical High School whenever I have an opportunity after I return from the United States. I want to become a good Doctor in future.

"That's all."

Public Notices

In Memoriam

In loving memory of our dear Brother Frank Peterson, July 6th, 1958.
With willing hands good deeds were done,
With cheerful smiles new friends were won,
With loving heart he made lives gay,
Unselfish deeds made lives gay,
for now a year he's been at rest
sadly missed by those who loved him best. Brothers and Sisters. 1t54p

Schedule, Thursday, July 9

Wilson Bros., vs. The Pharmacy.

Oen's Appliance vs. Times.

Northern Chevrolet vs. Starekow clinic.

Coast-to-Coast vs. Disse's Optimists.

High scores were the rule on Thursday in the league trapshooting competition with twenty-two shooters posting "25's", and two of these nimrods — Tony Dorn and Cy Schantzen having perfect scores.

In the league matches, the Coast-to-Coast squad moved into a commanding five-point lead as they defeated the Starekow Clinic, 122 to 117, while the runner-up Oen's Appliance and Times teams were losing their respective matches. For the league leaders, Darrell Wood, with a 22-4, George Hall, with an 18-8, and Emil Malwitz, with a 20-8, had "25's." The losing Starekow squad posted four "25's," with Lloyd Brunsberg having a 23-6, Phil LeGault a 19-7, Bob Craik an 18-8, and Ivan Bundy a 17-8.

The Wilson Bros. team, with Stan Wilson scoring a 23-2, Cy Schantzen a 25-2, Roy Peterson a 23-3; and Orv Feragen an 18-7, defeated the Oen's Appliance, 122 to 117. Everett Amundgaard had a 24-2 for the losers.

The Northern Chevrolet had four "25's—Roy Jorgenson 22-3, Howie Brandt 20-6, George Mackenroth 19-6, and Walt Jung 22-5—as they edged out the Times, 124 to 122. Bill Dahlquist with a 21-4, Mel Zitzow with a 20-5, and Leif Erickson with a 20-7, had "25's" for the losers.

Dr. Jim Disse's squad, with Bill Banta having a 20-8, defeated the Pharmacy, 119 to 113. Tony Dorn's 25-1 and Ray Thyren's 23-3, were the high guns for the losers.

Star-Tribune Carriers to Be Guests July 16

A thrilling day of water skiing, boat riding and picnicking will be given Minneapolis Star and Tribune carrier salesmen at Sunnyside Resort, Maple Lake, Thursday, July 16.

The program, called "Ski-O-Rama Holiday," is sponsored by the Minneapolis Star and Tribune and is conducted and supervised by the newspaper's circulation supervisors as part of their summer circulation promotion.

The program consists of a water safety instruction period, water skiing, boat riding and a noon picnic lunch of hot dogs, potato chips, beans and pop. All Minneapolis Star and Tribune carrier salesmen are eligible for the "Ski-O-Rama Holiday" event.

During the water skiing and boat riding, all carriers are required to wear life jackets. In addition, the "buddy system" is employed to further insure water safety.

Among carriers taking part will be Roddy Carlson, Paul Stokke, Jim Robinson, Curtis Myom, Tommy Anderson, Gary Olson, Dwight Ortloff, Gary Nerenson, John Olson, Marc Pream, Ward Votava, Charles Thorstad, Paul Wold, Bobby Wood, Steve Stokke, Eugene Fisher, Bobby Olson, Merle Sampson, Dennis Hanson, David Wegge and Roger Oftebe all of Thief River Falls.

Legion Juniors Split Week's Tilts

Locals Defeat Warren 12-3, and Lose to Baudette 4-2

It was a win and loss for coach Ralph Skay's American Legion juniors this past week, with both games being played on the home field. On Thursday evening, the locals scored a solid 12 to 3 win over the Warren juniors; and on Sunday evening, in an exciting tilt, the classy Baudette juniors, with a four-run cluster in the 4th inning, scored a 4 to 2 win.

This evening, Monday, the locals will make the jaunt to Twin Valley for an inter-district game against the Twin Valley juniors. Game time is slated for 8:30 P.M.

On Thursday evening, July 9, at 8:30 P.M., the Crookston juniors, winners over the locals in a previous game, will meet coach Skay's club on the Fair Grounds diamond.

The line scores:

Two Pocket Gopher Demonstrations Scheduled July 8

County Agent to Assist U. S. Agent in Events in East & West Pennington

Two pocket gopher control demonstrations are set for Pennington County for Wednesday, July 8.

There will be one demonstration in the morning in the east part of the county. Farmers attending this demonstration will meet at the Smiley hall at 10:00 a. m. and after a discussion of pocket gopher control will go to the site where the use of poisons and trapping will be demonstrated. The Smiley Hall is located three miles southeast of Thief River Falls along highway 59 and 3½ miles east.

In the afternoon the same demonstration will be given in the west part of the county. The farmers will meet at the court house at 1:30 for the discussion and then go west of town to the site to be chosen for the demonstration.

The sites will be selected the day before the demonstration and signs will be posted at the Smiley Hall and the court house stating the exact location of the demonstration, for those who may miss the discussion part of the meeting.

Berkeley Peterson, rodent control specialist with the U. S. Department of Interior and County Agent Paul Stelmaschuk will give the demonstrations. Pocket gophers have caused serious damage in some hay meadows and pastures in the county. They may also be a serious nuisance in lawns and gardens. The gophers themselves are very rarely seen. They do their damage by pushing up earth mounds causing damage to forage crops and making harvesting of hay difficult.

Anyone interested in pocket gopher control is urged to attend one of the two demonstrations. Since boys and girls are frequently asked to trap the gophers, fathers are invited to bring them along to the demonstration. Poisoning of pocket gophers is dangerous since strychnine, a deadly poison, is used. Adults will be shown how to use this poison for effective pocket gopher control.

Dependent Aged Parents May Get Social-Security

Details of Revised Law Available from Agent at City Auditorium Tuesday

Dependent aged parents of a deceased son or daughter may now receive social security payments even though the deceased was survived by a widow, widower, or child. Walter D. Kistler, district manager of the Grand Forks, N. Dak., social security office indicated that these additional benefits are possible as the result of recent social security amendments.

Dependent mothers and dependent fathers in this group should immediately get in touch with their social security office, Mr. Kistler said today.

He also said that he or his office staff will be glad to discuss this or any provision of the law at the social security office located at Grand Forks between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday.

A representative from the Grand Forks district office will be in Thief River Falls at the city Auditorium Tuesday, July 7, at 10:00 a.m. He will answer questions about social security and accept claims for benefits.

He will also be in Goodridge at the fire hall on July 8, at 9:00 a.m.

756 Delegates at Evangelical Free Church Parley

A record number of 756 voting delegates at Denver, Colo., June 22-28 heard that the Evangelical Free Church of America had added 36 churches, or one every 10 days, during the past 12 months.

Among those attending were Rev. Joseph Swan and Miss Eunice Swan of Thief River Falls, Rev. Charles Crabtree of Strathcona, and Rev. Julius Hoseth of Newfolden.

The 75th annual gathering, largest by far in the history of the denomination, also was informed that eight of the nine three-year jubilee goals had been reached.

PROGRESS is being made on the new exhibition building at the fair grounds and workmen late last week finished sheathing the roof of the 168 by 60-foot building. Sponsored jointly by the local curling club and the fair board, the structure will be used during winter months to provide four curling rinks and during fair season as an exhibition building. It is hoped that the construction will be far enough advanced by the opening of the fair July 27 for the building to be used for showing open classes of livestock. A balcony in the south end of the building will be installed for spectators. Members of the Rotary and Lions clubs will donate labor in an effort to speed work on the newest addition to the fair buildings.

Quite an Honor

When, last week, right fielder Gene Weckwerth was placed on the 1959 Minnesota all-state baseball tournament squad it marked the second time in the short span of years, since 1952, that a Prowler has been named to an all-state baseball squad. In 1955, when the Prowlers won the consolation honors, first baseman Glenn Carlson was selected to the all-tournament squad.

It was quite an honor for the hard-working Gene to be placed on the all-tournament squad, and he joins an illustrious list of Prowlers who have gained recognition by being selected to all-tournament squads sanctioned by the Minnesota state high school league.

The first Prowlers to gain all-state tournament honors were John Chommie and Wendell Kielty, guard and forward, respectively, of coach Roger Dooley's state champion basketball Prowlers of 1932.

In 1938, when coach George Lee led the Prowlers to a state basketball title, Roy Lee, a guard, and Loren (Bones) Stadum, a center, were all-state choices. Stadum had the added distinction of gaining all-state honors in 1939, too.

Moving over to hockey, we find that the Prowlers have gained a number of all-state berths since 1945, when the state tournament was given official sanction. In 1945, when the Prowlers won runner-up honors, Bob Baker and Jim Doyle, at defense, and Wes Hovle, at Wing, were all-tournament selections.

In 1951, burly Jack Erickson was named at a defense position, and Erickson repeated in 1952. The 1954 state champions of Dennis Rolle had four players given all-tournament rating. Marv Jorde, center; Mike McMahon, defense; Joey Poole, center; and Jack Hoppe, goalie. Joey Poole, who went on to gain hockey fame at North Dakota was also named to the 1955 squad, at center.

The 1956 Prowler state champions had three all-staters on its roster: Jack Poole, center; Glenn Carlson, a wing; and Duane Glass, a defenseman.

And this past season, 1959 the ever-hustling Prowler center, Dale Wennberg, was named to the all-tournament squad.

One Club Tournament

An innovation in tournament play was introduced at the local golf club on Sunday afternoon when forty-four golfers, men and women, participated in a one club tournament. The players were restricted to the use of one golf club as they played their round of golf, medal play with handicaps in vogue.

Ted Hellie, using a number three iron, won the tournament first prize, scoring a net medal of 31. Gordon Johnson, carrying a high handicap, was second. In the women's division, Mrs. Arnie (Kek) Lee and Mrs. Earl (Ella) Anderson, having net 41's, shared top honors.

In a special money match, Phil LeGault, using a driver, defeated Plummer's Wally DuChamp, who used a three iron. It was pretty much of Johansson vs. Patterson affair, with Phil having the extra punch off the tee to build up a commanding lead.

Entertaining Brand of Ball

Wally Grovum's Bums, the leaders in the Pen-Ro-Shall league, are exhibiting an entertaining brand of ball. And the players are having lots of fun.

In the Fourth of July tournament played at Badger on Saturday, the Bums scored a 3 to 2 win over Sprague in a first round game. Badger defeated Greenbush, 7 to 5. In the other first round game. In the championship finals, the Bums dropped a 3 to 2 decision to Badger in a game that was curtailed because of rain.

In a Pen-Ro-Shall game played on the Fairgrounds diamond on Sunday afternoon, the Bums, with southpaw Freddy Jensen giving up but three hits, shut out Greenbush to win by a 7 to 0 score.

Next Sunday, Badger will play the Bums on the Fairgrounds diamond, and that's the game that Wally and the boys want.

Jacob Hillyer Is Graduated from Michigan State

Michigan State University at East Lansing awarded degrees to 2,200 graduates at the term which ended June 17.

Included were 1,800 who received bachelor degrees and 400 who were awarded advanced degrees. Jacob Hillyer of Thief River Falls received his bachelor's degree in advertising.

John G. Diefenbaker, the Prime Minister of Canada, was the commencement speaker at exercises in Spartan Stadium June 7. The degrees were conferred by Michigan State President John A. Hannah.

WILDLIFE in Minnesota

by JIM KIMBALL

You who are duck hunters have been hearing some disturbingly gloomy predictions for this fall's hunting prospects and, indeed, there is plenty of gloom to be broadcast; but, for the Minnesota hunter there are a couple of bright spots, so do not give up until you have at least finished this article.

I recently represented the State of Minnesota at a meeting of the Mississippi Flyway Council, which is is attended by representatives from each state in the Flyway from Minnesota, Wisconsin and Michigan south to Alabama and Louisiana. Personnel from the U.S. Fish and Wildlife Service, along with waterfowl biologists from the state, present their latest findings at these meetings, and the Council makes its formal recommendations to the Washington office of the Fish and Wildlife Service.

The major duck producing area for the Mississippi Flyway lies in the prairie pothole region of southern Alberta, Saskatchewan, and Manitoba and in the states of North Dakota, South Dakota and Minnesota.

Art Hawkins, Flyway biologist for the Mississippi Flyway, started the meeting off by saying, "This is the year we have dreaded—the year of drastic decline in waterfowl." He made it clear that the reason for the decline was drouth in the prairies, and pointed out that the number of water areas in the prairie provinces and the Dakotas had decreased by approximately "50 per cent." Along with this loss of wetland areas there appears to be a decrease this year of about 40 per cent in the number of breeding ducks. However, these ducks are not lost as they have been located in the far north. If these ducks, which have been forced to move north because of drouth in the prairies, were to reproduce successfully the fall flight could be close to normal. Unfortunately past experience indicates that production suffers when the ducks, are forced to nest in the far north. One reason for this may be that the season is so short there is little time for re-nesting when previous nesting attempts fail, and we know that the re-nesting of ducks, like pheasants, contributes an important part of the fall population.

Even the mallard, our most sagacious and prolific species, currently shows a 40 per cent decrease in the prairie provinces; and we hope to get a flight from the northwest territories where a compensating 40 per cent increase is reported. Half the ducks in North America are mallards. The species having the most trouble, once again, is the canvasback. "Cans" build their nests over the water, usually in old stands of cattails. Above normal water levels for several years past killed out these cattail margins. The declining water level has left small ponds without vegetation. This leaves the "can" with no place to nest.

You were promised a few bright spots in the picture for the Minnesota hunter, so here they are. As far as we know, the geese are holding up well. There actually appears to be an increase in blue-bills (scaup), and the count of all breeding ducks in Minnesota shows no over-all decrease. Some species are down to be sure but there does appear to be an increase in Minnesota's blue-winged teal. My guess is that we will probably fare better than most states, particularly early in the season, and the blue-bill shooters should get a break later on.

The day before I left for the Flyway Council meeting, I met with a group of delegates from one of our major conservation organizations in Minnesota. During the discussion of possible waterfowl season at the Council meeting it gave me a great deal of pleasure to announce that this group of sportsmen had asked me to give primary consideration to the needs of the waterfowl rather than the immediate desires of the sportsmen. They had made it quite clear that if the ducks were in trouble, at least these Minnesota sportsmen would gladly put up with a shorter season, a smaller bag limit, or both, if necessary.

Detroit Lakes to Stage 1959 Water Carnival July 9-12

Mayor Belch of TRF Is Planning to Share in Mayors' Luncheon Sunday

Five new highlights have been added to the program for the 24th annual Northwest Water Carnival, which is expected to attract some 300,000 people to Detroit Lakes from Thursday through Sunday, July 9-12.

Events new to this year's fete include the following:

A full production ice review in the middle of July will be staged Saturday, July 11, at 8 p.m. with presentation of Wilma and Ed Leary's "Adventure on Ice" at the fairgrounds. Included in the cast are many stars who have appeared with the famous Shipstead and Johnson Ice Follies.

The Midwest Power Boat association will present international speedboat races on Little Detroit lake at 2:30 p.m., Saturday. Drivers from throughout the nation will come to Detroit Lakes and will compete for the biggest purse in the history of the Water Carnival.

Gene Holster's Wild Animal show is slated for two appearances on Sunday—the first immediately following the Parade of the Northwest and the second at 7:30 p.m. Both will be at the fairgrounds. The show features ostrich, zebra and camel racing, along with performances by trained animals of all sizes and descriptions.

Contestants from throughout the northwest will vie for an expenses-paid trip to New York for an audition on the Ted Mack Original Amateur Hour at the Venita Rich Talent Review on Friday at 8 p.m. at the fairgrounds.

Mayors from Minnesota, North Dakota and Canada will be honored at a special luncheon which will follow the outdoors interdenominational church service Sunday morning. The visitors will be featured in the afternoon parade, theme of which will be "Communities of the Northwest." Mayor O. D. Belch of Thief River Falls is planning to participate.

More than 100 units will be included in the Parade of the Northwest in which Gov. Orville L. Freeman of Minnesota will be guest of honor.

Minnesota's Debt up $37 Million This Year

Minnesota's debt rose by 37½ millions to a history-making high of just over $158,000,000 as the fiscal year closed on June 30. "That it will continue to rise is obvious in the recently adjourned Legislature's action, authorizing 52 millions more in borrowing for state buildings," State Treasurer Val Bjornson declared as he sent the semi-annual report of his office to the printer's.

"A noteworthy development now," said Bjornson, " is the fact that for the first time in ten years a Minnesota fiscal statement is being published with World War II bonus indebtness absent from the list. The final maturity, among ten equal installments of $8,400,000 each, was paid off as of July 1."

The increase of some 37½ million dollars in state indebtedness the past year, from the June 30, 1958, total of $120,330,475.16 to the present level of $158,069,196.54 is due mainly to the expanded program for erecting buildings at the University, at state colleges and other state institutions, Bjornson explained. Certificates of indebtedness for such buildings rose by nearly 36½ millions during the year, from $55,752,475.16 to $92,208,096.54. A new $12,000,000 bond issue has, meanwhile, been added to trunk highway indebtness, which stands now at $45,200,000 as compared with $34,000,000 a year ago.

Part of the $5,000,000 indebtedness incurred last year as the state's share in financing the Duluth seaport has been paid off, bringing that obligation down now to $4,667,000. Borrowings for state parks stand at the same figure now as a year ago, $525,000. Obligations for military and naval land dropped from $152,000 to an even $100,000.

Debt incurred to help finance out-state airports rose from $1,701,000 last year to $2,619,100 now. Funds borrowed by the Executive Council for disaster relief totaled $250,000 a year ago, but the figure has been cut to $50,000 now. Minnesota's Rural Credit venture of the twenties will continue as a gradually declining obligation through 1967, with $12,700,000 left to pay now, as against $14,550,000 on June 30, 1958.

The 300-million-dollar mark, long nearing for Minnesota's massive permanent trust fund structure may still be a year away, Treasurer Bjornson indicated. Growth, mainly through royalties from ore mined on state-owned lands, was just over four millions the past year, bringing the total of Permanent School, Permanent University, Swamp Land and Internal Improvement Land funds to $298,819,664.89, up from some $294,700,000 a year ago. Investment of these funds, with their unspendable principal held inviolate, earned enough the past year to pay $11.50 per pupil toward state school aids, providing substantial income for the University and some other institutions at the same time.

The accumulation of new money in the invested retirement funds came at a more rapid tempo the past year, with contributions increased in the programs for teachers and for state and local employees. Retirement funds, along with some investments for state institutions, total $127,549,033 now, as compared with $102,980,933 a year ago, a rise of well beyond $24,000,000.

Other funds making up the grand total of some 587½ million dollars in investments now in the treasurer's custody include 64¼ million dollars for the highway department $48,661,074.62 for the trunk highway fund, $10,877,572.96 for the county aid highway fund, and $4,996,640.56 for the municipal state aid street fund.

Children Attend Polk County Camp of Farmers Union

Camp time is fun time for the children 8 to 14 years of age in the Minnesota Farmers Union when they attend one of the camps sponsored by the state organization, and supervised by Mrs. Laura Reimnitz, state director of education for the Minnesota F. U.

Eight camps for the 8 to 14 age group are held in various state park group camps and at Polk County Farmers Union park from June 1 to mid-August, with a full time personnel of six assisting Mrs. Reimnitz, and additional volunteer help and assistance of the state education council in their respective areas.

Children from this area who attended the camp June 28-July 1, at which eight counties were represented, included Judy Rupprecht, Emily Nelson, Sandra Nelson, Danny Nelson, Darlene Iverson, and Joyce, all from the Silver Leaf local.

Starkey Cautions Persons Planning to Move to Alaska

Commissioner of State Employment Service Tells of Job Scarcity There

Repeating his warning of last winter relative to seeking jobs in Alaska, Frank T. Starkey, commissioner, Minnesota department of employment security, today cautioned Minnesota residents seeking work in Alaska to not travel to the 49th state unless they have a definite job waiting for them.

Reports that there is a bonanza of jobs waiting for newcomers in Alaska are without basis, Starkey warned. "In fact," Starkey said, "the Salvation Army and other relief organizations in Alaska are working overtime taking care of people who have pulled up stakes and headed North, usually on a shoestring, and with optimistic hope they're sure to find something when they get there."

Starkey pointed out that while the national rate of insured unemploymen is about 5 per cent or less, "Alaska's rate for mid-March was nearly 20 per cent, and in 1958 there were less than 30,000 insured employed in Alaska, with Federal payrolls adding only another 15,000 or so."

He added that the resident work force in Alaska is more than adequate for most employer requirements. There are, he said, only a few shortages in some professional categories, such as electrical engineers, clinical psychologists, psychiatric social workers, statisticians, medical secretaries, court reporters, airplane electricians, automotive mechanics, auto body workers and electronics technicians.

"The best advice I have for those interested in working in Alaska, "Starkey said," is for them to visit their nearest Minnesota state employment service office. These offices are furnished current Alaska job information for each month. No immediate large increase in employment is expected for Alaska. Oil exploration is continuing with skilled, relatively stable crews." Starkey also stressed that reports that large amounts are to be spent on military construction projects in Alaska does not mean that there are immediate needs for workers that cannot be filled there locally.

"Governed, as we are, entirely by public opinion, the utmost care should be taken to preserve the purity of the public mind. We Will Survive

In a recent issue the Wall Street Journal devoted considerable space to inform the nation about the deplorable effects of the soil bank program. Our community was selected as the sad example. The reporter who handled the assignment, and who had spent several days here gathering material, told us we had been given this recognition because the records indicated more farm land had been soil-banked hereabouts than in any other area in the United States.

The article was appropriately headed "Soil Bank Blues." It was indeed a gloomy report. Thief River Falls is in a bad way. Neighboring small towns are withering on the vine.

Taking the story and breaking it down, item by item, it cannot be said that the writer did not tell the truth. It can, however, be said that he did not tell the whole truth. What he reported was only half of the truth, and so, in reality, what he said was in part untrue.

In this area we are all aware of the fact that the soil bank program has been detrimental to us as a community. Many individual farmers have benefited. For a large number of elderly farmers it has meant a comfortable retirement. But the net results have not been good.

The number of farmers in a part of the area that was already sparsely settled has been further reduced. This has speeded up the process of making the small towns smaller and has been a contributing factor in the difficulties of some businesses in Thief River Falls.

Most of our people will agree, we think, that our difficulty stems largely from the fact that prior to the 1958 crop year our area had experienced three bad crop years. In successive seasons we had too much water, too many army worms and too much rust. Because of the three bad years many of our farmers were glad to move in, in whole or in part, under the welcome security of a government guaranteed net return.

In doing this they availed themselves of a program that was offered by our government and that had been urged by our own representatives in Washington as a better way to solve the surplus problem. We now know that in operation the plan has failed to accomplish its good purpose.

For one thing the program got off to a bad start. Because of delayed action in Congress it started with a much too early effective date and mistakes were inevitable. As usual with most of such schemes, too many millions of the taxpayers' dollars went into the pockets of people who used the plan as a way to farm the government.

But admitting the bad, let's take a look at the record of this area for things that are encouraging, and which the writer of the Wall Street Journal article failed to mention, although they had been called to his attention.

In the area he checked, drainage has been greatly improved in these recent years. Many miles of main ditches have been rebuilt and thousands of acres of low cultivated lands have been improved by surface drainage. These improvements have been votes of confidence in the future of farming locally, by the farmers.

Of the three small towns he referred to, Holt and Goodridge had long since ceased to serve as trading centers and Grygla had declined in importance long before the soil bank. The automobile and good roads, here as elsewhere, have been the main factors in the decline of the villages.

It is interesting to note that the Grygla community is still an area of hopeful people. This summer they authorized a much-needed school building at a cost of more than $200,000 and their school district had more than half of this amount tucked away in savings to lay on the barrel-head as a down payment. A lot of soil bank dollars will go into the repayment of that portion of the cost for which the district is going into debt. Goodridge completed a school building project several years ago.

Over a period of many years Thief River Falls has become more and more the trading center of the area the Journal story covered. As in other parts of the state and nation, right or wrong, as a large number of smaller towns have become smaller, a few larger cities have become larger, and that is what has happened here. Thief River Falls has grown both in population and in the volume of its business.

The Wall Street Journal writer had ample evidence of this fact, but apparently this would not have served the purpose of his story. He was writing the "Soil Bank Blues" and he hewed to the line. Not all of the people whom he interviewed were discouraged, but he had no interest in those who could see a silver lining behind the cloud.

He looked at the huge addition to the L. B. Hartz warehouse, a substantial vote of confidence in the future of the community. The Gamble store expansion, doubling the size of this store, is a similar vote of confidence by a company that is not influenced in such local matters by sentiment. Such things did not interest the Journal analyst. Bank debits in the state of Minnesota for the first five months of the year increased 11 per cent. They are recognized as one measuring stick on business volume. Thief River Falls was close to the state average with a 10 per cent increase, a pretty fair indication that as a community we are holding our own. But such figures evidently were too cheerful.

Maybe we are unduly concerned about *this Wall Street Journal story. For years it* has been our favorite newspaper and we have come to depend upon it for factual, objective and impartial reporting.

But we have had our bad days too. The young fellow who wrote the report was in strange territory and perhaps we should forgive him if the general outlook appeared to him to be a little bleak.

We hope future developments will justify the confidence of those of us who think better things are in store for us. We hope too that conditions will justify a return visit by this young reporter to write a success story about our community. There already is much factual material available for such a story.

A stranger, visiting this area and comparing it with rich and well-established farming communities in other parts of the country, would see much that would not compare favorably. But for those of us who have watched the development hereabouts and who are in a position to appreciate the general progress that has been made, the prospect is most encouraging. We will survive.

The Weak Link

Twenty-two American graduate students have completed a year of study at Russian universities in a graduate student exchange program, and they report the experiment as highly successful. Next year's program, now in preparation, provides for 28 American students to study in Russia and 33 Russians to study in American universities. We can't think of any better way to promote international understanding.

After a year of experience with the Soviet system of education these American students are in a good position to make comparisons. They found weakness and strength in both systems.

They agreed that the American system is weakest at the high school level "where too many students are allowed to drift." Colleges in the United States, they said, are penalized by having to make up the progress lost in high school.

Statesman Ike

President Eisenhower stated last week that debt reduction is more important to the national economy than are tax cuts. Now that Ike is definitely out of politics and can no longer be accused of having personal political aspirations he is developing rapidly as a statesman.

As a statesman, retiring President Ike probably will be a wholesome influence in the next national election. He will be in a position to discuss the issues of the campaign honestly, and without concern about how his views may effect his popularity at the polls.

More and more, as time goes on, we can appreciate the wisdom of George Washington in his decision that no president of our country should serve more than two terms.

Melodrama in Louisiana

(New York Times)

The moral of what has been happening in Louisiana in the past few days seems to be that a patient in a mental hospital who wishes to obtain his release should first get himself elected Governor. This procedure was successfully followed by Gov. Earl K. Long, who became, at least temporarily, a free man by discharging the superintendent of the Southeastern Louisiana State Hospital. For good measure, he also discharged the director of the state department of hospitals and the head of the state police.

Thus vindicated and cured, to the extent that these objectives could be obtained by the exercise of executive authority, the Governor walked out, pausing "to thank everyone for their thoughtfulness." It must comfort those citizens of Louisiana who are not beneficiaries of the Long machine to know that the Governor is still receiving advice from qualified psychiatrists.

A bright spot in the proceedings developed from the fact that the court hearing which preceded the Governor's release took place in a junior high school basketball court. The resourceful parent-teacher's association set up a stand to sell sandwiches and soft drinks and added considerably to the fund it is raising to purchase a much-needed set of encyclopedias.

REPORT from the GOVERNOR

by Orville L. Freeman

The legislative session that just concluded passed an act relating to delinqent children that promises to bring about great improvement in our program in Minnesota. Its success will be greater if the people in every community understand what can be done to help youthful offenders get back on the right track.

Prevenion of Delinquency

There are many reasons why children and youth run afoul of the law. Many causes lie in the home or in the community. Enlightened judges who handle cases involving young people want primarily not to punish them but rather to give them the best possible chance to mend their ways, overcome their problems, and to grow up as good, law-abiding citizens.

This is the purpose of probation, and the principles involved are generally accepted. Where these principles have failed it is generally due to the lack of personnel to provide the kind of guidance and supervision neded.

More Probation Officers

The new law provides for better probation service for courts in all parts of Minnesota. Counties are now required to provide probation services to juvenile courts in one of three ways. The court, with the approval of the county board, may appoint one or more full time salaried probation officers. For counties too small for that to be practicable, the law provides that counties, through their county boards, may combine to enable their courts jointly to appoint a common full time salaried probation officer. Or the county may request the Youth Conservation Commision to furnish probation services to its juvenile court.

Qualified Personnel

Probation officers must be people qualified to act in that capacity, and the law provides for their training and supervision. Standards are also set to make sure that not only the quality but the quantity of probation services available for juveniles in each county shall be sufficient to meet the needs of delinquent children and of the courts.

Services to YCC

County probation officers will also provide probation and parole services to wards of the Youth Conservation Commission who reside in their territory. For these services the counties will be reimbursed by funds paid by the state in an amount equal to ten cents for each resident of the county as determined by the most recent population estimate by the State Department of Health.

Citizen Participation

One of the things I hope will be a result of these new services will be the utilization of community resources and citizen participation in efforts to rehabilitate children and youth who need such help. Such efforts can be far more constructive than most of the things that can be done in institutions.

The Cost

Several hundred thousand dollars are appropriated by this act for the coming biennium, of which the greater part, over $40,000 is for reimbursement to counties. This appropriation is one of the reasons why this session's budget is higher than the last.

But in terms of hard, cold cash it is cheaper to spend a little money to save a child from a life of crime than it is to suffer the cost that comes later. And it would be impossible to assess a monetary value to the moral and social gains that result from rehabilitating a child and preventing delinquency.

I believe that the people in our communities in Minnesota want to spend this kind of money because they recognize the great returns that result.

Strandquist . .

Mrs. Ed Stennes, Strandquist

Mr. and Mrs. Alfred Kimbrough and Eileen, Mr. and Mrs. Lars Barstad all of Thief River Falls visited with the Kimbrough families last Monday evening.

Mr. and Mrs. Roger Koland of Minneapolis spent the weekend with relatives here and at Karlstad Saturday evening. They went fishing at Lake Bronson with the Ted Kimbroughs and the fishing was good.

Visitors and callers at the Oscar Johnson home during the week were Mrs. Gladys Johnson of Walhalla, N. Dak., Mr. and Mrs. Raymond Elseth, Dale and Russell of Newfolden, Mr. and Mrs. George Wikstrom and family of Karlstad, Mr. and Mrs. Wm. Wikstrom, Mrs. Conrad Stallock, Jerry and Tommy and Mrs. Henry Bengston and children of Karlstad, Mrs. Basil Elseth of Newfolden and Mrs. Ole Roppe of Strathcona, Mr. and Mrs. Art Anderson and Corienne, Mrs. E. R. Anderson, Mr. and Mrs. Martin Peterson, Mrs. Willard Stromberg, Mrs. Frank Kleinvachter and Mr. and Mrs. Carl Wikstrom and girls.

Mrs. Lisa Henrickson of the Good Samaritan home of Warren visited with friends and relatives in this vicinity over the weekend.

Mrs. Ida Haugen of Crookston, Minn., Mark Mattala of Duluth and Bill Haugen of Superior, Wis., visited friends and relatives in Stephen, Strandquist and Karlstad over the weekend. Mrs. Haugen is a sister of Mrs. Lisa Henrickson.

Mr. Lars Barstad suffered a heart attack Saturday night and is hospitalized in Thief River Falls.

Mr. and Mrs. Selmer Twelt and children of Seattle, Wash. arrived for a vacation among relatives and friends.

Mrs. Ella Thun, Mrs. Rasmi Nelson, Mrs. Grace Boen, Mrs. Ed Stennes and Mrs. Otto Paulson helped Mrs. Ed Carlson celebrate her birthday Tuesday evening at her home. Thursday evening Mrs. Annie Lindgren, Mrs. Bruno Borowicz and Mrs. Wm. Wikstrom celebrated for the same occasion.

Mr. and Mrs. Robert Olson and family of Virginia and Mr. and Mrs. Wm. Hanson were dinner guests at the Carl Olson home at Newfolden Sunday. The Olson's flew back to Virginia from Thief River Falls where he landed the plane. It only takes one hour 35 minutes to fly home.

Mrs. Olga Nelson and Mr. and Mrs. Charles Baldwin and family from Oakland, Calif. and George Olson of Crookston visited and were luncheon guests at Jonas Stromlund's Friday afternoon.

Saturday evening Mr. and Mrs. Oscar Locken and Mr. and Mrs. Jonas Stromlund were luncheon guests at the Andrew Peterson home in Karlstad.

Mr. Emil Klegstad and Arnold arrived Saturday evening to move the trailer home of Gerhard Nelson to Wirth where he will also be employed in the woods. The Nelson's and Klegstad's left again on Sunday. Gordon Klegstad has also bought a home out there.

Bridal Shower

About 50 relatives and friends gathered to shower Mrs. Richard Wikstrom (nee Marlene Rud) a recent bride from Greenbush at the Clarence Borsvold home Sunday afternoon. The hostesses were Mrs. Clarence Borsvold, Mrs. Edmund Kostrzewski and Mrs. Clarence Carlson of Kennedy. The honored guest received many lovely gifts for her new home. Richard has opened a jewelry store in Greenbush and we join their many friends in wishing them success and happiness in their partnership.

Dean L. Witcher's hustling construction foreman, Larry Carlson was on the job Saturday staking out lines for trenching in preparation for foundations for our new school building. Thompson brothers also were on hand with their house moving equipment and before the day was done, the Sunnyside building, now used as the school office, was moved to its new location in the Northwest corner of the school property.

Checking over the guest list of the party in honor of the Sjoquist family last Sunday at the Henfred Bernhardson home I'm sorry many names were omitted. They are: Mr. and Mrs. Gordon Bondy and family of Grand Forks, Mr. and Mrs. Lloyd Roseland, Minneapolis; Ollie Waldron, Aurora; Pvt. Jerome Roseland serving in the U. S. Army in Washington; Mr. and Mrs. John Roseland of Newfolden.

Mr. and Mrs. John Sjoquist, Mrs. Lloyd Dimmen and boys, Pastor and Mrs. Clifford Lindgren, Pastor Peterson from the L.B.I. institute in Minneapolis, Mr. and Mrs. Bernhard Gunderson and family from Winger, Mrs. George Strandberg, Warren, Mr. and Mrs. Henry Bruce, Mr. and Mrs. Jonas Bernhardson, Mr. and Mrs. Swan Lindstrom, Mrs. M. Langemo, McIntosh, Minn.

The Sjoquist's made a short call at the Sihlberg farm and other old friends Monday morning.

Mrs. Sadie Forsberg returned to her home in Warren last of the week after spending a few weeks with her brothers.

Ed Rogers was absent Saturday evening when his name for the big prize was called. E. R. Anderson and Louis Hahn each received $5.00.

Baptism

Tami Jo, infant daughter of Mr. and Mrs. Harvey Bakke of Chanute, Ill., was baptized by Rev. M. Molvik in the First Lutheran church at Karlstad Saturday, June 20th. Jacque and Ralph Paulson, niece and nephew of Mrs. Bakke from Minneapolis were sponsors for the baby.

Mr. and Mrs. Harvey Bakke and children left Thursday for their home in Illinois. Mrs. Bakke and Heidi have spent several weeks with her parents, the Otto Paulson's.

The following "Picnic" was given to many people who gathered at the Bethesda church for the midsummer picnic Tuesday. Hymn: audience, scripture by Rev. Lindgren, girls quartette, mesage in behalf of family by Andrew Sjoquist, vocal solo by Mrs. Robert Olson of Virginia, Minn., hymn audience, message by Pastor Peterson of the L.B.I. in Minneapolis. Solo by Gilbert Olstad, remarks and announcements by Rev. Lindgren and benediction.

Mrs. Otto Paulson, Mrs. E. R. Anderson and Mrs. Ed Stennes visited with Mrs. Wm. Wikstrom Thursday afternoon.

Mr. and Mrs. Curtis Stennes, Merrilee and Karen of Hopkins, Minn. have been house guests at the Gilman Stennes home while visiting friends and relatives in the community.

Mrs. Clarence Borsvold, Mrs. Jim Musberger and children and Mrs. Gordon Borsvold and boys attended a birthday party in honor of Sandra's 9th birthday at the Clarence Carlson home in Kennedy Tuesday. Twelve little school mates also shared in the fun and goodies which included the birthday cake.

Mr. Clarence Carlson has been transferred from the Kennedy Implement to Warren so the girls are staying with grandma, Mrs. Clarence Borsvold, while the moving is being done.

The Zion Ladies Aid will meet Thursday evening, July 2, at 8:30 p.m. at the parish hall. Mrs. Louis Larson is hostess.

Mr. and Mrs. Raymond Anderson attended the re-union of the graduating class of 1943 of the Newfolden high school Saturday evening and reported a very good time. There had been a class of 37 which must have been a large class for those days.

Mr. and Mrs. Walter Hoskins and son have come back from Idaho to visit friends and relatives.

Mr. and Mrs. Douglas Thun and Mr. and Mrs. Charles Kranz attended the horse races in Winnipeg Thursday. George Monroe of Radium had entered his horse for the race.

Mr. and Mrs. Otto Paulson enjoyed a dinner in Roseau Sunday and from there they visited at the home of Ole Pearson in Menninemo, Canada, whom they hadn't seen for 49 years. Enroute home they visited with the Ed Dahlman's in Lancaster.

Mrs. Wm. Wikstrom visited with Mrs. Otto Paulson Monday afternoon.

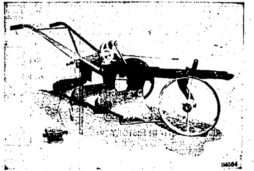
WALKING GANG PLOW



The first walking gang plow was introduced in 1857 by John Deere and enabled the "modern" farmer of a hundred years ago to turn two furrows at one time.

The plow illustrated above was a still more up-to-the-minute model and has three mouldboards. It took a lot of horsepower to pull this "gang" — but it enabled one man to do almost three times the work he could do before.

Minneapolis to Open Aquatennial July 17

Minneapolis' 20th anniversary Aquatennial will be salute to the 49th and 50th states with a host of dignitaries from Alaska and Hawaii scheduled to visit the city during the 10-day summer festival July 17-26.

Heading the list will be Gov. William Egan of Alaska, who will be making his first offical visit to the mainland since Alaska, gained its statehood a year ago.

Accompanied by his wife and Patricia Baldwin, the Queen of Anchorage's Fur Rendezvous, Egan, now fully recovered from a serious illness, will be the grand marshall for the giant torchlight parade Wednesday, July 22.

Hawaii's delegation will consist of Linda Tom, Queen of Honolulu's *Narcissus Festival*, Mayor Tony Baptiste of the island of Kaulua and Nona Beamer, the Island's most authoritative exponent of the authentic hula.

Miss Tom and Miss Baldwin will be supported by 11 more glamorous visiting queens from other festivals, including two from South America, Miss Rio de Janeiro and Miss Barranquilla, Columbia.

Grand marshall for the day parade, Saturday, July 18, will be Admiral Arleigh Burke, chief of naval operations, who will officially present the city of Minneapolis with mementos from the recently decommissioned heavy cruiser the USS Minneapolis.

Heralding the start of the civic celebration will be the finish of the Aquatennial Canoe Derby, a 10-day, 450-mile race down the Mississippi river, with more than $10,000 in cash and merchandise to be awarded the top finishers from a starting field of 30 two-man teams.

Jerry Mathers, star of ABC-TV's "Leave It To Beaver" show and winner of the Mars Gold Star Award as the outstanding juvenile boy entertainer for 1958, will headline the celebrity-studded Star Night and Cornation program Friday, July 24, when the new Queen of the Lakes is named from 40 candidates.

Star of the Aqua Follies, one of the most imaginative show world productions in the country which features synchronized swimming. Olympic diving champions and top stage acts, will be Lynn Pawson.

Turkey and Fruit Plentiful in July

'U' Marketing Specialist Advises Food Shoppers

Turkey and plums are on the menu for July.

Mrs. Eleanor Loomis, extension consumer marketing agent at the University of Minnesota, reports that these two foods lead the U.S. Department of Agriculture's list of plentiful foods for the month.

Turkeys merit special attention during July because an unusually large proportion of the 1959 turkey crop will be marketed during the month. Most of the birds coming to market will be family size, including many in the five pound class. These are particularly suitable for frying or barbecuing. There will also be a generous supply of turkeys weighing 8 to 12 pounds. Mrs. Loomis suggests that a roast turkey may be the answer to "what to serve" the family gathering on July Fourth.

The crop of plums from California, Oregon and other western states is larger than usual, with a wide assortment of varieties.

Several of July's plentiful foods are those most popular in hot weather. Ice cream is one; lemons and limes for cooling drinks are others. Although early varieties of peaches have been available for several weeks, the main crops from South Carolina and Georgia will arrive in July.

Midwestern gardens and vegetable fields will produce a wide assortment of vegetables.

Egg production will continue high and prices are expected to remain low.

Peanut butter and vegetable fats and oils, which have been plentiful ever since last year's crops were harvested, complete the roster of plentiful foods for July.

If men would consider not so much wherein they differ, as wherein they agree, there would be far less uncharitableness and angry feeling in the world.

Robert Thorssens Honored On Silver Wedding Anniversary

Friends, neighbors and relatives gathered Sunday at Salem Lutheran church to honor Mr. and Mrs. Robert Thorssen on their 25th wedding anniversary. Victor Thorson acted as toastmaster for the occasion. In reminiscing he mentioned the incident of their planned wedding day. *It seemed that the Thorssens* had selected the date they were to be married when Mabelle (Mrs. Thorssen) became ill with scarlet fever. This, of course, altered their plans considerably. As a result, Mrs. Thorssen was under quarantine for three weeks. The only way the bridegroom could visit with his intended bride was to sit outside her window and talk to her.

The program for the occasion consisted of a song by the audience; devotion by Mrs. Kenneth Dunrud; Lorna, Vicki and Beverly Lindberg sang; Mrs. Ray Krogstad gave a reading especially appropriate for the affair; the audience then sang; Edwin Christianson of St. Paul, Miss Bertha Christianson of Bemidji and August Hanson spoke briefly; the honored couple then responded with words of thanks.

Following the program, lunch was served. Miss Bertha Christianson of Bemidji and Mrs. Kenneth Dunrud cut and served the three-tiered wedding cake which was decorated with white bells, centered with red roses. Mrs. Nick Shabert of Grand Forks poured. The couple then opened their many gifts.

Dining room hostesses were Mrs. Victor Thorson and Mrs. Nels Axelvold. Hostesses for the occasion were Mrs. Ray Krogstad, Mrs. Carl Engebretson, Mrs. Ernest Thorssen, Mrs. Martin Christianson, Mrs. Ray Emerson, Mrs. Albert Nyland, Mrs. Arthur Lindberg and Mrs. Emma Nyland.

Following the event at church Mr. and Mrs. Thorssen entertained at supper for Mr. and Mrs. Edwin Christianson of St. Paul, Mrs. Aletta Nyland and Knute Nyland.

Mr. and Mrs. Robert Thorssen wish to express their sincere appreciation for gifts received and to all who helped in any way.

Mr. and Mrs. Andrew Stinar of Bagley, Mr. and Mrs. Richard Stinar and Darlene Rorgan of Fosston, Miss Clara Ellestad of Holt and Mrs. Jessie Lindemoen went to Fargo where they attended a picnic a week ago Sunday.

Council Buys Equipment for Street Dept.

Also Approves the Appointment of New Airport Custodian

Bids totaling $6,142 for two pieces of equipment for the street department were accepted by the city council at a special meeting Monday evening, July 6.

Borchert-Ingersoll, Inc., of St. Paul was the successful bidder for a street sander to be used for sanding streets during winter months, applying sand during sealcoating operations and other uses. The firms bid was $807.

Other bidders were: Public Works Equipment company, St. Paul, $995; St. Cloud Foundry and Machine company, $975; Zeco company, Minneapolis, three bids of $1,035, $935 and $830; Swing Brothers, Fargo, $1,195 and Phillipi Equipment company, Minneapolis, $1,025.

Phillipi Equipment company of Minneapolis was the successful bidder for providing a four to six-ton road roller at a figure of $5,335. Other bids were: Zeco company, $6,300; Swing Brothers, $7,875; Borchert-Ingersoll, Inc., $6,110 for a three to five-ton model; Public Works Equipment company, St. Paul, $3,500 for a non-conforming three to four-ton model and Road Machinery and Supply company, Duluth, $5,390 for a 3½ to six ton model.

Frank Tunberg of the Tunberg Motor company, appeared before the council asking that the city agree to do away with that part of a party wall agreement which makes it necessary for his firm to pay the sum of $750 if the window now existing in the south wall of the municipal liquor store is removed or covered by the construction of an addition on the east side of the Tunberg company building.

After some discussion, the council directed Alderman Roy Lee of the building committee to check into the cost of bricking up the existing window and refinishing the inner wall of the liquor store. The estimate will be submitted to Tunberg for consideration.

Clarence Knudsen, 603 Horace ave. N., appeared before the council with a request that the curbing in front of his residence which was damaged during storm sewer work be repaired. Alderman E. B. Benson told the council that other repair work was also necessary and that the Nagel Construction company, contractors for the work, had not been paid the full amount for the work. The city clerk was directed to contact the city engineer who will inform the contractor of what work remained to be done after an examination of the area had been made.

Robert Carlson, president of the council, announced to the group that every member should be present Thursday, July 9, from 9 a.m. to 5 p.m. to act as a local board of equalization.

In final action, the council approved the recommendation of the airport commission that Daniel Illies be hired as airport custodian succeeding Elwood Ehrenstrom. Illies, a mechanic at the airport, will receive $375 a month during a six-month probation period and the salary will be increased to a maximum of $435 at the end of 18 months.

0-foot Radio Relay ower to Be Erected is week by Phone Co.

TOWER The first 60 feet of the new radio relay tower being erected at the west end of First st. is shown above the equipment building which was moved onto the site June 30. The tower when completed will be 200 feet high and will be a link in a six-station system from Baudette to Grand Forks. Work is expected to be completed by the end of this week.

Work is expected to be completed this week on the 200-foot radio relay tower which is being erected on the west end of First street by the Northwestern Bell Telephone company, George Hale, local manager, announced today.

The ready-made building housing the equipment was delivered to the site Tuesday, June 30. About the size of of a large semi-trailer, the building was moved from the Minneapolis shop of the Western Electric company to Thief River Falls on wheels. It was one of the largest "packages" ever sent out from the company shop.

Hampered by Tuesday night's rain, work on the station was delayed by soft roads and grounds until late Wednesday with about half the tower set up.

The new radio relay system, of which the local tower is a unit, will provide a storm-proof route for civilian and defense needs. A part of a nationwide Bell system plan to install trouble-free circuits on important routes throughout the nation, it will be a link in the Baudette to Grand Forks system which connects at Baudette with a similar one running to Virginia through International Falls.

Completion of the other five stations in the Baudette - Grand Forks system is expected by fall.

Odd Fellows Hosts to United Nations Pilgrimage July 13

34 Young People En Route to New York City to Be Luncheon Guests Monday

Young Pine Lodge and Lyon Rebekah Lodge of the Odd Fellows will again be hosts for the United Nations Pilgrimage of Youth. The group of 34 girls and boys, with their advisers, will stop for their noon lunch Monday, July 13th, at the local Odd Fellows Hall. The group are enroute to New York where they will spend a week attending United Nations sessions in study and observation, to broaden their understanding of the work of the UN.

The group is a part of 17 educational bus tours from all over the United States and Canada. This group represents the northwest Pacific area and includes delegates from Oregon, Washington, British Columbia, Alberta and Idaho. They are routed across Canada to Winnipeg and into the United States, thru Thief River Falls and on to Duluth, Saulte Saint Marie, lower Ontario and to New York City.

They return via a different route thru Chicago to add to the sightseeing part of their trip. Washington, D. C., Mount Vernon, Fort McHenry, and the grand lodge of Odd Fellows at Baltimore, Md., are made a part of each of the tours.

A total of well over 600 youth are awarded these tours under the auspices of the Sovereign Grand Lodge with the assistance of the local Odd Fellow and Rebekah Lodges, which sponsor the individual delegates. Delegates are chosen on basis of leadership, character, civic interest, church participation and scholarship, and awarded these all-expense paid tours.

Mother of Africa Missionary Hurt in Auto Accident

Mrs. Ellertson Injured, Rev. and Mrs. Reinertson Killed in South Africa

Mrs. Christine Ellertson, mother of Rev. Carroll Ellertson, Trinity Lutheran church's missionary to Zululand, was injured in an automobile accident June 5 which took the lives of two missionaries on the outskirts of Johannesburg, South Africa.

According to word received here, Mrs. Ellertson was riding in a car owned by Rev. and Mrs. Luther Reinertson when it was struck by another vehicle which pulled out into the highway from a side road. Mrs. Ellertson was bruised but both Rev. Reinertson and his wife were instantly killed.

Rev. Reinertson was born in Watertown, S. D., and served as pastor in a Duluth church before going to South Africa.

Both Rev. Ellertson and his mother are well known in the Thief River Falls area. He interned at Trinity Lutheran church in 1953 and 1954 before returning to the seminary for further study before becoming assistant pastor in Eau Claire, Wis. He has been a missionary for the past two years. His mother joined him in March of this year.

More Bituminous Work Set for TH 59

Bids Asked on Project Newfolden-Strandquist

Bids will be received July 21 by the Minnesota highway department at the new State Highway building in St. Paul on an estimated $3,772,000 of trunk highway constructionwork.

The 18 projects, located in 12 counties, include the improvement of 91 miles of trunk highways and the construction of five bridges.

Work in Kittson and Marshall counties calls for 7.4 miles of grading and bituminous base on T.H. 59 from Halma to Karlstad in Kittson county; 11 ½ miles of plant-mixed bituminous surfacing on T.H. 59 from Newfolden to three-fourths miles north west of Strandquist in Marshall county; and eight miles of grading and gravel surfacing on T.H. 220 from the junction with T.H. 11, nine miles west of Donaldson in Kittson county, to a point six miles south of the north line of Marshall county, with a 135-foot bridge over the Tamarac River.

Roseau county will get 21.9 miles of plant-mixed bituminous surfacing on T.H. 89 from the junction with T.H. 11 at Roseau to the south county line.

Farmers Vote on Quotas for Wheat July 23

Annual Referendum to Be Conducted in 39 Wheat States

The annual referendum on wheat marketing quotas is only a few days off, P. W. Culkins, ASC office manager, stated today. On Thursday, July 23, wheat growers in Minnesota and 38 other commercial wheat states will go to polling places in their local communities to decide on the program under which they will produce and market the 1960 wheat crop.

At the beginning of June, the Secretary of Agriculture, as required by law, proclaimed marketing quotas on the 1960 crop of wheat and announced a minimum national acreage allotment. Next step is for farmers to adopt or reject the quota program.

Every wheat farmer who plans to produce more than 15 acres of wheat is eligible to vote in the referendum. At his polling place, the grower receives a ballot on which he votes for or aginst marketing quotas.

If two-thirds of those voting say yes, then quotas stay in effect. This means that the farmer who complies with his wheat allotment can market all his wheat without restriction and is eligible for price support at at least 75 per cent of parity. Any farmer can produce 15 acres of wheat without penalty. The farmer who exceeds his allotment and produces excess wheat is subject to a marketing penalty.

On the other hand, if more than one-third of the farmers voting favor no quotas, they do not take effect. That means no penalties or marketing restrictions, with price support at a reduced rate to those who comply with allotments.

If wheat quotas are approved for 1960, it will be the seventh successive year they have been used.

County Chapter of Nat'l Foundation to Meet July 16th

Broadened Program of Agency to Be Discussed at Session in Rex Cafe

The Pennington county chapter of the National Foundation will conduct its annual meeting in the Rex cafe next Thursday evening, July 16, beginning with a dinner at 6:30, it was announced today by C. W. Rodekuhr, chapter chairman.

He stated that a representative of the state office of the National Foundation will be present to explain its broadened program, which now not only includes the campaign against polio, but also an attack on other crippling diseases, including arthritis, virus diseases and birth defects.

Officers to serve the local chapter during the coming year also will be elected at the meeting.

Premium Lists for Fair July 27-30 Now Being Distributed

Premium lists for the 1959 Pennington county fair, which opens Monday, July 27, for a four day run thru Thursday, are available at local banks and drug stores, it was announced today by J. M. Roche, secretary of the fair board. He added that the booklets have been mailed to former livestock and 4-H exhibitors, and will be mailed to others who request them at his office.

Superintendents of various departments at the fair include Morris Howick, program; Arnt Aune, exhibits; Albert Koop, carnival and concessions; Gordon Hunt, livestock; C. H. Toomey, agriculture; Paul Steimaschuk, and Miss Roberta LeBourveau, 4-H club work; Mrs. A. C. Matheson, rural schools; J. M. He studied at Eastman School of Music in Rochester, New York, in preparation for a concert and operatic career, but an experience in the hospital caused him to change his course to the Lord's service.

Swimming Pool Is Busy Despite Cool Weather Recently

More Beginners Are Now Taking Lessons, Reports Quentin Jones, Director

Despite the recent cool weather, interest in swimming at the Tindolph park beach has continued at a high level, Quentin Jones, waterfront director, stated this week.

He added that more beginners are taking part, and large numbers are moving up into the intermediate class. There have been no drop-outs in lifesaving classes, and an increased number of elementary pupils are learning to swim.

Margie Race is currently working with a dozen girls who have completed their intermediate swimming requirements, and is helping them learn to dive.

A total of 43 beginners' cards had been issued up to Monday, and it is expected this number will be doubled by the end of the week.

Knox school is leading at present in the number of pupils passing the grade school test. Jones expressed the hope that a greater number of grade pupils would take the tests this summer.

Harry Lund to Be Odd Fellows Head

The local Odd Fellows will conduct their semi-annual installation of officers Tuesday evening at their regular meeting. Gole Anderson, district deputy grand master, will be in charge of the installing team.

Harry Lund will be installed as Noble Grand to head the lodge for the coming term. William Frolland will assist as the vice grand.

The district officers, headed by Lawrence Aase, president, announced that the Odd Fellows and Rebekah picnic will be held July 19 at 1 p.m. at Riverside tourist park here. It is planned for pot luck lunch and the Odd Fellows will furnish the ice cream, coffee and lemonade.

Destructive Hail Hits Big Marshall Co. Area

Storm Tuesday Hits Area from Oslo to East Part of County

A disastrous hail storm Tuesday evening destroyed crops in a large area of Marshall county, ranging from Oslo, Alvarado and Warren on the west to Holt, Agdar and East Valley townships north of Thief River Falls on the east.

The Warren Sheaf estimated that damage to crops in the area would be well in excess of $1,000,000, in addition to other damage in the village of Oslo, where there was a great deal of glass breakage caused by hail stones as large as hen's eggs and jagged in shape.

In the three Marshall county townships north and east of Thief River Falls, damage to crops was estimated at from 50 to 100 per cent in a strip two miles wide and extending southeast from a point south of Middle River and two miles east of Highway 59 for a distance of ten to 12 miles.

The hail was accompanied by a stiff wind and a total of 1.6 inches of rain was dumped on the area in a short time. A considerable number of farmers whose crops were destroyed are reported to have carried hail insurance.

Other hail storms Friday night and Saturday caused a good deal of crop damage in Polk Centre and Bray townships in the western part of Pennington county. The damage to some fields in the area was appraised at up to 100 per cent.

Jaycees Assured of Visit Here July 18-19 by Miss Minnesota

Miss Minnesota (Judy Ann Olson of Albert Lea) will visit Thief River Falls during the Jaycee Aquacade July 18-19, it was announced today by Bruce Hall, president of the Junior Chamber of Commerce.

The reigning beauty of the state will be present at the parade Saturday evening and at the coronation of the Aquacade Queen on the bandstand which will be set up on Second st. between Main and LaBree aves. The ceremony has been scheduled for 9 p.m. A free street dance will follow.

Miss Minnesota, an 18-year-old college student at Drake university, is taking courses which will lead to a career in commercial art. Listing her hobbies as water skiing, drawing and golf, the blue-eyed blonde won her title at the Miss Minnesota pageant directed by the St. Paul Chamber of Commerce under the sponsorship of the St. Paul Jaycees. Her appearance here is through the courtesy of the Kiewel Products company, local Pepsi-Cola dealer.

Twenty-six local girls, sponsored by local merchants, will vie for the title of Aquacade Queen to reign over the Saturday evening event and the free Aquacade Sunday.

Boat rides from 11 a.m. to 1 p.m. will open the Sunday activities and a band concert will be presented from 12:30 until 1 o'clock.

The Miss Aquacade boat parade is scheduled from 1 until 1:30 followed by boat races until 2 p.m.

The water ski show, the most thrilling event of the afternoon, will be from 2 until 3:30 with such events as a ski jump elimination, bronco-surf board riding, multiple ski tows and costume numbers.

Swimming events will be from 3:30 until 4 p.m. and boat rides will again be given beginning at 4 o'clock.

Treasurer of Polk Co. Given 7-year Term

Risch Sentenced after Guilty Plea to Embezzlement

Robert E. Risch, 36, of Crookston former Polk county treasurer, was sentenced Wednesday to not more than seven years in the state reformatory for men in Sherburne County.

Risch pleaded guilty Monday before District Judge J. H. Sylvestre to a charge of embezzling more than $39,000 in public funds.

He admitted taking the money over a long period and covering up the shortages in various tax accounts by manipulation of records in his office. He served as Polk County treasurer from 1951 until his resignation last week after state examiners discovered irregularities in his records.

After admitting the shortages and resigning, Risch assisted the examiners in going over his records. The followng day he was charged with embezzlement. He waived examination when arraigned in municipal court and was bound over to district court on $5,000 bonds which he furnished.

After sentencing Wednesday by Judge Sylvestre, Risch was released again on the same bonds and was ordered to report to Polk County Sheriff Carl Knutson at 9 a.m. today to be taken to the reformatory.

Earlier Risch reported that the money taken in amounts from $25 to $300 had been used for living expenses and to pay bills. When he appeared Wednesday for sentencing he made a short statement saying "God willing" he would repay the money he had taken.

Risch, a veteran of World War II, lost a leg in action. He is the father of three small children.

Nearly Inch Rain Here Wednesday

Total of 2.76 Inches to Date During July

July's rains continued this week and the .93 inch recorded at the KTRF weather station Wednesday raised the month's total to 2.76 inches.

Temperatures during the daylight hours this week have ranged from 69 Wednesday to 81 Tuesday and night time lows have ranged from 49 Wednesday to 63 Tuesday.

Wednesday's weather conditions were varied. There were periods when a light jacket was comfortable and, at other times when the sun was shining, the heat was muggy and uncomfortable. By mid-afternoon, clouds had built up in the west and rain began to fall about 5 p.m.

Occasional cloudiness with widely scattered light showers and little temperature change have been predicted for today but fair skies have been promised for tonight. Fair and a little warmer are expected tomorrow.

The high expected today is from 68 to 75 and the low tonight from 48 to 55.

FOUR-CENT FLAG STAMP ON SALE AT TRF POSTOFFICE

A red, white and blue four-cent postage stamp depicting the American flag with its 49 stars following the admission of the new state of Alaska to the union, went on sale last week-end at the Thief River Falls postoffice.

Local Legion Post Is Given Citation for Child Welfare

Minnesota Department Honors T. R. Falls Post for 2d Consecutive Year

Ecklund - Holmstrom American Legion post received a statewide special citation for the second consecutive year recently for its work in child welfare. Membership of the post was informed of the honor at the July meeting Tuesday evening.

The Minnesota department awarded the citation to the local post through its past commander Ormond Johnson. It states that the work done by the post places it at the top of the many posts in the state. Chairman of the child welfare committee during 1958-59 was John Eisbrener.

In other action Tuesday the membership voted to organize a rifle drill squad. Any Legionnaire interested in serving is invited to take part.

Post Commander C. W. Rodekuhr also accepted with thanks the offer of the J. C. Penney store to donate 49-star flag kits to the post. These kits will be made up and offered for sale by members and money raised will be used to assist in payment for dugouts at the local baseball field.

The members were also reminded of the special show and dance to be held at the American Legion club on Saturday evening with special entertainment to be provided by Berk and Arlene Baker of Winnipeg.

S/Sgt. Bernard Gundell and A1/c Ted Gagnan of Sioux City, Iowa A.F.B. were overnight guests Monday at the home of Donald Longevan. They were enroute to the jet interceptor base at Glasgow, Montana.

Merchants Plan 'Crazy Days' Fete Starting July 16

Stores Cooperating in 3-day Bargain Festival; Sidewalk Sale July 17

Final plans are now being made for "Crazy Days," Thief River Falls' annual mirthquake of bargains and frivolity.

The three-day celebration, scheduled for July 16-18, will feature special values in seasonal merchandise sold by merchants and their employes dressed in novel costumes. The popularity of the event was evidenced last year by the large number of shoppers who crowded stores and city streets.

The Chamber of Commerce has urged all store proprietors and employes to cooperate in the project which has been designed for the entertainment of city residents and visitors.

Highlight of the celebration will be the street sale Friday, July 17, when tables piled with merchandise will be placed on the sidewalks for the convenience of shoppers.

Northwest Farm Bureau Women to Meet Here July 14

WED IN MPLS Mr. and Mrs. Jack Buck, nee Jane Bennes, are making their home in St. Louis Park. They were united in marriage June 13 at the Gethesmane Episcopal church in Minneapolis.

Jane Bennes Is Married To Jack Buck June 13

Before an altar banked with ferns, white roses and candelabra nuptial vows were exchanged by Jane Bennes, daughter of Mr. and Mrs. L. N. Bennes of this city and Jack Buck, son of Mr. and Mrs. W. Buck of St. Paul, Saturday, June 13.

The ceremony took place in Gethsemane Episcopal church in Minneapolis at 8 p.m. and was officiated by Rev. C. Coykendal. Mrs. H. Hanson was at the organ while Miss Betty Linden served as vocalist.

The bride was given in marriage by her father. Her princess style gown of embroidered silk organza over taffeta and net featured a bodice of embroidery and pearls and ended in a chapel train. A queen's crown of pearls held her ballerina length veil and she carried a white prayer book topped by a white orchid and streaming stephanotis.

Mrs. Donald Fritsch, sister of the bridegroom, was matron of honor, while bridesmaids were Patricia Wold, Mrs. Bradley Johnson, Mrs. Roger Appledorp and Mary Bennes. They were attired in identical gowns, ballerina length, of white embroidered nylon over blue taffeta and net with white accessories. They carried salmon and pale pink cascades of geraniums.

The bridegroom was attended by his brother-in-law, Donald Fritsch as best man, with James Bennes, brother of the bride, Edward Stafford, Peter Voth and Norman Ackert, friends, as groomsmen. Ushers were Jim Nunn and Paul Ossman.

Immediately following the ceremony a reception was held at the Solarium room in the Curtis Hotel for approximately 175 relatives and friends. A tall silver epergne featured two silver angels, filled with white roses and ferns, formed the centerpieces for the reception table, with ferns and white rosebuds bordering the sides. The three-tiered colonnade cake was toped with white bells and edged in white roses. Music for the evening was provided by a stringed trio.

Mrs. Robert Brown registered the guests with Mrs. Otis Wold and Mrs. Hans Chommie, both of Thief River Falls, Mrs. H. Pratt, Mrs. John Malonberg and Mrs. Charles Shelgren, aunts of the bride, pouring.

Mr. and Mrs. W. Buck entertained the bridal party in the Evergreen room at the Curtis Hotel Friday evening.

Following their wedding trip to the Black Hills, the couple are making their home in St. Louis Park. The bride is employed at the Methodist hospital there and the bridegroom is attending the Engineering school at the University of Minnesota.

Mrs. Buck is a 1954 graduate of Lincoln high school and 1958 graduate of Hamline university School of Nursing.

L. Korupps Are Honored At Lockhart

Mr. and Mrs. L. Korupp of Lockhart, former residents of Thief River Falls, were honored at an open house Sunday, June 28, at the First English Evangelical Lutheran church of Lockhart in observance of their golden wedding anniversary.

Rev. Eugene Roesler of Browntown, Minn., gave the anniversary address at the 2 p.m. program with music being provided by Evonna, Clifton and Bonnie Bilker and Mrs. Arnold Hammer of Thief River Falls. Mrs. Alvin Bill was at the organ. Rev. Donald Fredine gave the altar service and the history and Arnold Korupp responded with thanks on behalf of the family.

A four-tiered anniversary cake and gold candles centered the reception at which there were approximately 140 relatives and friends. Mrs. L. Peterson and Mrs. Alvin Bill cut and served the cake while Mrs. J. W. Merkins poured. Mrs. Duane Foster was in charge of the guest book and gifts and Mrs. Rolland Felske served as hostess. Duane Foster and Rolland Felske were ushers.

Guests from Roberts and Centuria, Wis.; Ray, Williston, Ardoch, Grafton, Grand Forks, N. Dakota; New Ulm, St. Paul, Lake City, Plummer, St. Hilaire, Browntown, Greenbush and Thief River Falls attended the anniversary celebration.

Janice Darlene Olson, daughter of Mr. and Mrs. John R. Olson of Newfolden became the bride of Willis John Grochow, son of Mr. an Mrs. Willis Grochow of Argyle, Saturday, June 27 in Newfolden.

The double ring ceremony was performed at 8 p.m. by Rev. Eldor Oscarson at the Bethlehem Lutheran church of Newfolden. Mrs. Wayne Waller was at the organ, playing the nuptial music and accompanying Janice Olson as she sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of white nylon lace over taffeta, featuring a V-neckline and cap sleeves. Her fingertip veil was held in place by a jeweled crown and she carried a cascade bouquet of pink sweetheart roses. Her pearl necklace was a gift of the bride groom.

Mrs. Arnold Everson of Grand Forks, was her sister's matron of honor, wearing a floor length gown of pink nylon lace over taffeta and a matching pink net headband. She carried a bouquet of pink sweetheart roses.

Bridesmaids were Mrs. Lawrence Haglund of Greenbush, sister of the bride and Mrs. Joe Horejsh of Thief River Falls, sister of the bridegroom. They were attired in floor length gowns of pink, similar to that of the matron of honor, with white headbands, and carried bouquets of pink sweetheart roses.

Loretta Haglund of Greenbush, niece of the bride, and Linda Grochow of Warren, niece of the bridegroom, were flower girls. Their gowns were of blue dacron with pink headbands and they carried baskets of roses. Gary Evenson of Grand Forks, nephew of the bride, was ring bearer.

Carroll Grochow of Argyle, brother of the bridegroom, was bestman with Donnie Grochow, another brother and James Olson, brother of the bride, as groomsmen. Ushers were Arnold Everson, a brother-in-law of the bride and George Grochow, brother of the bridegroom. All gentlemen of the bridal party were attired in white dinner jackets, black trousers and pink carnation boutonniers.

For her daughter's wedding Mrs. Olson, chose a blue and white dress with white accessories while Mrs. Grochow wore a blue and white dress with white accessories. Their corsages were of pink and white carnations.

Following the ceremony a reception was held in the church parlors. Mrs. Jerome Potucek, cut and served the wedding cake while Mrs. Jim Bolin and Mrs. LeRoy Strand, poured. WED AT ST. HILAIRE Walter Wiskow and his bride, the former Elinor Gustafson, will make their home in Minneapolis following their honeymoon trip. They were married Sunday, July 5 in St. Paull church in St. Hilaire. Photo by Kavanaugh.

Elinor Gustafson and Walter Wiskow Wed Sunday

Before an altar graced with yellow gladioli and white carnations and lighted candelabra, Miss Elinor Gustafson, daughter of Mr. and Mrs. Gust A. Gustafson of St. Hilaire became the bride of Walter Wiskow of Minneapolis, son of Mr. and Mrs. Walter J. Wiskow of Strathcona, Sunday, July 5.

The double ring ceremony took place at 8 p.m. in the St. Paull church at St. Hilaire. Dr. Walter M. Pedersen officiated at the rites, with Faye Torkelson of rural Thief River Falls at the organ. Mrs. Clarence Weckwerth, friend of the bride sang "Savior, Like a Shepherd Lead Us," "Wedding Prayer," "O Perfect Love," during the exchange of rings, and "The Lord's Prayer," as the couple knelt at the altar.

Entering in on the arm of her father, the bride was attired in a floor length gown of silk organza over tulle and taffeta. It featured a sabrina neckline on the fitted bodice and long sleeves which came to a point at the hand and a chapel train. Lace applique accented the neckline and points on the sleeves as well as panels of the full bouffant skirt. Her fingertip veil fell from a pearl crown and she carried a shower bouquet of white carnations, yellow roses centered by a lavender orchid.

Mrs. Erling Lundeen of Goodridge, sister of the bride, was matron of honor, while bridesmaids were Mrs. James Kolden of Minneapolis and Marilyn Matson of Grand Forks. They wore identical street length dresses of lilac nylon blend, featuring sweetheart necklines, cap sleeves and a full skirt. The maid of honor carried a basquette of yellow roses and white and lavender carnations, while the bridesmaids carried basquettes of yellow roses and white carnations.

Little Lana Lundeen, niece of the bride of Goodridge, dressed identically with the other attendants, was flower girl. She carried a basket of yellow roses and white carnations. Rory Wiskow of Roseau, nephew of the bridegroom, was ring bearer.

Wallace Wiskow of Minneapolis, twin brother of the bridegroom, was best man with James Kolden of Minneapolis, friend of the bridegroom, and Cordell Wiskow of Strathcona, another brother, served as groomsmen. Ushers were Erling Lundeen, brother-in-law of the bride, and Harley Gilthvedt of Auburn, Wash., brother-in-law of the bridegroom.

For her daughter's wedding, Mrs. Gustafson chose a beige jersey sheath dress with beige accessories while Mrs. Wiskow wore a gray and white nylon dress with white accessories. Their corsages were of yellow roses and white carnations. Mrs. Emma T. Peterson of Sacramento, Calif., grandmother of the bride, was also presented with a corsage.

Approximately 160 relatives and friends attended the reception held in the church parlors following the ceremony. A four-tiered wedding cake, baked and decorated by the bride's mother, centered the serving table. Mrs. Anton Torkelson, friend of the bride's family, served as hostess, while Mrs. Marshall Wiskow of Strathcona and Mrs. Edwin Nelson of St. Hilaire, aunts of the bridal couple, cut and served the wedding cake. Mrs. Hildur Lian of Thief River Falls, aunt of the bride, and Mrs. Marshall Wiskow aunt of the bridegroom, poured, while waitresses were Judy Bredeson, Corinne Torkelson and Carmen Lokken of Thief River Falls, Marlys Amren of Cloquet and Carol Rude of Minneapolis.

Others assisting were Mrs. Theo Bjorge, Mrs. Carl Alberg, Mrs. Orville Rolandson, Mrs. Norman Nelson, Mrs. Clarence Arneson and Mrs. Olga Konickson.

At the guest book was Mrs. Harley Gilthvedt of Auburn, Wash., sister of the bridegroom, while Mrs. Lyle Wiskow, Mrs. LeRoy Wiskow and Mrs. Wallace Wiskow, all sisters-in-law of the bridegroom, were in charge of the gift table.

For going away the bride chose a black sheath dress with a black and white checked jacket and white accessories and the orchid from her bridal bouquet. Following their honeymoon trip to the North Shore Drive, Mr. and Mrs. Wiskow will make their home in Minneapolis.

The bride is a graduate of Lincoln high school, class of 1958, and has been employed at the Boeing Aircraft plant at Renton, Wash. Mr. Wiskow is a graduate of Greenbush high school, class of 1955, and the Aakers Business college in Grand Forks. He is employed by Archer Daniels Midland in Minneapolis.

Relatives and friends from Sacramento, Calif., Bismarck, N. D., Alexandria, Greenbush, Thief River Falls, Roseau, Badger, Minneapolis and Grand Forks, N. D. attended the wedding.

Youth Injured in Car Mishap Today

Dale Glass Sustains Fractured Clavicle

One local youth is in Northwestern hospital and another was treated and released following an accident today at 4 a.m.

Dale Glass, 20, 515 Duluth ave. N., is being treated for a broken clavicle and the driver of the 1955 pickup truck, James Arneson, 20, 509 Duluth ave. S., was released following treatment for multiple bruises on his back, a leg and around the mouth.

According to the sheriff's office, the youths apparently fell asleep one mile north of St. Hilaire as they were driving toward Thief River Falls on Highway 32. From the point where the pickup first left the road until it came to rest in the ditch, a distance of over 600 feet was measured. Indications were that unsuccessful attempt was made to steer the pickup back onto the road. The vehicle rolled over once before it came to rest.

Mrs. Hilda Flann Succumbs; Rites Set for Today

Mrs. Hilda Flann, pioneer resident of this community, died Monday evening at Northwestern hospital at the age of 84.

Funeral services will be held today, Thursday, at Zion Lutheran church with Dr. Walter M. Pedersen officiating. Interment will be made in Rindal cemetery. The body will lie in state at the church one hour before time of services. The Green funeral home is in charge of arrangements.

Hilda Flann was born at Willmar, Minn., in 1875, there she grew to womanhood and baptized and confirmed in the Lutheran faith. She was united in marriage to Ole Flann in 1895 at Willmar, where they made their home until 1904 when they moved to Rosewood. They farmed for several years and also spent several years in Thief River Falls.

Surviving are eight children: Mrs. Oscar (Ruth) Arras and Mrs. Olaf (Hazel) Eide, both of this city; Ibsen, Marshall and Arnold, Betty Love and Mrs. Eddie (Harriet) Wiese, all of Milwaukee, Wis.; and Morris of Minneapolis; also 20 grandchildren and 19 great-grandchildren and two sisters, Minnie Wildberger of California and Jennie Carlson of Washington.

She was preceded in death by her husband and two grandchildren.

SPEAKER Ramnath Jonathan Maraj, graduate of Prairie Bible Institue, will be the speaker at services each evening at 8:30 p.m., July 13-17, in Our Saviour's Lutheran Church, 403 St. Paul Ave. S., Rev. Lynn Luthard, pastor, announces. Later this year Mr. Maraj will leave for India as a missionary under the World Mission Prayer League. The public is invited to hear him.

Last Rites For Albert H. Priebe This Afternoon

Funeral services for Albert Herman Priebe will be held today, Thursday, at 2 p.m. in St. John's Lutheran church, Rev. A. C. Seitz will officiate, with interment to be made in the Clearwater cemetery. The Sinding-Gulbranson funeral home is in charge of arrangements.

Mr. Priebe died Sunday, July 5, at Fergus Falls at the age of 81. He was born in Germany April 19, 1878, came to Owatonna, Minn., with his parents at the age of seven, where he attended school and grew to manhood. He came to the Plummer vicinity in 1910 and farmed until 1920 when he moved into Plummer and was employed by the Soo Line until 1935 and since that time he lived in Thief River Falls.

He was united in marriage March 1, 1922, to Roseall Glewwe at Plummer. He was a member of St. John's Lutheran congregation and was employed several years by Land O'Lakes.

Surviving are his wife, one sister, Mrs. Louise Lindesmith of Owatonna, and several nieces and nephews. He was preceded in death by five sisters and three brothers.

20 Cases Brought in to City Court Monday

Twenty cases, a majority of them involving liquor, were handled in the Monday, July 6, session of municipal court.

Five cases were brought by the highway patrol. Edwin H. Magnusen, rt. 1 Middle River, was convicted of careless driving and his $30 bond was forfeited. Martin C. Peterson of Stephen paid a $35 fine and $1 costs for having an open bottle in a motor vehicle and also paid a fine of $10 and $1 costs for being drunk on the highway. Thomas E. Zaucha and Frank F. Zaucha of Stephen both paid $10 fines and costs of $1 for being drunk on the highway.

Two cases were brought into court by the sheriff's office. Joseph E. Larson, Middle River, forfeited a $125 bond on a charge of driving while intoxicated and Orlin O. Lerol, city forfeited a $16.50 bond on a charge of having an open bottle in a motor vehicle.

Thirteen cases were brought into court by city police. Lyle D. Groslie, city paid a fine of $20 and costs of $4 on a charge of drinking by a minor and also paid a fine of $15 and costs of $4 on a charge of possession of beer by a minor.

Audry L. Johnson, city paid a fine of $25 and costs of $4 on a charge of having an open bottle in a motor vehicle and also paid $15 and costs of $1 for possession of beer by a minor.

Dennis E. Quam, Seattle, Wash. paid a $10 fine and $4 costs on a charge of drinking by a minor and also paid $10 and $4 costs for possession of beer by a minor.

William C. Bothmen, rt. 1, Plummer, charged with running through a red light, paid $4 in costs but a $10 fine was suspended. Earl R. McGregor of Radium forfeited a $15 bond on a charge of running through a stop sign. McGregor also forfeited a $15 bond on a charge of having an open bottle in a motor vehicle.

Gerald Aasen, city and Lawrence M. Larson, Bemidji, both paid fines of $25 on charges of fighting.

The $30 bond of Roger J. Wierman, rt. 1, Kewasum, Wis., was forfeited after he was charged with driving after the revocation of his driver's license and Carl O. Nygaard, city, forfeited his $30 bond on a charge of careless driving.

Error Is Made in Published Record of Council Action

In the official council proceedings in the Times covering the meeting of June 16, it was erroneously reported that the council had approved a payment of $21,000 to Victor M. Besancon for work done on the comfort station in Riverside park. The correct figure was $2,100.

Warren Man Fined for Drunk Driving

Two Car Mishaps Reported by Police Since Monday

Emil Slusar, rt. 3, Warren, was fined a total of $115 and costs of $9 in municipal court Tuesday on two charges.

Slusar, brought into court by city police, was fined $100 and assessed $5 costs on conviction of a charge of driving while intoxicated and $15 and $4 costs on a charge of having an open bottle in a motor vehicle.

Two automobile accidents have been reported by police this week. Tuesday, a car driven by Oleander Uglem of Goodridge was pulling out of a parking space on Main av. N., just north of Third st., when it was struck by one driven by Mrs. Della Kjensrud, city, who was driving south on Main. Damage to the Uglem car was listed at $15 and to the Kjensrud car at $65.

At 4:30 p.m. Wednesday, July 8, two cars were involved in an accident on the Red Owl parking lot. Mrs. Paul Wendt, city, had pulled out of a parking space and had started forward when her car was struck on the left door by a car driven by Mrs. Kalvin Sylvester, Donaldson, who was backing out of a parking space. A preliminary damage estimate of the Wendt auto damage was set at $50. No damage was done to the Sylvester car.

Rotary Club Views Automobile Movie

Depicts Development of Highway Transportation

"The Old Road," a movie of the development of motor transportation and its effects on the United States, was shown at the regular Monday noon meeting of the Rotary club.

The film, prepared by the Ford Foundation, traced the growth of the automobile industry from the first "horseless carriage" through the beginning of the assembly line to the present-day vehicles.

The meeting, the first in the new Rotary year, was under the guidance of Jarvis Prichard, vice-president, in the absence of I. T. Mickelson, president. The year-end financial statement was read and approved.

Don Lawrence, fieldman for the Soil Conservation Service, will be the guest speaker at the July 13 meeting.

Card Of Thanks

We wish to express a sincere thank you to our friends, neighbors, and relatives for their kindness and sympathy expressed in so many ways at this time of deep sorrow when our dear husband and father was so suddenly taken from us. Thank you for all the comforting letters, cards, the memorials and for your prayers. Thanks to the many who brought food and to those who served in the church. Thanks you to Dr. A. E. Carlson for his help and to Pastor and Mrs. Oscarson for their spiritual help. We also wish to thank O. S. Green, the pallbearers, Mrs. Alton Carlson who played the organ and to Lester Elseth and Harvey Dyrud for their songs. We are grateful to Pastor Oscarson for his comforting and challenging message, also to Pastor Ronning, Pastor Bentsen and Pastor Myhrer for their words of strength and comfort.

We fail to find words to express how much your thoughtfulness and your prayers have meant to us at this time. We could not help but feel that "Jesus Cares". May God bless each one of you. We are praying that dad's sudden going will bring rich blessing into our lives and into the lives of those who knew him. Thank you. Mrs. Albert Gudim and family. 1155c

Card Of Thanks

We wish to express our sincere thanks to our children and our many relatives and friends for the gifts and money given to us on our 31st anniversary. Also a special thank you to all the hostesses.

21 Entries in Stock Car Races on Sunday

A field of twenty-one cars participated in the well-attended program of stock car racing at the speedway west of town on Sunday night. Considering the inclement weather that had prevailed on Friday and Saturday, the track was in excellent condition, and the fans were treated to some first-rate racing competition.

Don Joppru, driving car number 34, featured the evening's program, winning the twelve-car consolation event and the eighteen-car feature event.

Other first place winners were Spud Manning in the first heat, Bob Reopelle in the second heat, and veteran Bruce Kramer in the trophy event. Dale Sevre, with a time of 20.7, won the time trials.

In the Class C competition, Morris Thune won first place honors, with John Dicke the runner-up.

Another program of racing under the lights is on the schedule for Sunday, July 12. Racing to begin at 8:30 P.M.

The summaries:

Time trials—Dale Sevre, 20.7; Jim Pierce, 21.1; Milt Jorgenson, 21.4; Duane Sevre, 21.5; Don Joppru, 21.7; Jon Mach, 21.9; Spud Manning, 22.0; LeRoy Whitson, 22.0; Bruce Kramer, 22.2; Earl Spilum, 22.2; Bob Jerick, 22.3; Bob Reopelle, 22.4; Arnie Henson, 22.4; Morris Thune, 22.6; Fritz Larson, 22.8; Gene Driscoll, 22.8; Dale Goimanson, 22.9; Lee Gustafson, 23.0; John Cheng, 23.7; Dick Hogto, 24.2; and Jerry Johnson, 25.0. Class C cars—Morris Thune, 22.7; Ralph Wilde, 23.2; John Dieke, 23.7; and Lyle Bjorge, 23.2.

First heat—won by Spud Manning; 2nd, Dale Sevre; 3rd, Bruce Kramer.

Second heat—won by Bob Reopelle; 2nd, Jerry Johnson; 3rd, Fritz Larson.

Trophy event—won by Bruce Kramer; 2nd, Bob Reopelle; 3rd, Fritz Larson.

Legion Jrs. Trim Twin Valley 8 to 1

Crookston Juniors Play Here Tonight at 6:30

Coach Ralph Skay's American Legion junior baseball squad lifted their season's record to .500 mark on Monday evening when, in a game played at Twin Valley, they defeated the Twin Valley juniors, 8 to 1.

Righthander Arlan Hjelle, who hurled the seven innings for the locals, gave up but two hits. The locals, held to but four hits by righthanders Phil Peterick and Mickey Holen, took advantage of several costly misplays by the Twin Valley infield and some "loose" catching.

This week the locals have a "heavy" schedule, meeting two of their strongest rivals, Crookston and Bemidji. On Thursday evening, in a 6:30 P.M. game, coach Jerry Lindell will bring his Crookston junior club here for a game on the Fair Grounds diamond.

On Saturday evening, July 13, the locals will travel to Bemidji for a 6:30 P.M. game against the Bemidji juniors. And Monday evening, July 13, the Fosston juniors will play the locals on the Fair Grounds diamond.

The line score:		R.	H.	E.
T. R. Falls	430 001 0	8	4	2
Twin Valley	100 000 0	1	2	5

Batteries—Hjelle and Wegge, McSkelly and J. Aune, Peterick, Holen and Bergeron.

Midget Ball Club Bows to EGF 10-7

Wednesday's Game with Goodridge Is Postponed

Coach Larry Gilbertson's Eagle midgets baseball team dropped a 10 to 7 decision to the East Grand Forks midgets on Tuesday morning at East Grand Forks. The win gave the East Siders an even split in their two-game series with the locals as coach Gilbertson's club scored a 4 to 3 win over East Grand Forks in a game played here last week.

The locals had been scheduled to play the Goodridge midgets on the Fair Grounds diamond Wednesday afternoon, but wet grounds forced the postponement of the game.

The locals, weather and playing conditions permitting, will be playing the Red Lake Falls midgets at Red Lake Falls this morning, Thursday.

Wednesday, July 15, 8:30 P.M.
All-Stars vs. Bums at T. R. Falls

In spite of threatening weather and wet grounds, a pair of games were played Sunday on the Pen-Ro-Shall league schedule. The league-leading Bums, with Freddy Jensen hurling 3-hit ball, shut out the Greenbush club, 7 to 0. And the Badger team moved into the win column by scoring a 17 to 7 win over the Plummer Red Sox in a game played at Badger.

At a league meeting held here on Tuesday evening it was decided to hold an All-Stars vs. the league-leading Bums game to be played on the Fair Grounds diamond on Wednesday night, July 15, at 8:30 P. M.

Julian (Curly) Gasperlin of the Goodridge team will manage the All-Stars, and he will select his starting lineup from the following roster of players: catcher — Peterson of Grygla, Westerlund of Plummer, and Westland of Greenbush; first baseman—Hendrickson of Grygla and Rolandson of Goodridge; second baseman—Dan of Greenbush; shortstop — Breznay of Goodridge and Anderson of Greenbush; third baseman — Modahl of Badger and Stengel of Plummer; outfield — Anderson of Badger, Toulouse of Plummer, Tiegland of Grygla, Lockhart of Badger and Gasperlin of Goodridge; and pitcher—Vraa of Goodridge, Gustafson of Greenbush, and Elmer and Ron Christofferson of Badger.

Play Continues in Softball League During Past Week

Bums Defeat VFW 17-16 in High-scoring Game Last Thursday Evening

City Softball League	Won	Lost	Pct.
Bjorkman's	5	1	.833
Bridgeman's	3	1	.750
Hamm's Beer	3	1	.750
Bums	2	1	.667
Len's Tire Service	3	2	.600
Sportsman's Store	2	4	.333
V.F.W.	1	5	.167
Dow-Key Company	0	6	.000

Results of the week's games:
Sportsman's Store, 12, vs. Dow-Key, 8.
Bums, 17, vs. V.F.W., 16.
Bjorkman's, 9, vs. V.F.W., 0.
Hamm's Beer, 7, vs. Sportsman's Store, 6.

The week's schedule:
Thursday, July 9—
Bridgeman's vs. Dow-Key
Monday, July 13—
Len's Tire Service vs. Bjorkman's
Tuesday, July 14—
Sportsman's Store vs. V.F.W.
Wednesday, July 15—
Hamm's Beer vs. Dow-Key
Thursday, July 16—
Bridgeman's vs. Bums

The week's play in the city softball league found a pair of one-run decisions being entered into the record book. In a high-scoring tilt played last Thursday evening, the Bums outlasted the V.F.W. to mark up a 17 to 16 triumph.

In an exciting game played on Tuesday evening, the Hamm's Beer team squeezed by the Sportsman's Store, 7 to 6. The Sportsman's Store team had the tying run on third base with two men away, but reliefer George Janssen retired the Sportsman's batter on a ground ball to the second baseman to snuff out the rally. The Sportsman's squad, trailing by a 7 to 3 score, notched three runs in the final frame before big snap-balling Janssen came in to relieve Hamm's starter Glen Genje.

In other games played during the week, Bjorkman's, in a 9 to 0 shut out of the Dow-Key squad, gained first place in the league standings. Last Wednesday evening, the Sportsman's Store scored a 12 to 8 win over Dow-Key.

This week's feature tilt could well be the Len's Tire Service team meeting the Bjorkman's on Monday evening, July 13.

Another game that will be watched with interest is the Bridgeman's vs. Bums tiff Thursday, July 16.

Cass Lake Team 1st in No. Minny Loop

Defeat Winger Tigers Sunday by 12 to 1 Score

Northern Minny League	Won	Lost	Pct.
Cass Lake	6	2	.750
Thief River Falls	5	2	.714
Bagley	5	3	.625
Winger	3	4	.428
Fosston	3	4	.428
Erskine	2	3	.400
Eldred	0	6	.000

Results of the week's games:
Cass Lake, 7, at Bagley, 1.
Erskine, 0, at Fosston, 6.
Bagley, 14, at Eldred, 1.
Winger, 1, at Cass Lake, 12.

Schedule, Sunday, July 12
Fosston at Cass Lake (afternoon)
Thief River Falls at Bagley (night)
Winger at Erskine (night)

Russ Smith's Cass Lake team moved into first place in the Northern Minny league standings this week as their nifty southpaw, Jerry Daniels, pitched a pair of low-hit victories.

In the playing off of a postponed game at Bagley, Daniels held the defending playoff champions to one hit as Cass Lake posted a 7 to 1 win. And on Sunday afternoon, at Cass Lake, the Winger Tigers were tamed by a 12 to 1 score.

In the other games on Sunday's slate, the Erskine Merchants, for the second successive game, were whitewashed as they dropped a 6 to 0 decision to Fosston in a night game. Bagley, playing at Eldred, defeated the cellar-dwelling Eldred club, 14 to 1.

This week's schedule will be highlighted by the Thief River Falls vs Bagley game at Bagley on Sunday night. In a first round game between the two teams, played at Thief River Falls on May 21, the Thieves, scoring three runs in the 8th inning, defeated Bagley, 5 to 4.

The remaining games on Sunday's bill will find the Winger Tigers meeting Erskine at Erskine in a night game, and Fosston meeting league leading Cass Lake team at Cass Lake in an afternoon tilt.

Where Are They Now?

On Monday we recited the list of Prowler athletes who gained recognition by being selected to an all-state tournament squad in competition sanctioned by the Minnesota state high school league. And we have been queried as to where these boys are now.

A brief calling of the roll reveals that John Chommie is a professor of law at Miami university in Coral Gables, Florida. And Wendell Kielty is proprietor of the Kielty Motors in Grand Forks. That takes care of the 1932 all-staters.

The 1938 cage all-staters finds Roy Lee residing here, being a second ward alderman and associated with the Lee Plumbing and Heating company; and Loren (Bones) Stadum in education at Coleraine, Minnesota, being on the faculty of Greenway high school.

The 1945 Prowler hockey trio of Bob Baker, Jim Doyle and Wes Hovie are scattered nation-wide. Baker is employed with IBM in Rochester, Minnesota; Doyle is teaching in Fort Lauderdale, Florida; and Hovie is teaching in Washington state. It is reported that Baker, after being out of hockey for a couple of seasons, will, if he gets the okay of his doctor, rejoin the Rochester Mustangs of the Central league.

Jack Erickson, a hockey all-tournament choice in 1951 and 1952, is in California, being employed in the Santa Monica area.

Marv Jorde of the 1954 Prowler hockey champions graduated from the University of Minnesota, where he was a hockey letterman, this spring, and is now working in the Cities. He will perhaps move into education, hoping to obtain a teaching and coaching position. Mike McMahon is attending the University of North Dakota, and will be in his senior year. John (Jack) Hoppe is spending the summer here in town but he, along with 1956 all-stater Jack Poole, will be leaving for Green Bay, Wisconsin, this fall. The two are members of coach Johnny Mayasich's Green Bay Bobcats.

Joey Poole at UND

Joey Poole, all-state choice in 1954-55, will attend the University of North Dakota where he has one semester of study remaining before he graduates. Joey, a valued member of the NCAA hockey champion North Dakota Sioux last season, has completed his college hockey eligibility.

Duane Glass, a 1956 all-state defenseman, is employed with the Shell Oil company in Minneapolis.

Glenn Carlson, an all-state hockey and baseball selection, is attending the University of North Dakota, and this summer he is playing first base with the Northern Minny league Thieves.

Dale Wennberg, named to last season's all-state hockey squad, is, of course, residing here in town, and he has another year of high school play remaining.

Gene Weckwerth, the most recent addition to the Prowlers' all-state roster, just graduated from high school, and is living at home.

The Second Guessers

The fans who were in the Knight avenue bleachers on Tuesday afternoon were unanimous in their opinion that Casey Stengel was guilty of an error in judgment when he removed shortstop Luis Aparicio from the American league lineup in the eighth inning.

At the time, the American league held a 4 to 3 lead, had the bases loaded, two out, and a pinch-hitter was sent in to bat for the Chicago White Sox infielder.

It is the concensus of baseball experts that Aparicio is the finest defensive shortstop in all baseball, and he is rated as one of the all-time greats as a glove man. And his removal from the lineup proved costly, for in the last half of the 8th inning, National leaguer Ken Boyer slapped a ground single past Gil McDougald that just skipped past the outstretched arm of the Yankee shortstop; and a moment later Henry Aaron bounced another ground single through shortstop. Aparicio probably would have gathered in both ground balls.

But there is no second guessing that the National league's rangy righthander, Don Drysdale, was the game's outstanding star. His cross-fire delivery, and his tremendous speed, had the American league batsmen back on their heels during the first three innings. Drysdale hurled hitless and runless ball during this three-inning stint.

Well, it was 5 to 4 for the Nationals, and all because of Stengel.

Russian Farmers May Yet Pass U. S. Output, Says 'U' Economist

Americans shouldn't sneer at Russia's claims that she can overtake U.S. farm production.

The fact is, she could well catch up with U.S. per capita output of butter and other dairy products in the near future, according to a University of Minnesota agricultural economist.

However, in hog production—and particularly in beef—the Soviets lag far behind and probably won't match American consumption levels for years to come.

Philip M. Raup made these predictions Tuesday during the noon session of the annual Field Day at the Southern Experiment station in Waseca.

Raup spent a month in Russia late last summer, on a study tour sponsored by the Hill Family foundation. He visited collective farms in the Ukraine, Siberia and other areas of the country and talked with Russian agricultural officials.

He pointed out that Russia already exceeds us in total tons of dairy production, but not in per capita output.

He stated that dairy breeding work in Russia is ahead of that in beef and hogs. "But they are poorly equipped to handle much milk in fresh liquid form, so much of the increase will go into butter."

While butter consumption per person has declined to low levels in the U.S., Raup said Russians put a particularly high value on butter, as they do on any fat product.

In general, the economist said, livestock farming in the USSR is far behind grain production; they already claim to produce twice as much total wheat at the U.S., but only 40 per cent as much meat.

Raup noted several reasons for the Russian lag in livestock: poor forage harvesting equipment, slow progress in beef cattle breeding and antiquated hog production techniques.

"Russians still put the emphasis on the fat-type hog," he said. "Fat pork still sells for about 25 per cent more than lean pork in Moscow stores that I visited." He added that Russians feed hogs to older ages and extremely heavy weights—a practice uncommon in the U.S since World War II.

Raup warned, however, that "with the kind of central control Russians have, and the speed with which they can force changes on farmers, it would be a mistake to underestimate their ability to move ahead."

Tips on Exhibiting Vegetables at Fair

'U' M. Horticulturist Offers Suggestions

Tasty garden vegetables will soon be fair exhibits.

According to one Minnesota State Fair judge, it's important not only to pick quality vegetables, but also to prepare them properly for exhibition.

The following vegetables grooming tips come from O. C. Turnquist, extension horticulturist at the University of Minnesota.

Cabbage should have two or three outside wrapped leaves around the head. Don't trim too much.

Carrots and other root vegetables should be topped 1½ to 2 inches above the crown. Trim tap roots of beets so they are 1½ inches long.

Sweet corn should be exhibited in the husks. Remove the outer husk and trim the shank short, allowing the inner husk to remain.

Tomatoes should be exhibited uniformly ripe, with the stems removed.

Peas and beans should be exhibited in the pod without removing the small stem at the end of each pod.

Onions should not be peeled too much. A hard, dry outer skin should remain.

Vegetables for exhibit should be high in quality, clean and free of defects. Lightly wash, don't scrub, potatoes and root crops.

Check the fair premium list carefully to see that you have the proper number of samples.

Fair at Fosston to Start Friday

Annual Livestock Show Set for Saturday Night

Annual East Polk county fair will open Friday in Fosston for a three-day run. Entry day has been slated for today.

Featured Friday evening in front of the grandstand will be a special 4-H program, with the crowning of the East Polk County style review queen. Bonita Christianson, new Northwest Dairy Princess, is expected to be present to crown the queen. Marlo Shows will follow the program.

Friday afternoon has been designated as children's day, when all rides will be available to children at a reduced rate.

Annual livestock show will be held Saturday evening, with Marlo Shows to follow, in front of the grandstand.

Four grandstand shows will be given by the Marlo company, with one each night and a matinee on Sunday. On the midway will be North American Shows.

Masons Arrange Picnic July 12 at Walhalla, N. Dak.

Masons and their families are expected to gather in large numbers for their annual afternoon religious service and family picnic at Walhalla's Riverside Park and the traditional eve-ning meeting on Masonic Lookout Point. Grand masters of Masons in Manitoba and North Dakota will head large delegations of grand lodge officers who will attend the meeting Sunday, July 12.

Gordan L. Paxman of Hamilton, deputy grand master of the grand lodge of North Dakota and chairman of its Lookout Point commitee, is in general charge of the program for the day, which includes a religious service at 3 o'clock (CTS) followed by the family picnics in Riverside park. All families and friends of Masons are invited to the afternoon events.

AT FAIR HERE The Balabano Duo, one of the country's leading accordion acts, will be featured in the show to be presented in front of the grandstand at the Pennington county fair July 27 to 30, performing the last three nights. Dancing and comedy bits also contribute to the act's effectiveness.

Gloomy Outlook for Duck Hunters in 1959

The Mississippi Flyway Council meeting last week in St. Louis, Missouri, heard some plain talk from federal and state waterfowl authorities about the plight of the nation's duck supply.

Minesota's game and fish director, James W. Kimball, reported that water areas throughout the nesting range have decreased by 40-80 per cent, although Minnesota shows only 7 per cent decrease. This combined with a marked decrease in the breeding duck population over most of the prairie pothole region, is adding up to gloomy prospects for this fall's hunting.

Arthur Hawkins, Mississippi flyway representative told delegates to the meeting, "This is the year we have dreaded—that year of drastic decline in waterfowl".

Reports on the water areas show a 45 percent decrease in Alberta, 53 percent decrease in Saskatchewan, 54 percent decrease in western Manitoba, 80 percent increase in eastern Manitoba and a 47 percent decrease in the three prairie states of Minnesota, North and South Dakota.

Breeding duck populations are down 39 percent in Saskatchewan, down 29 percent in Manitoba, down 68 percent in North Dakota, and down 27 percent throughout the prairie states in general. East of the prairies breeders are down 20 percent in Ontario, up 10 percent in north Manitoba, up 40 percent north of the prairies in Saskatchewan, and up 80 percent in the Far North up to the Arctic circle. This latter increase in the Far North is not expected to offset serious declines elsewhere in the better breeding range.

Production of geese is reportedly satisfactory, with 204,000 being tallied in the winter inventory as compared to 148,000 in 1958.

Strangely enough, teal show a 20 percent increase in Minnesota, while ring-necks are showing some increase throughout the flyway. Mallards are down 40 percent, while bluebills (scaup) seem to be holding up well. Over water nesters such as canvasback, redhead and coot have been severly hurt. Declines ranging from 10 to 70 percent are reported for canvasbacks.

Tenor of the meeting was that some type of hunting restrictions will be imposed this fall, depending on the final outcome of breeding success this summer.

Federal officials point out that with good water conditions, three-fourths of the breeding ducks are in the prairies. Last year, two-thirds of them were north of the prairie potholes. This year with nesting conditions much worse, many more ducks have moved north of the prairie.

Federal waterfowl regulations will be established early in August following the annual meeting of state, federal and other interested officials in Washington, D. C.

The beginning of midshipmen in the Navy is traced to the early days when each warship carried a number of young lads who acted as messengers, rushing orders aft to the men up forward. Generally, a midshipman was regarded as an officer candidate.

Number of Cases of Rabies Declines in '59

Rabies in Minnesota has shown a decline to-date this year over last year and both conservation and health officials are hoping the trend will continue.

Reports gathered by the Minnesota Livestock Sanitary Board reveal 129 positive cases of rabies have been diagnosed during the period January to June of this year. This is well under the 208 cases reported during a similar period last year.

Although the reported incidence of rabies is behind 1958 figures, it is no reason to relax, warn Minnesota conservation officials. Last year Minnesota led the nation in the number of reported rabies cases. Over half of these cases occurred in wild animals, especially skunks. Seventy-seven of the state's 87 counties reported rabies cases. At least 232 people reportedly received the Pasteur anti-rabies vaccination treatment in Minnesota last year.

"Because all warm-blooded animals can become infected if bitten by another rabid animal, rabies is a threat to the conservation of wildlife resources", explains George A. Selke, commissioner of conservation. "Animal rabies has been found in 17 wild animal species in Minnesota, including skunks, in the last seven years," Dr. Selke reports.

The rising incidence of animal rabies, particularly in wildlife, is regarded as a serious problem to public health, agriculture and conservation interests in the state.

"The lower incidence of rabies to-date this year is encouraging", states Donald Balser, game research scientist. "Rabies cases are greatest during the spring and fall, when wild animals are on the move. Contrary to popular belief that rabies occur during the "dog days" of July and August, the disease is most prevalent when animals are highly active."

The Minnesota game and fish division is actively cooperating with the federal public health service in intensive investigations into skunk rabies at its rabies laboratory in Poynette, Wisconsin.

It was not until 1876 that the Navy adopted the English Morse telegraphic code.

Indian Youths Are Held for Burglary at Gully Station

Two Indian youths, one 15 and the other 16, are being held in Polk county jail after admitting robbing the Gully Co-op service station Friday. A third youth, who escaped on foot when the other two were picked up in Bemidji, Friday afternoon was apprehended at White Earth. He is being held in Bemidji.

One of the youths being held is an escapee from Red Wing and the other is on parole from Minneapolis.

Taken in the robbery at Gully were several boxes of ammunition and tools.

Editorials . . .

"It is no reproach to the most finished scholar or greatest gentleman in the land that he be absolutely without eye for painting or ear for music—that in his heart he prefer the popular print to the scratch of Rembrandt's needle, or the songs of the hall to Beethoven's C minor symphony. Let him have the wit to say so, and not feel the admission is a proof of inferiority." —Whistler

Essential To Survival

Business Week predicts the end of inflation, starting with the end of the wage-price spiral in the steel industry. The steel companies have served notice that the escalator has stopped running and, comments Business Week, "In taking that stand the steel industry appears to have the backing of its customers who have let the steel companies know that they are prepared to face the consequences of a long interruption in production rather than see another inflationary wage settlement."

The line will be held, it is predicted, for 2 reasons "which are painfully being driven home to business, to government, even to the workers." The reasons cited are:

> Because there's growing evidence that the U.S. is in danger of becoming a relatively high-cost, inefficient producer — and this can mean continuing loss of markets at home and abroad to more efficient foreign producers.
>
> Because spreading knowledge of the effects of inflation on savings is making it increasingly tough to manage our public debt without causing further inflation and dangerously feeding the speculative fervor of the people.

It is to be hoped that Business Week is right in its prediction. We have lost the advantage we once enjoyed of being a nation of low production costs, which we gained through the more efficient mass-production methods. Other nations have developed industrially and now equal our productivity per man-hour. With lower overall production costs they are now able to undersell us not only in world markets but in our own home markets as well.

Better we have the show-down now and get our national economy back into a strong competitive position in the world. That is essential to our security and to our survival.

A Good Idea?

A market report tells us that chicken fryers are going to be more costly soon. Discouraged by low prices, producers have been trimming production since March. The May hatch of broiler chicks was 8 million under the March total. The market already has advanced 1½ cents a pound.

As far as we have been able to get the facts, this adjustment was effected without an act of Congress. No fryers were bought for the school lunch program.

Maybe that old law of supply and demand would take care of a lot of our expensive problems if it were just given a chance to prove itself. Some producer organizations are getting good results for their members by controlling their own production and marketing, limiting their offerings in the market place to what the consumers are willing to buy at a fair price.

Sounds like a good idea, although it does seem a bit revolutionary.

In The Interests of Peace

The arrival of the Soviet Union's First Deputy Premier, Frol Kozlov, created quite a stir in New York last week, not because of Mr. Kozlov himself but because of the plane that brought him from Moscow non-stop in 11 hours and 6 minutes. It was the world's largest airplane, capable of carrying 220 passengers at an average speed of 460 miles per hour. The surprise arrival of this great ship was planned to give worldwide publicity to the opening of the Soviet exhibition now under way in New York.

The second-from-the-top Soviet official, and possible successor to Khrushchev, was recognized by President Eisenhower who flew to New York to greet the visitor and to visit the Soviet industrial exhibit. This gesture of good will has been attributed to a desire that Vice President Nixon may be well received when he visits Moscow this month to open the United States exhibition in that city.

These informal visits by the top-brass of the two nations may pave the way for agreement on some of the important issues that divide us. This is Kozlov's first visit to our country. He is credited with being a capable leader in the field of industrial development and is said to be responsible for much of the industrial progress in the Soviet Union. He will be favorably impressed with what he sees and there will be no doubts in his mind when he returns to Russia as to the productive capacity of our country.

Regardless of what their intent may be, such visits are in the interests of peace.

Federal Aid?

The National Education Association has renewed its demand for a massive program of federal aid to education, and by continuing this demand year after year they probably will eventually get what they want. This is likely because the opposition is not organized and politicians have a weakness for well organized pressure groups.

Federal aid for education probably would be good for the teachers but it would not serve the best interests of education and it would be definitely bad for the taxpayers. Such a conclusion is justified by our experience with steadily increasing state aids for education here in Minnesota.

Larger state aids have not brought us better teachers or better schools. Thanks to Sputnik, the decline in our teaching and education standards has levelled off and, thanks to public pressure, some recovery of lost ground has been accomplished. Unfortunately an increasing number of our teachers are themselves the products of our low standard education system of recent years and it will take some time to produce a crop of better qualified instructors.

What is really needed is a thorough overhauling of our public school system at all levels, with a speeding up of the trend to higher standards and more efficient operation. This will not come to us under the leadership of our run-of-the-mill educators.

And let's keep in mind that federal aid is paid by local taxpayers, every cent of it, directly or indirectly. It will cost us less to do our own tax collecting for education needs. Uncle is already over his ears in financial difficulties, largely because we have foolishly shifted too many of our local responsibilities to his expensive and expansive bureaucracy in Washington.

Borrowed Nonsense . . .

A young priest was assigned to help an aging missionary who had labored long among the fierce cannibals of New Guinea.

He did not attempt to conceal his misgivings from his new superior.

"I've heard that the natives around here don't take easily to religion," he said. "How do you get along with them, Father?"

"Well", said the aged missionary, "not as well as I had hoped. But just the same, I seem to be making progress. On Fridays now the cannibals eat only fishermen."

• • •

"It appears to me," said the employment manager to the wife of a prospective employee, "that your husband has been fired from every job he ever held."

"That's right," admitted the wife loyally, "and it does prove one thing—Henry's no quitter."

A former Polk county treasurer admits embezzling $39,000 over a period of eight years. It seems that the state public examiner's office isn't infallible.

YOUR SENATOR REPORTS

SENATOR
HUBERT H. HUMPHREY

Veto on housing? — Congress has approved a watered-down compromise housing bill under the threat of a presidential veto—but on the Fourth of July weekend, indications were that even this modest housing program will be rejected by the President. Including $400 million in new loan authority, the bill authorizes a total of $1,375,400,000 over the next two years for slum clearance, housing for the elderly, college housing and low-rent public housing. It also liberalizes terms on VA and FHA home loans, with lower down payments and longer repayment periods.

Progress on slum clearance — Urban renewal, "also known as slum clearance, is one of the most important and urgent of our national housing needs. As mayor of Minneapolis, I supported the urban renewal program. We have the Lower Loop development. We have the Glenwood project. Last year we got no federal money, because the money ran out. I know urban renewal is sound. I have seen it work, rejuvenating blighted slums and deteriorating business districts. It is a great hope for reducing crime and juvenile delinquency. The United States Conference of Mayors and the American Municipal association both recommended $600 million a year over a 10 year period for the urban renewal program. Congress has provided $900 million over a 2 year period for this program—less than the Senate bill authorized, but at least it would keep the program going.

Public housing — The compromise bill authorizes 45,000 low-rent public housing units over a two-year period. In addition, the President may authorize 35,000 new public housing units a year whenever economic conditions make such action desirable. We have tried to increase local autonomy in administering public housing projects, so there will be less friction between local housing authorities and Federal officials.

Loans to colleges—The housing bill provides authority for $300 million for college housing loans and $62.5 million for college classroom construction loans. It provides $50 million for direct loans to build homes for elderly people. We also authorized $100,000 for research on farm housing and a study of the housing needs of migratory farm workers.

A modest program—Acting under the threat of veto, Congress passed a housing bill than answers any reasonable objections. It is not a "budget buster." It is not a throw-away spending spree. The heart of this housing bill—urban renewal—is good economics. It is good for our cities. It is good for business. And it is good for our people who need decent housing in healthy, booming towns and cities.

Best Room!
JUST ONE OF 7 Big Bests Chevrolet offers you over any other car in its field!

Take a tip from the experts . . . in their own words . . . and from on-the-record facts [illegible] than ever, Chevrolet gives you more than any other of the leading low-priced three! More room to relax in, for instance. A sampling of official dimensions reported to A.M.A.* makes this clear. Chevy front seat hip room, for one thing, is up to 5.9 inches wider than comparable cars. And Chevy even offers more front seat head room than all but one of the *high*-priced cars!

Best Brakes Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR†-conducted test of repeated stops from highway speeds.

Best Style It's the one car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

Best Engine Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: ". . . surely the most wonderfully responsive engine available today at any price."

Best Ride MOTOR TREND magazine calls Chevy ". . . the smoothest, most quiet, softest riding car in its price class." You'll be able to tell [illegible] instantly, once you take the wheel.

Best Economy No doubt about this: two Chevrolet 6's won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car, 22.38 miles per gallon—with Powerglide.

Best Trade-In Check in any N.A.D.A.‡ Guide Book. Chevy used car prices last year averaged up to $128 higher than comparable models of the "other two."

NON-MELTING AUDIENCE — Remember how the old time medicine man's audience used to melt away when (after his free show) he went into his selling pitch? No invidious comparison intended, BUT the Times advertiser does get an audience that stays for the "complete performance!" — selling pitches, included.

A Correction, City Council Proceedings

The published record of Minutes of the City Council meeting of June 21, 1959, appearing in issue of July 6, 1959 and referring to granting of certain applications for building permits indicates that Alderman Rau voted against the granting of the same.

Referral to our Minutes Tab shows that all members voted in favor thereof. This statement is being made to correct the error of this Office in preparing the Minutes for publication.

YOUR SAVINGS NEED CONSTANT CARE!

WHAT KIND OF CARE should you give your "cash reserves?" To whom would you most readily give the responsibility for the management of your money?

First of all, you would seek the maximum security and safety. You would want conservative financial direction, strong reserves, sufficient liquidity...so that your money would always be there when you need it.

Second, you should look for both immediate and future profit . . . which you have a right to expect. Your profit here is paid in the highest earnings possible consistent with safety. Our savers receive an above-average return since each one shares directly in profits.

Third, you would want to save conveniently and easily. Here you'll receive friendly counsel in selecting the type account best for your plans...individual, joint or trust account. You can save any amount at any time in person or by mail and you need never worry about fluctuating markets. It's easy to add a few dollars to your investment from time to time.

Finally, the housing market will need an enormous cash supply since the U.S. population is predicted to reach 190 million by 1965. Today we're building this association strong and sound to meet the financing demands of our city in the years ahead.

In our financial report, see how cash and U. S. gov't bonds, when added to monthly loan repayments, stand ready to meet savers and borrowers both. Then note our principal asset—first mortgages on carefully-selected, owner-occupied homes—the backbone of our way of life! Here is the strong protection, the continual care your savings deserve! And here you'll find the "food," the earnings, that make your dollars grow!

Decide your money will enjoy the most constant care.

Can You Stop in Time, Motorists Are Asked

"Are you in too much of a hurry?" Mark Markson, chief of the Minnesota highway department's safety promotion division asked that question today of everyone in Minnesota, whether he drives a car or not.

"Pedestrians should think that one over too," he continued, "as well as the national summer safety slogan, Can You Stop in Time? After all, every pedestrian death is not wholly the fault of the drivers involved. Too many pedestrians are in a hurry. Too many pedestrians don't pay enough attention to traffic when they cross streets, and too many pedestrians, particularly in downtown areas of cities, can't be bothered to walk to the corner and cross in the crosswalks."

Markson pointed out that in 1958, 101 walkers were killed in traffic accidents. He went on to point out that all too often pedestrians are hurrying to beat a light and make it across the street in time. Sometime they lose the race.

"It is just possible" he said, "that some of these same careless walkers are the same drivers who 'fudge' on the lights, who are moving too fast through residential areas and can't stop when someone unexpectedly steps out at a corner or runs into the street in the middle of the block."

Markson was most emphatic in pointing out that no one can afford to let his attention wander from the business at hand. Drivers, and pedestrians certainly, should pay attention to their surroundings. "Anyone who thinks we can engage two tons of moving steel in a bare handed battle and win had better take a look at some of the accident pictures we have in our files."

Drive Against Sea Lamprey Resumed

Campaign Waged to Oust Them from Great Lakes

The 1959 sea lamprey program in the Great Lakes is well underway.

In a report from the Great Lakes Commission, Minnesota fisheries officials learned that chemical treatment of Lake Superior streams to kill sea lamprey larvae began in mid-April on the Brule River in Wisconsin. A relatively dry winter aided in the successful treatment of this stream which has the largest lamprey spawning runs. Further chemical treatments are being carried out in Michigan and in Canadian tributaries.

Electric barriers are in operation on 36 U.S. tributaries of Lake Superior and on 35 Lake Michigan streams. The lamprey kill to May 22 on the Lake Superior streams was 20,364 as compared with 35,239 up to the same time in 1958. The barriers are maintained until July or August when the spawning runs have ceased.

Some viruses attack bacteria. A virus, which looks something like a tadpole when magnified tens of thousands of times, uses its tail to penetrate a bacterium's outer coating. Acting as a living hypodermic needle, the virus sends material into the bacterial cell.

Farm Safety Week Kickoff July 16

Luncheon Marks Opening of July 19-25 Observance

Farm Safety Week in Minnesota will be officially launched at a special kickoff luncheon Thursday noon, July 16, on the University of Minnesota's St. Paul campus.

The week itself, nationally proclaimed by President Eisenhower, is July 19-25.

Governor Freeman will be luncheon speaker, according to Glenn Prickett, extension farm safety specialist at the University.

Three farm accident victims will tell how their mishaps occurred, what the accidents meant to their health and working ability and how the accidents could have been avoided. Each person will re-enact his accident—as completely as possible — with the same type of equipment or livestock as involved in the mishap. The reenactments will be out-of-doors on the St. Paul campus.

Also at the event, awards will be made to the state 4-H safety slogan winner and to a Future Farmer of America chapter which excelled in promoting corn picker safety last fall.

Representatives of several organizations and agencies interested in promoting farm safety and persons from local press, radio and television outlets will attend the luncheon.

Master of ceremonies will be Edward E. Slettom, executive secretary, Minnesota Association of Cooperatives. The luncheon is sponsored by the Minneapolis Moline company in cooperation with the Farm Section of the Minnesota Safety Council.

Margaret Peterson Tells of 4-H Trip to Manitoba

Margaret Peterson 4-H'ers reports on her trip to Canada. She is one of 31 4-H delagates from Minnesota observing 4-H activities, farming and homemaking in Manitoba. Margaret won her trip on the basis of her long-time 4-H record and 4-H achievements.

Dear friends and neighbors back home in Minnesota. I am in the midst of enjoying a wonderful and exciting experiences.

Sunday, June 28, I motored to the Crookston School of Agriculture where the 31 delegates representing various counties in Minnesota on the exchange program congregated and got acquainted. Soon all the delegates felt as though they had known each other for many years. We spent the evening at the A. C.

Monday morning the delegates, together with Mr. and Mrs. Bath, our advisors, traveled by a Greyhound charter bus to Canada. Our delegation arrived in Manitoba that afternoon and was met by members of the Manitoba Club Council at the International Peace Gardens which are located part in North Dakota and part in Manitoba. These gardens were developed with the thought in mind to have a garden on the International Boundary Line where the people of two countries could share the glories found in a lovely garden and the pleasures found in warm friendships. With this in mind, the dedication ceremony was held on July 14, 1932. Over 50,000 people attended this ceremony.

After a short tour of this beautiful spot, we were escorted to Brandon, Manitoba, which is 60 miles from the gardens and where we were housed at the Agriculture and Homemaking School near the Brandon Provincial exhibition grounds.

In this area between the border and Brandon, we noticed that wheat is the main crop grown, with barley and oats also being fairly good. The livestock here is primarily beef. The land is slightly hilly and provides beautiful scenery for those driving by. We noticed no difference in the climate.

Monday evening we had the opportunity to attend the grandstand performance and view fireworks at the 78th Annual Brandon Exhibition which is comparable to the Minnesota State Fair.

Tuesday we had the privilege of entering the judging competition along with the Manitoba 4-H'ers. Various projects such as foods, clothing, livestock and grain were judged. Awards were given those with the best judging results and this is similar to our Minnesota cattle judging.

We spent the afternoon watching demonstrations being given by 4-H members and viewing 4-H displays and exhibits.

Tuesday evening our delegation took part in a parade which consisted of a band, and various 4-H clubs. The clubs had previously been judged on their appearance and marching ability. It was a very impressive performance. We also viewed a dress revue and the crowning of the dress revue queen. This was conducted in much the same manner as ours.

Wednesday, July 1, we said "Goodbye" to the City of Brandon and started on our way to the Dauphin area. We traveled through the Riding Mountain National Park which contains an area of 1,148 square miles and is heavily forested and set with numerous lakes. The park is situated about 125 miles north of the International Boundary and 175 miles northwest of Winnipeg.

As we reached the town of Dauphin, which is located 215 miles northwest of Winnipeg and has a population of approximately 7,000 people, we were welcomed by the many host families, town officials, and also two Royal Canadian Mounted Police. Each delegate was presented with a key to the Town of Dauphin.

We were introduced to our host families and enjoyed a picnic dinner with them. My host family is the William Luck family who reside on a 155 acre farm four miles south of Dauphin. They raise wheat, oats, barley, and flax.

I know I will have a wonderful one-week stay of working and living with my host family. We have a busy schedule ahead of us which includes going to Madge Lake in Saskatchewan so I shall have much to tell you in my next report.

Jerry Liemandt Now in Charge of Firearms Safety

Former TRF Game Warden Took over New State Post Effective July 1

The appointment of J. P. (Jerry) Liemandt, game warden at Excelsior, as new assistant director of firearms safety, a position formerly held by Lee Kuluvar, was announced today by George A. Selke, commissioner of conservation. The appointment was made July 1st from civil service lists.

Selke said, "Liemandt has made an outstanding record as a game warden, both in law enforcement and public relations, and I am confident will offer just as outstanding leadership to this very important position in outdoor safety".

Liemandt was first appointed as a game warden July 7, 1948, assigned to Thief River Falls, and for the past five years has served in the Minnetonka area. Liemandt is 38 years of age, married, and lives at Cottagewood near Excelsior. He is a veteran of World War II, and air force pilot, and served in the European theatre.

Relaxation

If someone were to deprive you of the right of relaxation you would be a slave.

Yet relaxation itself can enslave us!

Nero is a villain of history because he fiddled while Rome burned. He couldn't have put out the fire . . . but what a colossally stupid time to relax!

There are hours in every week when we need to relax. And there are hours that challenge our mightiest effort.

It is like those hours when, with millions the world over, we have opportunity to seek in our churches truth . . . faith . . . God!

The value of relaxation is unquestionable. But the value of religious and moral growth is *supreme!*

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Report on Viking News of the Week

Mrs. Arne Samuelson, Viking, Ph. 177

Returns From Trip

Mr. and Mrs. Arne Samuelson returned home Friday afternoon from their three weeks Western trip, visiting 13 states and sight seeing many points of interest. They included Estes Park, Rocky Mt. Nat. Park, Colo., Temple Square, Salt Lake City, Zion Nat. Park, Utah; North Rim of the Grand Canyon, Ariz.; Hoover Dam on the Colorado River; Sequoia, Kings Canyon and Yosemite Nat. Parks in Calif., Oregon Caves; Crater Lake, Ore.; Hungry Horse Dam and Grand Coulee Dam, Wash.; Glacier Nat. Park, Mont.; besides many other interesting scenic drives and mountain passes.

One incident of interest which occurred five days before visiting Sequoia Park, was one of the World's largest red wood tree's (Chief Sequoia) fell. At Park headquarters, two miles away folks believed it to be the World's end or a large earthquake. The terrific roar lasted more than 20 minutes. The tree measuring 30 ft. in diameter, busted in thousands of pieces. The bottom part of the trunk split right in the middle, so people could walk on half of it.

Another coincidence in Sequoia Park, a tourist asked, "what part of Minn. we were from. They introduced themselves as Mr. and Mrs. Gust Ekman of Newberg, Ore. Mr. Ekman was formerly of Argyle and Mrs. Ekman (nee Minnie Westberg) from Warren. We had a very nice visit with them in the park and later visited their home together with Mr. and Mrs. Hartvig Larson. Mr. and Mrs. Elmer Bloomberg, a brother-in-law of the Ekmans, formerly of Viking, now residing at Newberg, were on vacation, so were unable to see them. Ekmans left Minn. 14 years ago and sent greetings to all their old acquaintances.

We enjoyed our visit at the H. G. Larson home in Hillsboro, Ore. visiting with their relatives. Greetings from all of them to their relatives and friends here. Enroute home, we visited with Mrs. Samuelson's cousins at Yakima and Pullman, Wash. At Glacier Nat. Park we visited with the Carl Jacobsons and they too send greetings to their relatives and friends. In all our 7,000 miles traveled and the beautiful places we saw, we still consider Minn. tops.

Notice

The stores in this town will be closed all day Saturday the 4th of July, but will be open until 9 o'clock Friday evening.

Crazy Days Be Noted July 16, 17 & 18

Balloons with Gift Certificates to Be Released on Friday

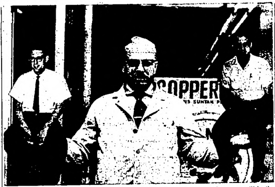
Pony rides for the children and the release of 2,000 gas-filled balloons containing gift certificates will be two of the many features of Crazy Days July 16-18 in Thief River Falls.

Each merchant will release a large number of balloons at 10 a.m. Friday, July 17, before the sidewalk displays of merchandise are opened to the public, according to Bob Baker, chairman of Crazy Days. Certificates found in some of the balloons must be redeemed either Friday or Saturday.

Although details on the pony rides have not been completed, it was announced that they will be given Friday. Further announcements on this feature will be made later.

Merchants and their employes will be dressed for the occasion during the three-day celebration of fun and bargains. Outlandish costumes will be worn to match the ridiculously low prices of the bargains which will be offered.

Friday, display tables on the sidewalks in front of the stores will be loaded with merchandise to enable shoppers to most easily take advantage of the opportunity. The event, which was attended by a record group of area residents and visitors last year, is expected to attract an even larger number this year.



STREET SCENE This picture is no more wacky than the city will be Thursday, Friday and Saturday of this week, July 16-18. Merchants of the city have been getting ready for the annual mirthquake of bargains and high jinks known more commonly as Crazy Days when sense will be the exception rather than the rule. Weary after making plans for the sidewak sale Friday, Bob Baker, left, and Gene Gaer, right, climbed up on the palms of Jim Parkins hands for a rest and further discussion of plans.

Girl Scouts Plan for August Camp at Wabaunaquat

Mrs. F. Clinton Reports Few Openings Remain for Second Session Aug. 9-15

Preparations have been completed for the Girl Scout established camp which will be held at Camp Wabaunaquat near Ogema, the first two weeks of August, according to Morris Owen, area camp chairman.

Miss Pauline Roach of Minot, who directed the Duluth Girl Scout camp last year and is this year a member of the roundup staff, will be the director. Mrs. Gunder Legvold will be business manager, and Art Johnson and Beverly Wegge will again be in charge of the waterfront. Mrs. Randall Noper will be nurse for the first session, and Miss Trudy Turn for the second.

Of particular interest to the campers will be the presence at camp of some of the International Roundup girls as program aides to teach skills learned at the Roundup. The first session is filled but there are a few openings in the second session, August 9 to 15. Any Scouts still interested in going to camp may contact Mrs. Frank Clinton or Mrs. Gunder Legvold.

Break-in Last Week at Oen's Appliance

Equipment Stolen from Roy Oen's Personal Boat

A thief or thieves who broke into a stall at Oen's Appliance Service and took equipment from Roy Oen's personal boat, are believed to have gone undetected for several days before their visit was noted, according to police.

The theft was reported by Oen Saturday. He said he believed the break-in took place last Wednesday or Thursday. Entry was made by prying the sliding doors apart.

Reported stolen was 50 ft. of one-half inch, and 30 ft. of three-eighths inch, bright yellow plastic anchor rop, a portable radio, two Pflueger reels and two fishing rods. No value estimate was given.

Several items in the boat, including gas tanks and motors, were left untouched, police said.

Mrs. Ella and Geneva Overum returned Wed. evening from Seattle, Wash., where they spent some time visiting with relatives and friends. They also were sight-seeing along Puget Sound, Victoria and Vancouver, B. C., Canada.

N.W. Bell Phone Co. Drivers' Course Has First TRF Graduate

A Thief River Falls woman has completed a "defensive driving" course designed to teach students how to avoid the accident traps and hazards of modern-day motoring.

Mrs. Oliver Fladeland, 904 Horace av. N., a member of the Business and Professional Women's club, has just completed the 16-hour course being offered by the Bell Telephone Women's Defensive Driving club, an organization of 40 supervisory women who are qualified instructors in the course required of all employees who drive company vehicles.

According to Mrs. Doris Berglund of Detroit Lakes, district coordinator for the driving course, Mrs. Fladeland has qualified as an instructor in the course which she may now give to other members of the BPW.

The program by the telephone company was started in September, 1958. Since that time, 408 women and seven men have been trained as instructors. Mrs. Fladeland has the distinction of be-

Weather Warming up Again in Area

High Mark of 80 Was Registered Sunday

A slight warming trend with occasional cloudiness has been predicted for the area through tomorrow with high temperatures in the 80's, according to the KTRF forecast.

Tomorrow, a few afternoon and evening showers are likely.

High readings since the 8th were monotonous in their similarity. With the exception of the 80 posted Sunday, the high every other day was 69, according to the North Central Airlines records.

Low temperatures for the period were in the high 40's and low 50's with the coolest reading a 47 Friday night.

Tonight, the mercury is expected to fall to between 58 and 65.

Rainfall during the past week totaled .94 inch with .93 inch falling Wednesday and .01 inch Saturday night.

Local Ward Store Manager Shifted to Williston, N. D.

William Foster, for the past three years manager of the Montgomery Ward store in Thief River Falls, has been appointed manager of the Ward store in Williston, N. D., and assumed his new post today. His family will join him as soon as living quarters have been arranged. During his residence here, Foster had been an active member of the Chamber of Commerce, also was a member of the Elks lodge. A new manager of the local store is expected to be named this week.

Hallock Chief of Police Killed When Hit by Racing Car

D. C. Waldron Instantly Killed When Struck at Fair Grounds in Hallock

A stock car careening out of control off the track at the Kittson county fairgrounds struck and killed Hallock's police chief shortly after 10 p.m. Saturday evening.

D. C. Waldron, in his 50's, was parked in his car in the fairgrounds parking lot at the north end of the half-mile race track, when a car driven by Russell Philips, 25, jumped the track and hurtled toward Waldron's car. Waldron stepped out and the car struck him.

Kittson county Sheriff Oscar F. Pearson said cars are not normally allowed to be parked in the parking lot during races.

Philips told Pearson his seat straps broke when the car went out of control and that he saw Waldron sitting in the police car just before he bumped his head and lost consciousness. He was not hospitalized.

Waldron was the one-man police force for Hallock, Kittson county seat town of about 1300 population, for nearly 10 years. He is survived by his wife and two sons.

A coroner's inquest will be held, authorities said.

Old Mill at State Park to Operate Sunday, July 26th

Old Case engine 369 will be operating Marshall county's historic Old Mill again Sunday, July 26, according to Ernie Jewell, superintendent of Old Mill state park located midway between Newfolden and Argyle.

This will be the first time this year that the mill has been operated and it is expected to draw its usual large crowd from the entire Red River Valley. Grinding of grain will take place all afternoon.

Superintendent Jewell is asking that all those who have grain to be ground notify him in advance so he has an idea how much grain there will be for the day's operation. Those bringing in grain are also reminded they must clean their grain before it will be put through the mill.

Lions-Rotary Golf Tourney July 20

Local Roartians will be guests of the Lions club in the annual inter-club tourney next Monday evening, July 20. Dinner will be served in the golf club house after play is completed.

DENTIST Dr. Herbert R. Achenbach, a 1959 graduate of the University of Minnesota college of dentistry, is now associated with Dr. R. L. Sonstegard in Thief River Falls and will take over the practice Sept. 1. Achenbach, a native of Bemidji, taught four years at Karlstad and was also employed by the federal food and drug administration before returning to colege for training in dentistry. He is married and the father of a 13-month-old daughter. Dr. Sonstegard will move with his family to the Cabrillo Heights area of San Diego where he will open a dental office.

Four from County to Attend State Fair 4-H'ers Camp

One Girl and Three Boys to Represent Pennington County at Ten-day Event

Four Pennington county 4-H'ers have won trips to the state fair, according to word received by the county extension office. The one girl and three boys from the county will attend girl's and boys' camp all of the ten days that the State Fair is in progress.

Marie Breznay of the Mavie 4-H club will be attending girls' camp. She has 8 years of club work, 64 projects and four years of junior leadership. She has won county championships several years in food preservation projects and has been active in many 4-H events.

The boys who won trips to boys' camp are Donovan Ranstrom of the New Solum 4-H club and Alvin Chapmen of the Rocksbury club. Both have long time records of 4-H work and have been active members in their clubs. Milton Leiran the third boy winning the trip was chosen because of his outstanding performance at boys' camp in 1958. Every year several 4-H'ers from the 250 attending camp are awarded a second trip if work and assistance during camp merits such recognition. Milton is a member of the Silverton 4-H club.

There will be 225 boys and 25 girls attending camp during the state fair. The winners get free transportation, meals and lodging. Recreational and social activities, ushering, meal preparation and viewing of the many grandstand preformances are part of the activities scheduled for the campers.

Power Plant Earnings Rise Sharply in '58

Auditor Ascribes Gain to Purchase of Bureau Power

A substantial increase in the net profit of the city's light and power operation for the year 1958 is revealed by the auditor's report made available last week. Operating revenues increased $28,034, from $471,292 in 1957 to $499,326 in 1958, while operating costs were $20,838 less, dropping from $286,535 in 1957 to $265,629 in 1958.

According to Homer Matheson, auditor, "The increased profit ($48,872) was directly attributable to the lower costs of power purchased from the Bureau of Reclamation as compared to the cost of generation of power through the use of the city's diesel equipment."

During 1958 the city bought 15,874,476 K.W.H. from the Bureau and produced 2,223,300 K.W.H. by the water turbines. Production by the diesel units was 620,600 K.W.H. Production cost per K.W. dropped from 1.20 cents in 1957 to .93 cents last year.

The city's water department operated at a loss again in 1958. An increase of approximately $5,000 in the gross revenue was offset by increased operating expenses and the operating loss of $23,818 was about $3,500 greater than the loss in the preceding year. The auditor's report made this comment, "Expenses are increasing each year as the inflationary trend continues. Water rate increases would appear to be the only solution to halt the year to year water department operating losses.

Total operating revenue for the water department last year was $73,439.

Coronation of 1959 Queen To Be Held at Street Dance on 2nd

Miss Minnesota (Judy Ann Olson of Albert Lea), the 1959 Northwest Dairy Princess (Bonita Christenson of Bemidji), the 1958 Aquacade Queen (Susan Forkenbrock) and the 26 candidates for the title of 1959 Aquacade Queen will highlight the Junior Chamber of Commerce Aquacade parade and street dance Saturday evening, July 18, it has been announced by Glenn Peterson, parade chairman, and Roger Tunberg, queen chairman.

Miss Minnesota will arrive in the city Saturday afternoon on the 2:43 airline flight from Minneapolis. Her visit, the first to Thief River Falls, is through the courtesy of the Kiewel Products company, local Pepsi-Cola dealer. Miss Olson, a blonde, blue-eyed student at Drake university and a talented student of the modern dance, will entertain the audience at the street dance following the parade with her "Tequila" dance.

The 1959 Northwest Dairy Princess, who won her title in Thief River Falls June 9 at the annual Dairy Day, will also take part in the Saturday evening festivities. The dark-haired beauty from Beltrami county succeeded Diane Schroeder of Fertile in a contest which attracted 33 entries from northwest Minnesota counties.

Susan Forkenbrock, the 1958 Aquacade Queen, will turn over her crown and scepter to one of the 26 contestants in the queen contest during the street dance which begins at 9 p.m. The dance, which will be on Second street between LaBree and Main aves., follows the parade scheduled to begin at 8 o'clock.

Entries in the parade have been asked to line up no later than 7:30 on LaBree ave. N. between Fourth and Sixth sts. The line of march will begin at Fourth and LaBree, move west to Main ave., turn south on Main and travel one block to Third, turn east on Third and go one block to LaBree and on LaBree to First st. At First and LaBree, the parade will turn west and march to Lincoln high school where it will disband.

Sunday events of the Aquacade will begin with boat rides from 11 a.m. to 1 p.m. and a band concert by the Thief River Falls municipal band from 12:30 until 1 o'clock.

The Miss Aquacade boat parade from 1 until 1:30 will precede the thrilling hydro boat races which will last until 2 p.m.

Water skiing experts from the area will vie in the contests from 2 until 3:30, being staged by the Thief River Falls Water Sports club. Features will include a ski jump elimination, bronco surf board riding, pyramid acts, multiple tows and other thrilling events.

The youngsters will take over at 3:30 when they will compete in a kiddie penny dive, swimming contests and a tug of war. Boat rides will again be offered beginning at 4 p.m.

Marie Schiefert And Robert Swanson Wed June 29

Rev. Daniel Noah performed the ceremony Monday, June 29, at St. Vincent Catholic church of Plummer, which united Marie Schiefert of Plummer and Robert Swanson of St. Hilaire in holy matrimony.

The bride is the daughter of Mr. and Mrs. Arthur Schiefert of Plummer, and the bridegroom's parents are Mr. and Mrs. Richard Swanson of St. Hilaire.

Sharon Greenwald played the organ nuptial music for the 2 p.m. ceremony and the church choir sang.

Entering on the arm of her father, the bride wore a floor length gown of net over taffeta, featuring a tight-fitting bodice of nylon lace with long sleeves and a sabrina neckline. The bouffant skirt was accented with inserted lace and ruffles. Her fingertip fell from a jeweled crown and she carried a bouquet of yellow roses.

Sandra Schiefert of Plummer, sister of the bride, was maid of honor, while Karen Anderson of Minneapolis, cousin of the bridegroom, served as bridesmaid. Miss Schiefert was attired in a floor length gown of yellow net over taffeta and Miss Anderson wore a floor length gown of aqua nylon net. Their corsages were of white carnations and pink roses.

Attending the bridegroom as best man was Richard Swanson, his brother, with Bernard Schmitz cousin of the bride, of Red Lake Falls, as groomsman. Ushers were Loren Swanson, brother of the bridegroom, and Sidney Schiefert, brother of the bride.

For her daughter's wedding, Mrs. Schiefert chose a lilac lace dress with white accessories, while Mrs. Swanson chose a powder blue lace dress with white accessories. Their corsages were of yellow roses.

Following the ceremony, a reception was held in the Plummer hall for relatives and friends. Miss Monica Schmitz, cousin of the bride, and Mrs. Donald Swanson, cousin of the bridegroom, poured, while Mrs. George Derosier, cousin of the bride, cut the cake. Waitresses were Marie Carendal and Laura Peterson, Paulette Knott, Marlys Schmitz and Evelyn Schmidt, cousins of the bride.

Shirley Knott and Virginia Knott, cousins of the bride, had charge of the gift table, with Roberta Schiefert, cousin of the bride, at the guest book.

Following their honeymoon, Mr. and Mrs. Swanson are making their home at 212 N. Arnold. Mr. Swanson is employed at Len's Tire Service in the city.

The bride is a graduate of Pershing high school at Plummer and the bridegroom graduated from Lincoln high school in Thief River Falls.

Fairless-Schirrick Vows Exchanged July 4

Nuptial vows were exchanged Saturday, July 4, by Dorothy Fairless, daughter of Mr. and Mrs. George Fairless and Joseph Schirrick, son of Mr. and Mrs. Peter Schirrick of Red Lake Falls.

The wedding took place in the Shrine of the Little Flower church in Royal Oak, Mich., and was officiated by Rev. Florence Hoste, O.F.M.

Attending the couple were Miss Jewel Irby of Phoenix, Ariz., and Mary Anne Jones of Detroit, with Kenneth Schirrick and Ben Fairless as the bridegroom's attendants.

Following a honeymoon trip, they will make their home in Detroit, Mich., where the bridegroom is employed.

Rita Audette, Andrew Amiot Wed In Crookston

Miss Rita Audette, daugher of Mr. and Mrs. Louis Audette of Crookston, became the bride of Andrew J. Amiot, son of Mr. and Mrs. David Amiot of Red Lake Falls, Saturday, June 27, in Crookston.

The double ring ceremony took place at St. Anne's Catholic church and was officiated by Msgr. M. Dufault, before an altar graced with pink, red and white peonies. Gayle Boucher served as organist, while soloists were Mrs. Lloyd Dufault, Mrs. Gordon Stickel and Mrs. Victor Amiot.

Given in marriage by her father, the bride chose a floor length gown of lace and net over taffeta. It featured a fitted bodice with a scalloped neckline and long tapering sleeves. Her bouffant skirt was layers of net with the lace interceding. Her fingertip veil fell from a lace-trimmed and jeweled crown, and she carried a cascade bouquet of red roses.

Elaine Amiot of Red Lake Falls, sister of the bridegroom, was maid of honor, while Judy Audette, also of Red Lake Falls, a cousin of the bride, was bridesmaid. They wore identical street length dresses of light blue net over a blue taffeta skirt. They carried blue and white carnation bouquets and their headbands were of blue net with pearls and small net veils.

The bridegroom was attended by Joe Noel of Mayville, N. D., cousin of the bride, as best man, with Anthony Friebohle of Red Lake Falls as groomsman. Ushers were Gail Amiot and Richard Vaudrin.

Mrs. Audette chose a beige corded silk dress with a jacket and white accessories for her daughter's wedding, while Mrs. Amiot wore a blue linen dress with jacket and white accessories. Their corsages were of red roses.

Following the ceremony approximately 150 guests attended the reception held in St. Anne's church parlors. Mrs. Omar Amiot, aunt of the bridegroom, poured and Mrs. Lawrence Audette, godmother and aunt of the bride, cut the cake. Janice Carrier, cousin of the groom, was at the guest book. Mary Jean Amiot and Darlene Berry were in charge of the gifts, while Irene Prady, Ann Walsh and Carol Sylvester were waitresses.

Mr. and Mrs. Amiot are now making their home at 301 Gorgas in Crookston, following their honeymoon trip to Yellowstone National park. For going away, the bride chose a two-piece white and navy suit with white accessories and a corsage of red roses.

Mrs. Amiot is a graduate of St. Joseph's academy in Crookston and is employed as bookkeeper at Otto Eickhof and Sons. The bridegroom graduated from Lafayette high school in Red Lake Falls and is a surveyor with the Polk county highway department.

Mr. and Mrs. Ole Waale left Saturday to spend the weekend at the home of Mr. and Mrs. Merle Dokken at Ada.

Carole Mossestad Vernon Konickson Wed At Plummer

Nuptial vows were exchanged Saturday, June 20, by Carole Mossestad, daughter of Mr. and Mrs. Oscar Mossestad of Plummer, and Vernon Konickson, son of Mr. and Mrs. Clarence Konickson of rural Red Lake Falls.

Immanuel Lutheran church of Plummer was the scene for the 2 p.m. ceremony which was officiated by Rev. O. M. Simundson. Mrs. Robert Swanson was at the organ and Mrs. Nels Vigstol accompanied Mrs. Swanson at the piano as she sang 'Saviour, Like a Shepherd Lead Us," and "O Perfect Love."

For her wedding the bride chose a light green line two piece suit with beige accessories and a corsage of yellow roses and white carnations. Her attendant Sharon Mossestad of Plummer, her sister, was attired in a pink dress with a bouffant skirt and white accessories. Her corsage was of pink roses and white carnations.

The bridegroom was attended by Henry Kush of Plummer, friend of the couple.

For her daughter's wedding, Mrs. Mossestad wore a blue-grey dress with white accessories, while the bridegroom's mother chose a royal blue dress with white accessories.

Following the ceremony a reception was held in the church parlors for approximately 100 relatives and friends. The parlors were decorated in pink and white with a tiered wedding cake centering the serving table.

Mrs. Richard Olson, aunt of the bride, poured and Mrs. Carl Anderson, aunt of the bride, cut the cake. Mrs. Morris Anderson, aunt of the bride, was at the guest book.

Following their honeymoon trip to Minneapolis, Mr. and Mrs. Konickson are making their home near Red Lake Falls. The bride and bridegroom both graduated from Plummer high school and Mr. Konickson is now engaged in farming.

Relatives and friends from Duluth, Silver Bay, Wis., Richmond, Calif., St. Thomas, N. D., Stephen and Virginia Minn., and Sault Ste. Marie, Mich., attended the reception.

Nuptial vows were exchanged by Elaine M. Knoll, daughter of Mr. and Mrs. Carl F. Knoll, and Kenneth E. Olson, son of Mrs. Ray Olson, all of Watertown, Wis., Saturday, June 20, at Immanuel Lutheran church in Watertown. Rev. A. S. Christensen officiated at the ceremony.

For her wedding the bride wore a gown of white nylon lace over taffeta and a fingertip veil which fell from a jeweled crown. She carried a bouquet of red delight roses. Her attendants, Miss Joyce Olson, sister of the bridegroom, and Mrs. Wilmer Klauer, sister of the bride, wore ballerina length gowns of powder blue nylon over taffeta. Their bouquets were of dark pink carnations.

Harold Olson of Thief River Falls, brother of the bridegroom, was best man, while Wilmer Klauer served as groomsman. Ushers were Edward Olson, brother of the bridegroom, and Edward Knoll, brother of the bride.

Following their honeymoon trip Mr. and Mrs. Olson will make their home at 205 Wisconsin St. in Watertown. Mr. Olson is a former resident of this city and is now employed with the Seven-Up Bottling Co.

Aquatennial Queen to Be Crowned July 24th

Forty of Minnesota's prettiest girls will vie for the title of 1960 Queen of the Lakes at the colorful Aquatennial Star Night and Coronation show Friday, July 24, at the Minneapolis auditorium.

The show's highlight will be the coronation ceremonies when one of the beauties, each representing various Minnesota businesses and communities, will be singled out by Aquatennial Commodore Randy Merriam to succeed retiring queen Sharon Bigalke.

A top attraction will be appearance of Jerry Mathers, 10-year-old star of the television comedy series "Leave It to Beaver." He recently won the Mars Gold Star awards as the top boy entertainer for 1958.

A dancing revue will include the Adair Steppers and a colorful Wayzata high school group. Also appearing will be Helen Garvey, outstanding Minneapolis pianist.

The popular Schmitz Sisters—Jean, Joan and Maryann—of St. Paul, will share the vocal music spotlight with the nationally-known Onan Male Chorus, formed by employees of D. W. Onan and Sons, Inc., of Minneapolis.

Serving as masters of ceremonies will be George Grim and Cedric Adams, Minneapolis Star and Tribune columnists.

but officials of the company have urged all interested organizations to make their applications as soon as possible.

Bell Telephone Co. Driver Course Has First Graduate

(Continued from Page 1)

ing the first person trained in this district.

"Defensive driving" is training for already licensed and experienced drivers designed to teach them to recognize the smallest signs of danger which may result in accidents, injuries and even death to the driver or others. Records show that experienced drivers involved in the majority of accidents have been guilty of "human failure" such as showing poor judgment.

The course teaches driver to be aware of such ordinary indications of possible accidents such as a child's ball rolling in the street, careless or drunken drivers and pedestrians who have difficulty in seeing and hearing as well as recognizing hazards created by road and weather conditions.

Clubs or organizations whose members are interested in receiving training in "defensive driving" may receive further information by contacting the local telephone office business office. A member of the organization may take the instructor's course which she will teach to other members in an eight-hour course. At the present time, applications in 40 communities are pending.

Margaret Peterson Ends Report on Manitoba Trip

This is Margaret Peterson's final report on her 4-H trip to Manitoba, Canada. Margaret and 30 other Minnesota 4-H'ers spent ten days in Manitoba observing 4-H activities, farming and homemaking.

I would like to tell you more about my stay in Manitoba. I have done and seen so much since my last report.

As I mentioned previously, my host family was the William Locks. The houshold included Mr. and Mrs. Lock, their three daughters, Muriel, Audrey and Doreen, and also Grandma Dresser, Mrs. Lock's mother. This, I think, was the most educational and valuable experience, though every aspect of the trip has certainly made me more intelligent in understanding Canada. It was quite an experience to go into a strange home and actually live and work with the farm family who had some different ways of living. However, we all had the same thing in mind; that of striving and promoting better understanding among the people of Canada and the people of the United States.

The Lock family took me so many places and I never seemed to have enough eyes to really see everything.

As the Lock farm was located only a short distance from the town of Dauphin, I had the chance of seeing and visiting various points of interest in Dauphin. A large percentage of the population in the Dauphin area is of Ukrainian and Polish descent.

It was very interesting to note the farming in Manitoba. Wheat is the principal cash crop. New crops such as sugar beets, sunflowers, and soybeans are thriving both in the soil and on the market. Manitoba's soil, rich in clay, is particularly suited to the growth of flax. About 50 percent of prairie flaxseed is produced in Manitoba.

Cattle play a very important part in the life of a Manitoba farmer. The beef breeds of Shorthorns, Herefords, and Aberdeen-Angus are popular. Dairy cattle tend to be more popular in the southern part of Manitoba.

Swine is a familiar figure on many farms, but sheep raising is relatively unimportant as the wool from the sheep has not proven suitable for fine textiles.

The food in Canada is very much like ours, though some of the names are different. Tea is the main beverage with milk being secondary. Their major vegetables raised are peas, beans, beets, carrots, and tomatoes. In the Dauphin area controlling the cutworms which infester the gardens and some of the field crops was a problem.

The weather was beautiful the majority of the time we were in Manitoba, with the temperature ranging in the 70's and 80's. It was interesting to learn that the extreme high and the extreme low temperature in Winnipeg in 1958 was 93.7 degrees and minus 27.2 degrees.

On July 4, the Minnesota 4-H delegation and their host families and friends enjoyed an outing at Madge Lake in east central Saskatchewan. In the evening we were entertained at a square dance jamboree.

Too soon the day came when each one of us had to say "Goodbye" to our wonderful host family all the friends we met, but we parted with the hope that maybe some day we will meet again.

On our homeward journey, we spent a day touring the city of Winnipeg. We were taken on a guided tour through the legislative building, which is constructed of native Manitoba limestone Tyndall stone. We also toured the agriculture and home economics building on the University of Manitoba campus. We were then escorted to Lower Fort Garry, a national park located fifteen miles from Winnipeg. This fort was erected in 1832 by the Hudson's Bay Company and is a very beautiful and historic spot.

Wednesday evening, July 8, the 4-H delegation was entertained at a farewell dinner in the St. Regis Hotel, Winnipeg. Following the dinner, we were guests at Rainbow Stage, an outdoor summer theatre, and viewed the play production of the "Wizard of Oz" which was enjoyed immensely.

We arrived home on July 9, heavily laden with souvenirs and happy memories of real warm Canadian hospitality which will stay with each one of us forever.

George O. Hanson Dies Friday, At 66

Funeral services for George O. Hanson were held today, Monday, July 13, at 2 p.m. at the Oak Ridge Lutheran church with Rev. T. J. Weltzin officiating. Interment was in the Lanstad cemetery with Sinding - Gulbranson funeral home in charge of arrangements.

Mr. Hanson, of 516 N. Arnold, died Friday, July 10, at the age of 66. A complete obituary will be published in the next issue of the Times.

Mary Looker Writes of Girl Scout Roundup

Mary Kay Looker, who has been attending the International Girl Scout Roundup at Colorado Springs, Colo., sent the Times the following brief report on events at the roundup:

On July 1 and 2, 7,500 Girl Scouts and 1,500 adults arrived at Colorado Springs for the second national Girl Scout Roundup.

All 49 states and 28 foreign countries were represented by their flags.

The area for the 12-day encampment is divided into six sections. In each section there are five camps consisting of 11 troops. In each troop there are four patrols consisting of eight girls.

On July 3, all the girls at the roundup attended the opening campfire. The Girl Scouts from Alaska presented the 49-star flag. This flag was first flown on July Fourth.

On July 6th, one of the patrols from Thief River Falls gave its demonstration, which was the cooking of wild rice.

The camp is set up like a city. It consists of a trading post, drug store, post office, weather station and a lost and found department.

On July 8, Colorado Springs celebrated its Centennial year, which ended with a program for the Girl Scouts.

The girls from the northwest area went on a tour of the Air Force academy and the Garden of Gods, which ended with a chuck-wagon supper at the Flying W Ranch, the second largest ranch in the United States.

We are looking forward to the closing campfire of this wonderful experience.

William F. Zauche of Baudette Dies

William F. Zauche, pioneer Baudette resident, died unexpectedly last Wednesday morning at his cottage on Lake of the Woods. He was a leader in the campaign to separate Lake of the Woods county from Beltrami county, and had served at one time as chairman of the county board. At the time of death, he was serving as Baudette village treasurer.

ART STENGERG JOINS NATIONAL HOLSTEIN ASSN.

Ogema Man Is Area Farm Census Chief

To Name County Workers for Census in October

Appointment of Everett W. Henderson of Ogema, Minnesota, as a field assistant for the 1959 census of agriculture was announced today by the Bureau of the Census, Department of Commerce.

Mr. Henderson will direct a force of 19 crew leaders and 248 census takers in 21 counties in northwestern Minnesota. Counties in which Mr. Henderson will supervise the farm census this fall include in this area, Marshall, Pennington, Polk, Red Lake and Roseau.

Mr. Henderson will began duty on August 12 and take a week's training which will cover administrative procedures and other duties and responsibilities connected with the job. He will be responsible for recruiting the crew leaders who will start on September 21. The crew leaders will in turn recruit the census takers who will start on October 14.

The 1959 Census of Agriculture will collect information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities, selected farm expenditures, farm values, and mortgage debt. Information will be publised for counties, states, and the nation.

Craig Torkelson Wins with Slogan

Smiley 4-H Club Member First in County Contest

Craig Torkelson of the Smiley 4-H club has been named winner in the county's safety slogan contest. The slogan written by Craig was "Safety every day keeps tragedy away".

The contest is limited to 4-H'ers regularly enrolled in the safety project and those who are 11 years of age or older. The slogans submitted are judged at the state level and the winning slogans then are used in the National Farm Safety Week. The state contest is sponsored by the Mutual Service Insurance Companies, Midland Co-operatives, and Co-operative Publishing Associations of Superior, Wisconsin.

The county winner gets a certificate. The state winner will be awarded a trip to Chicago; second place, a trip to the state fair; third place, a $25 savings bond. State winners will be announced in the near future, according to the county extension office.

Jaycees to Hold Picnic Thursday in Riverside Park

With wives of members as guests, the Junior Chamber of Commerce will hold a meeting Thursday, July 16, in the form of a 7 o'clock picnic in Riverside park, Bruce Hall, president, announced today. He added that there will be a brief business session, in which reports will be made by chairmen in charge of various features of the Jaycee Aquacade next Saturday and Sunday.

Bagley Nips Thieves 7 to 1 Sunday Night

The Bagley Merchants played errorless ball behind the steady four-hit pitching of righthander Bruce Lindell on Sunday night and the result was a 7 to 1 win for Bagley over the Thieves in a Northern Minny league game played at Bagley.

Bagley took advantage of five miscues by the Thieves defense to score five unearned runs, with the Merchants being able to rack up but two earned runs off the locals' Gene Leslie.

In the 1st inning, Bagley tallied a run when leadoff man Curt Josephson gained a life on a wide throw, advanced to second on an infield out, and scored on Bruce Lindell's single off Chuck Kankel's glove.

The Merchants notched an earned run in the 5th inning when Bill Lawrence led off with a triple, and after Jim Lawrence and Lindell had been retired, LeRoy Riewer banged a ground single into right field, scoring Bill Lawrence.

A walk, a single by Lindell, and a pair of errors gave Bagley two runs in the 7th inning, and they closed out their run-getting with a three-run cluster in the 8th inning.

The Thieves averted a shutout by plating their lone run in the 9th inning. Harley Drees led off with a walk; Rod Max whiffed; Marv Mansfield poled out his second double of the game, with Drees stopping at third. Jack Junker chopped a slow roller to first base, with Drees scoring on the play. Glenn Carlson was nicked by a pitched ball; but Leslie ended the game on a short fly to Lindell along the first-baseline.

The Thieves were without the services of manager Jack Drury, third baseman Larry Gilbertson, and center fielder Daryl Rude for the game as the trio were participating in the softball tournament at Crookston as members of the Bridgeman's club.

TRF Legion Jrs. Lose Two Week-end Games

Coach Jerry Lindell's Crookston junior baseball team scored their second win of the season over the local juniors when, on Friday evening on the Fair Grounds Diamond, they edged out coach Ralph Skay's squad, 5 to 3. Playing at Bemidji on Saturday evening, the locals absorbed a 16 to 2 trouncing from the Bemidji juniors.

This week's busy schedule will find the juniors meeting the Fosston Juniors on the Fair Grounds diamond this evening, Monday, at 6:30 P.M.; on Tuesday evening, coach Skay will take his squad to East Grand Forks for a conference game, game time at 6:30 p.m.; and on Wednesday the locals meet the Grand Forks juniors in a doubleheader at Grand Forks, with game times being slated for 6:00 P.M. and 8:00 P.M.

Crookston, with a two-run burst in the 2nd inning, sparked by Bill Taylor's booming home run over the right field fence, took an early lead here Friday evening. Coach Skay's club, in the last half of the 3rd inning, chalked up three runs to take a 3 to 2 lead. Eddie Lietzow walked; Arlan Hjelle dropped a bunt in front of the plate, and when pitcher Jim Turner heaved the ball into center field, all hands were safe. Paul Saurdiff doubled into right field, plating Lietzow and Hjelle; and when Mike McEnelly slapped a ground single into left field, Saurdiff trotted in with the third tally.

Crookston notched what proved to be their winning run when, in the 5th inning, Taylor opened with a single, Mickelson walked, and, with runners on second and third, Curt Hannah singled past third base.

The visitors added an "insurance" run in the 7th inning on a walk to Taylor, a stolen base, and a single by Joe Lyczewski.

The locals threatened to add to their run total when, with two men away in the 5th inning, Larry Poole and Lietzow walked, and Hjelle bounced a single off third baseman Hannah's glove. With the bases jammed, Saurdiff lofted a pop to first baseman Taylor to end the rally.

Warroad Defeats Bums Thursday 4-1

16 Strikeouts Registered Against Locals in Game

The powerful Warroad Muskies perennial champions of the Lake of the Woods league, gave near-perfect support to the 16-strikeout pitching of righthander Orlie Lien on Thursday night as they scored a 4 to 1 win over the Thief River Falls Bums in an exhibition game played at Warroad.

The Bums scored their lone run of the game in the 3rd inning when Dean Anderson led off with a single. Larry Gilbertson walked; Jack Hoppe struck out; Fred Dablow walked, filling the bases; Fred Jensen was hit by a pitched ball, scoring Anderson; but Lien snuffed out the rally by whiffing Vern Solheim and Pat Poole.

The Bums, the Pen-Ro-Shall league leaders, were without the services of first baseman Phil Hanson, third baseman Roy Pederson, and shortstop Jackie Poole.

Car Licenses Hit $37 Million in '59

Motor vehicle receipts for the fiscal year ending June 30 topped last year's figure by more than a million dollars, Secretary of State Joseph Donovan said Wednesday.

The total was $37,192,651, as compared with $36,038,618 the previous year.

Passenger cars registered numbering 1,185,611 accounted for $25,818,861 of the revenue. Registrations the previous year totaled 1,140,422 passenger cars and brought in $24,962,039.

Slow Down — and Live.

SMALL BOY large fish, is a very appropriate title for this pictorial fish story. The walleye shown here tipped the scales at slightly over five pounds and was caught on the east end of the Eighth st. bridge by Robert "Butch" Manning, 12, son of Mr. and Mrs. Bud Manning, early Saturday afternoon. Butch said he was using a spinning outfit with a black-and-white Daredevil for a lure when his hefty specimen struck.

Keeping Score with "Huck" Olson

Bums vs. All-Stars

With the Jaycees producing their fifth annual water carnival on Saturday and Sunday, and the Northern Minny league Thieves meeting the Erskine Merchants on Sunday night, sports fans will have an interesting and exciting weekend.

And as an appetizer to the weekend of activity and sports, the fans; the baseball fans, that is, should make a note that the Bums of Wally Grovum, the Pen-Ro-Shall league leaders, will play the league's All-Stars in an exhibition game on the Fair Grounds diamond on Wednesday night, game time at 8:30 p.m.

That's a pretty fair ball team that Wally has assembled, and they are posting a creditable record in their exhibition games with various teams in this area. The lineup that Wally enters in the scorebook usually finds Fred Dablow at catcher, Phil Hanson at first base, Pat Poole at second base, Jackie Poole at shortstop, Roy Pederson at third base, and Dean Anderson, Vernon Solheim, and Monroe Poole or Dave Hanson in the outfield. The pitching duties are ably handed by righthander Mickey Hanson and southpaw Freddy Jensen.

It may be that shortstop Jackie Poole will be lost to the team for the balance of the season, as he left for Green Bay this week to seek employment. In Jack's absence, it's probable that Wally will shift Phil Hanson to shortstop (and the rangy hard-hitting athlete had experience in that position during his high school and Legion days) and shift Dean Anderson to first base.

Game time on Wednesday night is at 8:30 p.m.

And that was a fine exhibition of baseball that the Bums turned in on Sunday afternoon at the Fair Grounds when, through the expert employment of a pair of "squeeze play" bunts, they scored two runs in the last half of the 9th inning to edge out the Badger Mallards, 5 to 4, in a Pen-Ro-Shall league game.

Audit

For the past several weeks the Nelson Grocery team has held the lead in the city golf standings, and this fact has caused much mumbling in the club house. Other golfers were expressing wonder at how the Nelson's squad could be the league leaders considering the fact that they, the Nelson's, were meandering the rough and the river banks during their medal play competition.

To stifle these ugly rumors, the league directors brought in statistician Emil Larson from Plummer to audit the team totals. And what do you know! The findings were that the Nelson's team totals were "deflated" by ten strokes!

Removing this "shortage" from the Nelson's league total reveals that the Tunberg Motors team is in first place, with an aggregate of 587. The Hamm's, with 594, are in second place; the Piggly Wiggly, with 595, are in third place; and the erstwhile league leaders, the Nelson Gorcery, are in fourth place with 598.

It's nice to see that the Tunberg's are in first place, for that should give Roger Tunberg some happiness. He has had a bad spring and early summer, suffering with Casey Stengel and the New York Yankees.

Congratulations, Sandy

The local trapshooting club's Stan (Sandy) Wilson won the Minnesota junior trapshooting title on Saturday when, in a shoot-off, he broke 24 of 25 to defeat Alan Kegley of LeCenter.

The two sixteen-year olds were competing in the Minnesota trapshooting tournament held at the Twin City-Hopkins Gun club, and they had tied for first place in the junior division with scores of 91 of a 100.

So, it's congratulations to Sandy.

If we recall correctly, it marks the second time that a Minnesota trapshooting title has been brought to town. Back in 1916 or so, Charley Nason won the state trapshooting championship.

Schedule, Thursday, July 16:

Wilson Bros. vs. Times.

Oen's Appliance vs. Coast-to-Coast.

Northern Chevrolet vs. Disse's Optimists.

The Pharmacy vs. Starekow Clinic.

With but four matches of the league schedule remaining, the once-comfortable lead of Don Olson's Coast-to-Coast team (they held a five-point lead a week ago) has been pared to three points, with the Northern Chevrolet squad being in a contending position.

In Thursday's competition, the Coast-to-Coast dropped a one-bird decision to Dr. Jim Disse's squad, 117 to 116. Emil Malwitz, with an 18-7, scored the lone "25" for the Coast-to-Coast, while Bill Ranta had a 20-7 for the winners.

The Northern Chevrolet, continuing their high-average shooting, compiled a 120 as they defeated the Starekow Clinic, 120 to 105. For the Chevys, Frank Rinkel had a 23-8, Howie Brandt a 20-5, and Erling Torgerson a 20-6.

The defending champions Times, defeating the Oen's Appliance, 120 to 112, kept their hopes of another league title alive, trailing the league leaders by four points. For the Times, Bob Mattson carded a 24-7, and Leif Erickson scored a 20-6. The Oen's had a pair of "25's" in Gordon Olen's 17-8 and Jerry Amundgaard's 23-2.

The Pharmacy, with three "25's", had the evening's high team total, a 121, as they scored a 121 to 112 win over the low-handicap Wilson Bros. squad. For the winners, Ole Ekeren had a 19-8, Stan Ranum a 22-5, and Ray Thyren a 23-3.

Recruiters Cite Careers in Army

Offers 107 Courses to High School Graduates

High school graduates have never had it so good in the U. S. Army, say army recruiters.

For instance, the latest count of career fields in which individuals may enlist in the U. S. Army is 50, and the number of technical training courses in the high school graduate specialist program is 107.

Some of the technical training courses are guided missile electrical repair, medical laboratory procedures, general drafting, telephone installations and repair, dental laboratory, construction surveying, X-ray procedures, Diesel engine operations, and television equipment repair.

Some of the 50 career group fields are utilities, pictorial, chemical, finance, ammunition, combat engineering, administration, and so forth.

But recruiters caution the public not to get the idea that the Army is a "soft touch." Far from it — just as civilian industry requires that the individual apply himself on the job to get ahead, so does the army. Basic training is an example.

Recruiters are sometimes asked, "Is basic training necessary?" or "What does it do for a man or woman?" When he finishes, he's toughened up, he's trim and neat, and he's sharp. He's the kind of man or woman who makes one feel that the defense of our country is in capable hands.

Huge Gravel Plant Starts Near Trail

McIntosh and Brainerd Firms Are Joint Owners

A new gravel processing company owned jointly by the C. L. Nelson company of Brainerd and Haagenson-Tranby of McIntosh went into operation last weekend on a site about a mile west of Trail on old Highway 92, the Oklee Herald reports.

Already erected on the site, which was picked because of an unusually high quality of gravel, is a huge processing machine 40 feet high with four stacking conveyor belts which will stack sand and three sizes of rock. A huge field conveyor carries the gravel from the pit.

The machinery will crush to a predetermined size, then wash and separate gravel at a rate of about 300 tons an hour.

The pit site is owned by Bert Haagenson of McIntosh who, with Foreman Cliff Fisher of Little Falls agreed it was unlikely that they would ever run out of gravel. They believe they will be able to bring up good quality gravel from as far down as 65 feet.

A one-mile railroad spur from the Soo Line tracks was completed recently.

Aut Swenson to Bring Thrillcade to County Fair Monday, July 27

Package a score of stunt drivers and a bevy of pretty girls with a bent toward risking their necks, mix in some clowns and an elephant and you come up with entertainment appeal for almost everyone.

That would seem to be the formula of the Aut Swenson Thrillcade, now on its tenth consecutive international tour, which appears at the Pennington county fair opening day Monday, July 27.

Success of this philosophy seems to be indicated in the fact that the Thrillcade this season appears at almost twice as many major fairs as any of its thrill show contemporaries while traveling from border to border for appearances in 27 states.

The stunt driving contingent is headed by Jimmie James of Chicago, and Kenny Blaine of Toronto, Canada, and includes daredevils from such related fields as Hollywood movie lots and auto race tracks as well as rodeo arenas and wrestling rings.

On the feminine side, producer Swenson has his Thrillcadettes, who have appeared with his touring unit in years past, and the Honey Girls, imported from Brisbane, Australia. Until this season the Honey Girls have devoted their talents to aerial ballet and acrobatics and now they are taking a hand in the motorized stunts, including Roman steeplechasing. This calls for them to stand upright on a 1959 model Ford sedans as they are piloted at a speedy clip over elevated ramps. The footing is uncertain but so far no one's beauty has been marred.

James, going on 50, and without dispute the dean of the nation's stuntmen, is dodging disaster with his man-killing broad jump of an F 100 Ford truck from ramp to ramp over the back of Thrillcade's elephant performer, Dancing Dyna. Such a ramp to ramp leap—sans elephant—killed the famous lucky Teter several years ago, and while James bears scars and fractures as results of his misses, he has yet to lay out a thrill show season.

Blaine's all-around ability makes him Thrillcade's jack of all stunts. He leaps a motorcycle over three to nine parked automobiles, captains the Canadian motor team, engages in the popular precision driving exhibition and has participated at times in the deliberate crash roll tournament.

Thrillcade carried a troupe of buffoons to help relieve tension between the stunts and they're equipped with eccentric autos and other fantastic props.

The Naval Ordnance Laboratory, Silver Springs, Md., employs 3,000 persons to develop, evaluate and improve new weapons for the United States fleet. Of these, 1,000 are college graduated engineers and scientists.

EMERGENCY This situation, staged during the defensive driving course taken by Mrs. Oliver Fladeland, in the car, 904 Horace ave. N., is one which motorists meet every day. Chasing a ball into the street between parked cars, Barbara Bacon, 325 Kneale ave. S., could be seriously injured or killed if the driver is not alert to the danger. Mrs. Fladeland, a member of the BPW club, took a 16-hour instructor's course offered by the Bell Telephone Women's Defensive Driving club to enable her to teach the course to other members of her club. Instructor of the course was Mrs. Doris Berglund of Detroit Lakes, district coordinator of the defensive driving course.

DENMARK Mrs. Jensigne Jacobsen, right, of Svenninge, Denmark, arrived at the local airport Thursday afternoon, July 9, and was greeted by her sister, Mrs. John C. Jorgensen, rt. 1, St. Hilaire. Mrs. Jacobsen flew to Thief River Falls from Los Angeles where she visited her brother during her first trip to the United States. She traveled to Los Angeles via the polar route from Denmark.

Soil Conservation Contest under Way

All Minnesota Farmers Eligible to Compete

Minnesota farmers can now pick up information sheets and entry blanks for the 1959 soil conservation contest.

The sheets are being made available this week at the county soil conservation office, from the work unit conservationist or from the soil conservation district chairmen. The contest is sponsored annually by the Minneapolis Star and Tribune.

All Minnesota farmers, whether they are a soil conservation cooperator or not, are eligible to enter the contest.

The contest, now in its 13th year, offers cash prizes to the districts doing outstanding work in soil conservation. In addition, winning farmers in each of the state's 81 soil conservation districts are presented with framed certificates for outstanding conservation practices.

A cash prize of $50 and a framed certificate is awarded to the district in each of the state's eight conservation areas which do the best job of conservation in that area.

In addition, three sweepstakes awards of $50 each plus a framed certificate are awarded for windbreak planting, terracing, and—new this year—for the most basic farm plans. All Soil Conservation districts are eligible for the sweepstakes awards.

"It would be completely unrealistic to pretend that lack of understanding is the only obstacle to peaceful friendship between the Communist world and the world outside its borders. We know that there are basic conflicts of interest and deeply clashing ideologies that cannot easily be removed."

—Vice President Nixon

Second Round

The second round of the Geneva conference discussions are getting under way today with little justification for hope that they will lay a foundation for a peaceful solution to the problems of Berlin and divided Germany. Khrushchev has indicated no willingness to consider a retreat from his position that East and West Germany must be united as a Russian satellite. Western powers will insist that West Germany remain independent and that there be free access to Berlin.

It may reasonably be assumed that neither side wants war at this time and a deliberate attack is not likely. Under the strains of tension, however, a small incident could create a situation from which, under the circumstances, there would be no retreat short of war. A disastrous explosion must be considered as one of the possibilities for which we should be prepared.

But while the light of hope for a reasonable settlement is not bright, it probably is well that we keep on talking even though that light is little more than a flicker of a flame. That seems to be the British point of view, continuing the talks indefinitely if need be on the theory that as long as we are talking we will not be fighting. Maybe that is as good approach to the problem as any at this time.

Time For the Public To Win

On the eve of the steel strike, scheduled to start Tuesday night, our best wishes to both labor and industry and the sincere hope that they both lose the battle. It is high time that one of these arguments be settled in the public interest.

Over a period of years these sham battles in the steel industry have resulted in a series of wage and price increases. Steel wages and steel profits have been maintained at the nation's top levels. The public has paid the bill.

The wage settlements in steel have been especially important because they have set the pattern for wage settlements in other industries. It therefore may be said that the wage-price spiral in steel has been one of the major factors contributing to our inflation.

The best possible solution for the present wage controversy would be a hold-the-line on wages, and price cuts for the industry's products. Such a settlement would be in the best long-range interests of the industry itself and all who are employed by the industry, as well as, of course, the consumers. Such a settlement would mean an increase in the buying power for all of us and a rise in our standard of living.

Let us hope that from now on all of these national wage disputes will be settled in favor of the public.

State Debt—and Taxes—Up

Minnesota's state debt went up by $37½ million as the obligations reached a total of $158 million, when the books were closed on fiscal year 1959 on June 30, according to State Treasurer Val Bjornson. Most of this total is for obligations incurred in recent years. The World War II bonus has been paid and the Rural Credit obligations are down to $12.7 million.

The big increase in indebtedness is due mainly to the expanded building program and will continue growing during the next biennium because of the additional borrowing authorized for this purpose. With the exception of that portion of the debt that has been contracted for highway purposes, practically all of the remaining obligations will be paid by levies on property.

The tax levy for state purposes is on the way up.

Another Good Veto

President Eisenhower rose to new heights of statesmanship when he vetoed a catch-all housing bill last week. His veto was accompanied by a special message to Congress urging a new measure providing for a federal housing program "on a sound basis."

In referring to the measure he used such words as "extravagant, unnecessary, excessive, inflationary, discriminatory and unfair" to explain his objections. He said it was "so excessive in the spending it proposes, and so defective in other respects, that it would do far more damage than good."

This is a rather discouraging picture when consideration is given to the fact that such a pork-barrel housing bill had the backing of civic groups of some of our large cities that we ordinarily look to for leadership in the cause of good government. It strengthens our conviction that all political pressure groups should be opposed, mainly because they are selfishly short-sighted.

We are extremely fortunate in having as our president at this time a man who has nothing to fear from pressure groups. He is in a position to act on all matters according to his own best judgment as to what is best for the country. The next election is not a matter of personal concern for him.

Plan Still Needed

(St. Paul Pioneer Press)

The buildings bill finally adopted by the 1959 Legislature contains the controversial item allowing the University of Minnesota to expand its facilities to the west bank of the Mississippi river.

Slightly more than seven million dollars is included in the bill for the expansion program.

As we have said previously, we believe it is a serious mistake for the Legislature to approve such a major expansion program without first requiring all branches of higher education in the state to develop a master plan for integrated college and university growth.

This plan has not been developed. There is a slim chance that some progress in this regard can still be made, however. Both houses of the Legislature have approved a resolution urging that the University of Minnesota, the State College Board and the State Board of Education get together and voluntarily form a coordinating committee to work on mutual problems of expansion, financing and curriculum.

The Legislature failed to solve the major problems facing higher education in this state. It reached no decisions on matters dealing with the basic relationship between the state colleges, the junior colleges and the university. It left the question of joint planning to meet the future needs of higher education up to these three independent groups.

It is now incumbent upon these groups to demonstrate to the public that they are willing to develop such plans cooperatively and not view future programs solely on how they will effect their own individual interests.

Borrowed Nonsense . . .

PARKINS CORNER DRUGS

Thief River Falls, Minn. 202 LaBree Ave. Dial MU 1-2932

REPORT from the GOVERNOR

by Orville L. Freeman

Programs for mental health depend primarily on public support. Substantial amounts of the appropriations made by the 1959 legislative session are for various Minnesota services for the mentally ill and mentally retarded.

The Department of Public Welfare, on beralf of the institutions concerned, had requested much more money. I cut down those requests to amounts that we believed to be the bare minimum needed to maintain services at their present level, to have some hope for improvement, and to take into account the needs of our increasing population. The legislature cut these amounts still further.

Personnel and Supplies

Perhaps the most difficult problems will result from the cuts in personnel for our state hospitals. I had requested 200 more than we now have, but the appropriations finally passed allowed for 34 fewer positions.

Appropriations for drugs and medicines are 5 per cent less than for the previous biennium, and 11 per cent less than I requested. Appropriations for clothing were likewise reduced,—although appropriations for food were increased by an amount equal to one cent per patient per day.

Thus many of our hospitals face real austerity for the next two years.

A Brighter Side

There is, fortunately, a brighter side, particularly in the construction of new facilities. Provisions were made for new treatment buildings at both the Rochester and St. Peter state hospitals.

Four million dollars were appropriated to provide for 500 more retarded children at Brainerd. We now have 88 patients there, and by the first of next year we will have facilities for 450 more. Thus, with the additional 500 provided by this session, by the end of the current biennium we will be able to care for more than thousand.

Youth Treatment Center

We are looking forward to real progress in our care for mentally ill and disturbed children with the establishment of the Minnesota Youth Treatment center at Circle Pines, as authorized by the 1959 session.

This center will have two separate functions. It will provide residential treatment for disturbed and psychotic children, many of who now have to be placed in adult wards in other state hospitals.

It will also have a reception center for those youngsters committed to the Youth Conservation Commission for diagnosis and treatment.

Mental Health Centers

One program which we began two years ago was given a real boost by the past session, when it appropriated half a million dollars to provide assistance, on a matching basis, to communities that set up out-patient mental health clinic.

This money will help to finance five or six new centers, in parts of our state where such services are not now conveniently available. Prevention and cure of mental illness, right in the communities in which the patients live, can now be emphasized even further.

The People Spoke

I am sure that one reason why the Legislature was more generous in appropriations for community mental health centers than it was for some other things was that the people made their wishes known. Citizens from communities that hope to have such centers came down to the capital to express their needs and hopes to the committees considering those appropriations. They were persuasive enough to secure appropriations for this purpose that are five times higher than those of the previous biennium.

Certainly the successful experience of communities that had already established such clinics was likewise influential in this decision.

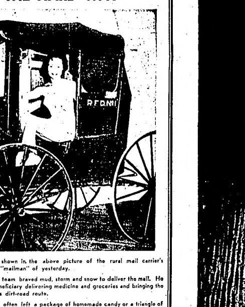
R.F.D., THE HARD WAY



The pretty modern miss shown in the above picture of the rural mail carrier's wagon, was not typical of the "mailman" of yesterday.

The "mailman" and his team braved mud, storm and snow to deliver the mail. He also served as a community beneficiary delivering medicine and groceries and bringing the latest news to people along his dirt-road route.

On holidays his patrons often left a package of homemade candy or a triangle of freshly baked pie or some other token of appreciation in the mailbox . . . especially on Christmas day when his load was biggest.

"Whatever you do -- Bank at Northern State"

I love sports and I travel quite a bit enjoying them. I'm never without Travelers Checks. Any restaurant, motel or hotel will readily cash a Travelers Check — it's like magic. And if they should be lost or stolen, they are worthless and your money is refunded. 'Northern State Bank has Travelers Checks for you — they cost only $1 for $100, and are available in $10, $20, $50 and $100.

Schools to Get Little of Income Tax Boost

Most of the $19,550,000 in added state income taxes which Minnesota individuals will have to pay in 1960 and 1961 because of the ½% rate increase in each income bracket provided in the omnibus tax law, will be spent for non-school activities of the state government.

This was pointed out today by Charles P. Stone, general counsel of the Minnesota Taxpayers association, who called attention to the fact that a little-publicized provision in the new tax law transfers one-eleventh of the proceeds of all individual and fiduciary income taxes from the income tax school fund to the general revenue fund for general state spending.

Heretofore all income tax revenues, with minor exceptions, have been considered as dedicated to education and school aid purposes.

Amount of the transfer is estimated at $16,895,000, or nearly 87% of the revenues which it is estimated will be produced by the individual rate increase, Stone said.

Other estimated new tax revenues to be produced by the omnibus tax law changes, in addition to the $19,550,000 of added individual income tax revenue, include:

Corporate income tax rate increase (from 7.3% to 9.3%), $11,800,000.

Inheritance and gift tax changes, $1,000,000.

Cigaret tax rate increase (from 4c to 5½c per pack) — State's share, $8,250,000.

Tobacco products tax rate increase (from 15% to 20%), 825,000.

Iron ore occupation and royalty tax changes, $1,286,000.

Beer tax rate increase (from $1 to $1.60 per bbl. on malt beer, and from $2 to $3.20 per bbl. on strong beer), $2,750,000.

Liquor surtax increase (from 10% to 15%), $1,078,000.

Documentary tax, $1,000,000.

Total expected net "take" of all these new tax rate increases and changes is $47,539,000.

Crops & Soils Day Set for July 21 at Northwest School

Farmers and Businessmen Invited to View Results of Research Projects

Farmers and businessmen in Northwestern Minnesota are invited to attend Crops and Soils Day at the Northwest Experiment station on Tuesday, July 21, starting at 9 a.m. This is an opportunity to review at first hand the research work in Northwestern Minnesota on small grains, forages, soils, potatoes, sugar beets, and horticulture.

According to B. E. Youngquist, superintendent, hay and forage processing and storing will come in for special attention. In addition, those who are interested in gardening, flowers, and horticultural plantings, will find interesting activities; and those who are interested in grain crops, potatoes, sugar beets, chemical weed control, and soil experimental work are invited to the regular crops and soils field tour.

Those attending are asked to bring a picnic dinner. Coffee and cream will be available on the campus. There will be a lunch stand on the campus.

The ladies are particularly invited to the horticultural program, and to bring their husbands along for the tour of the research work on crops and soils.

Tractors and wagons will be used for transportation around the experimental farm.

COLOMBIA Roland M. Miller, manager of an oil company in Cucuta, Colombia, South America, was greeted at the local airport by his daughter, Susan, Thursday afternoon, July 9. Miller made the trip to visit his sister-in-law, Mrs. Lester Dale, and other relatives in Red Lake Falls. Susan and her brother arrived in Red Lake Falls a few days ago from Orlando, Fla., with her grandparents, Mr. and Mrs. H. H. Nixon who are also staying at the Dale home.

Modern robins built a nest in a Northfield tree from plastic scraps gathered around the Schjeldahl plant . . . Joe McFarlane, Dundas, has a corn-picking Spitz dog . . . Co. Board Lets Contracts and OK's Pay Hikes

Oscar Schenkey Is Awarded Highway Graveling Projects

At its busy semi-annual session Monday, the Pennington county board acted on a variety of matters, including the award of contracts for road graveling and for outlet ditch 75, and granting salary increases to seven county officials under the board's jurisdiction, as well as to the commissioners themselves.

On his bid of $27,670, lowest of two received, Oscar Schenkey of Middle River was awarded the contract for graveling work on county aid and state aid highways. The other bid, submitted by W. T. Thorson of Mahnomen, totaled $29,450.

Clifford Hedeen, on his low bid of $21,530.92, was given the contract for constructing outlet ditch 75 in the townships of Goodridge, Reiner, Hickory, Highlanding and Star. The ditch will provide a new outlet for ditches 49, 38, 41, 51 and 57. Other bids ranged up to $29,418.80.

The bid of the Consumers Cooperative assn. in the amount of 12.3 cents per gallon, lowest of seven received for supplying the court house with fuel oil next winter, was accepted by the board.

Seven county officials were given cost-of-living salary increases of $200 a year, and under the provisions of a new state law the salaries of county commissioners were raised from the present $1,174.55 a year to $1,513.

Under the new salary scale, the county auditor will receive $5,712; treasurer $5,712; probate judge $6,200; assessor $5,080; superintendent of schools $4,008; sheriff $1,200 plus fees; county attorney $3,300 and secretary allowance; clerk of court $1,800

Soil Conservation Progress in Area Told by Lawrence

Pennington County SCS Farm Planner Speaks at Rotary Meeting Monday

Don Lawrence, farm planner of the Pennington County soil conservation district reviewed the activities of his organization at the Rotary Club luncheon Monday noon. Pennington county was the first to organize in Northwestern Minnesota, he said, and he has managed the activities here during all of that ten-year period except the first two months.

Farmers in this county have greatly improved their farms with 774 miles of open-field drainage ditches and 76 miles of main outlet ditches that have been constructed by groups of farmers. Some of these main outlet ditches provide better drainage for extensive areas, one of them being the joint effort of 26 land owners. Lawrence estimated that 112,000 acres of crop land in the county have been benefited and that yields have been increased 20 percent.

While 352 farmers in the county have applied for the services made available through the soil conservation office, 218 have already worked out programs of water management. The service is maintained by the federal government and local activities are directed by a board of five elected supervisors.

Lawrence supplemented his talk with a film showing what had been accomplished in one Iowa community where the water problem was approached on a complete watershed basis.

Nat'l Foundation Chapter Meeting Set for Tonight

C. W. Rodekuhr, chairman of the Pennington county chapter of the National Foundation, today reminded members that the annual meeting and election of officers of the organization will be held this evening, Thursday at 6:30 in the Rex Cafe. A representative of the state office will address the meeting.

razy Days' in ogress Here

STRENGTH Stan and Bob Larson of Poppler's show that they are "strong" for the Crazy Days celebration of mirth and bargains Thursday, Friday and Saturday, July 16-18. Free pony rides for the children and the release of 2,000 balloons containing gift certificates will be only two of the many attractions visitors to the city will find during the mirthquake of the year.

Free pony rides for the children and the release of 2,000 helium-filled balloons containing merchandise coupons will be only two of the many features of the city's annual Crazy Days Thursday, Friday and Saturday, July 16-18.

Children under 10 years of age may take free pony rides Friday and Saturday at the ring which will be set up in the city park northwest of the arena. Rides will be given Friday from 10 a.m. to noon, from 2 p.m. until 4 and from 6:30 until 8:30. Saturday, the ponies may be ridden from 10 a.m. to noon and from 1 p.m. until 4 o'clock.

Coupons entitling the children to free rides will be found in the July 16 Crazy Days issue of the Thief River Falls Times and the Shopper.

The skies above Thief River Falls will be filled with balloons Friday morning before the street sale of merchandise begins. Every participating merchant will release a number of the gas-filled spheres, many of which will contain valuable merchandise certificates. Those who find balloons containing certificates must claim their rewards either Friday or Saturday.

The business district will "go nuts" during the three-day celebration of fun and bargains. Strange and amusing costumes will be the rule as merchants and employes try their best to outdo each other.

Many of the bargains are on a "first come, first served" basis, with only a limited supply of specials available. In other cases, a large number of items have been marked to new, low prices.

Friday, the annual sidewalk sale of merchandise which has been so popular in past years will take place. Tables filled with items will be conveniently located in front of participating stores for inspection by the public. In case of rain, the sidewalk sale will be held Saturday.

The bargains won't be confined to the sidewalk displays, however. Every store has planned a gala celebration of bargains which should attract the largest crowd for the annual celebration the city has ever known.

Kennedy School Gym Collapsed Yesterday Due to Unknown Cause

A large section of the Kennedy school gymnasium-auditorium collapsed early Wednesday with a resounding thunder-like noise that awakened almost the entire population.

Sole witness to the collapse which occurred about 5 a.m., was Ralph DuPae of LaCrosse, Wis., who had been sleeping in his car near the school.

DuPae said that the first indication that something was wrong came when he heard the sound of shattering glass.

He said he looked up to see windows blow out followed shortly after by a loud noise and the simultaneous collapse of the walls and roof.

The walls suddenly bulked outward, he said, with the section of the roof falling directly downward.

Kennedy school superintendent G. O. Brekke, who lives across the street from the school also heard the sound and was one of the first to the scene.

Brekke estimated damage to building at between $30,000 and $100,000. He said that more than two-thirds of the roof had collapsed and two walls were lying flat on the ground.

A hasty meeting of the school board with officials of a Grand Forks architectural engineering firm early Wednesday failed to fix the exact cause of the collapse. Both the school board and the engineering firm had contacted consultants in an effort to arrive at the cause, Brekke said.

It was the second similar mishap to occur at the $750,000 school plant in four years.

While the gymnasium was under construction in June 1954, an estimated $60,000 damage was caused when winds up to 100 miles an hour buffeted the uncompleted gymnasium.

U. S. Senate Votes $18,000 to Survey Thief River Area

Senators Hubert Humphrey and Eugene McCarthy wired the Times yesterday stating that the Senate had passed a rivers and harbors bill which included an appropriation of $18,000 for a survey of the Thief River Watershed.

ASC Wheat Allotments Being Mailed

County Officials Advising Farmers of Quotas for 1960

Wheat growers of Pennington county can expect to receive their 1960 acreage allotments through the mail this week, Patrick W. Culkins of the county Agricultural Stabilization and Conservation committee, announced today.

There is a total of 721 farms with 1960 wheat acreage allotments in the county having a combined acreage of 9255.1 acres. These allotments are being mailed at this time so farmers will have them in advance of the Thursday, July 23, referendum, at which growers throughout the country will decide whether to market their 1960 wheat under the same quota system that has been in effect for several years.

The 1960 farm allotment will be about the same in most cases as it was last year. It represents the individual farm's share of the national wheat allotment, which will continue next year at the minimum of 55 million acres permitted by law.

If marketing quotas go into effect for the 1960 wheat crop as a result of two-thirds approval in the coming referendum, the allotment becomes a factor in determining compliance with marketing quotas. The farmer who keeps within his allotment may market his entire wheat production without penalty. The farmer who is over his allotment will ordinarily be subject to a penalty on the normal production of his excess acres.

An exception to this general rule is that any farmer may produce up to 15 acres of wheat without penalty. The farmer who complies with his wheat allotment is eligible for price support, either with or without marketing quotas in effect. The acreage allotment is also a factor in Soil Bank compliance and the determination of future wheat allotments.

Compliance with the allotment is required of any farmer participating in the Conservation Reserve of the Soil Bank. The farmer who exceeds his allotment,

Chris B. Kierk Is Owner of Motel in Missouri Town

The Item, weekly newspaper published in Knob Noster, Missouri, announced in a recent issue that C. B. Kierk, former manager of the Thief River Falls airport, and Mrs. Kierk are the owners and operators of a recently completed $80,000 12-unit motel located near the Whiteman Air Force Base. Kierk was quoted by the Item as stating he intended to add another six units to the motel at a later date.

Dairy Cattle Sale Slated in TRF Next Fall

Breeders from 13 Counties Share in Sale of Choice Stock

Dairy breeders from 13 Northwestern counties are planning to hold a high quality dairy cattle sale at Thief River Falls in the fall of 1959. Arrangements for the sale were discussed at a meeting here Monday, July 13.

Making up the organization will be one director from each of the 13 counties participating. Counties to take part are those served by the four D.H.I.A. testing associations in the northwest part of Minnesota. They are Kittson, Roseau, Lake of the Woods, Koochiching, Beltrami, Marshall, East Polk, West Polk, Pennington, Red Lake, Clearwater, Mahnomen and Norman.

Only cattle having a D.H.I.A. record will be permitted to enter the sale. Other tentative proposals for the sale are: That it be an all female sale; that grade cows have a record of 400 lbs. of butterfat, and registered cows have a 450 lb. record, and that progeny of these cows will be eligible for the sale.

The date of the sale has been tentatively set for October 15, and all dairy breeds would be eligible to participate. Final details and conditions of the sale will be worked out by the county directors at a meeting set for Thursday, July 23.

Chosen at the meeting as permanent chairman was Maynard Mehrkens of Thief River Falls. Martin Carrice of Hallock was elected vice-chairman and Paul Stelmaschuk of Thief River Falls, secretary. A treasurer is to be named at a later date.

Three directors were elected to work with the officers to draw up the terms of the sale. They were Allen Magnuson of Roseau, Bob Barr of Marshall county and Donald Walker of Red Lake Falls.

Municipal Band to Offer 3 Concerts

To Play This Evening and Sunday and Monday

The Thief River Falls American Legion municipal band has scheduled three appearances during the next few days, Alvin Anderson, director, announced today.

This evening at 8 o'clock the band will present the last in a series of summer concerts on the postoffice lawn.

The musicians also will perform in Tindolph park Sunday afternoon as a feature of the annual Jaycee Aquacade. The time of the concert has been changed from 12:30 to 1:30 p.m.

The final concert in the series will be played at the Oakland Park nursing home next Monday evening, July 20, at 8 o'clock.

JUNIOR CHAMBER PLANS PICNIC TONIGHT IN PARK

Members of the Junior Chamber of Commerce will be hosts to their ladies at a picnic supper this evening at 7 o'clock in Riverside park, Bruce Hall, president, stated today.

AIRPORT Workmen of Prichard Brothers company are working on the steel framework of the shop building at municipal airport which is being constructed to provide facilities for the aircraft and engine course which will be given by the area vocational school beginning in September. The structure is being built by the city and leased to the school district.

Jaycee Aquacade Set for Week end

Parade, Pretty Girls and Water Sports to Feature Activities

Complete details of the annual Junior Chamber of Commerce Aquacade Saturday and Sunday, July 18-19, have been released and the events will probably attract an even larger gallery of spectators than did last year's show.

Festivities will begin Saturday night at 8 o'clock when the parade through the business district will begin. Marchers and floats will begin at Fourth and LaBree, move west to Main ave., turn south on Main and travel one block to Third, turn east on Third and go one block to LaBree and on LaBree to First st. At First and LaBree, the parade will move west to the Lincoln high school grounds where it will disband.

Immediately after the parade, Miss Minnesota (Judy Ann Olson of Albert Lea), who is appearing through the courtesy of the Kiewel Products company and the Pepsi-Cola company, will present her "Tequila" dance on the stage which will be located on Second st. between LaBree and Main aves. The 1959 Northwest Dairy Princess (Miss Bonita Christenson of Bemidji) will also be on the program which will be climaxed with the selection of the Aquacade Queen from a field of 26 candidates sponsored by local merchants. Taking part in the coronation will be Susan Forkenbrock, queen of the 1958 Aquacade. A free street dance will follow.

In case of rain, the dance and coronation will be in the city Auditorium.

Sunday's events will be opened with boat rides from 11 a.m. until 1:30 p.m. from the dock located on the west bank of Tindolph park. A band concert by the Thief River Falls municipal band will be presented in the park from 1:30 until 2.

Aquacade officials stated today that spectators will have the best view of the program that follows from Tindolph park. All acts will take place in the river in front of the park. The boat park north of the Third st. bridge will be closed to the public to allow the acts to be staged without interruption and to avoid possible injury to spectators who may wish to view the preparations. National Guardsmen will be present to direct the traffic.

The Miss Aquacade boat parade will take place from 2 until

VISITOR Miss Minnesota of 1959 (Judy Ann Olson of Albert Lea) will be in Thief River Falls Saturday evening, July 18, to take part in the annual Jaycee Aquacade parade and program. Sponsored by the Kiewel Products company and Pepsi-Cola, the 18-year-old blonde beauty will do her "Tequila" dance on the stage located on Second st. between Main and LaBree aves. where Miss Jaycee Aquacade will be crowned. A student at Drake university, Miss Minnesota has special training in dancing, modeling and art. For those interested in statistics, Judy is 5 feet eight inches tall weighs 124 pounds and measures 34½-23-35.

Bratrud Clinic Taken over by Two Doctors; Open Early in August

DR. S. E. POLLMAN

DR. LEO HERBER

During the past few days, S. E. Pollman, M.D. and Leo Herber, M.D. have been added to the group of physicians in Thief River Falls. The two men will open a third medical clinic in the city during the first week of August. They have purchased the Bratrud Clinic property and plan to set up offices after minor alterations have been made.

The Herber-Pollman offices will be known as the Thief River Clinic and will be located across the street from Northwestern Hospital.

Dr. Herber and Dr. Pollman have both recently been serving in the armed forces. Dr. Herber has been a medical officer in the Army within the continental United States, while Dr. Pollman served in the Navy as a ship physician in the Pacific area.

Both doctors have their physician and surgeon degrees, Dr. Pollman from the University of Nebraska College of Medicine, Omaha, Nebraska and Dr. Herber from the College of Medical Evangelists, Loma Linda-Los Angeles, California.

Dr. and Mrs. Herber and their four children and Dr. and Mrs. Pollman and their two children are now residing in this city.

Odd Fellows Plan District Picnic in TRF on Sunday

The annual picnic of District 35 Odd Fellows and Rebekahs will be held Sunday, July 19 at Riverside park in Thief River Falls. The lodges of Fisher, Warren and Thief River Falls will participate with the usual pot luck lunch plan to be followed. Ice cream, coffee and lemonade will be furnished by the Odd Fellows.

Marketing Local Dairy Products to Be Topic Tuesday

Officials of Nine Area Creameries to Attend Meeting in the Rex Cafe

Officials of nine area creameries have been invited to attend a meeting at the Rex cafe Tuesday evening, July 21, to hear reports from a committee named to study local dairy marketing and manufacturing problems. Board members and operators from the following creameries have been invited: Grygla, Goodridge, Gatzke, Holt, Viking, Warren, St. Hilaire, Plummer and Thief River Falls.

Meetings have been held by six of these creameries and a study committee consisting of the president and secretary of each of these six was authorized to arrange a program where consideration would be given to a possible reorganization of the marketing facilities in the area. A. D. Hanson, president of the Thief River Falls creamery, was named chairman of this group and Carl Kron, secretary of the Viking creamery, secretary.

William Dankers of the University of Minnesota, extension economist in marketing, has made a special study of the area problems and will offer his suggestions at this meeting.

A smorgasbord supper will be served at 8:00 o'clock, to be followed by the business session.

Rosemary Lund and Melvin Eskeli Wed At Trail

Pink and white peonies and lighted candelabra graced the altar of the Sand Valley Lutheran church of Trail for the wedding of Miss Rosemary Alice Lund of Trail and Melvin Karl Eskeli of Plummer, Saturday, June 27, at 8:30 p.m.

The bride is the daughter of Mr. and Mrs. Henry Lund of Trail while the bridegroom's parents are Mr. and Mrs. Nick Eskeli of Plummer.

Rev. O. M. Simundson officiated at the double ring ceremony with Mrs. Conrad Stenvold of Gonvick at the organ. Clarence Thompson of Plummer, soloist, sang "Oh Happy Home" and "The Lord's Prayer," accompanied by Mrs. O. E. Osthy of Plummer at the piano.

Entering on the arm of her father, the bride wore a gown of tulle and chantilly lace over layers of net and taffeta. It featured a full bouffant skirt, a molded bodice with a modified scoop neckline and long tapered sleeves which came to a point at the hand. Her fingertip veil was held in place by a jeweled crown of pearls and sequins and she carried a bouquet of a large white orchid surrounded by white stephanotis and white baby carnations. Her pearl earrings were a gift of the bridegroom.

Miss Janice Sorby of Sioux Falls, S. D., friend of the bride, was maid of honor, while Miss Evelyn Eskeli, niece of the bridegroom of Thief River Falls, served as bridesmaid. They were attired in ballerina length gowns of blue nylon chiffon over taffeta. Their attire was accented by matching headpieces, blue gloves and blue shoes and pearl earrings, and they carried bouquets of white carnations and lemon leaves.

Judy Lund, cousin of the bride of Grand Forks, was junior bridesmaid, wearing a ballerina length gown of pink nylon chiffon over taffeta, similar to that of the other attendants. A headpiece of white carnations and pink gloves accented her attire and she carried a bouquet of white carnations and lemon leaves. Her pearl earrings were a gift of the bride.

Rita Jo Olson of Thief River Falls served as flower girl and she wore a floor length dress of blue net over taffeta with a cluster of flowers in her hair and her white gloved hands carried a white crocheted basket of white carnations and lemon leaves.

Attending the bridegroom as best man was Edward Eskeli, his brother, while Leo Eskeli, another brother, and Lyle Lund, cousin of the bride, were groomsmen. Ushers were Stanford Anderson and Rodney Eskeli. All gentlemen wore black trousers, white dinner jackets and light blue carnation boutonnieres.

For her daughter's wedding, Mrs. Lund chose a blue lace dress with white accessories, while the bridegroom's mother wore a pastel blue dress of nylon with white accessories. Their corsages were of pink sweetheart roses.

A reception was held in the church parlors following the ceremony with Mrs. Henry Grover of Trail as hostess. Mrs. Thor Lund, aunt of the bride, and Mrs. Tom Huotari, sister of the bridegroom, poured. Mrs. Leonard Eskeli, sister-in-law of the bridegroom, and Mrs. Charles Fremling, sister of the bridegroom, cut and served the wedding cake, assisted by Mrs. Orvin Krogh, aunt of the bride. The four-tiered cake, topped with a miniature bride and groom, was baked and decorated by Mrs. John Nelson of Gully.

Others assisting were Mrs. Ted Hamrey, Mrs. Vernon Hovelsrud, Mrs. Johnny Handy, Mrs. Fred Schmunk, Mrs. John May, Mrs. Joney Flatland and Mrs. Lloyd Erickson in the kitchen. Waitresses were Virginia Lund, Vicky Lucackick and Dorothy Eskeli. Glenyce Eskeli of Plummer was at the guest book with Adeline Flatland and Nellie Westlake in charge of the gift table.

For their honeymoon trip to the Wisconsin Dells and Iowa, the bride chose a white and pink embroidered dress with white accessories and a corsage of pink sweetheart roses. They are now making their home on a farm near Plummer, where the groom is engaged in farming.

Mrs. Eskeli is a graduate of Gonvick high school while the bridegroom is a graduate of Plummer high school. She was employed at Parkin's Corner Drug coffee counter.

Relatives and friends from Los Angeles, Calif., Chicago, Ill., St. Paul, International Falls, Glenwood, Elmore, Kennedy, Thief River Falls, Grand Forks, N. D., Ottumwa, Iowa, Mason, Wis., and Detroit, Mich., attended the wedding.

St. John's Ladies Aid to Meet Thursday Afternoon

St. John's ladies aid will meet in the church parlors Thursday, July 23, at 2:30 p.m. The pastor will conduct the devotions and the topic. Hostesses will be Mrs. Fred Harbott, Mrs. Arnold Anton, Mrs. Ken Onken and Mrs. R. Benke.

Mr. and Mrs. Burnell Wood spent the weekend at the Vernon Mossestad home.

Christ Evensons Note Golden Wedding Tuesday

Mr. and Mrs. Christ Evenson of Junction City, Ore., former residents of Thief River Falls were honored on their golden wedding July 14, when an open house was held at the Rindal Lutheran church.

A short program was held with Mrs. Willie Hagen serving as mistress of ceremonies. Devotions were given by Reuben Wold after which Mrs. Carl Olson reviewed the highlights of the Evenson's married life. Two short readings were given by Mrs. Emil Anderson and Mrs. Irvin Schmitke. Two songs were sung by the Ladies Chorus after which Albert Holquist presented the Evensons with many gifts and cards. Short talks were also given by friends and relatives.

The Evensons have five children, Mrs. Olaf Hall of Newfolden, Mrs. Herman Borgaard of Junction City, Ore., who were present for the occassion, also Mrs. Hubert McMurray of Springfield, Ore., Leonard of Eugene, Ore., and Chester of Riverside, Calif.; and 16 grandchildren and five great-grandchildren.

A three tiered anniversary cake, baked and decorated by Mrs. Gilford Sannes centered the serving table. Mrs. Carl Olson of Newfolden cut and served the cake while Mrs. Emil Anderson poured. Mrs. Percy Hanson of Grand Forks was in charge of the guest book with the Ladies aid of the Rindal church assisting in serving.

WED AT PLUMMER Norbert Van Lith and his bride, the former Cleo Studnick, are making their home near Plummer, following their marriage July 1 at St. Vincent de Paull church at Plummer.—Photo by Kavanaugh.

Cleo Studnick, Norbert Van Lith Wed At Plummer

Cleo Marie Studnick, daughter of Mr. and Mrs. Robert Studnick of Clearlake Oaks, Calif., and Norbert Van Lith, son of Mr. and Mrs. John Van Lith of Plummer, were united in marriage Wednesday, July 1, at Plummer.

The double ring ceremony took place at 8 a.m. in St. Vincent de Paul church and was officiated by Rev. Daniel Noah.

The bride, given in marriage by John Bourassa of Quebec, Canada, was attired in a lavender suit with white and lavender accessories and she carried a bouquet of white carnations and white pom poms.

Mrs. Lucienne Bourassa of Quebec, aunt of the bride, was matron of honor. She wore a white lace dress over a tangerine base with white accessories and a corsage of white carnations and yellow roses. The bridegroom was attended by Raymond Culkins of Plummer, his brother-in-law.

Mrs. Studnick was attired in a champagne colored dress with midnight blue accessories for her daughter's wedding, while the bridegroom's mother chose a light blue dress with white accessories and a corsage of white carnations and mums.

Following the ceremony a reception was held in the Plummer hall for immediate relatives and friends, after which the Van Liths left for their honeymoon trip.

Mr. and Mrs. Van Lith are making their home near Plummer where the bridegroom is engaged in farming. The bride is a graduate of Santa Rosa high school in Santa Rosa, Calif. She was employed as a fire lookout for the U.S. Forest Service. Mr. Van Lith attended the Plummer schools.

Culkins Cites Rules as to Conservation Reserve Contracts

Patrick W. Culkins, office manager of the county Agricultural Stabilization and Conservation office, today issued an eight-point reminder on the responsibilities of farmers who have entered into Soil Bank conservation reserve contracts. He summarized the farmer's responsibility under his contract as follows:

1. No crop of any kind may be harvested from your conservation reserve land.
2. No grazing is permitted on any conservation reserve land.
3. Vegetation cover must be established and/or maintained on your conservation reserve land.
4. If a conservation practice has been authorized for your conservation reserve land and the practice has not been established by the designated date, notify the county office at once.
5. If all of your eligible land is in the conservation reserve, do not grow any soil bank base crops.
6. If only part of your eligible land is in the conservation reserve, do not exceed your permitted acreage of soil bank base crops.
7. Comply with any acreage allotment in effect on your farm. However, if you have a wheat allotment of less than 15 acres, you may raise as much as 15 acres of wheat without penalty provided you do not exceed your permitted acreage of soil bank base crops.
8. Control noxious weeds on your conservation reserve land. Clipping should be done when and where necessary but in the process of clipping be careful to prevent avoidable destruction of wildlife.

Pennington Co. ASC Mails Wheat Allotments

(Continued from Page 1)

produces more than 15 acres of wheat and is not participating in the feed wheat program is ineligible for Conservation Reserve payments.

For purposes of establishing future allotments, the farmer who complies with his 1960 wheat allotment receives credit for his full wheat base and thus gets credit for the acreage diverted from wheat. The farmer who exceeds his allotment receives no credit for the diverted acreage unless he stores his excess wheats under marketing quota regulations or delivers it to the government.

Any farmer who has questions about his 1960 wheat allotment should take them up with the staff of the county office as soon as possible after the allotment is received, Culkins stated.

Pennington Board Lets Contracts, Raises Salaries

(Continued from Page 1)

plus fees; and register of deeds, fees only.

The board accepted the resignation of Bruce Reskl as county civil defense director, as he is leaving the city. Action to appoint a successor was deferred.

A committee from the Christian Manor group, including Waldie Christensen, L. B. Hartz, M. C. Gulbranson and the Rev. A. N. Larson, was present to discuss the possibility of a lease by the group of the Oakland Park nursing home. The county board pointed out the fact that negotiations would be complicated by the fact that the nursing home is owned by four counties. No immediate action was taken on the matter.

Members of the Rocksbury town board reported on its plans to extend County Aid Road 62 from its western extremity for a distance of 80 rods west to connect with the airport road. The road extends east and west along the southeast edge of the city.

The county board indicated that it is considering the possibility of eliminating the personal property tax on household goods under the terms of a new state law which gives the option to the individual counties. A study is now being made by County Auditor C. W. Rodekuhr and Assessor G. Gunstenson as to what effect the removal of the tax would have on county and city finances.

County Treasurer Ellsworth Jorgenson reported to the board that a total of $1,365 in delinquent personal property taxes remained uncollected.

Sheriff Charles R. Richards brought up the question of the personnel of the sheriff's office being equipped with uniforms, as permitted under a new state law. Action was deferred.

Mrs. A. Feragen To Be Interred Saturday, July 18

Mrs. Andrew Feragen, life long resident of this community died Tuesday morning, July 14, at Northwestern hospital at the age of 71.

Funeral services will be Saturday, July 18, at 10:30 a.m. at the Green funeral home and at 2 p.m. at Goodridge Lutheran church. Rev. Otto Dale will officiate at both services with interment to be in the Norden cemetery. The body will lie in state at Green funeral home from tonight, Thursday, until the time of services Saturday and at the church one hour before the services.

Mrs. Feragen was born May 6, 1885, in the township of Norden, Pennington county. There she was baptized and confirmed and grew to womanhood. On April 9, 1905, she was united in marriage to Andrew O. Feragen at Thief River Falls and in 1907 they homesteaded in Reiner township in Pennington county, where they have since made their home.

Mrs. Feragen was a member of the Goodridge Lutheran church and its ladies aid for many years.

Surviving are her husband, three daughters: Mildred, Mrs. Eldon Kippling, and Edith, Mrs. Erwin Wetenkamp, both of Red Lake Falls, and Mrs. Gladys Tangness of Fargo, N. D.; five sons: Elmer, Leonard and Arnold of Goodridge, Albin of East Grand Forks and George of Grygla, and one sister, Mrs. Sophie Howick of Thief River Falls, also 23 grandchildren and one great-grandchild.

She was preceded in death by one sister and two brothers.

George O. Hanson Succumbs; Rites Held On Monday

Funeral services for George O. Hanson were held Monday, July 13, at Oak Ridge Lutheran church with Rev. T. J. Weltzin officiating. Interment was in Landstad cemetery, with Sinding-Gulbranson funeral home in charge of arrangements.

Mr. Hanson died Friday, July 10, at the age of 66. He was born August 8, 1892, in Pennington county. He was baptized and confirmed in the Lutheran faith, attended rural schools and helped his parents with farm work. On Dec. 22, 1927, he married Alma Simondson and they farmed in Sanders township. He retired in 1955 due to poor health. He was a member of the Oak Ridge Lutheran congregation.

Surviving are his wife and three daughters: Dorothy, Mrs. Virgil Wold, of East Grand Forks; Lenore, Mrs. Jerome Kraemer, of rural Thief River Falls; and Gladys, Mrs. Wallace Lane, of Moorhead; also seven grandchildren, one sister and two brothers, Della, Mrs. Walter Olson, and Henry of St. Hilaire and Arthur of this city.

He was preceded in death by his parents, one sister and three brothers.

One Minor Mishap in City This Week

Driver Is Tagged for Following Too Close

This has been a safe week in the city from the standpoint of automobile accidents, with only one mishap reported.

According to city police, Myron Arthur Gutterud, rt. 2, city, was charged with following another motor vehicle too closely after his car and one driven by E. Earl Sureras of Cavalier, N. D., were involved in an accident July 11 at 12:14 p.m.

According to the report filed, Sureras was driving west on Third st. E., when he attempted to make a right turn to go north, his car was struck in the rear by the Gutterud car.

Damage to the Sureras car was listed at $35 and to the Gutterud car at $15.

R. O. Tharaldson Takes Training Course in Texas

Airman Richard O. Tharaldson, son of Mrs. Clara Kaushagen, of Newfolden, is undergoing the basic military training course for Air National Guardsmen at Lackland Air Force Base, Texas. He will return to his home unit upon completion of his training.

Airman Tharaldson is married and he and his wife reside at Goodridge.

The military training he is receiving is the same course of indoctrination in military subjects that is given to airmen in the regular Air Force.

2 TRF Young Men Have Enlisted in the Marine Corps

The U.S. Marine Corps recruiting office in Grand Forks announced that two Thief River Falls young men have enlisted in the Marine Corps, and are now undergoing 12 weeks of recruit training at the Marine Corps Base, San Diego, Calif. They are David L. Nelson, son of Mrs. Helen Mossestad, and William G. Haugen, son of Mr. and Mrs. Gust Haugen. On completion of recruit training both young men will be transferred to Camp Pendleton, Oceanside, Calif., for four weeks of advance individual combat training before being granted a 20-day leave.

Keep Fishing License with You, Is Advice

"Having your fishing license on you while fishing is just as important as having your drivers license when operating a motor vehicle," comments Francis Johnson, Minnesota's chief game warden.

"Our Fourth of July weekend checks revealed many anglers still failing to have their license with them," explained Johnson. "Many had left it in their car or camp, often miles away. Game wardens checking these people are too busy at this time to go ashore in order to check a license forgotten by a careless fisherman. Now a few of these anglers do not have a license at all but hope such an excuse will cause the warden to pass them up—it just doesn't work.

"Have your license on your person at all times when fishing. Wearing a bathing suit doesn't mean that you can leave your license in camp or the car. Also, it's a good idea to keep your license dry. Smeared licenses that are nearly illegible usually have to be checked out by the warden and this takes a number of days.

"And wives—if you are fishing by yourself or hubby isn't right with you, be sure you have your part of the combination license."

25 Offenders Appear in Court During Week

Five cases were tried in municipal court Friday and 20 on Monday.

On July 10, Robert Murline, rt. 4, was fined $25 and $4 costs for furnishing beer to a minor, $10 fine and $4 costs on a careless driving charge and $25 and $4 costs for not having a driver's license. Roger Wesley Johnson, rt. 4, was fined $10 and costs of $4 or given the alternative of serving 10 days in jail on a charge of drinking by a minor and a fine of $10 and costs of $4 for possession of beer by an minor with the fine suspended. On failure to pay the fine, Johnson was retained in custody. Both of the Johnsons were brought into court by city police.

Eight cases were brought into the July 13 session of court by the sheriff's office. Theodore C. Novak, Jr., St. Paul, forfeited a $75 bond on a case of simple assault, a $31.50 bond for careless driving and a $55 bond for not having a driver's license.

Virgil P. Eckstein, rt. 3, Red Lake Falls, was fined $100 and paid $6.50 costs for driving while intoxicated and had his driver's license suspended.

Donald L. Hill, city, was fined $10 and costs of $5.50 for driving through a stop sign, and Gail M. Rux, rt. 4, was fined $50 and paid costs of $5.50 for careless driving. Half the fine was suspended.

Orley J. Arneson, city who was involved in an accident where there was personal injury, was fined $50 and costs of $5.50 on a charge of careless driving.

John H. Erickson, Goodridge, was fined $15 and $5.50 costs on the charge of possession of beer by a minor.

Two cases were brought into court by the highways patrol. Norman P. Audette, rt. 4, Red Lakes Falls, and Adolph Brule, rt. 2, Crookston, were arrested by the patrol on a citizen's complaint and were charged with careless driving. Both were fined $15 and assessed costs of $4 on the charge.

Ten cases were brought into the July 13 session of court by city police. Neil D. Bloomquist of Detroit Lakes forfeited a $25 bond on a charge of driving over the center line and Gay Haugen, city, paid a fine of $35 and costs of $10 on a careless driving charge.

Robert James Anderson, city paid a $10 fine for having an illegal muffler on his vehicle and Rueben A. Olson, rt. 1, paid a fine of $100, costs of $10 and had his driver's license revoker for driving while intoxicated.

Clifford J. Nelson, rt. 4, paid a $100 fine, costs of $15 and had his driver's license revoked for driving while intoxicated.

Ernest P. Bjergen, city had a fine of $10 suspended on a charge of fighting.

Jay C. Baker, city paid a fine of $15 and costs of $4 for having an open bottle in a motor vehicle and was assessed the same fine and costs for possession of liquor by a minor.

Orville C. Yarrington, Marionaville, Mo., had a 10 day sentence for vagrancy and a 10 day sentence for being drunk suspended.

Over 21 Million Trees Planted in State This Season

Reforestation of State, County and Private Lands Making Good Progress

Minnesota's program of reforesting state and county lands and establishing windbreaks and woodlots on farms and other private lands made good progress during the 1959 season when more than 21,000,000 trees were planted.

Public agencies planted 10,055,000 trees on forest, park, game and fish areas, highway and miscellaneous state-owned lands. In addition county agencies planted 2,272,000 on school forests, municipal lands, county highways and other county-owned lands.

A slightly larger total of 11,030,000 trees were planted by private groups and individuals on farms and private lands as windbreaks, woodlots, soil and water protection, game cover, tree plantations and timber production. Trees were purchased from state tree nurseries and commercial nurseries to start the forests which will be "growing products and benefits for years to come.

It is estimated that at least one-third of the total private planting was under the soil bank and conservation program which will add to the farm wood production and build soil conservation benefits for the future.

Ray Clement, forester in charge of planting and nurseries, Minnesota Division of Forestry, reports that in some areas of deficient rainfall there was some loss of trees, but in general the spring plantations were fairly successful. Clement said the number of trees planted this spring reached a new high.

Ella and Geneva Overum Describe West Coast Trip

Misses Ella and Geneva Overum returned home Wednesday evening from a trip to Seattle, East Stanwood and other places of interest in the Pacific Northwest. While there they made their home with their cousins, the Emil Matterands at East Stanwood, Wash., and with other relatives. Former residents which they had the pleasure of calling on were Mrs. Sina Ness and Mrs. T. Storvick of East Stanwood; Pastor and Mrs. O. J. Haukeness of Silvania, Wash., who had served the Bethel and Satersdal congregations a number of years ago; Mr. and Mrs. Albert Nettleland of Toledo, Wash.; and Hans Skogstad at Bellingham, formerly of the Mavie community. All sent greetings to their friends here.

Mr. and Mrs. Matterand and their son, Stanley, took them to the Grand Coulee dam, a round trip of over 500 miles. They went through the orchards of Wenatchee, and had their dinner at the Ohina Gardens in Seattle; they saw the Government Locks, Woodland park rose gardens and zoo; the arboretum and Washington university; Ft. Lewis and Boeing aircraft and the airport at Tacoma. They also saw the large airport where planes from the Orient landed and departed; the state capitol at Olympia and its beautiful grounds.

They visited the Weyerhauser Timber company, its Kraft pulp mill and lumber division at Everett. At the waterfront in Everett they saw two Canadian warships, a U.S. destroyer and submarine. These naval ships were there for the Fourth of July celebration. They ferried a car to Bremerton, where they toured the naval yards and saw five boats in drydock, among them was the historical USS Missouri which they entered and viewed the big guns that cost the price of a Cadillac each time a shot was fired; they stood on the spot where the armistice was signed with Japan.

At Port Orchard the ladies visited the hobby craft shop of the soldiers at their large hospital and memorial home. Several state parks of Washington were seen; Deception park was an historical place and a favorite tourist attraction; they saw the International Peace arch north of Bellingham, which was erected in 1911 to commemorate over a hundred years of peace between Canada and this country.

Of all the attractive things they had seen, they enjoyed the sights at Victoria, B. C., Canada, the most. According to the Misses Overum, over 500 baskets of flowering plants were around about the city. Two baskets were on each light post. It cost the city about $100 a month for the upkeep, watering and care. Every home had flowers and flowering alpine plants on the rocks. Various species of trees especially Japanese plum trees and monkey trees. The outstanding Butchard Gardens, owned by a private party, had a sunken garden in the limestone mine. Many old English homes were among the modern houses; they also saw the lieutenant governor's home where Queen Elizabeth and her party were to stay on their current tour in Canada. It was a thrill to ride on the ocean liner Princess Marguerite to Vancouver and pass under Lions Gate bridge which was 200 feet above the water.

Mrs. Myrtle Olson and Mrs. Joe King of Thief River Falls were callers at the Overum home Saturday evening. Miss Myrtle Monson of Thief River Falls visited there Sunday afternoon.

Mr. and Mrs. Henry Linnesand and Jeffrey of Goodridge were dinner and lunch guests at the Willie Senum home Sunday.

Mr. and Mrs. Alfred Nabben entertained the following guests at their home in honor of their daughter, LaVonne, who was a member of the confirmation class at Our Saviour's church in Thief River Falls Sunday: Mr. and Mrs. Ewland Nabben of Milwaukee, Wis., Mr. and Mrs. Mathis Nabben of Plummer, Mrs. H. P. Nabben and Percy, Mr. and Mrs. Manvel Moe and Lorna, all of Thief River Falls.

Leonard Larson and Lorraine of St. Paul were callers at the Sivert Sjulson home a week ago Tuesday. Claude Evenson of Spokane, Wash., who spent some time in Minneapolis visiting at the Walter Evenson home, is also staying at the Sjulson home for an indefinite time.

Mr. and Mrs. Carl Broberg of St. Paul are spending a week at the Bill Kaushagen home and with other relatives here.

Roy Runnestrand of Kratka was a supper guest at the Alfred Nabben home Friday evening.

Mr. and Mrs. Mathis Nabben of Plummer were visitors and coffee guests at the Hans Johnson home Sunday.

Dinner guests a week ago Sunday at the Ingval Wold home were Mr. and Mrs. Martin Hanson, Mark, Gary and Grace of Silverton and Mr. and Mrs. Clarence Wold of rural Thief River Falls. Afternoon visitors were Mr. and Mrs. Jesse Vedum, Rev. and Mrs. Edsel Lindquist and children and Judith Wold of Thief River Falls.

Mr. and Mrs. Christ Evenson of Springfield, Ore., were Wednesday evening callers at the Ingval Wold home. Ernest Trochmann and David of Rosewood were supper guests there Saturday evening.

Mr. and Mrs. Oscar Odegaard, Glenn Faulkes and Donna Taylor of Outlook, Saskatchewan, were visitors at the Lloyd and Clifford Nelson and Henry Oen homes last week.

Dinner guests Sunday at the Mr. Victor Trochmann home in Thief River Falls were Mr. and Mrs. Selmer Wold, Mrs. Inga Larson and Roy, all of Trail. The group were also visitors and lunch guests at the Ingval Wold home. Others there the same afternoon were Mr. and Mrs. Adolph Wold of Sanders.

Mr. and Mrs. Carl Broberg of St. Paul, Mrs. Helga Leiran and Mrs. Wm. Kaushagen attended the funeral services for Anton Sagstuen at Nazareth Lutheran church at Holt Saturday.

Misses Ella and Clara Overum were dinner guests Sunday at the home of their cousin, Geneva Overum in Thief River Falls following confirmation services at Our Saviors church in Thief River Falls Sunday. Miss Myrtle Monson was also a dinner guest there.

Legion Juniors Win One Game and Lose 2

Coach Ralph Skay's local American Legion junior baseball squad engaged in three hectic baseball games during the week, winning one and losing a couple. Playing here on Monday evening, the locals trounced Fosston, 16 to 8; while in a doubleheader played at Grand Forks on Wednesday, the locals dropped a pair of high-scoring and loosely-played games, 13 to 6 and 15 to 11.

On Friday evening, the locals will travel to East Grand Forks for a district conference game, with game time at 6:30 P.M. This game is re-scheduling of the game that was rained out on Tuesday evening. On Saturday night, at 8:00 P.M., the locals will meet the Fosston juniors on the Fosston diamond.

The locals rolled up an early and commanding lead in their game against Fosston on Monday night, getting a 13 to 3 lead after three innings of play had elapsed. The highlight of the game was a pair of home runs hit by Fosston's Al Rud, with his second home run being a "grand slam" in the 7th inning.

Playing at Grand Forks Wednesday evening, the locals failed to hold the leads that they gained in their 2 games against coach Marv Skaar's Grand Forks juniors. In the opener, the locals moved into a 5 to 0 lead after one and a half innings of play, but the Grand Forks juniors rallied for four runs in the 2nd, added three runs in the 3rd, and then went on to win by a 13 to 6 tally. Righthander Arlan Hjelle, on the mound for the locals, had difficulty with his control as he gave up fifteen bases on balls.

In the night-cap (and the game was called at the end of the fifth inning when some "delinquents" pulled the light switch plunging the playing field into darkness) the locals bounced into an 11 to 3 lead after three innings of play only to have Grand Forks put together a pair of six-run innings and gain a 15 to 11 decision.

The line scores:

R. H. E.
T. R. Falls ...... 543 102 x — 16 12 2
Fosston ...... [illegible] — 8 4 2

Grygla	3	3	.500
Greenbush	3	3	.500
Goodridge	3	3	.500
Plummer	3	4	.428
Badger	1	6	.143

Results of Sunday's games:
Badger, 4, at Thief River Falls, 5.
Grygla, 9, at Greenbush, 13.
Plummer, 7, at Goodridge, 9.
Schedule, Sunday, July 19
Thief River Falls at Grygla
Goodridge at Badger
Greenbush at Plummer

Wally Grovum's Bums moved within one game of clinching the Pen-Ro-Shall league title Sunday afternoon when they rallied for a pair of runs in the last half of the 9th inning to edge out a greatly-improved Badger Mallards team, 5 to 4, on the Fair Grounds diamond.

In other games on Sunday's slate, Greenbush defeated Grygla, 13 to 9; and the Plummer Red Sox dropped a 9 to 7 decision to Curly Gasperlin's Goodridge club.

In the week's highlight game, the Bums vs. Badger tilt, the Mallards, with rangy righthander Boris Mida getting fifteen strikeouts during the game, held a 4 to 3 lead entering the 9th inning. In the game-winning 9th inning, Vern Solheim led off with a double to center field, and on a throwing error he advanced to third base. Pat Poole dropped a perfect sacrifice bunt down the first-base line, scoring Solheim with the equalizer.

Wally Grovum, in a pinch-hitting role, drew a walk, stole second, and advanced to third base on Dean Anderson's infield hit, and then Roy Pederson executed another "squeeze play" to send Grovum across the plate with the game-winning tally. Lefty Freddy Jensen tossed six-hit ball in going the distance for the Bums.

TO SIGN Gene Sack will return to the local high school faculty this fall according to information released by local school officials. Sack, who was a member of the Lincoln high school faculty a couple of years ago, and who was a valued member of the senior baseball Thieves, has accepted terms to be varsity hockey coach, "B" team football coach, and junior high school physical education instructor. For the past two years, Sack has been a member of the Benilde high school faculty in St. Louis Park.

TRF Student to Graduate from 'U'

Lois Ann Vielguth Will Receive Degree Tonight

Degrees will be awarded to approximately 450 University of Minnesota students in July commencement exercises at 8 p.m. tonight, Thursday, in Northrop Memorial auditorium. John C. Schwarzwalder, general manager of KTCA-TV, educational television station in the Twin Cities, will speak on "Educational Television and the Sense of Urgency."

Among candidates for degrees is Lois Ann Vielguth, who will receive the degree of bachelor of science in education with high distinction.

University Summer Session Dean E. W. Ziebarth will confer the degrees, both undergraduate and graduate. He also will present certificates of ROTC completion.

Following the exercises, a reception will be held for the graduates, their families and friends on the Coffman Memorial Union terrace, or, in case of rain, in the Union main ballroom.

Keeping Score with "Huck" Olson

The Northland Iceman

That Jimmy Nordine, the Karlstad native, and one-time local golf club member and club champion, is continuing to play a superb brand of golf is indicated by the fact that he, last weekend, won the Cloquet Invitational golf tournament.

Nordine in the days that he resided here, and played his golf over the local course, was a member of the high school faculty. Jim, a graduate of Gustavus Adolphus, later attended law school and is now a member of a highly-regarded law firm in Duluth.

But to give you an idea of the impression that Nordine's golf makes on the bystanders we'll quote a few sentences from the Duluth News-Tribune: "Jim Nordine, the dreadnaught of the fairways, steamed a straight course to his third Cloquet Invitational golf championship on Saturday.

"Banging his drives with the distance of 21-inch guns and punching his iron with the pinpoint accuracy of ack-ack artillery, Nordine zeroed in on Cloquet's narrow fairways and tricky greens for a 5-and-3 triumph over fellow Duluthian Jim Koehler in the finals.

"Counting three short conceded putts, 'The Machine' was two under par for the 15 holes he needed to maintain his custom of winning here every third year."

The term "Northland Iceman" when applied to Nordine refers to the fact that the imperturbable Jim is a member of Duluth's Northland club.

In a club championship match played earlier this year, Nordine toured the top-rated Northland course in 64, tying the eight-under-par 64 turned in by Tom Hoak in 1949. Until Jim posted his score this year, it was believed that Hoak's mark would stand the test of all time.

The Game of the Year

As far as the Thieves are concerned, the Northern Minny league game here on Sunday night against the Erskine Merchants is the "game of the year." Judging by the comments of the individual players, it is apparent that the Thieves would rather win this game than win the league title.

But it's going to take more than talk and wishing to beat Al Carlson's Erskine club and their righthander Bobby Hallameck.

In the game played at Erskine on May 31st, the Merchants, getting a two-hit performance from their youthful righthander, defeated the Thieves, 2 to 1. In that game, the Thieves' Gene Leslie and Erskine's Hallameck hooked up in a dandy duel, and it's probable that the fans will be treated to another tussle between the two righthanders.

An extra fillip to the evening's program will be given by an exhibition softball game between the league-leading Bridgeman's and the fourth place Len's Tire Service team. This softball tilt will get under way at 7:00 p.m.

Fishing the Reef

Most of the fishing excitement in these parts these days is being caused by the monster walleyes that are being taken in the vicinity of the "Five Mile Reef" in Lake of the Woods.

Of course all of the anglers who dunk shiner minnows off that reef do not catch these big walleyes, but enough of the trophy fish are being pulled aboard to make that fishing water a "mecca."

On Monday, game wardens Carl Sundstrom and Owen Josephson, accompanied by Frenchy Cloutier and his son Don and young Kippy Langevin fished the reef, and they reported excellent luck. They still-fished with shiners, and the big walleyes were hitting. Kippy brought in a nine-pound walleye, and then to prove that catch wasn't luck he dragged in a four pounder.

At First Hand

As far as we have learned the lone local sports fan to have had the good fortune to watch Ingemar Johansson in his pre-fight drills is L. G. (Lue) Hetland.

Lue and his wife Helen spent several weeks vacationing in the east, and when they were in the vicinity of New York they decided to visit Johansson's plush training quarters at Grossinger's.

The afternoon that Lue was at the camp, Johansson boxed the equivalent of 17 rounds, sparring with four different sparring partners, and doing some work on the light and heavy bag. In the boxing sessions, Lue stated that Johansson did not unleash his right hand punch, but did stress the left jab and his footwork.

Johansson is a solid man, and he appeared considerably larger than former heavyweight champion Jersey Joe Walcott, who was at the camp.

As the crowd of 300 fans strolled out of the camp, Lue turned to his friend and said, "You looked at the next heavyweight champion."

Results of the week's games:
Bridgeman's, 11, vs. Dow-Key, 3.
Len's Tire Service, 12, vs. Bjorkman's, 10.

The week's schedule:
Thursday, July 16—
Bridgeman's vs. Bums
Monday, July 20—
Bridgeman's vs. V.F.W.
Tuesday, July 21—
Sportsman's Store vs. Bjorkman's
Wednesday, July 22—
Bums vs. Dow-Key
Thursday, July 23—
Hamm's Beer vs. Len's Tire Service

Rain and wet grounds this past week disrupted play in the city softball league, with the result that only two games were played on the week's schedule. In these two games, Bridgeman's after being held to a 4 to 3 score for six innings, erupted for seven runs and a 11 to 3 win over the Dow-Key squad; and the Len's Tire Service team, after a come-from-behind rally, defeated the Bjorkman's, 12 to 10.

The Bridgeman's win, coupled with the Bjorkman's loss, shoved Bob Carlson's club up a notch in the league standings, with the team holding first place with a four wins and one loss mark.

The league, on Monday, will begin its second round of play.

Fatalities from Farm Work Decline

48 Persons Victims of Farm Mishaps Last Year

While accidents continue to take hundreds of Minnesota lives each year, there's at least one encouraging note for Farm Safety Week, July 19-25.

Deaths from farm work accidents have steadily decreased since World War II.

According to Glenn Prickett, extension farm safety specialist at the University of Minnesota, 48 persons died from farm occupational mishaps last year. That is around 20 per cent below the average for the past 10 years.

Prickett says Minnesota Department of Health records show that such accidents killed 89 persons in 1940, 73 in 1950 and 57 in 1955.

The decrease is despite the fact that although there are fewer persons on farms, Minnesota farmers operate more machinery than ever — particularly combines, balers, choppers, cornpickers and other pieces of equipment.

Prickett attributes the decrease to these principal factors: more safety features in farm equipment and a better appreciation of the dangers on the part of workers. Apparently, safety education is having some effect, he concludes.

Plummer FU Will Stage Picnic at R. L. Falls Sunday

The Plummer Farmers Union will hold its annual picnic Sunday, July 19, starting at noon in the Red Lake Falls park. Those attending are asked to bring dishes, sandwiches and something for a potluck lunch. Free wieners, ice cream, coffee and pop will be supplied. Softball, horseshoe and other games will be played.

The local will hold its regular monthly meeting in the Plummer Hall next Tuesday evening, July 21, at 8:30. Reports will be given on the women's camp and youth camp, and lunch will be served.

Party Staged for Viking Fire Victim

A party was given at the rural Thief River Falls home of Louis Carpenter Thursday, July 9, for Ole Christopherson of Viking, whose home and all belongings were destroyed by a fire of undetermined origin June 28.

Christopherson was presented with a purse of money and several gifts by the guests and was also honored on his birthday which was July 5.

Shelley Carpenter sang the happy birthday greetings to the honored guest and a decorated birthday cake was shared by the guests.

Cass Lake Holds to North Minny Lead

Bagley Takes 2d Place by Defeating Thieves

Northern Minny League

Cass Lake	7	2	.777
Bagley	6	3	.667
Thief River Falls	5	3	.625
Erskine	4	3	.571
Winger	3	5	.375
Fosston	3	5	.375
Eldred	0	7	.000

Results of Sunday's games:
Erskine, 12, at Eldred, 1.
Fosston, 7, at Cass Lake, 8.
T. R. Falls, 1, at Bagley, 7.
Winger, 0, at Erskine, 9.
Schedule, Sunday, July 19
Bagley at Winger (afternoon)
Erskine at T. R. Falls (night)
Eldred at Fosston (night)

There was a scrambling of the league standings as the results of the four games played in the Northern Minny league on Sunday were posted. The Erskine Merchants, winning a pair of games, defeating Eldred, 12 to 1, and shutting out Winger, 9 to 0, moved up from sixth place and into fourth place, and with a rating above the .500 mark. The Bagley Merchants, too, gained in the league standings, scoring a 7 to 1 win over Thief River Falls to take over second place.

Cass Lake continued to pace the league, holding a one-game lead over the runner-up Bagley club as a result of their 8 to 7 win over Fosston in a hotly-contested game played at Cass Lake.

This week's schedule is featured by the Erskine vs. Thief River Falls game at Thief River Falls on Sunday night. In an earlier game between the two teams, Erskine, with righthander Bobby Hallameck tossing up a two-hitter and collecting thirteen strikeouts, defeated the Thieves, 2 to 1.

The Thieves will be anxious to reverse that decision, and with former Thieves' righthander Bob Hallameck due to hurl for Erskine, the game should attract the season's largest crowd.

As an added attraction for Sunday night's tilt here at the Fair Grounds, the Bridgeman's and the Len's Tire Service teams will play an exhibition softball game.

1.43 Inches of Rain Fell Here Tuesday

Mercury Hits High of 84 Three Days This Week

Cloudy and continued warm today and tonight with scattered thunderstorms is the prediction of the KTRF weather station for the area. Partly cloudy and cooler is predicted for tomorrow.

Hot, sultry weather has been the fare of the area this week with high readings ranging from 80 Sunday to 84's Monday, Tuesday and Wednesday. Low temperatures have ranged from 55 Sunday night to 68 Wednesday night.

The heaviest rain this month fell Tuesday evening when 1.43 inches fell in a heavy shower shortly after 6 p.m., tapering off to a heavy drizzle later. Precipitation for the month now totals 4.20 inches compared to a monthly total last year of 6.14.

The high temperature today is expected to be from 82 to 88 and the low tonight from 65 to 70.

Parkins Reports on New York Trip

Tells Lions Wednesday about Huge Convention

James Parkins, Lions district governor, reported Wednesday to his home club on the huge Lions International convention in New York City, which he recently attended in company with Mrs. Parkins, returning home this week.

He said the meetings were both informative and entertaining, and he added that more than 330 district governors were included among those attending.

Dr. George Martin, assisted by Norman Peterson, administrator of Northwestern Hospital, and using Wendell Olson as a "patient," demonstrated new electrical equipment at the hospital, designed to forestall sudden heart stoppage while patients are undergoing operations.

Members of the club were reminded of the Lion-Rotary interclub golf tourney set for Monday evening, July 20, at the local golf club.

Spud Manning, Duane Sevre Race Winners

Spud Manning and Duane Sevre highlighted the program of stock car racing at the speedway west of town on Sunday night. Manning won the trophy event and the feature event, and placed second in the first heat event; while Sevre won the time trials and the consolation event and pressed Manning closely in the feature event, finishing second.

Other winners in Sunday night's program were LeRoy Whitson in the first heat, and Jerry Johnson in the second heat. In the event for Class C cars, Lyle Bjorge posted the best time, a 23.0.

The Northwestern Racing association will present a stock car racing program as one of the features of the Marshall county fair at Warren this week.

The association will conduct another seven-event program of stock car at the speedway here on Sunday night, July 19.

The summaries:

Time trials — Duane Sevre, 21.4; Don Joppru, 21.7; Dan Mack, 22.8; Jim Pierce, 22.2; Spud Manning, 22.3; Norris Thune, 22.4; LeRoy Whitson, 22.4; Dick Hoglo, 22.5; Bob Reopelle, 22.5; Gene Driscoll, 22.7; Arne Benson, 23.2; Earl Stillum, 23.2; Lee Gustafson, 23.4; and Jerry Johnson, 23.5. Style & Neatness First Noticed by Clothing Judges

County Home Agent Quotes Extension Specialist on Exhibiting at Fairs'

What does a judge first see when examining a clothing exhibit?

One Minnesota state fair judge says the first thing she notices is the overall appearance of the garment. Is it attractive? Does it have style? Is it neat and clean?

A closer look reveals how accurately the garment was made, according to Home Agent Roberta LeBourveau.

The following construction points will help to make workmanship show to best advantage, says Athelene Scheld, extension clothing specialist at the University of Minnesota.

A straight grain line is basic to successful clothing construction. A dress off grain will neither hang nor seam as well as a straight grain garment.

A good press job, keeping shape and smoothness always in mind, is important. Pressing is necessary after each step in construction and after the dress is finished. After the final pressing, allow the dress to dry 10 to 12 hours before folding or packing. A garment needs this length of time to dry thoroughly. If it's folded right after pressing, the dress will wrinkle.

Equal length darts, inconspicuously tapered, help give a smooth line to a dress.

Interfacings of the right weight and crispness for the fabric of the dress are more successful than interfacings that are too heavy or too light. Under-collars, cuffs and facings should be out of sight.

Tape, thread and fasteners that are closely matched with the garment help to give a uniform and professional look to a dress.

Zippers should be smooth. Be careful of stretching the edges of the placket when applying the zipper.

Invisible thread ends and hem line help to give that finished look.

Glare or shadows on the page are tiring to the eyes when reading. Hold the reading slightly below eye level, about 18 inches away.

Salt Necessary Part of Diet, Say Doctors

Don't underestimate the importance of salt to good health, advises the Minnesota State Medical association.

Although the exact physiological, nutritional and medicinal value of salt has not been fully established, its importance to good health is vital.

Nature has apparently endowed man as well as other members of the animal kingdom, with a natural alarm system which creates an appetite for salt when the natural body supply is below normal.

One of the most important qualities of salt is its ability to help maintain proper fluid balance in the human body. This function is particularly significant during warm weather months of the year when the thermometer readings are high and the rate of perspiration is greater. Absence of adequate amounts of salt in the body due to perspiration may result in heat cramps or even the more serious condition, heat exhaustion.

Individual salt requirements will vary with respect to physical activities, liquid intake and the rate of perspiration. Normally, requirements of persons not affected by heart trouble will amount to approximately two teaspoons of salt per day or the sum total ordinarily required to season foods to suit the taste of the particular individual. An extra dash of salt added to the food intake throughout the day amounting to an additional teaspoon will ordinarily replenish perspiration salt losses.

Persons with heart trouble are advised to consult a physician before consuming any additional quantities of salt, because salt is ordinarily restricted in the diet of the heart patient.

Small Business Adm. Opens Fargo Office July 27th

Robert C. Alm, regional director of the Minneapolis office of the Small Business Administration, announced today the opening of the SBA Fargo branch office on July 27 in the American Life building.

At the same time, Alm announced the appointment of Paul W. Olander as branch manager of the Fargo office. Mr. Olander is a native of Morris, Minn. He attended St. Olaf college and graduated from the University of Minnesota, school of business administration.

The Fargo branch office is being established as a convenience to the businessmen in the area and in addition to serving the area of North Dakota will serve 21 counties in Minnesota, including Marshall, Pennington, Polk, Red Lake and Roseau.

Older Registered Nurses May Now Be Given Licenses

New Law Provides for Those Graduating Years Ago Who Weren't Licensed

The Minnesota board of nursing announces a waiver period of certain requirements for candidates for licensure as registered nurses. The 1959 amendments to the R.N. law provide a new opportunity for licensure to qualified nurses who graduated many years ago but who did not then become licensed as registered nurses.

Prior to July 1, 1960, the board of nursing will consider applications from persons having the following qualifications: good health and character, graduation from an accredited school of professional nursing and a record of at least two years of satisfactory professional nursing experience in Minnesota.

The school must have been accredited by the Minnesota board of nursing or another state or Canadian board of nursing at the time the applicant was a student, and all of the school requirements including affiliations, if any, must have been completed.

Recently-graduated nurses will continue to seek licensure in the usual way, by examination and persons already licensed as registered nurses in other states continue to be eligible for registered nurse licensure here by interstate endorsement. Persons who are already Minnesota registered nurses are not affected by the 1959 amendments to the R.N. law.

This waiver period is in preparation of mandatory licensure for the practice of professional nursing which will become effective July 1, 1960. Application for licensure by waiver may be secured from the Minnesota Board of Nursing, 700 Minnesota Building, St. Paul 1.

60th Anniversary of Silver Creek Church August 2

Members of the Silver Creek church will celebrate the 60th anniversary of the congregation on Sunday, August 2. A program that will start with a morning service at 10:30 o'clock and continue thruout most of the day is being arranged. Dinner will be served by the ladies aid at noon.

Some of the former pastors will participate in the program, and it will be an occassion for reunion for former members now living elsewhere.

Grain Sanitation Is Year-round Job

Vo-Ag Instructor Urges Rat-killing Program

Now is always the best time to clean in and around grain storage areas, suggests Jon Metusalem, local vo-ag instructor.

Though grain sanitation is a year round proposition, pre-harvest days are excellent times to check your storage facilities. By cleaning in and around the areas, you rob rodents of a summers supply of food and a place to live, encouraging them to move away from buildings to seek food and harborage. By cleaning, sweeping and spraying the walls, floors etc., of idle storage bins, you also eliminate possible build-ups of grain storage insects.

If you have had an insect problem, spray the inside and outside surfaces and the surrounding grounds. Spray all surfaces until "run-off". Approved bin sprays are Premium Grade 57% Malathion emulsion, methoxychlor or activated pyrethrum to be used as directed on the labels.

Summer is an excellent time to work on control of rodent infestations. Start by cleaning away trash and rubbish around granary, which provides food and shelter for rats and mice. Then, rodent proof your granary.

After these steps have been taken, it is a good idea to place several bait stations in and around grain storage buildings as well as around other farm buildings.

Slow kill rat and mouse poisons like warfarin, pival and fumarin are very effective when used properly.

State Parks Enjoy Big Camping Trade

Receipts from Campers up 35 Per Cent This Year

That the 35 Minnesota state parks, having camping facilities and catering to groups who prefer outdoor living, are experiencing an unusual increase in patronage this season was revealed in a report released today by U. W. Hella, director of state parks.

The report indicates an increase of 35% in camping receipts this season, to-date, over a like period in 1958. Camping fees range between .75c and $1.00 per night for family groups. The groups average 4.3 persons. Accomodations for the campers include hot and cold showers, fire wood, toilets, laundry, facilities and tent camping space in most of these parks.

"Our campgrounds were not designed for the overload we are now experiencing," Hella said. "Park personnel are doing their utmost to keep up with the present abnormal demand for service." Hella asked campers to be patient and overlook some of the inconveniences occasioned by the emergency.

Of the total amount of money spent by anglers to take fish in Minnesota, 2.1 percent is expended for management, law enforcement, and research to maintain and preserve the sport.

"The suppression of unnecessary offices, of useless establishments and expenses, enabled us to discontinue our internal taxes. These, covering our land with officers, and opening our doors to their intrusions, had already begun that process of domiciliary vexation which, once entered, is scarcely to be restrained from reaching, successively, every article of property and produce."

A NATO Problem

Charles deGaulle of France refuses to permit his country to be used as a base for nuclear weapons under the NATO defense pact unless his government retains control of them and determines how and when they shall be used. Under the provisions of our McMahon Act control of U.S. atomic weapons must be kept under U.S. control. It therefore appears likely that American forces, serving in the NATO defense organization, will have to be moved out of France.

We can understand the French position in this matter. If the conditions were reversed we probably would feel as they do. And no doubt the French understand our point of view. We seem to be divided by an unfortunate impasse. Our military has no authority to yield and de Gaulle is not likely to.

This situation probably is more embarrassing than serious, and it is serious mainly to the extent that our differences will be exploited by the Communists and made to appear to be a critical break in the Western ranks.

It is encouraging to know that, under the stubborn but realistic leadership of de Gaulle, France is regaining economic strength. A strong France is a far more effective ally than a weak and disorganized France.

Inch Now is Shorter

Little attention was given to a change in the length of an inch and the weight of a pound that became effective July 1st. With the arrival of that day we all gained a little weight and a little height—on paper—as a result of the adoption of common definitions for these standards of measurements by six English-speaking nations, the other five being Australia, Canada, New Zealand, South Africa and the United Kingdom.

The new standard international inch is now 2.54 centimeters. Our inch has measured 2.540005 centimeters. Our pound has shrunk from 0.4535924277 kilograms to 0.45359237 kilograms. According to the New York Times this change adds about 1/300th of an ounce to the weight of an American who, under the old standard, weighed 150 pounds.

If you want to get your yardstick adjusted accurately to the new inch, the Christian Science Monitor suggests that you pass a piece of the lightest sandpaper gently over one end, reducing its length by 1/16,000th of an inch.

All of which is comparatively unimportant. It is noteworthy mainly because it marks another step forward toward international uniformity of measurements. We are making slow progress, but progress nevertheless, toward the adoption of a universal metric system of weights and measures.

Motorboating Hazards

Insurance men are becoming concerned about the increasing number of motorboat mishaps, convincing evidence that motorboating is becoming increasingly dangerous. We now have licensing here in Minnesota and more regulation probably is on the way.

Main reason for the increasing number of accidents, of course, is the big increase in the number of boats. Congested waterways, like congested highways, become more hazardous.

Another contributing factor, according to the insurance men, is the fact that half of the country's five million outboards are being operated by teenagers, many too young to drive cars. Water skiing is rated a top hazard because the pilot keeps looking back.

Imports and Exports

Representative Odin Langen has pointed out that our farm surplus problem would be less of a problem if imports of farm products had been further restricted. The figures he quotes are impressive and it is a matter that deserves serious consideration.

Mr. Langen quotes only the figures on imports, however. Our imports of food tell only a part of the story. Large quantities of food are also exported, and much of this export-import business is, for all practical purposes, on an exchange basis. The special interests of many groups are involved in these exchanges of commodities and there no doubt have been times when our special interests have been adversely affected.

Representative Langen has opened the door to an interesting subject about which we all should be better informed. We hope he will now find time to give us more of the details, both the favorable and the unfavorable.

Best For The State

We agree with Alfred Stedman, agriculture editor of the St. Paul Pioneer Press, that:

> "Minnesota's farming people, their co-ops, farm groups and the great agricultural industries have a University problem on their hands. Their tax monies aren't used to meet their most urgent needs. Wouldn't they get better service through a State University of Agriculture?"

Agriculture probably would be better served if agricultural research and education were independent and not merely the tail of the dog, the oversize, Minneapolis-dominated University of Minnesota.

But we are satisfied, too, that Minnesota agriculture, and all of outstate Minnesota, would be better served if the University and that portion of it that is referred to as the farm school were located some distance away from the metropolitan area.

We are sure it would be in the best interests of the state as a whole if the present university plant were donated to the City of Minneapolis, to be operated as the University of Minneapolis, and that a new University of Minnesota be established in a new, small-town location, where the school's main interests would be higher education and research.

Uniformity Needed

Canada's ten provinces will soon have uniformity of traffic signs, according to the Ottawa Citizen, an accomplishment that required ten years of effort. With uniform traffic signs becoming an accomplished fact the Ottawa newspaper now urges uniformity in traffic regulations.

Commenting on the need for uniform driving regulations the Citizen says:

> The need is underlined by a suggestion under study in Toronto to distribute leaflets to tourists at border crossing points describing the regulations governing pedestrian crosswalks in Metropolitan Toronto. Yet American tourists are not the only motorists who visit Toronto. Thousands of drivers from other parts of Canada visit the Ontario metropolis. They also need instruction in Toronto's special traffic regulations, if safety is to be maintained.
>
> Other cities, as well, have their special pedestrian regulations, Vancouver and Edmonton among them. Strangers motoring in these towns find difficulty in obeying unfamiliar rules.

And the Citizen urges uniformity on a continental basis. "The only complete solution to the problem is to have uniform regulations throughout Canada and, if possible, the United States. There is sufficient traffic back and forth across the border to justify this step."

To which we will add our "Hear, Hear."

YOUR SENATOR REPORTS

from the Desk of
SENATOR
HUBERT H. HUMPHREY

New look at foreign aid—The Senate last week passed a $3.5 billion foreign aid authorization, cutting the President's request for military aid by ten per cent. Congress is determined to force the Administration to recognize the increasing importance of economic and technical assistance in meeting the Soviet challenge—as compared with the military assistance that has been so emphasized in past years. At the same time, the President's own habit of harping on domestic "spending" backfired on him, as many in the Senate took him at his word on the question of economy. It is asking too much to blast Congress one day for providing a decent domestic housing program, and on the next to plead for a heavy expenditure for foreign military aid.

Development loan fund setback — Another of the major casualties of the President's "anti-spending" campaign was the virtual destruction of a promising new proposal to put our foreign economic assistance on an efficient business-like basis. We in the Foreign Relations committee had recommended shifting from a one and two-year stop-and-go type of operation to a five-year authorization, permitting more deliberate and longer range loan programs. We have become increasingly aware of the great waste caused by crash stop-gap loans and grants over the past several years. The five-year, $1 billion per year Development Loan program was whittled down to two years.

Opening the books — One of the five successful Humphrey amendments added to the Mutual Security bill in the Senate will force the International Cooperation Administration (ICA) to open all its books to Congress and the general accounting office. We have been running into a more impenetrable "paper curtain" each year, as the ICA refuses to disclose details of its administration of the foreign aid program.

Amendments—A second Humphrey amendment clarified language in the basic act which the Bureau of the Budget was interpreting to restrict the use of American-owned foreign or "soft" currencies obtained from the sale of surplus food and fiber. Three other Humphrey amendments were passed:

1. For U. S. participation in the *World Refugee Year, provision of* $10 million to assist hundreds of thousands of the world's homeless refugees, many of them fleeing from Communist tyranny.

2. For health demonstration and control projects in the field of world public health, addition of $2 million. As chairman of the International Health study, I am more and more convinced that healing the sick must become a keystone of American foreign policy.

3. Surplus food intended for sale or gift abroad shall also be available to needy American citizens on the same basis, following this Humphrey amendment. Our elderly, needy and destitute families should have access to our great stores of food abundance.

Goodridge Defeats Plummer

In a well played ball game Sunday on the Goodridge diamond, Goodridge pushed across a run in the bottom of the ninth to defeat Plummer. Roger Vraa, Goodridge pitcher, had Plummer under his complete control going into the top of the ninth leading 9 to 2 when the Plummer boys opened up and tied the count at 9 and 9. Then in the bottom of the ninth Rolandson led off with a single, Johnson sacrificed him to second and Wiseth singled Rolandson in to give Goodridge the win. Rolandson and McEnelly led the Goodridge attack three hits including two booming home runs. Goodridge now holds 3rd in the conference with a three won and three lost record.

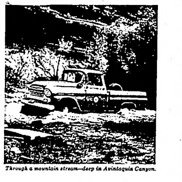
Up a steep mud-choked wash—Positraction pays off!



Through a mountain stream—deep in Avintaquin Canyon.

NO MOUNTAIN CAT, MISTER...
That's a Chevy with Positraction!
That 3134 Fleetside has the sure-footed ways of a big western bobcat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where piñon won't even grow. But that's all routine for this Chevy, equipped with Positraction* rear axle. It's hard at it every day for the Utah Fish and Game commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the district officer who drives it would bet his badge the tie rods won't even need replacing!
Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevrolet's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.
Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped ½-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.

Report on Viking News of the Week

Mrs. Arne Samuelson, Viking, Ph. 173

Former Pastor Dies

The community was sadden this past week, by the death of former pastor, Carl T. Thompson who passed away in Minneapolis, Friday, July 3, 1959 at the age of 47 years.

He was in the parish to help Bethlehem celebrate their 75 anniversary, when he became suddenly ill and was taken to the Karlstad Hospital and later flown to Mpls. by plane.

Rev. Thompson served the Viking Parish from the spring, 1945 to Dec. 1951, coming directly from the seminary. He began his ministry at the Zion Lutheran Church and completed his work at Bethlehem Lutheran church. After leaving the Viking Parish, he served in Brodhead, Wis. At the time of his death, he was pastor at Groton, S. Dak.

Rev. Thompson was held in high esteem in this community by all who knew him, regardless of church affiliation and all considered him their friend. The lives of those whom he came in contact with will always be richer, because of knowing him.

Funeral services were held Monday afternoon, July 6 at Mondovi, Wis. his childhood home. Blessed be his memory.

The following were entertained at the Carl Knutson home a week ago Sunday as picnic dinner guests: Mr. and Mrs. Sidney Knutson and family of Virginia, Minn., Mr. and Mrs. Orville Knutson and family, Mr. and Mrs. Rueben Knutson and family all of Stephen, Mr. and Mrs. Luvern Knutson and family of Newfolden. Their granchildren, Connie and Gene Knutson of Virginia remained for a longer visit with relatives at Newfolden.

Dr. Norquist Reports on Life in E. Africa

Dr. Joseph Norquist, who left Thief River Falls with his family enroute to Tanganyika, East Africa, sent the Times the following report on his experiences since arriving in Africa:

We have been in Africa since April 19th, and already we have seen many giraffes, zebras, impala, wildebeest, gazelle, some eland, ostrich, baboons, monkeys, spotted hyenas, foxes, wildcats, leopards and hippopotami. At this time of the year there is no rain, and we won't see rain until next November. Therefore, the dry countryside isn't very pretty; but on the other hand, the animals have fewer places in which to hide from view.

Our first 3 months in Africa have been spent studying the Swahili language. This is the official language of all East Africa, and we are told it is an easy language because its pronunciation and spelling are entirely phonetic — that is, words are spelled just the way they sound. Some English words, for which there is no Swahili equivalent, are very easy. For example, motor car is "motokaa;" governor is "gavana;" bicycle, "baisikili;" and picture is "picha." Unfortunately it is not all that easy. But one could save money on telegrams by using Swahili; for example, the ten English words, "When I shall arrive in Minnesota, I shall be happy," woud be written in three Swahili words, "Nitapofika Minnesota, nitafurahi."

During the third month of this language study, I have been working several days a week at a Norwegian mission hospital because the Norwegian doctor has been ill. This has been a good experience because it has forced me to use a little Swahili. The patients have been interesting—some with tropical diseases, others with the same troubles we see in Minnesota:

The people wear nothing but a skin or cloth wrapped around their bodies. Both the men and the women have holes pierced and stretched wide in their ear lobes, and they wear bone or brass rings in these holes. Most of them either smoke, sniff or chew tobacco, depositing the unused "wad" behind their ears. Around their necks the men wear colorful beads and the women wear wide rings of brass which cannot be removed. Of course, they are all barefoot. They eat with their fingers from hollowed-out gourds, three times a day, a gruel made from millet or corn. Whenever they hurt in any place of their bodies they burn scars over that area. It is common to see many scars over a spleen, chest, or leg.

The Christian message has been well received by these people, and the Church is growing. In the past their lives have been governed strongly by witchcraft and superstition. There are certain strange meanings to the full moon, to streams of water, to sickness. No one will touch or even go near to an unwed mother. They feed her by throwing things to her. If her child should die, it is still a greater curse on her.

Although the people, the wildlife, the scenery are what we expected to see in tropical Africa, the weather has been much milder than we had expected. Each day has been sunny and comfortably warm, while each evening has been cool, requiring blankets on our beds. The temperatures range from 60 degrees at night to 85 degrees at midday. This is winter here and next December will bring slightly warmer weather. If it were not for malaria, amoebic dysentery, and the strong dry winds, this would be a very nice and healthful place to live.

Our house at Iambi, built by missionaries in 1929 of mud bricks, is perpetually infested with termites, which like to eat up the furniture, books, and draperies. The water shortage, since we have no well, lake nor stream is a very great problem. But otherwise our living conditions are not too bad. We shall soon paint the entire interior of the house. We have a kerosene refrigerator which works as well as any electric refrigerator. We also have a gasoline washing machine, a kerosene iron, and bright kerosene pressure lamps, and a transoceanic portable radio. We also have a garden with bananas, oranges, guava, mangoes, tomatoes, mulberries and corn.

To prevent malaria we take a Paludrine tablet every day, sleep under mosquito nets, and spray the house with DDT.

We think of Thief River Falls so often and wonder what is happening back home. We get our mail about once a week and that is always a Siku Kuu (Big Day) for us.

Sincerely,
Dr. Joseph Norquist

AT FAIR HERE Zavatta's dogs will provide one of the outstanding acts in front of the grandstand at the Pennington county fair July 27-30. Among the canine performers is Pancho, the world's only motrcycle-riding dog, as well as many other clever performers.

Marshall Co. Fair at Warren This Weekend

Marshall county's 53rd annual fair is all set to go at Warren for three days and nights on Friday, Saturday and Sunday with an anticipated record number of exhibits plus a varied program of entertainment and educational features.

Thursday will be entry day at the fair with judging scheduled for Friday which will also be Children's Day when special features for kiddies, including reduced admission on all rides on the Art B. Thomas shows will prevail.

Arrangements were completed Monday for an elaborate wild animal display on the grounds. Al Osborne, Viking farmer, has collected a formidable assortment of wild animals and he has agreed to bring them to the fair for the people to see. There will be no admission charge for this added attraction. Included in the display will be a buffalo, three colors of fallow deer, South American beaver, opossum, raccoon, Guinea pigs, magpie, grey and red squirrels, crows, gray gophers, horned owl, silver and red foxes plus several others.

Two local talent shows will be highlights of the 1959 fair. A special kiddies talent show will take place Friday afternoon with a dozen or more entertainers under 12 years of age from Marshall and northern Polk counties. Grandpa Fuzzy of KNOX TV will emcee the show. The fair board will give away two bicycles as attendance prizes for the show.

On Sunday night a talent show with 18 acts will be presented. These acts have survived elimination contests in six separate districts of Marshall and northern and Polk counties and will be competing for $225 in cash prizes. Mary Lundin, city editor of the Warren Sheaf will emcee the production.

The nationally known Judy Lynn show will make up the grandstand program Friday and Saturday night. This show, originating out of Nashville, Tenn., and has appeared on numerous national television shows during the past year. The show offers typical country folk music, featuring such artists as Miss Judy Lynn, Cowboy Copas, Pat Kelly, The Carlisles, The Shamrocks and Little Della Raye.

Friday and Saturday afternoons 15 or more cars will race in two big afternoons of stock car racing. The races are under the supervision of the Northwest Racing association and will feature drivers from a large number of Red River Valley towns.

More than 1200 individual exhibitors have already been entered in the 4-H club department for a new record this year. The 4-H style queen revue will take place Friday night. More than 50 demonstrators will be busy in the new 4-H demonstration hall all during the fair.

RED LAKE FALLS SAILOR BACK FROM AUSTRALIA

Ralph F. Beaudry, teleman second class, USN, son of Mr. and Mrs. Medore Benoit of Red Lake Falls returned to San Diego, California in mid-June aboard the destroyer USS Ozbourn after a six-month tour of duty with the U.S. Seventh Fleet in the Western Pacific.

The Ozbourn, a unit of Destroyer Division 112, participated in the Coral Sea celebration at Australia in the latter part of May.

During her tour the Ozbourn visited Hawaii, Japan, the Philippines, Okinawa, and Hong Kong.

Soo Line Honored by Safety Council for 1958 Program

The Soo Line railroad recently received the National Safety Council's public safety activities award for its 1958 safety program.

In making the award, the judges were particularly impressed by the juvenile trespassing safety educational program carried on by the railroad with public and parochial schools; the reporting and follow-up of highway rail crossing law violations and the active interest in traffic and public safety exhibited by officers of the railroad.

Sixteen other railroads in the country were honored for outstanding public safety programs for their employees and the general public.

1,700,000 Auto Trips Daily in Twin Cities

Of the 1,700,000 automobile trips made each weekday within the Twin Cities metropolitan area, more than half originate during the morning and afternoon peak hours of traffic, according to a transportation study being conducted by the Minnesota high department in cooperation with the U.S. Bureau of Public Roads.

The study is based upon an extensive six-month field survey of this 868 square mile area, completed last year, comprising the Twin Cities, their suburbs, and parts of Anoka, Carver, Dakota and Washington counties. Purpose of the transportation study is to forecast trends in routes and volumes of traffic which will aid the highway department in designing and planning a modern system of freeways and major streets which will in time alleviate present traffic congestion and will provide adequate ficilities for accommodating traffic 20 years from now.

About 25 per cent of the 1,700,000 trips start between 6 and 9 a.m., and slightly more than 26 per cent start between 4 and 7 p.m. In the morning, about six per cent of the daily trips start between 6 and 7 a.m.; 14 per cent start between 5 and 8 a.m.; and five per cent start between 8 and 9 a.m. In the afternoon and early evening, 13½ per cent start between 4 and 5 p.m.; 8½ per cent start between 5 and 6 p.m.; and 4½ per cent start between 6 and 7 p.m.

Preliminary figures from the study reveal that on the average 61,820 passenger car trips are made daily between Minneapolis and Richfield and Bloomington; 62,040 are made between Minneapolis and Golden Valley, St. Louis Park and Edina; and 62,400 are made between Minneapolis and Robbinsdale, Crystal, Brooklyn Center and part of Anoka county.

These numbers are in addition to trips made within each suburb or between suburbs or within Minneapolis. Other information shows that daily passenger car trips made only between Minneapolis and St. Paul average 56,400. Between St. Paul and its northern suburbs an average of 61,600 passenger car trips are made daily, while between St. Paul and its southern suburbs, 27,400 trips are made.

The study also shows that approximately 290,000 vehicle trips are made daily across the 14 major bridges that span the Mississippi river between Fort Snelling and Anoka. The largest volume of bridge traffic occurs in the late afternoon, with about 59,000 vehicles crossing between 4 and 6 p.m. During the hours from 7 to 9 a.m. about 50,000 vehicles cross the bridges. Approximately 90 per cent of these vehicles are passenger cars.

About 138,000 vehicles enter from outside the Twin Cities metropolitan area daily, with 55,000 going into St. Paul and its suburbs and 83,000 entering Minneapolis and its suburbs.

These preliminary figures are only a fraction of the total data compiled by the special study group directed by Chester C. Burdick of the traffic and planning division of the Minnesota highway department. They represent the kind of information necessary to determine, or predict mathematically, traffic volume and patterns of the future, according to Burdick.

Prepare Site for 25-foot Addition to Gamble Store

A wrecking crew started tearing down the Viking Tavern building adjoining the Gamble Store on LaBree av. Friday. This space will be used for a 25-foot addition to Gamble's, giving them a 50-foot front, the addition extending back to the alley.

The improvement is being made by the Thief River Holding company, a local corporation owned by Frank Rinkel, R. C. Rinkel and W. E. Dahlquist.

A WELL SYNCHRONIZED YOUNG LADY, not only in appearance, but in the swimming pool. Gustafson & Son Wins Prizes for Rambler Car Sales

V. J. Gillis, manager of the Minneapolis zone of American Motors Sales Corp., announced today that C. Gustafson & Son, local Rambler dealer, won third place in a sales contest in the Minneapolis zone. The zone includes Minnesota, North Dakota, South Dakota, and parts of Montana and Iowa. The local dealership will receive merchandise prizes. The campaign started March 20 and ended June 30.

WILDLIFE in Minnesota
by JIM KIMBALL
DIRECTOR OF GAME & FISH

Nothing new under the sun you say? Well, how about six ruffed grouse equipped with tiny radio transmitters? Soon Minnesota will have them.

It all started back in 1956 when the conservation department joined with the University of Minnesota in studying ruffed grouse at the Cloquet Forest Experiment station. The project, masterminded by Dr. William Marshall, head of the wildlife school, set out to learn more about our native partridge. Some of the information needed to better manage our grouse included a knowledge of daily movements and activities, seasonal movements, longevity, and the exact time, location, and cause of death.

These are major problems confronting all wildlife researchers, and to find answers each individual bird must be marked and released for future identification. Just as the first requirement in making rabbit stew is to catch the rabbit, so the grouse must be caught before he can be marked with a bright plastic numbered patch on his back. Catching wild grouse without giving them lead poisoning is not easy, so the wildlife scientists resorted to the following bit of trickery.

During the mating season, as well as sometimes when they aren't supposed to be mating, male grouse choose a favorite log, strut back and forth and beat their wings, creating that mystic sound of the woods which resembles some stranded fisherman trying to start an outboard motor which has a half-plugged carburetor. At this time the male grouse attacks all other grouse —of the undesirable sex that is. So the sly biologists simply put a trap on the drumming log with a mirror inside. By attacking an intruder, which turns out to be himself, Mr. Grouse is trapped and soon wears a number on his back. Other less interesting schemes are used to trap females and young.

Well, much was learned about the grouse from these marked birds, but even a marked bird can't be kept under constant surveillance, so many questions remained unanswered. This is when the dream of birds carrying continuously broadcasting transmitters came into being. The Minneapolis-Honeywell Regula- company said they could design and make transmitters weighing only one ounce which would give forth a sputnik-like peep continuously for a month which could be received over a range of several miles. With two receiving sets in towers, a telephone between them, and some mathematics called triangulation, the exact location of ear radi-equipped bird will be known at all times. Even if a hawk carries away one of these grouse he can be followed, and if the hawk eats the transmitter; well, I'll not speculate on that.

Of course, designing and building such equipment is expensive business, so Dr. Marshall submitted his plan to the National Science Foundation. This is a federally-sponsored foundation to encourage fundamental research of many kinds. They select only the most promising research projects, so we were all encouraged and mighty pleased when the foundation sponsored the project to the tune of about $18,500.

The important thing is that this may be a major breakthrough in wildlife research. This equipment may be used on many species of game, and Honeywell has already developed similar sonic equipment which works under water and has been used in tracking salmon.

AT AID Miss Ruth Larson, who has been serving as a missionary in Japan for several years, will be the speaker for ladies aid at the Mission Covenant church in Thief River Falls this afternoon at 2:30 P.M. Miss Larson has been in the city for the last two weeks visiting with friends and relatives. Everyone is welcome to attend the meeting.

Jehovah Group in Convention July 9-12 in Winnipeg

Several members of the Thief River Falls Congregation of Jehovah's Witnesses returned early this week from their "Awake Ministers" district assembly held in Winnipeg July 9-12.

The Winnipeg assembly was one of 29 to be held in the United States and Canada this year. The attendance at Winnipeg numbered over 6,500.

Featured speaker was Percy Chapman, Canadian Superintendent of ministers for the Watchtower Bible and Tract Society, who spoke on the subject "When God Speaks Peace to All Nations."

Wondering where your neighbors were last weekend? You'll perhaps find out if you regularly read the Times.

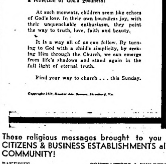
The Times welcomes items about you and your family. Call MU 1-4450 and give us the facts.



The sight of a child playing in the sun — a reflection of God's goodness!

At such moments, children seem like echoes of God's love. In their own boundless joy, with their unquenchable enthusiasm, they point the way to truth, love, faith and beauty.

It is a way all of us can follow. By turning to God with a child's simplicity, by seeking Him through the Church, we can emerge from life's shadows and stand again in the full light of eternal truth.

Find your way to church . . . this Sunday.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Pennington Co Fair Gates to Open July 27th

New Pavilion Will House Livestock in Open Classes

Members of the Pennington county fair board are busy this week attending to final details of the 58th annual county fair, which will open a four-day run in Thief River Falls next Monday, July 27.

Monday will be Entry Day for exhibitors, and representative displays are anticipated in all departments. The huge new livestock pavilion will be close enough to completion by fair time so that it can be used to house open classes of livestock, leaving more room available in the old cattle barn for 4-H entries.

Monday also will be Thrill Day with an evening performance by Aut Swenson and his Thrillcade, consisting of a group of daredevil automobile and motorcycle riders with a half dozen pretty girls as an added atraction.

Tuesday has been designated as Children's Day, with special low prices on kiddies rides on the midway, where the Art B. Thomas shows will provide entertainment.

Starting Tuesday night and continuing Wednesday and Thursday evening, Marlo Productions will present the grandstand show, featuring the Eddie Smith dancers and including a dozen topnotch circus and vaudeville acts.

Other offerings at the 1959 fair, will include stock car races Wednesday afternoon, in which drivers from this city and other towns will compete; while Thursday afternoon there will be saddle horse races, with nearly 30 entries from a wide area indicated.

State High Court Upholds Marshall County Man's Case

Overrules Decison by Judge Paul A. Lundgren in Alvin Nordvick Appeal

The Minnesota Supreme Court Friday viewed with disfavor an attempt by the state to defeat by technical means a landowner's right to his day in court.

The high tribunal ruled that Alvin Nordvick, Marshall county resident, is entitled to be heard on his appeal from a $600 award for a parcel of land acquired by the state in condemnation proceedings for highway purposes.

Judge Paul A. Lundgren of Thief River Falls granted the state's motion for dismissal of Nordvick's appeal on Oct 10, 1958. The trial court said it had no jurisdiction because Nordvick did not comply with the statutory requirements on appeal.

Associate Justice Martin A. Nelson said in the unanimous decision reversing the lower court:

"Every owner is constitutionally entitled to a just and equal application of the rule that what he owns shall not be taken from him or destroyed or damaged for public use without just compensation."

Justice Nelson said the record supports the contention that Nordvick complied sufficiently with the requirements on appeal and that he is entitled to be heard on the issue.

Lions and Rotary Play Golf Tonight

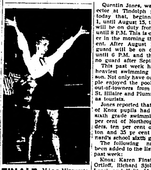
The tin can trophy will be competed for this evening, Monday, when members of the Rotary and Lions clubs conduct their annual inter-club golf tournament on the local golf course. The Lions will be hosts at the event, which will wind up with a dinner.

KJOS REJECTS PAY BOOST VOTED BY COUNTY BOARD

Following the publication of the new salary schedules for county officials in the Thursday issue of the Times, Probate Judge Herman Kjos informed the county auditor that he is not accepting the increase offered him.

WEDDING Preceding the selection of the 1959 Aquacade Queen, the wedding of "Miss Swampgrass" was staged by these four characters. From left to right the group includes Milo Gulbranson, John Dukes, Frank Gunderman and Jim Bredeson.

Jones Reports Pool Activity Was at Peak During the Past Week



FINALE Miss Minnesota (Judy Ann Olson of Albert Lea) is shown as she concluded her "Tequilla" dance Saturday night at Aquacade festivities. Miss Minnesota will present this dance in competition at the Miss America contest in Atlantic City in September.

Quentin Jones, waterfront director at Tindolph park, stated today that, beginning August 1, until August 15, the lifeguard will be on duty from 10:00 a.m. until 8 P.M. This is one hour later in the morning than at present. After August 15, the life guard will be on duty from 1 until 6 P.M. and there will be no guard after September 1.

This past week has seen the heaviest swimming of the season. Not only have our local people enjoyed the pool, but many out-of-towners from Goodridge, St. Hilaire and Plummer, as well as tourists.

Jones reported that 25 per cent of Knox pupils had passed the sixth grade swimming test, 31 per cent of Northrop sixth graders, ten per cent of Washington and 35 pr cent of St. Bernard's school sixth graders.

The following names have been added to the list during the past week:

Knox: Karen Finstad, Dwight Ortloff, Richard Sjoberg, Darcy Leach and Keith Mackenroth.

Northrop: Roddy Carlson, Jerame Hanson, Keith Hendrickson, Starr Nelson, Gary Olson, Merle Sampson, Michael Gulbranson, Steven Langseth and Jeffrey Noel.

Washington: Thomas Johnson, Susan Lee, Harold Overbye and Wayne Smith.

St. Bernhard's: Dick Brown, Monte LeMoine and Ward Votava.

C. Rodekuhr Again Heads Chapter of Nat'l Foundation

Other Officers Renamed at Annual Meeting Held Last Thursday Evening

C. W. Rodekuhr was reelected chairman of the Pennington county chapter of the National Foundation at its annual meeting Thursday evening in the Rex Cafe. Also retained in office were Mrs. Edwin D. Hanson of Rocksbury, vice chairman; Mrs. Ray Wells, secretary; and R. G. Mabey, treasurer.

Rodekuhr announced that Mrs. Henry Bothman, who headed the 1959 fund drive last January had accepted the responsibility of serving as chairman of the 1960 campaign.

Guest speaker at Thursday's meeting was Larry Rieder of St. Cloud, Northern Minnesota representative of the National Foundation. He discussed the expanded program, which now includes arthritis and birth defects, but stated that for the present „the principal emphasis will continue to be placed on the eradication of polio, the original goal of the foundation.

Land O'Lakes to Start Processing Turkeys August 3

Turkey processing operations will get under way at the Thief River Falls Land O'Lakes plant on Monday, August 3, three days earlier than a year ago, Stuart McCleod, manager, announced this week. The plant will continue operating until well into the winter months.

Soo Line Employes Assn. Plans Picnic Here Next Sunday

First Annual Outing to Be Staged In Riverside Park Below The Armory

Riverside park below the National Guard armory will be the scene of the first annual Soo Line Employes association picnic next Sunday, July 26, starting at 10:30 a.m. If the weather is unfavorable, the event will be shifted to the Armory.

With the association numbering about 250 regular members, in addition to 80 retirees, a large turnout is anticipated.

Activities for children will include free pony rides, merry-go-round, swing, slides and games, as well as ice cream, hot dogs, pop and coffee. Adults attending are asked to bring contributions of food for a potluck lunch, and eating utensils.

Balloons and other novelties will be provided for the children by the Soo Line Credit Union.

Bankers Meet at Baudette July 25

The Northwest unit of the Minnesota Bankers association will hold its annual summer outing next Saturday, July 25, at the Wigwan Resort at Baudette. A dozen or more persons from Thief River Falls, including bankers and their ladies, are planning to attend.

Mr. and Mrs. Robley Hunt and children of Detroit Lakes visited recently at the home of Mr. and Mrs. Charles W. Smith.

Kindergartners' Checkup Due Now

Mrs. Margaret Ruce, school nurse, today announced that pupils who plan to enter kindergarten classes in September must report to their clinics not later than July 31 in order to get a free checkup. After that date, she added, there will be a charge for the checkup.

Paul Engelstad Named to Potato Advisory Group

Appointed to Minnesota Committee to Advise on Seed Certification

Paul Engelstad of Thief River Falls has been appointed as a new member of the Minnesota advisory seed potato certification committee by Commissioner Byron G. Allen, state department of agriculture, dairy and food. Reappointed to the committee was Eugene Peterson of Baker.

Mr. Engelstad replaces Ben Picha of Grand Forks who has been a member of the committee for a number of years.

Other members of the advisory body are Herman F. Skyberg of Fisher, currently chairman of the committee, and O. J. Odegard, Princeton, both of whose terms continue to June 30, 1960, Cornie Mullenburg, Hollandale, and Donald Fredrickson, Bagley, whose terms run to June 30, 1961.

4-H Dress Revue Wednesday Night

Dress Revue Queen and 3 Attendants to Be Named

Eighty-five 4-H girls will participate in the 4-H dress revue, Wednesday, July 22 in the city Auditorium, according to Home Agent Roberta LeBourveau.

The girls will be judged beginning at 6:30 P.M. and the public presentation is scheduled to start at 8:30 P.M.

Each girl will model an outfit which she has made in the 4-H clothing project during the past year. A dress revue queen and three attendants will be chosen at the event. The queen will be awarded a trip to the state fair, where she will compete in the state 4-H dress revue.

The public is invited to attend.

Set Bread Baking Event at Co. Fair

A white bread baking contest open to all is being sponsored by the Minnesota Farm Bureau, it was announced today by Mrs. Frank Heinze, Pennington county chairman of the contest.

Contestants, she said, should bring their entries with recipe to the Pennington county fair opening day next Monday, July 27. The entry should consist of one loaf of yeast white bread made from enriched flour. It is advisable, said Mrs. Heinze, to bake the bread in a single-loaf pan.

Winner of the county event will be eligible to compete in the state finals September 15 at the Farm Bureau Women's camp at Paynesville, Minn.

Vote Thursday on Quotas for '60 Wheat Crop

Culkins Lists Three Polling Places for Pennington County

Voting places for the referendum to be held July 23 on marketing quotas for the 1960 wheat crop were announced today by Patrick W. Culkins, county Agricultural Stabilization and Conservation office manager. The locations are as follows:

Highlanding Hall: for Highlanding, Cloverleaf, Hickory, Deer Park, Mayfield, Kratka, Star, Reiner, Goodridge.

St. Hilaire fire hall: for Black River, Bray, Sanders, River Falls, Polk Centre, Wyandotte.

Meeting room in court house in Thief River Falls: for North, Rocksbury, Norden, Numedal, Smiley, Silverton.

The hours of voting are from 8:00 a.m. to 8:00 p.m.

Farmers who are eligible to vote in the wheat quota referendum are all those who in 1960 will have more than 15 acres of wheat for harvest as grain on a farm.

If at least two-thirds of the growers who vote in the referendum approve the quotas, they will remain in effect for 1960-crop wheat and price support of at least 75 per cent of parity will be available to farmers who comply with their farm wheat allotments . Farmers who exceed the larger of the farm allotment or 15 acres will be subject to a marketing penalty of 45 per cent of the wheat parity price on their "excess" wheat.

If the quotas are not approved by at least two-thirds of the growers voting, the quotas and penalties will not be in effect, and price support will be available to farmers who comply with their farm wheat allotments at 50 per cent of parity, as directed by law. At current parity levels, that would be about $1.18 per bushel, said Culkins.

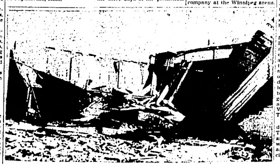
'Crazy Days' Event Was Huge Success

Three-day Event Greeted by Pleasant Weather

Local merchants report the Crazy Days promotion in the city last week-end a highly successful venture with hundreds of people thronging the streets during the sidewalk sale especially.

"Anything goes" was the general theme and merchants and sales forces presented themselves in outlandish garb while serving their patrons at the sidewalk stands and the entire city carried a festive air, with shoppers and business people alike apparently enjoying the affair tremendously. Early during the sidewalk sale balloons were released, many with coupons enclosed, but no report on how many were returned was available.

The weatherman was also in a genial mood during the event as fair skies prevailed throughout the three days of the promotion.



BIG LOSS Estimated at $100,000 is the loss sustained by the Kennedy school district last Wednesday morning when the roof and a portion of the walls of the auditorium-gymnasium collapsed. While the cause of the disaster has not been pinpointed, it was ascribed in part to continued rains and a heavy wind.—Photo courtesy Lake Bronson Budget.

Representatives of 100 Phone Exchanges to Meet Here July 23

Telephone company executives representing approximately 100 privately owned and cooperative organizations serving northwestern Minnesota, will meet here Thursday, July 23, at the local Elks club. The session is scheduled to start at 8:30 in the morning, when coffee and doughnuts will be served, and the program probably will be completed at about 4:00 o'clock in the afternoon, according to George Nustad, secretary, of Detroit Lakes.

Mayor O. D. Beich will extend an official welcome to the group at 9:00 o'clock, following which there will be a discussion of Minnesota Telephone Association's safety program led by Phil Richards of St. Paul. A Northwestern Bell Telephone company representative will talk on sales and merchandising; Ken Ellofson of Ada, will discuss the M.T.A. educational program, and the morning session will end with comments by D. W. Carr, representing the railroad and warehouse commission.

At one o'clock the visiting officials will inspect the Thief River Falls telephone operation and the program will be resumed at the Elks Club at 1:45 with a discussion of underground distributing problems by Ken Larson of the R.E.A. Mr. Carl Osthy of Erskine, manager of the Garden Valley system, will talk on brush control and the final number on the program will be a general discussion on tariffs and other problems led by Keith Vogt, secretary of the Minnesota Telephone Ass'n. of St. Paul.

Carroll Snustad of Halstad, district chairman, will preside. The district extends over a large area which extends north and west of Fergus Falls, Brainerd and Baudette, including these cities.

Mr. and Mrs. Harry R. Prichard of Storm Lake, Iowa, visited Friday with his brother, William W. Prichard, enroute to Winnipeg and the West Coast.

Rosaline Fonnest Is Crowned Queen of '59 Event Saturday

A tall, auburn-haired graduate of Lincoln high school was selected from a field of 26 candidates Saturday evening, July 18, to reign as Aquacade Queen for the coming year.

Rosalie Fonnest, 18, the daughter of Mr. and Mrs. Tron Fonnest, 721 First st. E., was crowned by Susan Forkenbrock, the 1958 Aquacade Queen, following the parade through the business district. She was sponsored by the Kavanaugh Studio.

Selected as her attendants were Judy Unruh, sponsored by the Fashion Chop, and Karen Ekstrand, sponsored by City Dairy.

Miss Fonnest, who will take the course in cosmetology at the area vocational school beginning this fall, will represent the city in various personal appearances this year.

Weather for the Aquacade could not have been improved upon. Skies both Saturday and Sunday were clear, with temperatures in the low 80's. The perfect weather encouraged the attendance of near-record crowds, both at the parade and coronation Saturday evening, and at the Tindolph park program Sunday.

Thousands of persons lined the streets Saturday evening for the parade, headed by Aquacade royalty, the color guard and the Lincoln high school band. Special feature was the appearance of 25 aspirants for the queen title, each riding in a motorboat towed by an automobile. Also taking part were the Bridgeman Halfpints, a large collection of small cars and the 40 et 8 box car, in addition to a half-dozen floats.

Notable visitors at the Aquacade festivities Saturday night were the 1959 Northwest Dairy Princess (Bonita Christenson of Bemidji) and Miss Minnesota Judy Ann Olson of Albert Lea.) Miss Minnesota presented her "Tequila" dance which she will use in the Miss America competition in Atlantic City in September.

Following the coronation, a free street dance was held on Second st. between LaBree and Main aves.

Sunday's festivities opened with boat rides being given and

Mae Erickson Wed June 27 To I. Borreson

Rev. Marvin O. Carlson performed the double ring ceremony Saturday, June 27, at the First Lutheran church which united Mae Edna Erickson and Ingvald Samuel Borreson, both of Strathcona, in holy matrimony.

The bride is the daughter of Mrs. Esther E. Erickson of St. Cloud and the bridegroom's parents are Mr. and Mrs. Arne Borreson of Strathcona.

For her wedding the bride chose a white waltz length dress of re-embroidered lace of nylon and acetate with nylon net, lined with acetate taffeta. It featured a long molded bodice with a scalloped scooped neckline and covered buttons down the back. Her lace embroidered and nylon illusion veil fell from a jeweled crown and she carried a colonial bouquet of pink roses on white net. Her rhinestone earrings and necklace were a gift of the bridegroom.

Mrs. James Bratland of Minneapolis, sister of the bride, was matron of honor while Shirley Rud served as bridesmaid. They were attired in waltz length gowns of blue lace over taffeta and carried bouquets of pink roses on blue net. Their rhinestone jewelry was a gift of the bride.

Attending the bridegroom as bestman was James Bratland, brother-in-law of the bride with Milton Erickson of Kennedy, brother of the bride as groomsman.

For her daughter's wedding, Mrs. Erickson chose a floral dress as did the bridegroom's mother. Both were presented with corsages of pink roses.

Following the ceremony a reception was held at the Gustav Adolph Parish Hall in Strathcona at 3 p.m. for approximately 100 relatives and friends. A three-tiered wedding cake, topped with a miniature bride and groom centered the bridal table. Mrs. Clarence Wolfgram poured while Mrs. Esther Erickson, aunt of the bride, Mrs. Maynard Olson, cousin of the bride and Mrs. Selmer Waage, sister of the bride, had charge of the guest book with Mrs. Leonard Kukowski of Minneapolis at the gift table. Cutting the cake was Mrs. Roy Anderson, sister of the bridegroom with Mrs. Alvin Foss, sister of the bridegroom and Mrs. Kenneth Erickson, sister-in-law of the bride, as waitresses.

The bride is a graduate of the Greenbush high school. Mr. Borreson has been employed at the Klene farm near Kennedy. They will make their home near Strathcona.

Delores Habedank Charles H. Aakre Wed At McIntosh

Nuptial vows were exchanged by Delores Ann Habedank, daughter of Mr. and Mrs. Albert Mabedank of McIntosh, and Charles H. Aakre, son of Mr. and Mrs. Ingvald Aakre of Clearbrook, recently in th Immanuel Lutheran church in McIntosh.

Officiating at the double ring ceremony was Rev. Max Schafer with Murell Peterson and Clifford Eggers as soloists. Bonnie Hulst was at the organ.

The bride was given in marriage by her father and wore a gown of bridal satin with overskirts of nylon tulle, panelled with Chantilly lace. The bodice was fashioned of Chantilly lace with scalloped neckline and long sleeves. Her fingertip veil was held in place by a crown of pearls and she carried a bouquet of red roses and white streamers.

Miss Janice Eggers of Thief River Falls, cousin of the bride, served as maid of honor while Mrs. Donald Molden, sister of the bridegroom and Elmyrna Christenson of Crookston, served as bridesmaids. Kathy Habendank was flower girl.

All attendants were dressed in gowns of white brocaded taffeta with mint green chiffon overskirts. Their mint green headbands and white lace gloves accented their attire. The maid of honor carried a cascade bouquet of tinted green carnations while the bridesmaids carried cascades of pink carnations. The flower girl wore a white taffeta dress with taffeta dress with chiffon overskirts panelled in lace and a headband of white mums and red roses. She carried a white crocheted basket of white baby mums and red roses.

Attending the bridegroom as bestman was his brother Harlan Aakre of Clearbrook while Roland Habedank of McIntosh, brother of the bride and LeRoy Bierbaum of Clearbrook. Ringbearer was Gary Molden, nephew of the bridegroom while Don Molden and Curtis Eggers were ushers.

For her daughter's wedding Mrs. Habedank chose a sheer navy dress with white accessories while the bridegroom's mother wore a navy blue dress with white accessories. Their corsages were of pink roses.

Following the ceremony a reception was held in the church parlors for approximately 200 relatives and friends. Mrs. Roland Habedank served as hostess with Mrs. Henry Eggers, aunt of the bride and Mrs. Monrad Stenvold, aunt of the bridegroom pouring. Cutting the cake was Mrs. Elmer Enerson and Mrs. George Rindahl, aunts of the bridegroom. Waitresses were Carol Lathringer, Margarete Hilterdahl, Phyllis Paulson, Shirley Gustafson, JoAnn Nelson, and Mrs. Orlyn Solle. Mardelle Hesby, Mrs. Karsten Horgenson and Mrs. Dennis Tollerud were at the gift table.

For their honeymoon trip the bride chose a blue sheath dress with white accessories and an orchid corsage.

The bridegroom is stationed at Schofield Barracks in Hawaii with the Army and the bride is employed at the Polk county welfare office in Crookston and will join her husband in Hawaii by October 1. Following his tour of duty the couple will make their home on a farm near Clearbrook.

LIBRARY NOTES

The world of books is the most remarkable creation of man. Nothing else that he builds ever lasts.

Monuments fall; nations perish; civilizations grow old and die out; and, after an era of darkness, new races build others. But in the world of books are volumes that have seen this happen again and again, and yet live on, still young, still as fresh as the day they were written, still telling men's hearts of the hearts of men centuries dead.

Clarence Day.

New books for your leisure reading are:

The Angry Scar: by Gannett: The story of the reconstruction.

Conquering Horse by Manfred: Conquering Horse is the story of an Indian's youth's attainment of manhood; this is not an age but had to be achieved.

The Travels of Jaimie McPheeters by Taylor: A sweeping, romance-warmed story of the journey of a father and his son answering the lure of California gold in 1849.

A Year in Paradise by Schmoe: A personal experience of one of the world's great mountains—nature lore and adventure, in a journey round the seasons on Mt. Rainier.

No Garlic in the Soup: by Wibberley: A vivid picture of life of an American family in Portugal is given by the author.

Taos by Blacker: The place is the American southwest. It is a tale of people often mild and gentle—and what made them violent. The author has carved out a dramatic tale.

Penobscot: Down East Paradise by Munson: Travelers from the seventeenth century to the twentieth have exclaimed about the beauty of this region.

A Shirttail to Hang to. by Day: The story of Cal Farley and his Boys Ranch.

Only when I laugh by Workman: A mixture of urbanity and insanity—descends on Oregon's remote Umpqua Valley.

Hellenism by Toynbee: A brillant assessment of the contributions made by Greco-Roman civilization in every sphere-art, religion, philosophy political science and technics.

The Harmless People by Thomas: The absorbing chronicle of an expedition to the Bushmen of South-West Africa and the hostile desert in which they live.

"Straight Tongue" by Osgood: The Story of Bishop Henry B. Whipple, the first Episcopal Bishop of Minnesota. His championship of the Indian Cause in the early North west stands out to acclaim him a hero.

A History of Spain by Livermore: A comprehensive, one-volume, up to date history of Spain.

Education and Freedom by Rickover: "A remarkable book, packed with salient facts, dictated from experience and inspired by wisdom." Edward R. Murrow.

The House of Intellect by Barzun: How intellect, the prime force of Western civilization, is being destroyed by our culture in the name of art, science and philanthropy.

The American High School Today by Conant: A first report of interested citizens.

AT FAIR Included in the acts to be presented in front of the grandstand at the Pennington county fair July 27 to 30 will be Bobby Smith, skilled juggler, who will intersperse his stunts with lively bits of comedy.

Harley Kelly to Go to Buying Session

Harley Kelley, owner of the local Our Own Hardware Store will go to Minneapolis next week for the 42nd summer buying convention of the Our Own Hardware Company.

The three-day convention, starting Sunday, July 26, will display approximately 10,000 items. Emphasis will be on Christmas toys, decorations and gift wares.

Store owners also will order their basic fall and winter stocks of housewares, hardware, sporting equipment and tools.

State Income Tax Bill to Be $57 Million Less Than Freeman Asked

Minnesota's individual state income taxpayers will pay $57½ million less into the state treasury in the next two years than they were slated to pay under the financing proposals outlined in the Governor's budget message back in January.

This was announced today by Charles P. Stone, general counsel for the Minnesota Taxpayers association, who presented a comparison of the administration's tax proposals with those approved by the Legislature after it had called for a reappraisal of the State's money needs and of revenues from existing taxes.

The Governor's budget submitted January 14th asked for $101½ million in tax increases of various kinds over and above revenue increases stemming from general economic improvements, Stone said. The budget and financing plan finally adopted involved tax increases of $48 million—a slash of $53½ million from the original figure.

Under the administration's proposal, individual income taxpayers would have carried $77½ million of the new tax load—$52½ million by way of increased rates, and $18 million net "windfall" resulting from doubling up of taxes under a proposed withholding method of income tax collection, and a claimed $7 million from improved collections under such a plan.

The tax bill finally enacted into law called for $20 million in new taxes from individual income taxpayers after the Legislature reappraised the budget needs, revised the estimates of revenue from existing tax sources, increased selective sales and business taxes, killed the withholding proposal, and reduced the proposed individual income tax rate increases from 1 percentage point to ½ percentage point in each income bracket, Stone reported.

No Mishaps Here in Spite of Heavy Weekend Traffic

No Traffic Accidents Reported by Sheriff, Police or Highway Patrol

Thief River Falls and area motorists continued their good driving behavior over the past weekend, with no accidents reported by the highway patrol, sheriff's office or city police.

This was somewhat remarkable in view of the fact that traffic was unusually heavy in the city and surrounding area over the weekend, due to the very successful promotion in the city, capped by a parade Saturday and the Aquacade Sunday.

The Thief River Falls area has also been fortunate in that traffic fatalities are considerably rarer this year, to date, than in previous years. This same holds true for the state as a whole, although a few bad weekends could spoil the record if drivers let their good behavior lapse, traffic officials say.

Fire Department Answers 2 Calls During Week-end

The fire department was summoned Friday at 11:15 p.m. to the A & W Drive-in on Highway 59, where an exhaust fan caught fire, causing a limited amount of damage. Firemen were called again Sunday at 12:30 a.m. to Bud and Gladys' cafe on Main av., where a blaze developed from a gas stove, causing little damage.

Winter Shows Board Engages Man to Help with Building Drive

The board of managers of the Red River Valley Shows last week announced the hiring of a full-time man to assist in organization and execution of all necessary planning for the new set of buildings for the Red River Valley Winter Shows.

Victor Hodgson, a 1941 graduate of the College of Agriculture, University of Minnesota will commence work August 15 as assistant to the president of the Red River Valley Winter Shows. He will assist with the many details of organization and planning which are entailed in this $100,000 project.

Mr. Hodgson comes well recommended. He was born and raised on a farm near St. Cloud, Minnesota. He is the son of Mr. V. A. Hodgson, now deceased, who spent many years in the Red River Valley in the capacity of a farm manager. Mr. Hodgson is a graduate of the Northwest School of Agriculture—the Class of 1937. Upon graduation from the University of Minnesota, he worked for the Production Credit Administration as a field man.

From there he went into the military service, entering the Army as a private and coming through the European Theater of Operations—ending up World War II with the rank of Captain. After World War II, Mr. Hodgson worked again with the Production Credit Administration. Subsequently, he has held positions as a farm manager for Macalester College Farms, and as an administrative officer in municipal government. Mr. Hodgson is 42 years old, married, and has a family of four girls.

B. E. Youngquist, President of the Red River Valley Shows Board of Managers, stated: "We are fortunate to procure the services of a man who has such a wide background of experience and training. Hiring this man completes an important and crucial step which insures accomplishing the necessary work before a new set of Winter Show buildings becomes a reality."

Nephew of City Resident Killed At St. Cloud

Word has been received of the death of Joseph Studer, nine-year-old son of Mr. and Mrs. Joseph M. Studer of St. Cloud, nephew of Mrs. Willard Fleegel of this city.

The child was killed July 15, while riding on a tractor with his father, on the family farm near St. Cloud. He died before reaching the hospital.

Funeral services were held Saturday, July 18, in the Sacred Heart church at Sauk Rapids. Bobby Fleegel served as one of the pallbearers.

Rites July 11 for Baudette Pioneer

Funeral rites were conducted July 11 from the Congregational church in Baudette for W. F. Zauche, community leader, who died unexpectedly July 8 at the age of 72. He had lived in Baudette since 1910. He is survived by Mrs. Zauche, three sons and a daughter, Mrs. William Prichard of Delaware.

AT FAIR They call Al Post, daredevil from Des Moines, Ia., the man with the iron chest and steel nerves, and it's little wonder for here's one of the stunts he'll perform when the Aut Swenson Thrillcade appears next Monday, July 27, at the Pennington county fair.

Front and rear wheels of a Ford truck roll over Post, as the picture illustrates. Aside from this feat, Post is one of the outstanding competitors in the deliberate crash roll tournament, performs in the rugged motor polo international championship matches and in other hazardous Thrillcade features.

WHO, ME? Rosalie Fonnest, the 1959 Aquacade Queen, expressed bewildered amazement as Bruce Hall, Jaycee president, announced her selection. At the left is Susan Forkenbrock, 1958 Queen, who turned over her crown and scepter to the new Queen at the festivities Saturday night on th stage between LaBree and Main aves. on Second st.

GRADUATE Miss Deone Cerny, daughter of Mr. and Mrs. Louis Cerny of Thief River Falls, was awarded her bachelor of science degree at Bemidji state college, with summa cum laude distinction, at the close of the summer session ending Wednesday, July 15. Miss Cerny was granted a two-year degree at BSC in 1952 and has completed the additional requirements for the bachelors degree during summer sessions since then. She has taught for several years in the kindergarten department of the Richfield, Minnesota, schools and next year will teach at Owatonna.

4-H Leaders' Council Plans Coming Events

The Pennington 4-H leaders council discussed varied 4-H activities at the July meeting, the county fair being the major item of business.

A Crops and Garden Day was set for August 22 to select exhibits in crops and gardens to go to the state fair. State fair exhibits will not be picked at the county fair.

A change on the state level requires that 4-H'ers who are planning to show flax need to have raised it in 1958. Any 4-H'er who grew flax last year, and who may not be in the crops project anymore is urged to bring a sample of the 1958 flax to the Crops and Garden Day August 22. Other members enrolled in barley, oats, rye or wheat will exhibit from the 1959 crop.

A market class show of steers, barrows and wethers was set for September 19. The top animals from this show will go to the Junior Livestock show. Red and blue ribbon winners at the show can then participate in a banquet to be held at Roseau on Saturday, October 10, which is to be sponsored by the Farmers Union.

Each club was requested to send in nominations to conservation camp and health camp by August 11. The 4-H'er's nominated need to have been enrolled in conservation activity or soil conservation projects or in health or safety. They must be 11 years old or over.

Various safety contests were discussed. Members participating in the Fire Safety program need to submit their survey sheets to the extension office by July 31. At least four farmsteads need to be inspected by each member taking part in this contest. Survey sheets are available at the office. Five dollar awards are available to the best job done by a boy and a girl 4-H'er in the county.

The 4-H project records will be graded by 4-H leaders on Monday, July 20.

Those 4-H'ers who wish to participate in county livestock judgin teams should get in touch with the extension office. Six practice classes are being planned for both dairy and general livestock judging. The four highest contestants in these classes will represent the county at the state fair.

Four of six unior leader delegates who attended a conference on leadership at St. Paul, reported to the council.

Margaret Wayne of Mavie, who was federation delegate, reported on the activities of the state federation of 4-H councils. Among activities sponsored by the federation are the IFYE program and furnishing of the Minnesota room in the Nation 4-H Center.

Irene Morris of Rocksbury showed how to mount and select pictures. Nelda Lee Nelson of Smiley reported on one of her proper demonstration techniques and the use of posters. She also discussed correct use of clothes.

Milton Leiran of Silverton stated that a great deal of information was presented at the conference, and that the junior leaders gained valuable experience by attending.

The dress revue, which will be held Wednesday at the city Auditorium was discussed.

Spouse of Former TRF Woman Dies in California

Lloyd Martin, who was manager of the creamery at Fosston for a number of years, died July 2 at Sacramento, Calif., presumably of a heart attack.

Mrs. Martin is the former Lucille VeVea of Thief River Falls. The family moved from Fosston to Wadena and from Wadena to California about four years ago.

Mr. Martin was 39 years old. He is survived by his wife and two sons, Michael and Tony.

PTA Workshop at 'U' N.D. July 28th

Conference to Be Held In Education Building

What does a superintendent of schools expect from a local PTA group?

This important question will perhaps be answered when the second annual Parents-teachers association workshop meets at the University of North Dakota Tuesday, July 28.

"What a Superintendent Expects from a PTA" will be the title of an address by Dr. Richard E. Barnhart, superintendent of schools in Grand Forks, at the opening session, which begins in the education building auditorium at 10 a.m.

The workshop offers a community service which provides the opportunity for people to join leading educators in exploring problems in education.

Mrs. Lois M. Belcher, a National PTA vice-president from Fessende, North Dakota, will give the opening address.

Plan Ahead When You Travel with Children

Watch a few cars on the highway this weekend and you'l know that more and more parents are taking their children on trips.

While this is a good trend, the family outing sometimes can create more antagonism than favor, Charles Martin, University of Minnesota extension family life specialist, said today.

To avoid those bad moments, plan your trip ahead of time. Decide what you'll do if it rains and you can't go boating, or if Johnny's stomach gets upset, and you have to stop over for a day.

Think about who is going, what everybody is interested in, how much time and money you have to spend, and plan accordingly. But remember to keep your plans flexible. Often the best trip is one on which you didn't obediently follow a schedule.

There are numerous thigs that you can do to making traveling with children more pleasant. Plan short days. Children have trouble sitting still for long periods of time. By making your day short you can stop early enough in the afternoon to get pleasant accommodations and to bed early.

Drive during the coolest part of the day. Youngsters can get up early and are often in better spirits in the morning than during the hot afternoon.

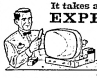
Stop often. There are many things to see and do on a trip besides just driving. Stop at parks for a quick merry-go-round ride or stop at a historical spot.

Preschool youngsters are generally more comfortable if you build up the back seat of the car to make it level. A crib mattress placed on the back seat with some support over the floor works well.

Take a few favorite toys along. Snacks are fine, but avoid too many sweets. Fruits and vegetables, such as apples, carrot sticks and celery, are good to chew on. Leave melting foods at home.

Big Crowd at VFW Picnic on Sunday

Upwards of 200 persons, including members of the local VFW post and their families, shared Sunday in an enjoyable picnic at the Connie Haugen place east of Long's bridge, with ideal weather prevailing. The children enjoyed games and pony rides, while the men and older boys played ball. Hamburgers, ice cream, pop and coffee were served.



It takes an EXPERT to bring out the best in your TV

When your TV or radio set develops trouble, chances are replacing one or perhaps several tubes will restore it to service. But, why go through unnecessary and irritating guesswork? Have an expert test your tubes. The fact is, tubes act differently in a tube tester than they do in your set. It takes an experienced technician using reliable test equipment to accurately check the condition of your radio or TV tubes. And remember, the quality of the reception you get depends upon the proper functioning of all the complex parts of your set including its many electron tubes. Only a trained service technician can quickly and accurately locate the source of trouble.

So play it safe. The next time your TV or radio set needs repair, call us for fast, expert service. When tube replacement is necessary, you can be sure we'll use dependable RCA tubes to give you the best performance your TV set can deliver.

G. M'Donald of Hawley Is Shortstop Winner

Sunny skies and ideal playing conditions greeted the eighty-five golfers who entered the shortstop golf tournament played over the local course Sunday. Hawley's young George MacDonald, shooting consistent golf, won the championship flight honors defeating Roseau's Ted Listug in the finals.

With more than twenty golfers desiring to enter the championship flight, it was necessary for the tournament committee to arrange a qualifying round. The local club's Reid Stromberg, shooting a 34, won the medalist honors. Other championship flight entrants were Cliff Yagla, Vint McDonald, Lyle Hornbacher, Ted Listug, George McDonald, Glenn Fleisch, and Les Spindler. Listug and Spindler gained the championship flight in an extra-hole playoff when they, with four other golfers, were tied in the qualifying round with 38's.

In the championship flight play, George McDonald defeated Stromberg in an extra-hole duel, and then, in another extra-hole match, eliminated Bemidji's Glenn Fleisch to gain the finals, where he bested Roseau's Listug.

Listug, after gaining the championship flight in the playoff, defeated Moorhead's Hornbacher in a first round match, and then defeated Grand Forks' Cliff Yagla in a second round encounter.

The flight winners, runners-up, and consolation winners:

Championship flight — George McDonald, Ted Listug, and Lyle Hornbacher.

First flight—Dick Sampson, Dick Lasch, and Skip Peterson.

Second flight — Paul Beiersgaard, Larry Feriske, and Wally DuChamp.

Third flight — Neil Hyde, Elova [illegible], and Phil Yagla.

Fourth flight — Harry Braff, Ronnie Folletts, and Bob Hauser.

Fifth flight — M. P. Beiersgaard, Lynn Beiersgaard, and John Omen.

Sixth flight — Ronnie Kvikstad, Ralph Battes, and Wes Johnson.

Seventh flight — Bob Kennedy, Ed Erickson, and Ancel Paradeau.

Eighth flight — L. L. Tygeson, [illegible] Goarder.

Ninth flight — Wally Lane, LeRoy Dosser, and Don Fournier.

Tenth flight — Walt Lokken, Duane Romer, and Donald Cameron.

TRF Bums Defeat All-stars 15 to 10

Exhibition Game Played Last Wednesday Evening

Wally Grovum's Thief River Falls Bums, the leaders in the Pen-Ro-Shall league standings, defeated the league's All-Stars, 15 to 10, in an exhibition game played on the Fair Grounds diamond Wednesday night.

The Bums, trailing by a 5 to 4 score entering the last half of the 5th inning, put together four hits, four walks and an error to score seven runs and gain a commanding lead.

Righthander Mickey Hanson, although giving up ten hits, hurled steady ball for the Bums, collecting eight strikeouts in his route-going stint on the mound.

Leading the Bums' attack on pitchers Vraa and Gustafson was Dean Anderson with a single and a triple in five trips to the plate, and Vern Solheim with three singles in five tries.

The line score:

		R.	H.	E.
All-Stars	002 031 310	10	10	2
TRF Bums	200 274 00x	15	11	6

Batteries — Vraa, Gustafson and Peterson; M. Hanson and Dablow.

Buying of Savings Bonds Lags in June

Pennington Co. People Invested Only $10,779

Purchase of Series E and H Savings bonds in June, 1959, totaled $10,779 in Pennington county, bringing the year to date purchases to $90,837 or 51 per cent of the county goal for 1959, J. M. Roche, county chairman, announced today.

In District 1, of which this county is a part, the six month total reached $867,484 or 51.2 per cent of quota.

Savings Bonds purchases in Minnesota for the first six months of 1959 total $36,284,847, and represent 45.9% of the 1959 quota.

Marshall county ranks in second place in Minnesota with 84.8 per cent of its quota attained, while Red Lake, with 56.5 per cent, ranks eighth.

Throngs Attend Aquacade Events During Week-end

(Continued from Page 1)

a band concert by the municipal band until 2 p.m. The Miss Aquacade boat parade followed.

Spectators were treated to a two-hour water ski show that would be difficult to duplicate anywhere. Everything from a tandem tow of four skiers to a five-skier pyramid were offered and the climax was a triple jump into fire.

Named as co-champions of the adult jumping competition were Frank Mead and Dennis Hanson who made successful jumps when the jump was at its highest level.

Swimming events for youngsters and boat rides completed the afternoon's program.

Both Korea and Formosa were named by Portuguese sailors, who drew the maps, but never actually set foot in either country.

Safety experts recommend that drivers avoid being on the road at sunrise and sunset, when the rays of the sun hit directly into the windshield.

Thieves Top Erskine 11-4 Sunday Evening

Playing before the season's largest crowd, and with ideal weather conditions prevailing, manager *John Drury's Thieves* scored a convincing 11 to 4 win over the Erskine Merchants in a Northern Minny league game played on the Fair Grounds diamond Sunday night.

On Wednesday evening, with game time slated for 7:00 P.M., the Thieves and the Pen-Ro-Shall league-leading Bums will meet in a game that is the first of a series to determine the city's senior baseball championship.

In Sunday night's hotly-contested game, the Thieves jumped into an early 4 to 0 lead, only to have the Merchants, on some heavy hitting by Dave Sigado and Sherm Oftedahl, erase that margin and come within a tally of tying the score in the 5th inning, trailing by a 5 to 0 tally. The Thieves, taking advantage of some loose defensive play by Erskine, added three runs in the 5th, a lone run in the 6th, and a pair of scores in the 8th.

With one away in the 1st, Arlan Hjelle drew a walk. Marv Mansfield drove a single into center field; Jack Junker walked to load the bases; Glenn Carlson rifled a single into center field, scoring Hjelle and Mansfield. A passed ball permitted Junker to score, and Rod Max' fly to center field allowed Carlson to score after the catch.

Erskine, on a double by Sigado and a single by Oftedahl, plated a run in the 3rd inning. And in the 5th inning, with two men out, Ron LaChance walked and scored ahead of Sigado's double off the fence in left-center; and when Oftedahl lofted a home run over the fence in left field, the Merchants were back in the game.

The Thieves picked up a run in the 4th inning when Frank Gunderman singled and then moved all the bases around when catcher Sigado heaved the ball into right field on an attempted pickoff play.

In the 5th, two walks, to Hjelle and Mansfield, plus singles by Junker and Carlson, and a pair of Erskine errors, added three runs to the Thieves' total.

In the 6th, with one out, Gene Leslie unloaded a home run over the left field fence, giving the Thieves a 9 to 4 lead.

In the 8th, an error, a double by Leslie and a single by Chuck Kankel accounted for the game's final tallies, giving the locals a well-earned 11 to 4 win.

Playing an exhibition game here Friday night, the Thieves, in a game that went into an extra-inning, dropped a 10 to 7 decision to the Cook Signs team of Fargo.

FIRE ACT The finale of the Aquacade ski show Sunday afternoon, July 19, was a triple ski jump into an area of burning fuel on the surface of the river. A wind shift which changed the position of the jump dumped Loren Voldness and Corn Olson into the water while Dennis Hanson managed to retain his balance but the jumpers landed in an area not covered by the flames.

PYRAMID One of the features of the Aquacade ski show Sunday, July 19, was this five-member pyramid composed of from left to right, Loren Voldness, Dennis Hanson, and Corn Olson with Faye Fuler and Donna Chommie on their shoulders.

Last Call

Local junior baseball fans will have their last chance at watching coach Ralph Skay's local club in action this season, when tonight, Monday, and tomorrow night, Tuesday, the boys meet the Twin Valley and the Bemidji squads on the Fair Grounds diamond.

And the two games should provide some excellent entertainment and top-flight baseball. The locals scored quite a decisive win over Twin Valley in an earlier game, but that game was marred somewhat by the fact that the young and inexperienced Twin Valley catcher could not hold the slants of righthander Mickey Holen. If coach Ralph Morben has succeeded in getting a capable receiver for tonight's game, and with Holen in shape to throw, the locals will have their trouble getting base hits.

Of course, the most important game of the week, and perhaps for the season, will be Tuesday night's tussle with Bemidji. That 16 to 2 walloping that the locals received at Bemidji a couple of weeks ago has been difficult for the boys to digest. They would like nothing better than to get another opportunity to straighten out Pete Barthelmy's righthanded curves.

It will take some fine baseball to beat Bemidji, with coach Will Antell's club having several players from Red Lake on the squad, in addition to the home-towners that played their high school ball with the Lumberjacks.

A Note from Dreng Bjornaraa

Dreng Bjornaraa, former Times editor who is now employed with the United States Steel Corporation's public relations department, forwards a note commenting on Gordy Soltau's decision to quit pro football. Soltau, 31, announced that he was retiring from the San Francisco 49ers squad after nine years of professional football.

Soltau was a member of that powerful Minnesota team of 1949, being a teammate of Leo Nomellini, Clayton Tonnemaker and others.

But to get back to Bjornaraa's reminder. He states that Gordy's dad was a barber here in town in the early 1920's, being employed in a shop next door to the Times office.

Special Item

Bob Carlson's Bridgeman's team participated in the Red River Valley invitational softball tournament at Crookston a week ago, and with the following results: In a first round game the Bridgeman's defeated the First National Bank team of Crookston, 16 to 10; in the second round the Bridgeman's sidelined the Crookston Grain Belt Eagles squad, 11 to 0; in a semi finals match, the locals defeated McIntosh, 17 to 8; and in the championship finals, the Bridgeman's lost to the Hideaways of Grand Forks, 7 to 3. Well done.

Our Apologies to Chips

In our remarks last week we mentioned the bragging sized walleyes that were taken by the Carl Sundstrom party on a trip to the five-mile reef off Warroad in Lake of the Woods.

Our informant said that it was Kippy Langevin that caught the nine-pound walleye. Well, we have been corrected, and it was Chips Langevin. The same lad, but we had the name wrong.

It must be quite humiliating for Dennis (Cotton) Langevin, Chip's father, to sit down at meal time and partake of fish that were caught by his young son Chips, and, during the game-bird season, to sit down at meal time and eat a grouse or a pheasant or a duck shot by his older son, Mark. It must be especially frustrating for Cotton as he has established himself as an authority on game and fish and wildlife. All he has left now is wildlife.

Miscellany

An interested spectator at Sunday's golf tournament here was army man Grover (Blackie) Stephens. Blackie, the former St. Hilaire high school athlete and later a standout performer with the Thieves, is visiting here while he is awaiting orders that will take him to Panama. Blackie is making the army a career. He is bragging about the fact that he has taken off about 50 pounds in weight and eight inches in his waist measurement. We can assure you that he isn't wasting away, for he tips the scales at 195 pounds. . . . And speaking of golf. It was quite an oddity to have a father-and-son combination make the championship flight in Sunday's tournament. We are speaking of Vint McDonald of Hawley and his young son George. They earned their championship flight berths by shooting 37's in the qualifying round. . . . A participant in Sunday's golf tourney, although not in the championship flight, was Hawley's famed all-round athlete, Dick Reidberger. Reidberger, a six-foot three-inch, 195-pound athlete, sparked the Hawley Nuggets to a regional basketball title last spring, and gained all-state tournament recognition at forward. Reidberger is employed by the Hallett Construction company at Pembina, N. D., this summer. While it is probable that he will enroll at Minnesota this fall, Dick has completely overlooked the advantages that would be gained by going to Concordia college.

Northwest Assn. of Conservation Clubs to Meet

A meeting of the Northwestern Association of Conservation clubs, which has been inactive since 1954, has been called for this evening, Monday, at 8 o'clock in the assembly room on the lower floor of the municipal Auditorium, it was announced by J. A. Harren of Red Lake Falls, a past president of the organization. All sportsmen's clubs in the area are urged to be represented at the meeting.

Legion Jrs. to Oppose Twin Valley, Bemidji

Coach Ralph Skay's local American Legion junior baseball squad will conclude its pre-tournament schedule this week, meeting Twin Valley tonight, Monday, and Bemidji tomorrow night, Tuesday.

Tonight's game, which is slated to start at 8:00 P.M. on the Fair Grounds diamond, will find the Twin Valley juniors attempting to reverse the 8 to 1 decision that they dropped to the locals in a game played at Twin Valley on July 6. It's probable that Twin Valley will use their stellar righthander, Mickey Holen, in an effort to halt the locals.

On Tuesday night, July 21, in an 8:00 P.M. game, the Bemidji juniors, coached by Will Antell, will meet the locals on the Fair Grounds diamond. A couple of weeks ago, in a game played at Bemidji, coach Antell's club trounced the locals, 16 to 2.

This past week the local juniors won a pair of "road" games, defeating East Grand Forks, 4 to 1, at East Side on Friday night and defeating Fosston, 16 to 5, at Fosston Saturday night.

The tilt at East Grand Forks was a sub-district conference game, and the win for the local nine was of great value in determining the tournament pairings.

East Grand Forks, in the 1st inning, on a triple by Dale Neppel and an infield out, scored to take a 1 to 0 lead; and the East Siders held that advantage until the 3rd inning. ... that inning Arlan Hjelle was hit by a pitched ball, and when Eddie Lietzow's sacrifice bunt attempt was played to second base, all hands were safe when Hjelle beat the throw. A wild pitch moved the runners to second and third. Catcher Dan Neppel, in trying to nab Hjelle off third base, made a throw to the uncovered base and Hjelle scampered in with the tying run when the ball rolled out into left field. Lietzow scored a moment later on a fielder's choice, and the locals held a 2 to 1 lead.

In the 7th, the locals added another pair of runs and collected their first base hit, a line single into left field by Paul Klungness, which scored Dale Klungness from second base.

Playing at Fosston Saturday night, the locals hammered out eleven hits, with Hjelle getting two triplets and a single in three trips to the plate, and Jim Wegge banging out a triple and a single, to score a resounding 16 to 5 win over the Fosston juniors.

The line scores:

Oen's Appliance vs. Disse's Optimists.
The Pharmacy vs. Northern Chev.
Times vs. Starekow Clinic.

Don Olson's league-leading Coast-to-Coast squad, held to a 118 to 118 tie by the Oen's Appliance team on Thursday evening, added only one point to their aggregate total and now lead the runner-up Northern Chevrolet squad by a meager two points with three league matches remaining on the schedule.

The Oen's had a pair of "25's" in Gordon Olen's 22-7 and Jerry Amundgaard's 23-2. Fred Mittelstadt, with a 17-8, had the lone "25" for the league leaders.

The evening's high team total was recorded by the Pharmacy squad, putting together 4 "25's" and a 24 for a 124 total. Tony Dorn had a 25 straight, while Russ Embury had a 20-7, Red Thyren a 21-3, and Ted LaCoursiere a 20-8 as the druggists defeated the Starekow Clinic, 121 to 118.

In a nip-and-tuck match, the Northern Chevrolet, with Erling Torgerson having a 22-5 and Walt Jung a 20-5, edged out Dr. Jim Disse's squad, 119 to 118. For the Disse team, Gene Gaer marked up a 19-6 and Bill Disse had an 18-8.

The Times squad kept their championship hopes alive by scoring a 123 to 121 win over the Wilson Bros. For the winners, Bob Mattson marked up a 22-6, Bill Dahlquist a 22-4, and George Mostue a 22-5. The Wilson Bros. had a pair of "25's" in Stan Wilson's 23-3 and Merv Skadsen's 20-5.

Pretty Girls to Take Part in Aut Swenson Thrillcade July 27th

To some people, Australia may be best known for its kangaroos—but, then, they probably have never seen the Honey Girls.

When the Aut Swenson Thrillcade appears here Monday, July 27, at the Pennington county fair on its tenth annual international tour, the Honey Girls will be very much in evidence and they figure to make kangaroos a less popular symbol of that land "down under".

Until this year the Honey Girls—Florence, Lychen, Penny and Hele—had performed their acrobatics and etrial vallet chiefly on foreign soil, with occasional night club and circus appearances in the United States. They had been booked extensively in Canada and South America as well as in Europe.

Producer Swenson spotted their act in Canada a year ago and persuaded them to join his touring troupe late in the season. After a winter of rehearsal they have perfected a motor ballet and adapted their whirlwind acrobatics to the jet pace of the Thrillcade.

Not only that, they have perfected themselves at Roman steeplechase racing and will team with the Thrillcadettes in the spectacular motorized version of an ancient sport.

Roman Steeplechase racing calls for the feminine participants to stand erect on the tops sedans as they are driven at high speed over elevated ramps. It's a stunt that necessitates perfect balance and synchronization, along with a goodly share of courage.

The Honey Girls—two blonds and two brunettes of striking beauty and personality—are unmarried, and have indicated that their romantic interests still are back in Brisbane.

Thrillcade, of course, has a good deal more than the beauty and daring of its female contingent to offer in performances here. There'll be competition in motor polo and the deliberate crash roll tournament, precision driving by a helldriving troupe headed by Kenny Blaine and Jimmie James and awesome ride of death by Suicide Kelly, burning barrier crashes auto and motorcycle groad jumping from ramp to ramp and a dozen other spine tingling stunts. Also enlivening the proceedings will be the battalion of buffoons and their eccentric automobiles.

Offers Advice on Preparing Canned Goods for Fairs

Roberta LeBourveau, Home Agent, Quotes Extension Nutrition Specialist

Your final canned product will be no better than the fruit or vegetable was before you processed it, says a Minnesota State Fair judge. So for top quality canned goods choose top quality fruits and vegetables.

Four-H'ers who will be exhibiting canned goods at fairs this year will do well to observe the following points from Grace Brill, extension nutrition specialist at the University of Minnesota, according to Home Agent Roberta LeBourveau.

Have a good quality product. Fruits should be fully ripe, vegetables should be mature enough to serve on the table. Have uniform-sized pieces. Try to retain the original fresh color.

Selection of a product that is practical for canning in Minnesota is important, says Miss Brill. The product you can should be economical in relation to time and money spent. Generally, homegrown fruits and vegetables and shipped-in ones that can be bought in quanity are worthwhile.

The liquid should cover the product. If the jar is not full at the end of the processing time, don't open it to add more liquid. Bacteria that will cause spoilage might enter. A jar will lose liquid during processing if the pressure is not kept constant, if the jar is filled too full, or if you open the pressure cooker too soon.

Fancy parking is not recommended by Miss Brill. The food should be placed in the jars attractively, but you should spend a minimum amount of time arranging the pack.

Jars and covers should be clean and of uniform size, with neat labels. Fruit must be processed by the hot water bath method. Use a pressure cooker with non-acid vegetables. Be sure to process the food the correct length of time.

Extension folder 100, "Home Canning Fruits and Vegetables," gives exact times and is available at the county extension office.

CRAZY DAYS Shoppers in the city July 16-18 did not confine all their attention to the sidewalk displays of bargain merchandise. Here they are more interested in the window displays which were arranged for the three-day celebration.

OLD SOLDIERS never die, some of them remain to wait on customers during Crazy Days July 16-18. Karl Ekstrand, in a World War I uniform, left, and Karen Ekstrand in the Dutch costume complete with wooden shoes, right, help visitors with the selection of items from one of the sidewalk displays.

COSTUMES Typical of the outlandish costumes worn during Crazy Days July 16-18, are those of Mrs. Peter Breznay and Gene Gaer, top picture, and Carolyn Lysne, lower photograph. Gaer was nattily attired in a derby hat and a red and white checked coat; Mrs. Breznay in pajamas and a polka dot hat and Miss Lysne in dainty high-laced shoes, frilled petticoat under her black dress, broad-brimmed hat and a sign, "Being Crazy Sure Helps."

Arthur Rohweder, Safety Chief, Dies

Had Headed State Safety Council Past 25 Years

Arthur V. Rohweder, president of the Minnesota Safety Council for 25 years and former head of the National Safety Council, died of a heart attack Wednesday night in Duluth. He was 63.

Rohweder was superintendent of safety and welfare for U.S. Steel's Duluth, Mesabi and Iron Range Railway.

But he was best known for his public work in promoting highway safety. His record of 25 consecutive terms as state safety council president was unparalleled in this field nationally.

Rohweder also was recognized by industry as an outstanding figure in railway safety.

Safety advisor to eight Minnesota governors, he was a life member of the National Safety Council. Rohweder helped found the Safety Bureau of Duluth and the Minnesota Safety Council.

Marshall Co. Budget Changed Little for '60

A county budget totaling $531,238 was adopted by the Marshall county board for operating county government activities during 1960 at the semi-annual meetings which was concluded last Tuesday afternoon.

The new budget will be up $5,348 over the tax budget of this year which totaled $528,890, according to Levi G. Johnson, county auditor. Principal increases were made in the general revenue and road and bridge funds, a comparison of the budgets for the two years reveals.

Details of the tax budget for 1958 and 1959 follow:

Fund	1958	1959
Gen'l. Revenue	$100,000	$110,000
Road & Bridge	150,000	156,000
Welfare	148,780	148,190
Sanatorium	10,500	12,000
School Tuition	80,000	71,280
School Transportation	5,000	5,568
County Building	10,000	10,000
Agri. Extension	10,500	11,000
County Ag. Society	3,500	3,500
Nursing Home	3,500	----
Historical Society	3,910	3,500
Civil Defense	3,200	3,200
	$528,890	$531,238

Contract were awarded for the construction of a new bridge over the Snake river on Fifth street in Warren in another major action taken by the commissioners during their two-day session. Thorston Construction company, Inc., of Tracy, was the successful bidder for the construction work, providing labor and equipment for $3,490.

Materials for the bridge will be supplied by the county. The city of Warren will contribute approximately one-half the cost of the project which will be in the neighborhood of $13,000.

A petition by land owners in Moylan township seeking the extension of County Ditch 27 for a distance of 2/23 miles east in the township was received. Commissioners appointed Lloyd Oftedahl of Crookston as the engineer to make the surveys and cost estimates.

Editorials...

"Instead of adding further to our foreign-aid and intergovernment lending institutions, which subsidize foreign socialism, inflation, and exchanbe control, we should be thinking of how to taper off and terminate such programs; how to stop confusing political with economic goals, and how to return the business of foregin investment to private hands. Not until we have done this will the world get back to stable, hard, and convertible currencies, to private enterprise, and to real economic progress."
—Henry Hazlitt

Wheat Referendum

In a referendum to be held July 23 wheat farmers will determine whether the government price support will be maintained at about $1.78 a bushel in 1960, with reduced marketing quotas, or at about $1.18 a bushel raised within acreage allotments, and no supports for "non-compliance" wheat. A two-thirds majority of those voting will be required to authorize the higher price support and lower marketing quotas.

There appears to be little choice here for the wheat growers and it is likely that the necessary two-thirds will favor the higher price support. The prospect for wheat is not bright and, with the huge surpluses that are casting their depressing shadows over the markets of the world, that is not strange.

It is unfortunate that Congress has not taken a more realistic view of the surplus problems. The obvious shortcomings of the government's price support program should have been corrected years ago.

This program came to us as a stop-gap to help the growers through a difficult period of price adjustment following the war. We did not want a repetition of the disastrous price breaks that bankrupted agriculture following the first World War, he price-supports were to cushion the shock of adjustment back to normal peacetime needs. As such, the program was justified.

Unfortunately the problem that was basically economic, became basically political. Cotton, corn, tobacco, peanuts, rice and wheat were the choice of the prevailing politicians as the crops that deserved special consideration. The program has been continued on this absurd base. As a result, while most of the products of our farms are now marketed on a free market, the six preferred crops conencourages every farmer to grow the allowtinue to be our main problem crops. The present ridiculous wheat program able minimum of 15 acres of wheat and the net result, nationally, has been an increase in wheat acreage. Our hard wheat country has been penalized by the encouragement that the price support program has given to the parts of the country that produce a wheat that is a poor grade of chicken feed.

Congress is primarily responsible for this situation but its failure to act realistically is due to the inability to our farm leaders to agree upon a sensible program. Grain storage at the taxpayer's expense, is a racket that has become a contributing factor to the general mess and a main cause for the failure to act.

But the question to be decided in the coming referendum has to do only with the immediate problem. The long-range solution is a matter that only Congress can dispose of. For the time being, as a stop-gap measure, we are satisfied that it will be best for the wheat growers if the "yes" vote prevails.

Time To Hold The Line
